

Welcome!

My name is Rex Whitworth and I am a graduate of the University of Montana Western and a long time Dillon resident. I have been teaching and coaching at BCHS for 16 years. This year in addition to my Special Education duties I will again be teaching World Geography.

I am proud and happy to be a member of the staff and look forward to working with parents and students alike. BCHS has a long standing reputation of academic and extra-curricular success. I am fortunate to be a part of it all!

Please contact me anytime at 683-2361 or by email at rwhitworth@bchsmt.com
