

LaCygne Elementary Drop Off and Pick Up Plan

Car Riders: Drop off and pick up in front of playground fence. You may pull in off the main street so students are dropped off at the sidewalk. Your car should be facing west parallel to the sidewalk. This allows you to not back out and disrupt the flow of traffic or possibly back over a parent or child crossing the street.

Staying in your car and allowing us to load and unload your students can greatly assist in the safety of dismissal and arrival.

If you must park and meet your child: Park in the paved parking lot on the south side of the street. Cross at the cross walk and meet your student. Do not yell or motion for them to cross the street to you.
