Dear Parent or Guardian:

As a parent/guardian of a Texas student, we know you are concerned about unexpected medical costs that can result from an accidental injury to your child. Dilley ISD provides a supplemental accident only policy to all students of the District. This is a limited pay policy that pays after major medical has paid. If the student does not have major medical, then this policy will pay up to the limits of each covered procedure. The claim must be school related to either extra-curricular or field trip activities and claim forms can be obtained in the Athletic Office or Administration office.

The student insurance company, Health Special Risk, also offers the opportunity for the parent/guardian to purchase additional accident coverage. The information on the coverage is on the district website at <http://www.dilleyisd.net/> or you may access the HSR website at [https://www.hsri.com/K12\\_Enrollment/Main/default.asp](https://www.hsri.com/K12_Enrollment/Main/default.asp)

Health Special Risk has access to numerous PPO Networks, including First Health, OccuNet, and Data iSight thus providing discounted provider services to students and parents. In addition, our “No Balance Bill” agreement, in which providers agree to accept plan benefits as payment in full with no balance billing to parents may be utilized. A listing of the doctors and facilities participating in the “No Balance Billing” is on the districts’ website. Always inquire with the medical service provider as to the discounts that will be received.

Should you need further information, please feel free to contact the Administration Office at 830-965-1912 or you may contact Health Special Risk’s Customer Service directly by calling 1-866-409-5734.

Sincerely,

Pam Bendele
