Good Morning,

This morning on Travis Road one of our buses met up with the town snow plow and made the decision to move to the shoulder of the road to make room and unfortunately then got stuck. It was early in the route and few students were impacted. There were no injuries. A spare bus was sent to get the kids and the driver was able to continue on his run. The students were not on the bus long and the spare was there in a timely manner. All parents of the students on the bus at the time have been notified.

Please reach out to the Transportation Director with any questions or concerns.

Sincerely,
