September 12, 2022

To All Parents:

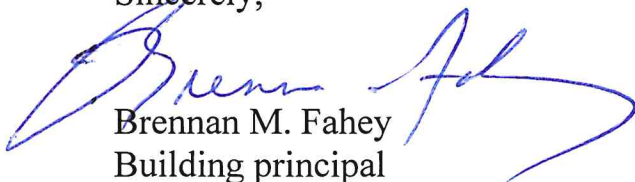

The safety of your child and all children in our school as well as the safety of the school staff and support personnel is very important to us. This afternoon around 1:15 we had an individual removed from school grounds by New York State Police for trespassing after being directed not to come on school grounds. The situation was resolved without interference with the school day or in front of students.

We typically are in a lockout scenario which means no one can come into the building without entering through the main entrance. Students move around the building freely in this scenario. We did not have anyone outside during this disruption and did not need to limit students or staff any further. Thankfully no further emergency procedures were necessary with no threat to those within the building.

Please understand that we take safety precautions to ensure our school is a safe place to learn and work.

If you have any questions regarding today's events, please contact my office. The telephone number is 315-858-0729.

Sincerely,

Brennan M. Fahey
Building principal
