

## **NO USE OF TOBACCO PRODUCTS**

State law requires the Board of Education to institute this policy, "There shall be no use of tobacco products in buildings owned by the Prairie View district."

This will create some inconvenience to district patrons who use tobacco. However, the board feels the overall effect on the health of other patrons outweighs the inconvenience to those few people who would care to use tobacco products in our buildings.

The board has long forbidden the use of tobacco products by students in our buildings or on the school grounds. Adults will be permitted to use such products on school grounds outside our building.
