

Capital Projects Report – May 29, 2018

Blaine School District #503

Construction updates, including photos, are available on the District website.

High School Capital Improvements

- **Core Facility:** Spee West Construction broke ground on Phase I of the High School project in July 2016. Phase II began in July 2017. The third and final phase is scheduled to begin in June 2018.

Phase I: The majority of punch list items are completed.

Phase II: Construction of the new building is continuing to progress on track and within budget. On the exterior, brick veneer is now completely installed and siding work is ongoing. Final windows are being installed now that casework has been delivered. Ceiling grids on the second floor are installed and light fixtures are going in now. Work on the first floor ceiling grids is underway. Painting is completed and wall coverings are being hung. Cabinetry and counter tops are also being installed now on the second floor. The elevator is installed and will be inspected after final adjustments are made.

- **Grandstands:** Following the passage of the Technology and Capital Projects Levy on April 24, the District is working with Zervas Architects to develop a revised stadium design with the goal of completing grandstand construction by the early Fall of 2019.

Completed Projects:

- The track was repaired and resurfaced in the summer of 2015.
- The new greenhouse was completed during the winter of 2017.
