Academic Improvement Contract Semester Two

I understand that academic performance is essential in providing opportunities for my future. With this in mind I am writing goals for improvement in each of my freshman classes for second semester using first semester outcomes as a guide for areas of improvement.

After completing my improvement goals for each class I will sign my improvement contract. I will then have my guide teacher and parents and individual teachers sign the contract. Finally, I will turn my contract in to Mr. Darden and he will make a copy of my contract for me to keep in my freshmen seminar notebook so I can check my progress each week to see if I met my progress goals.

I will write my goals neatly on regular lined notebook paper and attach them to this signature sheet. **This is to be turned in to Mr. Darden this Friday, January 29th at the beginning of 7th Period.**
