STUDENT HANDBOOK OVERVIEW

The intent of this student handbook is to provide students, parents, and teachers with specific information regarding policies and procedures for Owen D. Young Central School. This handbook covers information pertaining to students in all grades. All aspects of a student's school life including academic achievement, extra-curricular activities, athletics, school discipline, and personal issues are addressed. It is important that everyone understands the expectations that are placed on each student who attends Owen D. Young Central School. Having a clear understanding of graduation requirements, behavioral expectations, athletic and activity opportunities is extremely important to ensure a more successful school experience.

We at Owen D. Young Central School are here to work with all students and parents to ensure that each student:

- *Experiences success*
- *Positively contributes to our school community*
- *Takes advantage of every opportunity available*
- *Has a concrete plan for his/her future*

We welcome input and suggestions from parents and members of our community.

CARE OF SCHOOL PROPERTY

Students are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. Students, who disfigure property, break windows or administer other damages to school property and/or equipment will be required to pay for the damages done or replace the item. If a law is broken while damaging the building, a referral will be made to the local law enforcement agencies, and discipline will be administered according to the discipline policy.

Textbooks supplied to students are the property of the school and are lent to students for a limited time. Students and parents shall be held financially responsible for lost or damaged books. Reimbursement for lost or damaged books is expected. Reports cards, transcripts, diplomas, etc. will be held by the school until all financial obligations are met.

CAFETERIA

Hot lunches are served daily. Menus are sent home on a monthly basis and are available on the school district website. A breakfast program is available at minimal cost and qualifies under the free and reduced meal program. If you would like, you may send in the money for breakfast and lunch in advance, by the week or by the month. Milk is purchased separately.

Owen D. Young Central School participates in the federal government lunch program. You may apply for free or reduced lunches at any time throughout the school year in the main office. Snack is not included as part of the free and reduced lunch program.

Lunch and extra items are sold a la carte. Students are expected to eat a complete lunch before they spend money on snack items or ice cream.

SNACKS

Primary grade students have a snack time, either in the morning or in the afternoon, based on their lunch time. Students usually bring in a daily snack for themselves. We encourage parents to provide their children with healthy snack foods for this break in their academic day. On occasion, students are asked to bring in a snack for the entire class. For the health and safety of all students, we ask that the snacks be pre-packaged crackers, cereal, cookies, etc. Please send in homemade baked goods only on special occasions, such as a birthday celebration.

During lunch periods, high school students are expected to report to the cafeteria. **Students are not to take open food or drinks out of the cafeteria.** Student's may buy snacks and drinks for practices but cannot open them until after school. All snacks purchased in the cafeteria for secondary students will end 10 minutes prior to the conclusion of their lunch period.

Students may carry water bottles or water that is in a clear container. Dyes cannot be added to the water or flavoring packets that prevent the water from being clear. Fruit, such as, strawberries or lemons slices may be added.

LIBRARY/MEDIA CENTER

All students are encouraged to use the Library/Media Center facilities on a regular basis. Books may be signed out for a two-week period. Periodicals and reference books may not be removed from the library. Our collection is always being improved and the use of computer searches allows us to obtain books and periodicals from other school libraries when needed.

The electronic card catalog is available for all students to use, as are several computerized data bases, research materials and periodical index. Our full-time librarian is available to assist students with research projects and encouraged to integrate library skills in regular classroom units in coordination with classroom teachers.

Students and parents shall be held financially responsible for lost or damaged books. Reimbursement for lost or damaged books is expected.

TOYS AT SCHOOL

Often, elementary children like to bring a toy with them to school. We do try to provide fully equipped classrooms with many different activities for children to explore during their free play or recess time. If your child chooses to bring a toy from home, he or she is responsible for that toy. Please discuss with your child that he or she should not loan or give things to other students. **NO TOY GUNS OR WEAPONS OF ANY KIND ARE ALLOWED AT SCHOOL.**

LOST AND FOUND

Each year numerous personal items are left in the school. The school is not responsible for these items. Students should check outside the nurse's office for lost items. If you find something, please take the time to turn it in.

SCHOOL CALENDARS & LUNCH MENUS

Our school sends home monthly breakfast/ lunch menus and calendar which includes the month's breakfast options and daily lunch menu. Look for students to bring home the menu and calendar by the first of each month. The monthly calendar communicates yearly scheduled events, days off, etc.

RECESS

An outdoor break which includes physical activity helps to keep students mentally sharp. Please be sure that your child has appropriate clothes to go outside. We will not be able to allow students to participate in outdoor activities if they are not dressed appropriately.

CLUBS AND ORGANIZATIONS

The Owen D. Young Central School District offers a number of extracurricular activities for students. In addition to the activities and sports listed below, there are a number of informal groups that students are encouraged to participate in. Students who are active in their school usually do better academically than those who choose not to participate. If there is an activity that is not listed, talk to the principal or your class advisor about getting a new activity started.

We will not be able to let students stay after school without your written consent. Please send in a permission slip or note granting permission for your child to stay for such an event.

NATIONAL HONOR SOCIETY

National Honor Society meets on selected dates throughout the year.

Selection Procedures

A student's selection as a National Honor Society member will be based on the four criteria established by the National Honor Society: scholarship, service, character, and leadership.

At the end of the first semester, the guidance counselor will compile a list of the senior high school (10-12) students who have maintained a cumulative academic average of or above for their years in high school. Any student with an 85 or above average will be determined to have met the scholarship requirement for membership in the National Honor Society.

All eligible students will be invited to complete an application packet in order to be considered for induction. The application process will include:

1. Completion of the NHS Resume
2. Letter of Recommendation from an individual outside of school
3. A personal statement on why they represent the characteristics of the NHS and how they will use the qualities to contribute to the organization.
4. Teacher Recommendations from four (4) teachers.

Once all materials have been returned by the designated due date, the advisor will review and evaluate materials based on the established rubric and complete a summary sheet of the student's ratings. All candidates will be presented to the Faculty Council, with those earning 80% of the rubric points being recommended for induction.

Induction into the National Honor Society is held at a ceremony in the second semester.

NATIONAL JUNIOR HONOR SOCIETY

Membership in the National Junior Honor Society is open to 8th and 9th grade students. At the end of the 3rd Quarter, the guidance counselor will compile a list of 8th and 9th grade students who have maintained a cumulative academic average of 85 or above for their 7th and 8th grade years. Students will be selected in the First Semester of each year. Selection will be based upon the criteria established by the National Junior Honor Society. These criteria are: scholarship, character, leadership, and citizenship. The selection procedure is similar to that of the National Honor Society detailed above.

Students who fall below the standards by which they were admitted will be subject to removal from the organization (NHS or NJHS) by the Faculty Council. See criteria below.

1. Students who fail to maintain an 85 average will be given a warning.
2. If a student on warning fails to return to an 85 average or better by the next marking period, they will be placed on probation, which means they will still be members of the Honor Society, but will not be allowed to participate in its activities.
3. If a student is on probation and fails to return to an 85 average or better, the Honor Society Faculty Council will review that student's progress and may remove them from the Honor Society.
4. The Faculty Council may also review students for failing to maintain the core principles of the Honor Society: scholarship, service, leadership, and character.

ACADEMIC ASSISTANCE CLASSES

Any student in grades 7-12 who meet one or more of the qualifications listed below will be assigned academic assistance classes to assist in closing the identified academic gap.

2. Students with a report card grade under 80 who have been identified by the district to have a need for extra help in order to score a 3 on state assessments or 65 on state required regent's exams.

STUDENT SERVICES

School Counseling Program and Guidance Office

Our School Counselor engages students in academic, career and social emotional development. The program promotes the success of our students by emulating the models created by the American School Counselor Association (ASCA) and New York State School Counselor Association (NYSSCA). In addition, School Counselor's lead our efforts toward excellence in the areas of Student Dignity and the achievement of New York State's Standards for Career and Occupational Studies. (CDOS). In order to develop an effective program our School Counselors are committed to the use of data and the building of partnerships with all stakeholders in the community.

School Counselor delivery methods include, but are not limited to:

- Classroom Guidance Lessons, Units and Seminars
 - Sample topics include the College and Job Searches, Financial Aid Process, Standardized Test Preparation, Academic Skill Development, Character Development and Bully Prevention
- Parent/Student Orientations
- Development of Paper and Electronic Career Portfolios that include career searches, ten year plans, interest inventories, etc.
- Career Days and College Fairs
- Conflict Resolutions
- Annual meetings with students in grades 7 thru 12 to discuss graduation requirements, course selection and post-secondary planning.
- Collaboration with Elementary and High School Staff
- Individual and Group Counseling to students at risk as noted by attendance, grades, teacher or parent referrals.

- Development of a website where community members can find connections to relevant information on local social-emotional, career and academic development.

The School Counselor also assists in the creation of master schedules, Individualized Education Plans (IEP), 504 Plans, responsive interventions and functional behavioral assessments (FBA).

The Guidance Department, is overseen by the School Counselor and supported by a Secretary. Their goal is to assist the administration in completing tasks vital to an institution of excellence. These tasks include, but are not limited to the creation of the honor roll, distributing schedules, collecting data, developing reports, etc.

Creating Student Schedules

Each spring all students in grades eight through eleven meet with the School Counselor to review their graduation plan and request courses for the upcoming school year. The schedule requests are based on graduation requirements and additional course electives a student wishes to take to create a major or explore other curricular areas. A student's course requests are then mailed home to their parents to review and sign, signifying that they approve and understand the courses their child will be taking. Parents are encouraged to contact the guidance office if they have any questions concerning the requested courses. Due to staffing, graduation requirements, and class numbers, not all requested classes may be scheduled. It is very important that all concerns regarding student schedules are brought to the attention of the School Counselor as soon as possible so that they can be rectified or an explanation can be given.

Student Drop/Add Procedure

The Drop/Add procedure involves the School Counselor, Teacher(s), Principal, Student, and his/her Parents. When the drop/add request receives the School Counselor approval, it indicates that the student may make this schedule change without affecting his/her graduation plans. All teachers involved with this change must initial next to their course. The student's parents must sign the bottom of this form, indicating their consent of this change. Anyone can refuse to initial/sign the form if they disagree with the change. This will result in a parent/teacher conference to discuss the long-range impact that this change may have. Changes and the long-term impact of these changes are carefully considered in all cases.

The fall semester Drop/Add process begins during the summer in August and lasts through the Friday of the first full week in September. Paperwork must be completed and returned to the Guidance Office by that date for the dropped course grade not to show on student records.

The spring semester Drop/Add process lasts through the second week of the new semester and only applies to the new semester courses. Specific dates for each time period will be posted each school year. If a student wishes to make a change after the Drop/Add has ended, a parent/teacher conference will be scheduled to discuss the change. All questions relating to scheduling or schedule changes should be directed to the Guidance Office.

ATTENDANCE AT SCHOOL, RULES AND REGULATIONS

OWEN D. YOUNG CENTRAL SCHOOL COMPREHENSIVE ATTENDANCE POLICY

I. Objectives of Attendance Policy

District teachers shall work with the Administrators and Attendance Supervision Officer to create and implement classroom and school-wide based programs for excellent attendance, including but not limited to additional privileges, recognition events and awards, and other school traditions.

Education Law requires that the students enrolled in the Owen D. Young Central School District attend school every school day unless legally excused. The education program offered by this district is predicated upon the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose. Unwarranted absences (those which are not congruent with state regulations for acceptable absences), which especially occur at or near vacation periods, have highly adverse effects on the student as well as the entire educational program. Therefore, the Board of Education urges all parents to make every effort for their children to be in attendance.

The objectives of this attendance policy are:

1. To improve student learning through:
 - 1) Consistent student attendance
 - 2) Preservation of continuity in classes for presentation of content
 - 3) Improved class dynamics

2. To ensure sufficient pupil attendance of classes so that pupils may achieve state mandated education standards
3. To track student location for safety reasons and to account to parents regarding the location of children during school hours
4. To accurately track the attendance, absence, tardiness and early departure to and from the school

Since the above objectives can best be met through regular school attendance, students at the Owen D. Young Central School are required to maintain their attendance at a minimum level of 89% throughout the year. Students may make up work which is factored into the student's class average. Excessive absence for any reason that causes attendance to fall below the 89% mark will seriously jeopardize the student's ability to pass and/or receive credit for a course.

II. Attendance Definitions

Whenever used within the Comprehensive Attendance Policy, the following definitions apply.

1. **Scheduled instruction:** Every period that a pupil is scheduled to attend instructional or supervised study activities during the course of a school day during the school year.
2. **Absences**
 - a) **Excused:** absences for illness, religious holidays, sickness or death in the family, court-ordered appearance, college visitations (prior approval from principal required), attendance at health clinics or other medical visits, military obligations, other instruction as approved by the superintendent. Notes must be handed in first day student returns for make-up work.
 - b) **Unexcused:** absences for all other reasons, such as hunting, family trips, work, etc. (No make-up work will be allowed unless prior approval from principal)
 - c) **Truancy:** absent from school without consent of parent or guardian
3. **Early departure:** The pupil leaves prior to the end of the pupil's scheduled instruction
4. There will be no discrimination between legal and unexcused absences as far as consequences imposed under these regulations are concerned.
5. **Tardiness**
 - a) **Legal:** when a student arrives late to school, the student is to sign in at the Main Office. It is the student's responsibility to present the nurse with a signed note from a parent/teacher at that time or considered unexcused.
 - b) **Unexcused:** when a student is late to class or school and fails to produce a pass or a note. No make-up work will be allowed.
6. Students more than 15 minutes late to a class will be considered absent for that class.
7. A student will be considered absent if an administrator removed the student from a class for disciplinary reasons. A student assigned to in-school suspension will receive no class

participation points for the day and the day will be counted as an absence if the student does not complete the assigned class work during in-school suspension. No make-up work will be allowed.

8. Students who are absent from school on a given day for more than 50% of the scheduled day or 3 1/4 hours may not participate in any after-school extra-curricular activities. Normally, this means that students must arrive at school by 11:15 a.m. in order to participate in after school activities. Pending upon administrative approval, exceptions could be made.
9. Absences caused by conflicts within the school program will be resolved on an individual basis by the teachers and administrators involved and will not be counted as an absence. These arrangements should be completed in advance whenever possible.

Virtual Classes: *Virtual Attendance will be taken daily and require students to attend classes throughout the day on google meet/google classroom if under quarantine. Classes will be live streamed in this scenario only.*

III. Coding System

The following coding system (or similar) shall be used to indicate the nature and reason for a pupil's missing all or part of scheduled instruction:

L	Legal
E	Excused (School Events)
H	In-house Suspension
I	Illegal Absence
R	Truant
S	Suspended (Out-of-School)
T	Tardy
U	Unexcused Tardy
M	Music Lesson
N	Nurse
O	Out of School Suspension with Instruction
A	Class Absence
PC	Parent Conference
Med	Medical
ED	Early Dismissal
D	In-school Detention
Regents day	Regents Day

IV. Strategies and Incentives to Encourage Student Attendance

V.

A. Minimum Attendance for Course Credit and steps taken to prevent loss of credit

1. In a full-year course that meets 180 days a year, students may lose credit if their absences exceed 27 total absences for the year. In half-year or every other day courses that meet 90 days a year, students may lose credit if their absences exceed 14 total absences for the half-year course.
2. In cases of medical emergency or extended illness requiring extended absence from school, it is the responsibility of the parent or guardian to notify the school that such a condition exists. The failure to do this in a timely fashion may jeopardize the student's ability to receive course credit. Students and their families must make arrangements with the school for a supervised program of home study as soon as possible. After receiving medical documentation that a student's medical condition requires home tutoring, the district will provide a tutor for the student.
3. In cases where a student has been given a long-term (i.e., greater than 5 days) out-of-school suspension for disciplinary reasons, the days spent on suspension will count against the student in loss of credit if the parents or guardians of the suspended student refuses tutoring services.
4. At the end of each marking period, the attendance officer will review the report cards for the total number of absences that a student has accumulated in each class. When a student reaches or surpasses 9 absences for full year classes or 5 absences for half-year classes, the attendance officer will notify students and parents or guardians by letter of the dangers of credit loss. Students and parents or guardians may request a meeting at that time if they wish.
5. At the end of the marking period in which the student reaches or surpasses 13 absences for full-year courses or 7 days for half-year courses, an attendance hearing will be held. The purpose of this hearing will be to review attendance records, to give students and parents an opportunity to verify absences, to assess the underlying causes of absences, to develop a remedial plan to improve attendance and to establish an attendance contract which will prevent a loss of credit. The emphasis in this hearing will be on helping the student to correct the problems leading to absence. This may include referral to an appropriate social service agency, referral to counseling, participation in a dropout prevention program, etc.
6. At the end of the marking period in which the student exceeds the maximum number of yearly absences allowed (27 for a full year course and 14 for a half year or every other day course), a denial of credit hearing will be held. This hearing will be conducted by the superintendent, who will determine the appropriate course of action suited to the individual circumstances of the student. The consequences may include full or partial credit loss.

B. Notice of Absences

If a student is to be absent on a school day, parents should call the Nurse's Office (315) 520-7064 at the school by 9 a.m. to inform the school and to request assignments. If a pupil is marked as absent from school and if the school has not been notified of a pupil's absence, the district shall attempt to contact the pupil's parent(s) or person in parental relation to learn the nature of the pupil's absence and notify the parent that the pupil has not arrived at school.

The student must present a written excuse, signed by parent/legal guardian, on the day he/she is returning to school following each absence. An absence will be considered unexcused unless school authorities are informed otherwise.

The school will call home when a student does not bring a written excuse to the nurse's office, explaining the absence or tardiness. If phone contact is unable to be made or if the student has three or more unexcused absences or tardies, a letter will be sent home reminding parents about the policies regarding attendance and the consequences of having unexcused absences or tardies. A parent may request a conference to discuss the absences or tardies with the attendance officer.

C. Academic Consequences of Absences and Tardies

1. All students are encouraged to obtain and to complete make-up assignments to compensate for their absences. Compensation in this context refers only to a student's academic average. However, the absence will still count as an absence in a loss of credit hearing should the student's yearly attendance rate drop below the minimum level of attendance required for course credit.
2. In order to compensate academically for an absence, it is the responsibility of the students to request make-up work from their teachers on the day the student returns to school after an absence. (If unexcused there will be no make-ups) Individual teachers will determine the make-up work required and establish both the procedures and the time guidelines. Ordinarily, a student will have one day for each day absent to make up work. Students who fail to follow these procedures and time guidelines will forfeit the right to make up work and will receive a zero on that assignment.
3. Excessive absence may seriously compromise the student's ability to pass and/or to receive credit for a course.
4. Tardiness is disruptive to the education of both the tardy student and to the other students in the class. In cases of repeated tardiness, students fail to demonstrate the appropriate learning behaviors required of students in a classroom.

D. Disciplinary Consequences of Absences and Tardies

1. Whenever a student is absent from school for either the whole day or part of the day, the student is required to provide a written note from a parent or guardian explaining the

reason for the absence. This note must be given to the school nurse on the day after returning to school from an absence. The failure to provide a note within this period of time will cause the absence to be classified as unexcused.

2. Attendance code violations (unexcused absences, truancies, class skips, and unexcused tardies) are disciplinary infractions that violate both the educational laws of New York State and the discipline and attendance policies of the school district. Consequences for such violations will be determined individually according to the school's Code of Conduct.
3. Students who accumulate a total of 12 unexcused class absences in a year shall be deemed chronic attendance code violators. Three unexcused tardies equals one unexcused absence.
4. For the purpose of disciplinary hearings, students classified as chronic attendance code violators will be deemed to have committed serious infractions of the school's disciplinary code and such infractions will warrant more severe penalties. Subsequent attendance code violations will be dealt with progressively within the context of the school's disciplinary code.
5. If a student accumulates seven unexcused absences, a hearing will be held with the Superintendent. The purpose of this hearing will be to review attendance records, to give students and parents an opportunity to verify absences, to assess the underlying causes of absences, to develop a remedial plan to improve attendance and to establish an attendance contract which will prevent a loss of credit. The emphasis in this hearing will be on helping the student to correct the problems leading to absence. This may include referral to an appropriate social service agency, referral to counseling, participation in a dropout prevention program, etc.

E. Incentives

District teachers shall work with the Administrators and Attendance Supervision Officer to create and implement classroom and school-wide based programs for excellent attendance, including but not limited to additional privileges, recognition events and awards, and other school traditions.

F. Intervention Strategy Development

The administration shall meet after each marking period with the Attendance Officer and other teachers as administration determines necessary to review student attendance records, address identified patterns of unexcused pupil absence, tardiness and early departure, and review current intervention methods. Where the administration determines that existing intervention policies or practices are insufficient, the superintendent shall notify the Board of Education prior to its annual review of the building's attendance records, of both insufficient practices and any proposed changes needing Board approval to implement.

G. Counseling

The district shall provide consistent counseling to students with chronic attendance problems.

V. Attendance Supervision Officer

The school nurse shall be designated as the Attendance Supervision Officer. The Attendance Supervision Officer is responsible for reviewing pupil attendance records and initiating appropriate action to address excused or unexcused pupil absence, tardiness and early departure consistent with the Comprehensive Attendance Policy.

TARDINESS

Students who arrive late to school must sign in at the Main Office. A note signed by a parent or guardian, with phone number, must be presented at the time of arrival. A pass will be issued so that tardy students are admitted to class. Students should present their pass to the classroom teacher.

Students who are late to a class are expected to present a signed pass from a teacher indicating the reason for lateness. Unexcused tardies carry consequences for students affecting both the student's class participation grade and the awarding of course credit (See section on Disciplinary Consequences of Absences and Tardies). *Being tardy to a virtual class or lesson will result in the same actions and consequences as being tardy in school.*

ATTENDANCE AT SCHOOL ACTIVITIES

1. The school discipline code is in effect for all school activities.
2. In order to participate in any after school activities, including games, dances, trips, etc., students must be in school at least half of the school day. Exceptions must be approved by an administrator in advance.
 - a. The use of alcoholic beverages or illegal drugs is not permitted on school property at any time.
3. Smoking or use of any tobacco products is not allowed on school property or at any school sponsored activities.
4. Anyone violating school rules or causing a disturbance will be removed from the activity and sent home with their parents.
5. Elementary students may stay for after school activities only when they have brought a written permission note from home. If transportation home is not provided by the district, then parents will be responsible to transport their children.

6. Elementary students are allowed to attend evening events, such as basketball games, only when accompanied by a parent or guardian. Elementary students are expected to sit with their parents or guardians during the game.

EARLY DISMISSAL DURING SCHOOL DAY

To minimize time out of school, students may only be released from school before the regular dismissal time because of illness or upon written request of parent/guardian. Please make an attempt to schedule routine medical or dental appointments during vacation periods or outside school hours.

The parent of any student leaving school or returning to school must sign in or out at the nurse's office.

When early dismissals are necessary, please follow these procedures:

- A. **EARLY EXCUSES:** Students must present a written parental request to the nurse or the classroom teacher prior to 8:05 a.m. to be dismissed early. Students must sign-in and out in the main office. Written requests should include a telephone number so requests can be verified.
- B. **ILLNESS:** Any student who becomes ill during the school day should request permission from the teacher to see the nurse. The nurse will call the student's home to arrange transportation home.

HEALTH SERVICES

Physicals: Health examinations will be required for new entrants and in grades Pre K or K, 1, 3, 5, 7, 9, and 11. A physical exam performed within the past 12 months prior to the first day of school will be considered valid. If no physical is presented at these mandated grade levels, parents will be notified within 15 days that a required school physical exam will be provided. Students referred to the Committee for Special Education are also required to have a physical exam on file, valid within the past 12 months.

Sports physicals for students electing to participate in extracurricular sports are valid for one year from the date of the physical. Physical exams for mandated and/or sports physicals will be offered in the school health office by the school physician at no cost to the student each school year in October and June.

Screening: The following screenings will take place during the school year, as required by New York State Education Law:

- Scoliosis – Grades 5 and 7 for girls and grade 9 for boys.

- Vision – Color perception, distance and near vision acuity will be required for new entrants within 6 months of admission to school. Distance and near vision acuity will be required in grades Pre K, or K, 1, 3, 5, 7, and 11.
- Hearing – pure tone testing will be required for new entrants within 6 months of admission to school and in grades Pre K or K, 1, 3, 5, 7, and 11. All new students and all students in grades Kindergarten, 1, 3, 5, 7, and 10 will receive a hearing screening.

A referral form will be sent home for findings that are outside of the passing guidelines provided in the New York State Education Law for any of the above screenings.

Immunizations: In accordance with New York State law, students must have the following immunizations before they start attending school:

- DTaP- 5 doses for grades K-5. Only 4 are needed if the last one was received after the 4th birthday. 3 doses for grades 6-12
- Tdap- 1 dose for grades 6-12
- Polio - 4 doses for grades K-11. Only 3 are needed if the last one was after the 4th birthday. 3 doses for grade 12.
- MMR- 2 doses K-12
- Hepatitis B - 3 doses K-12
- Varicella - 2 doses for grades K-11. 1 dose for grade 12
- Meningococcal ACWY- 1 dose for grades 7-10. Two doses for grade 12. If the first dose was given after age 16, 1 dose is acceptable.

A copy of the physician's or health department's records must be provided as proof of immunization. For students with valid medical exemption, a form obtained at the health office must be completed.

Immunization clinics are provided by the Herkimer County Public Health Department. The schedule for these clinics may be obtained from the school nurse or Herkimer County Public Health at (315) 867-1176.

First aid is administered as necessary. School related injuries must be reported to guarantee partial insurance coverage. Necessary insurance information will be sent to the parent.

Illness: Please do not send your child to school when they are ill. If any of the following symptoms or signs of illness are present or have been for the past 24 hours, please do not send your child to school:

- Elevated temperature (100 degrees or above)
- Persistent cough that cannot be controlled
- Diarrhea, vomiting, nausea or severe abdominal pain
- Eye discharge that is not clear

Please call the school nurse if you have a question about any symptoms you are seeing. If a student should become ill during the school day with any of the above symptoms, the school nurse will contact the parent/guardian and dismiss the student from school. Please have a plan in place in the event that your child becomes ill. If your child is in the younger elementary grades, it is a good idea to provide a change of clothes, including undergarments, in the student's backpack that can be kept in their cubby/locker in the event of a spill or accident.

Medication Administration: According to New York State Law, all medication administration (this includes prescription and over the counter medications) in schools requires a written order from the primary care provider and a signed form from the parent/guardian. The forms are available from the school nurse and should be completed before school starts, if possible. Medication must be brought to school by the parent/guardian in the original container.

Accident/Injury: Students injured at school or during a school sponsored activity must report the injury to the adult supervising the activity and to the school nurse during school hours. The school nurse will contact the parent/guardian with recommendations regarding the injury sustained. If the injury is sustained after school hours during a school sponsored event, the adult in charge of the activity will be in contact with the parent/guardian and inform the school nurse during the next school day. An incident report will be completed and sent home to the parent/guardian when a student sustains an injury where a referral for medical evaluation is necessary and/or recommended.

HALL PASSES

Leaving class for locker, lavatory, drink, etc. is strongly discouraged and may be denied by the adult in charge. A student who needs to leave his/her assigned room must have a hall pass assigned by a staff member. Students in the hallways during class periods without a pass will be subject to disciplinary action. Permission to leave class to go to another classroom will be granted only when the student has a pre-signed pass from the teacher involved. Hall passes are a privilege and may be suspended at the discretion of the administration.

LOCKERS

Lockers are assigned by the guidance secretary. Lockers are equipped with a combination lock. All student belongings should be kept in lockers or when given permission in a classroom. **No** carrying of backpacks during the school day will be permitted. No student belongings should be left in the hallways.

Gym lockers are supplied by the physical education teacher and are handed out at the beginning of the school year. All student belongings should be placed in lockers with a lock during PE classes or practices.

As the school owns all lockers, the school reserves the right to inspect the contents of all student lockers and will do so on a regular basis.

ELECTRONIC AND AUDIO EQUIPMENT

IPODS, MP3 Players, cell phones, radios, IPADS and other audio and electronic equipment should be placed in the student's locker during school hours unless being used for classroom purposes and with instructor's permission. Students with these, including those with earphones, will be confiscated by school personnel and brought to the office when necessary.

First Offense Student reclaims item from school personnel who confiscated.

Second Offense Student reclaims item from the main office at the end of the school day

Third Offense Parent will need to reclaim item from the Principal

PHONES

Students should have a pass during the school day to use the telephone. Students may use office phones to make calls home after obtaining permission from office staff. Use is permitted on an emergency basis only during the school day.

- Use of student cell phones for phone calls/texting during the school day is **NOT** permitted in any classroom or cafeteria. Any student caught making phone calls/texting will have their device confiscated by school personnel.

BUS BEHAVIOR

The daily transportation of students is a great responsibility and requires that all of us heed certain rules of safety. Although regular transportation is provided, the student may be denied the privilege of riding the buses for improper conduct. The bus driver's primary responsibility is safe driving of the bus to and from its destination. In order to fulfill this responsibility, the following rules are in effect:

1. Observe safe conduct as in the classroom.
2. Be courteous, use no profane language.
3. Keep the bus clean.
4. Cooperate with the bus driver at all times.
5. Do not smoke.
6. Do not be destructive. Any damage to the bus is to be reported to the driver at once. This allows us to maintain a sharp looking fleet of buses for your convenience.
7. Stay in your seat and remain seated until told to leave.
8. Keep head, hands and feet inside the bus.
9. Masks must be worn at all times while on the bus.
10. Electronic and audio equipment will be allowed on the bus.
11. The bus driver is authorized to assign seats when necessary.
12. Students must comply with social distancing measures while on the bus.
13. Students must obey the driver or chaperone at all times.
14. In cases where a student is to go home with another student or get off the bus at a place other than his regular stop, a written request must be submitted to the office by the parent or guardian.
15. Players are to remove cleats on the bus.

Each bus driver has the same authority as a teacher and is empowered by the Board of Education to so discharge his duties that he may safely carry out his duty of transporting students. Bus drivers' instructions to students shall be obeyed immediately by each student.

BUS DISCIPLINE POLICY

Any act considered an endangerment to the welfare of the bus or its occupants may result in immediate suspension from riding the bus.

Any second offense of these acts may result in a 30-day suspension of bus privileges.

BUS PASSES

In cases where a student is to go home with another student or to get off the bus at a place other than his regular stop, a written request should be submitted by the parent or guardian.

Transfers between buses for personal reasons will be allowed provided: (1) Prior written request is made by the parents and approved by school authorities; (2) The capacity of the delivering bus is not exceeded; and (3) Additional travel by the vehicle is not required.

STAYING AFTER SCHOOL

Ordinarily, elementary students are not expected to stay after school. They are expected to ride the bus home when school is dismissed. Occasionally, there will be scheduled events for elementary students after school. Parents will receive notices about those events from classroom teachers.

Some students might be required to stay for extra help or for a detention period because of serious misbehavior. Students are bussed home on the late bus.

If students need to ride school transportation when staying late after school. Grades K-5 must be signed up by the teacher for the late bus no later than 1pm. Parents must notify the teachers in advance if they will need a ride home. Students in grades 6-12 are required to sign up for the late bus on their own by 1pm through the school's transportation google doc that they have access to. If the student fails to sign up they will need to find their own transportation and will not be provided school transportation.

USE OF SCHOOL FACILITIES

School facilities may be used only with prior approval of the superintendent. A "building use form" must be obtained from the main office, completed, and turned in for the superintendent's approval two week prior to the requested date of use.

VISITORS

The Owen D. Young CSD may require all visitors, guests, contractors, and vendors to sign in before entering any school building.

Travel throughout the district's buildings by visitors, guests, contractors, and vendors will be limited to minimize interaction with Students and Staff. While in the district's buildings, visitors, guests, contractors, and vendors must wear a name tag.

STUDENT DRIVING

The school district provides transportation to and from school for all students. Permission to park in the available space for students will be limited to those students who have a legitimate reason for driving to school. Such reasons might be transportation home from sports practice or after school employment. In order to receive permission to park on school property, students must complete the form available in the office. This form must be signed by the student, the parent and a school administrator before the student may begin driving to school.

Students who must drive to school on a particular day must obtain permission in advance from the superintendent by presenting a note from a parent/guardian explaining the reason for driving.

Permission to drive will not be granted to any student who has accumulated three or more demerits or who has been designated as a chronic attendance code violator.

Once a student has been granted permission to drive to school, the student must follow several school rules:

1. All cars must be registered and must be parked in the designated student parking area in the new lot next to the nature trail.
2. Students are not to go to their cars during the school day.
3. No driving to Herkimer BOCES Vocational Center.
4. Student drivers may only transport themselves and authorized riders.
5. Students must always observe safe driving habits.

Failure to follow these rules will result in the suspension of driving privileges or other disciplinary action. Unregistered vehicles will be towed away.

STUDY HALLS

1. Quiet study halls are established in order to provide the atmosphere needed for students to complete their academic assignments. This means that all students in the study hall are required to be engaged in academic study or silent reading. Quiet study halls are considered to be classes and are not unstructured free time for students. All study halls are designated as quiet study halls.

The following general rules apply to all quiet study halls:

- a. Students must report to class on time and to take their assigned seats. Students are to report to study hall with academic work to do. Students who fail to report with work to do may have work assigned to them by the study hall teacher.
- b. Attendance will be taken at the beginning of the class. Illegal tardiness to study hall will be treated the same as illegal tardiness to other academic classes.

- c. Students who are illegally tardy to study hall will not be allowed out on passes during the study hall to which they are tardy.
- d. **No student is to leave study hall until after attendance is taken.** All students who leave study hall, after attendance (whether with a pre-signed pass or another pass) are required to sign out on the study hall sheet. Students are to write their names, the place where they are going, the time that they sign out of study hall and the time they report back to study hall. Students who fail to follow this rule may have their rights to future passes suspended by the study hall teacher. Students will not be excused from study hall in order to get pre-signed passes.
- e. Other than students who are released from study hall on pre-signed passes, only one student at a time will be allowed out of the study hall for other reasons (e.g., to go to the bathroom, to a locker, to use the phone, to get a drink of water, and so on).
- f. It is the responsibility of the quiet study hall teacher to see to it that the study hall remains orderly and quiet. At their discretion, teachers may allow students to work quietly in group activities. However, such group activity must be academic in nature and must not disturb the other students in the room.
- g. No card playing will be allowed during study hall periods.

Owen D. Young Central School

Code of Conduct

I. Introduction

The Owen D. Young Central School District Board of Education is committed to providing a safe and orderly school environment where students may receive and district personnel may deliver quality educational services. An individual's safety includes physical, social, psychological and moral. Responsible behavior by students, teachers, other district personnel, parents and other visitors is essential to achieving this goal.

The district has a long-standing set of expectations for conduct on school property and at school functions, either on or off school property. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity.

The Board recognizes the need to clearly define these expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline when necessary is administered promptly and fairly. To this end, the board adopts this Code of Conduct.

Unless otherwise indicated, this code applies to all students, school personnel, parents and other visitors when on school property or attending a school function regardless of location.

II. Definitions

"Gender" means actual or perceived sex and includes a person's gender identity or expression.

"Harassment" means the creation of a hostile environment by conduct or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical well-being; or conduct, verbal threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause a student to fear for his or her

physical safety; such conduct, verbal threats, intimidation or abuse includes but is not limited to conduct, verbal threats, intimidation or abuse based on a person's actual or perceived race, color, weight, national origin, ethnic origin, ethnic group, religion, religious practice, disability, sexual orientation, sex, gender (including gender identity and expression) or any other legally protected status.

XIV. Corporal Punishment

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any district employee is strictly forbidden.

However, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:

1. Protect oneself, another student, teacher or any person from physical injury.

2. Protect the property of the school and others.
3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers and duties, if that student has refused to refrain from further disruptive acts.

The district will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

XV. Student Searches and Interrogations

The Board of Education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district code of conduct. Students are not entitled to any sort of "Miranda" type warning before being questioned by school officials, nor are school officials required to contact a student's parent before questioning the student. However, school officials will tell all students why they are being questioned.

In addition, the Board authorizes the administration to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the district Code of Conduct.

An authorized school official may conduct a search of a student's belongings that is minimally intrusive, such as touching the outside of a book bag, without reasonable suspicion, so long as the school official has a legitimate reason for the very limited search.

An authorized school official may search a student or the student's belongings based upon information received from a reliable informant. Individuals, other than the district employees, will be considered reliable informants if they have previously supplied information that was accurate and verified, or they make an admission against their own interest, or they provide the same information that is received independently from other sources, or they appear to be credible and the information they are communicating relates to an immediate threat to safety. District employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.

Before searching a student or the student's belongings, the authorized school official should attempt to get the student to admit that he or she possesses physical evidence that they violated the law or the district code, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Whenever practicable, searches will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched.

A. Student Lockers, Desks and other School Storage Places

The rules in this code of conduct regarding searches of students and their belongings do not apply to student lockers, desks and other school storage places. Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials, without prior notice t

XVI. Public Conduct on School Property

All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly attired for the purpose they are on school property.

A. Prohibited Conduct

No person, either alone or with others, shall:

1. Intentionally injure any person or threaten to do so.
2. Intentionally damage or destroy school district property or the personal property of a teacher, administrator, other district employee or any person lawfully on school property, including graffiti or arson.
3. Disrupt the orderly conduct of class, school programs or other school activities.
4. Distribute or wear materials on school grounds or at school functions that are obscene, advocate illegal action, appear libelous, obstruct the rights of others, or are disruptive to the school program.
5. Intimidate, harass or discriminate against any person on the basis of race, color, creed, national origin, religion, age, gender, sexual orientation, disability, or any other reason.
6. Enter any portion of the school premises without authorization or remain in any building or facility after it is normally closed.
7. Obstruct the free movement of any person in any place to which this code applies.
8. Violate the traffic laws, parking regulations or other restrictions on vehicles.
9. Possess, consume, sell, distribute or exchange nicotine products, alcoholic beverages, controlled substances, or be under the influence of either on school property or at a school function.
10. Possess or use weapons in or on school property or at a school function, except in the case of law enforcement officers or except as specifically authorized by the school district.
11. Loiter on or about school property.
12. Gamble on school property or at school functions.
13. Refuse to comply with any reasonable order of identifiable school district officials performing their duties.
14. Willfully incite others to commit any of the acts prohibited by this code.
15. Violate any federal or state statute, local ordinance or board policy while on school property or while at a school function.

B. Penalties

Persons who violate this code shall be subject to the following penalties:

- Visitors will have their authorization, if any, to remain on school grounds or at the school function shall be withdrawn and they shall be directed to leave the premises. If they refuse to leave, they shall be subject to ejection.
- Students. They shall be subject to disciplinary action as the facts may warrant, in accordance with the due process requirements.
- Employees may be subject to disciplinary measures as detailed by law and as dictated by the facts.

XVII. CLASS SKIPS

Each time a student skips a class, he will be called to the office. The total number of skips accumulated is based on all classes rather than on any single class. For example, a student's first skip may be in English, a second in Math, and a third in Social Studies.

ALL SKIPS: One (1) detention for the first cut. One (1) day of in-school suspension for subsequent offenses.

1. A zero will be given for any test or class work missed as the result of a class skip. Students should be given the opportunity to get homework assignments and
2. Parents will be notified of a class skip.
3. The student will be responsible for all material covered in the class skipped and any assignment that may have been given.

XVIII. USE OR POSSESSION OF ALCOHOL, NICOTINE, E-CIGARETTES AND/OR DRUGS

Procedure:

If a teacher suspects that a student is under the influence of or in possession of alcohol, nicotine, e-cigarettes and/or drugs, the following procedure shall be followed:

1. Immediately contact an administrator and request that he come to the classroom.
2. The administrator will escort the student to the office.
3. The nurse will be called to evaluate the possible danger to the student's health.
4. The student and student's possessions will be searched.
5. The student's parents will be called to apprise them of the situation.
6. The police will be called to notify them of the situation.
7. If the student is guilty of an infraction, the discipline code will be followed.
8. If it cannot be determined that the student is guilty of an infraction, the situation will be discussed with the student and the student's parents to prevent similar situations from occurring in the future.

Consequences:

Students found under the influence of alcohol and/or drugs will be subject to the following consequences:

- a. Involvement of Police Department
- b. Immediate contact with parent or guardian
- c. 5-day out of school suspension
- d. Recommendation to substance abuse counseling program; agreement to begin counseling during suspension may reduce length of out of school suspension to 3 days.

XIX. STUDENT GRIEVANCE PROCEDURE

Students will be given an opportunity to be heard on complaints and grievances they may have. On issues affecting the student body, students should discuss the matter with their student government representative before appealing to the school administration.

Individual complaints and grievances should be handled according to the following guidelines:

Informal Process

Students should first make every effort to resolve difficulties directly with those involved and with the appropriate teacher or staff member. Students may appeal to the superintendent who has the final determination on such matters.

For resolution of matters where appeal procedures are outlined in the law, such as school suspensions, the legal course of action will be followed.

The resolution of student complaints, including those alleging any action prohibited by Title IX and/or Section 504 of the Rehabilitation Act, shall be dealt with according to Board Policy for those types of complaints. The school business official is the school's Title IX and Section 504 Compliance Officer.

XX. DETENTION

As a result of violations of the behavior code, students may be assigned to detention. The following conditions will apply:

1. Students may be expected to complete satisfactorily a written assignment about their violation of the behavior code during the detention period.
2. No talking, eating, sleeping or recreational activities are allowed during the detention period.
3. A student who does not comply with these rules will be assigned additional detention periods or in-school suspension.

XXI. IN-SCHOOL SUSPENSION

Purpose of In-School Suspension

1. To provide disciplinary measure as an alternative to out-of-school suspension.
2. To provide a more positive disciplinary measure aimed at helping the misbehaving student by allowing him/her to atone for improper school behavior while utilizing the suspension time to work on school studies.
3. To introduce more personal guidance counseling to students with behavioral problems.

Guidelines for In-School Suspension

When it becomes necessary, as per the district discipline policy, for a student(s) to be placed on in-school suspension, the following guidelines will be in effect:

1. The hours of in-school suspension will be the length of the school day. Students desiring breakfast will eat before in-school suspension begins. Students will not be allowed to go to their lockers after in-school suspension begins.
2. In-school suspension will focus on school work during the hours of suspension. There will be two (2) 3-minute lavatory breaks during the day, one mid-morning (10 a.m.) and one mid-afternoon (1 p.m.)
3. Lunch will be taken during one of the designated time periods.
4. Students assigned to in-school suspension for the first time for certain offenses (e.g., excessive display of affection) may be assigned a modified in-school in the in-school suspension room. These students will serve an additional after-school detention. These students will be escorted to and from their classes. All other rules and procedures of in-school suspension will be followed.
5. Students assigned to in-school suspension more than twice will be referred to the guidance counselor for assistance regarding in-school behavior.
6. Any insubordinate behavior during or related to the in-school suspension program will result in additional in-school suspension or out-of-school suspension. Some examples of insubordinate behavior are:
 - Refusing to do school work during in-school suspension
 - Sleeping during in-school suspension
 - Talking during in-school suspension
 - Reporting late to in-school suspension at any time
 - Failure to report to in-school suspension when assigned
 - Insubordinate behavior during the in-school suspension day
 - Any other violations of the discipline policy
7. When possible, in-school suspension will be assigned in advance allowing for planning of school work.

8. Parents will be notified when their child receives one or more consecutive days of in-school suspension.
9. Students assigned to in-school suspension will be ineligible for all in-school and after school activities on that day.

All in-school suspension assigned to students will be served. If in-school suspension is missed for legal reasons, it will be reassigned on the next available day that in-school is scheduled. If it appears that a student is deliberately avoiding the in-school suspension with absences, then out-of-school suspension of up to five (5) days will be instituted, and a Superintendent's Hearing may be scheduled.

XXII. NICOTINE PRODUCTS

The use or possession of nicotine products is not permitted on school property. Any student who is caught smoking, vaping or chewing tobacco on school property will receive consequences according to the discipline policy. Since students do not carry tobacco products with them unless they intend to use them, all tobacco products will be confiscated by school staff and reported to administration.

OWEN D. YOUNG CENTRAL SCHOOL SPORTS PROGRAM

SPORTS OFFERED

The following interscholastic sports are offered: soccer, cross country, basketball, volleyball, track, and golf. Ski Club is also offered during the winter. Those sports combined and hosted by Richfield Springs must have ODY students follow the academic eligibility requirements of Richfield Springs CSD to participate.

INTERSCHOLASTIC SPORTS

The Owen D. Young Central School participates in interscholastic athletics as an integral part of the physical education program. We invite the widest possible participation from our secondary students in team participation and as spectators.

Students and parents are reminded of some basic principles regarding interscholastic athletics:

1. It is a privilege to represent ODYCSD on a team or squad. Members are expected to portray the highest standards in morals, sportsmanship, dedication, academic endeavors and compliance with regulation and authority.
2. Interscholastic sports are a competitive endeavor. Coaches are to do all they can to produce winning teams. Another goal is full participation by team members. Achieving a balance between winning and participation is the coach's responsibility. Team spirit and attitude are enhanced by supporting the coaches in their decisions.
3. Students, parents and guests are reminded that good spectator manners are very important in portraying our school positively and providing good models for our youth.
4. The Owen D. Young Central School District and the Center State Conference League abide by a comprehensive sportsmanship policy. All students should be familiar with it.
5. Participants in interscholastic sports are asked to agree to behavior guidelines when they sign a participation form with their parents. Failure to abide by team rules may result in suspension from a team.
 - a. Any appeals are to be made in writing to the athletic director within 24 hours.
 - b. Any student removed from a team during the season may be ineligible for participation during the next season or for a portion of the next season. (example: a student may be suspended for the first 5 games of the winter season due to an infraction during fall season.)

EMERGENCY REMOTE INSTRUCTION PLAN

This appendix addresses the 2022-2023 amendments of Sections 100.1, 155.17, and 175.5 of the Regulations of the Commissioner of Education Relating to Remote Instruction and its Delivery under Emergency Conditions, and the amendments of Sections 200.7, 200.16, and 200.20 of the Regulations of the Commissioner of Education Relating to Remote Instruction and its Delivery Under Emergency Conditions and Length of School Day for Approved School-Age and Preschool Programs Serving Students with Disabilities

INTRODUCTION

The Owen D. Young CSD developed the following Emergency Remote Instruction Plan to address the instruction of students if extraordinary circumstances prevent students and staff from physically attending school. The Emergency Remote Instruction Plan meets the requirements of New York State Education Commissioner's Regulations for inclusion in the 2023-2024 District-Wide School Safety Plan.

BACKGROUND INFORMATION

The NYS Education Department (NYSED) authorized a "snow day pilot" program during the Covid-19 pandemic 2020-2021 and 2021-2022 school years. This program allowed school districts to deliver instruction remotely on days in which they would otherwise have closed due to an emergency.

To give districts greater predictability, in September 2022, the NYSED Board of Regents amended section 175.5(e) of the Commissioner's regulations to codify this flexibility. Districts that would otherwise close due to an emergency may, **but are not required to**, remain in session and provide instruction through remote learning and count these instructional days towards the annual hours requirement for State Aid purposes. Instruction must be provided to all students and be consistent with the definition of remote instruction, as explained below. In addition, beginning with the 2023-2024 school year, such instruction must be consistent with the school district's Emergency Remote Instruction Plan.

NYSED also amended section 155.17 of the Commissioner's regulations to require public schools, BOCES, and county vocational education and extension boards amend their District-wide School Safety Plans to include plans for remote instruction beginning with the 2023-2024 school year. This gives the public an opportunity to provide feedback on such plans for remote instruction prior to their adoption. The Emergency Remote Instruction Plan must include the methods that the school district will ensure the availability of: devices; internet access; provision of special education and related services for students with disabilities; the expectations for time spent in different remote modalities.

Such plans also require that each chief executive officer of each educational agency located within a public school district report information on student access to computing devices and access to the internet each year.

NYSED additions to section 100.1 of the Commissioner's regulations define the term "remote instruction." This definition identifies various ways in which remote instruction may be

delivered, but which must include, in all situations, regular and substantive teacher-student interaction with an appropriately certified teacher.

The NYS Board Regents adopted the amendments noted above that became effective as a permanent rule on September 28, 2022.

Sections 200.7, 200.16, and 200.20 of the Regulations of the Commissioner of Education were amended, and became effective September 13, 2022, and December 12, 2022, as an emergency action for the preservation of the general welfare to permit approved special education providers to provide remote instruction in the 2022-2023 school year on days they would otherwise close due to an emergency and to count such instructional days towards 14 minimum requirements and to identify the ways in which such remote instruction may be delivered. These amendments relate to remote instruction and its delivery under emergency conditions for students in approved private schools for the education of students with disabilities, state-supported schools, state-operated schools, and approved preschool special education programs. These updated regulations now provide the same flexibility for remote instruction under emergency conditions that was given to school districts. The effective date of the final rule was January 25, 2023.

REMOTE INSTRUCTION

The Commissioner's regulations define remote instruction as “instruction provided by an appropriately certified teacher, or in the case of a charter school an otherwise qualified teacher pursuant to Education Law §2854(3)(a-1), who is not in the same in-person physical location as the student(s) receiving the instruction, where there is regular and substantive daily interaction between the student and teacher.” For the purpose of this plan, remote instruction means the instruction occurring when the student and the instructor are in different locations due to the closure of one or more of the district's school buildings due to emergency conditions as determined by the Superintendent of Schools. Emergency conditions include, but are not limited to, extraordinary adverse weather conditions, impairment of heating facilities, insufficient water supply, prolonged disruption of electrical power, shortage of fuel, destruction of a school building, shortage of transportation vehicles, or a communicable disease outbreak, and the school district would otherwise close due to such an emergency.

UNSCHEDULED SCHOOL DELAYS AND EARLY RELEASES

Instructional hours that a school district scheduled but did not execute, either because of a delay to the start of a school day or an early release, due to emergency conditions, may still be considered as instructional hours for State aid purposes for up to two instructional hours per session day, provided the School Superintendent certifies such to NYSED, on the prescribed NYSED form, that an extraordinary condition existed on a previously scheduled session day and that school was in session on that day ([NYSED Part 175.5](#)).

The Emergency Remote Instruction Plan shall identify various ways in which instruction may be delivered, including synchronous and asynchronous instruction. In all situations, remote instruction requires regular and substantive teacher-student interaction with an appropriately certified teacher.

Synchronous instruction engages students in learning in the direct presence (remote or in-person) of a teacher in real time. During remote instruction, students and teachers attend together from different locations using technology. Asynchronous instruction is self-directed learning that students engage in learning without the direct presence (remote or in-person) of a teacher. Students access class materials during different hours and from different locations. During an emergency closing, synchronous instruction is the preferred method of instruction, whereas asynchronous instruction is considered supplementary instruction.

ENSURING ACCESSIBILITY AND AVAILABILITY (INTERNET, COMPUTERS/DEVICES)

The Owen D. Young CS shall survey families to find out who has a reliable high-speed internet connection. A survey conducted in 2020 identified families who live in the district that do not have access, therefore remote learning is a challenge, if not impossible, for these students. Since 2020, every student who enrolls in the district provides information on internet access and computer accessibility. All survey information is stored and available in the district's SchoolTool database. When students do not have internet access, the district works with the families to develop a plan to provide instructional materials for them as well as a process for recording attendance and grading. The district works with the community to provide locations where internet access could be used if they are able to use these locations.

Commissioner's regulation 115.17(f) outlines the annual data collection that districts must submit to SED every year by June 30. It requires the school district to survey families regarding internet and device access at the student's place(s) of residence. The chief executive officer (School Superintendent) shall survey students and parents and persons in parental relation to such students to obtain information on student access to computing devices and access to internet connectivity.

District policy and procedures are followed to ensure computing devices are made available to students or other means by which students will participate in synchronous instruction.

EMERGENCY CLOSURE REMOTE LEARNING PLAN

<p style="text-align: center;">POLICIES</p>	<p>The plan adheres to guidance set forth in the following Board of Education policies: AR 5153.1 Emergency Regulation Regarding Student Registration and Attendance; AR 8330.3 Staff Use of District Technology and Student Use of District Technology; <u>5300 Code of Conduct</u>; <u>5300.25 Student Dress Code</u>].</p>
<p style="text-align: center;">INTERNET AND DIGITAL DEVICE ACCESS</p>	<p>The school district provides all students in grades K-12 access to a personal computing device of a Chromebook or laptop. In the event of an emergency, closing provisions will be made to the greatest extent possible to ensure that all students have their device at home for instruction.</p> <p>The school district participates fully in the SED Digital Access Survey along with locally developed surveys to assess how many students have internet access at home. The district provides hotspots to any families that indicate a need for reliable internet to facilitate access to learning at home.</p> <p>All faculty should have an alternative general activity for students in the instance that widespread power outages or other disruptions to connectivity occur preventing synchronous connection. If students lose connectivity, then the expectation is they will complete the alternate assignment provided.</p>
<p style="text-align: center;">PEDAGOGY</p>	<p>All teachers in grades K-12 will use Google DOCS as their primary instructional platform.</p> <p>Several district provided instructional technology software programs are available to support instruction along with a wide array of other resources curated by faculty. Teachers will utilize these programs to differentiate instruction, accessing a variety of delivery methods that best suit their course, grade level, and teaching style. The instructional approach may include a combination of:</p> <p><u>Synchronous “Live” Instruction</u> - Using Google Meet along with other digital platforms, teachers will deliver real time instruction to a full group or subset of students. Teachers may incorporate asynchronous or project based opportunities within this model.</p> <p><i>Teachers will make personal connections with all students during scheduled class times via Google Meet. These connections will allow teachers to take attendance, introduce new content or skills and will allow students to connect with their teachers and peers in order to be guided through lessons, ask questions, and maintain personal relationships. The duration of these synchronous connections depends on the grade level and daily instructional plan but should be the primary mode of instruction and substantial enough to guide learning.</i></p> <p><u>Asynchronous “Flipped” Instruction</u> - Using a variety of digital platforms, teachers will deliver captured or recorded lessons with associated expectations for students</p>

	<p>participation and assignment completion (i.e. “Flipped Classroom”). These activities may include teacher/student synchronous interactions for a portion of the lesson.</p> <p><u>Authentic Independent Instruction</u> - Using a variety of methods, teachers will engage students in high quality learning activities. These activities must engage students in the learning process. Teachers will provide assistance to students in this mode of instruction through asynchronous and synchronous methods outlined above.</p>
STUDENT EXPECTATIONS	<p>All students will receive information on how to access course material and instruction from their teachers. Students are expected to follow all directions and requests to participate in instruction to the fullest extent possible. During synchronous instruction students are expected to be school ready. This includes being on time for class, engaging fully through video and audio as directed by their teacher, and presenting themselves in a manner that is in accordance with school expectations.</p> <ul style="list-style-type: none"> • All students are expected to practice appropriate digital etiquette and responsible behavior during assigned Google Meets: <ul style="list-style-type: none"> ○ Mute yourself on meets as directed by your teacher ○ Cameras are to be kept on during classroom meets unless directed specifically by your teacher to do otherwise. • Students are expected to work in an appropriate setting when participating remotely / on-line. Work places include a desk, table, kitchen counter, etc... Other locations are not appropriate or acceptable. • Student dress must be appropriate in all platforms - the Student Dress Code section of the Student Handbook / Code of Conduct applies to students in all platforms. <p>If there are any circumstances preventing full and appropriate participation the student should let the teacher know. As this is a required attendance day, students must fulfill expectations for satisfactory participation as determined by their teacher.</p>
DAILY SCHEDULE	<p>The virtual day will follow the same schedule framework as the HS, MS and Elementary School to which the student is assigned. As with all school schedules, appropriate breaks will be included in the daily schedule for students and faculty, including time for lunch. Students will attend all assigned classes at their scheduled time. The method of instructional delivery will vary to facilitate appropriate screen time per age level within these parameters. MS and HS teachers must be available for academic support during scheduled classes, study halls and Academic Labs.</p>
COMMUNICATION PROTOCOL: INTERVENTION	<p>Teachers will follow the same communication protocols that are established in school for addressing areas of academic or behavioral need. This includes a combination of email, phone calls, and academic/behavioral referrals to the administration. All effective strategies should be accessed to maintain effective communication.</p>
SPECIAL SERVICES	<p>School districts are required to implement supports, services and accommodations, as indicated in students’ IEPs or 504 Accommodation Plans, to the best of their ability. NYSED recognizes that there may be limitations to implementing certain services or accommodations through remote instruction and as a result, encourages districts to apply a “lens of reasonableness” to their approach.</p>

<p>NON- INSTRUCTIONAL SERVICES</p> <ul style="list-style-type: none"> • TRANSPORTATION • FOOD SERVICE • MAINTENANCE • CUSTODIAL • CLERICAL/ ADMINISTRATIVE SUPPORT 	<p>When a school district is in remote session, non-instructional services may still be required to report to work to perform critical services related to their area of expertise. In the event that the change to remote instruction is due to a snow or other weather emergency, such change will likely impact transportation and other critical services. Decisions whether or not non-instructional employees should report to work will be made and communicated in real time by the appropriate supervisor or administrator based on whether services can be provided in a safe and efficient manner.</p>
---	---

NYSED Plan Requirements

1. Policies and procedures to ensure computing devices will be made available to students or other means by which students will participate in synchronous instruction;
2. Policies and procedures to ensure students receiving remote instruction under emergency conditions will access internet connectivity;
3. Expectations for school staff as to the proportion of time spent in synchronous and asynchronous instruction of students on days of remote instruction under emergency conditions with an expectation that asynchronous instruction is supplementary to synchronous instruction;
4. A description of how instruction will occur for those students for whom remote instruction by digital technology is not available or appropriate;
5. A description of how special education and related services will be provided to students with disabilities and preschool students with disabilities, as applicable, in accordance with their individualized education programs to ensure the continued provision of a free appropriate public education; and
6. For school districts that receive foundation aid, the estimated number of instructional hours the school district intends to claim for State aid purposes for each day spent in remote instruction due to emergency conditions pursuant to section 175.5 of this Chapter.

INSTRUCTIONAL HOURS FOR STATE AID AND REPORTING REQUIREMENTS

Pursuant to Section 175.5 of Education Law the school district may decide to transition to remote instruction in the event emergency conditions dictate the closure of the PreK through Grade 12 facilities. Under the provisions of New York State Education Law and the District Emergency Remote Instruction Plan any instruction sessions provided during the closure of the school facilities are counted towards annual hour requirements for meeting 180 days required for State financial aid.

Annual Hourly Requirements for the purpose of apportionment of State Aid (for districts receiving foundation aid) are noted below:

- 450 instructional hours for pupils in half-day kindergarten

- 900 instructional hours for pupils in full-day kindergarten and grades one through six
- 990 instructional hours for pupils in grades seven through twelve

The district estimates the number of instructional hours it intends to claim for State aid purposes for each day spent in remote instruction due to emergency conditions from a minimum of 1 remote instruction day due to emergency conditions, up to the full year's annual hourly requirement. A district remote instructional day is the same number of hours as an in-person instructional day. The actual hours of the instructional day shall be discussed each spring during building council.

For example,

1. Grades K-5: 6 hours
2. Grades 6-8: 6 hours
3. Grades 9-12: 6 hours

TRANSPORTATION

When a school district is in remote session, pupil transportation must be provided to students attending religious and independent schools, charter schools or students whose individualized education program (IEP) have placed them out of district. In the event that the change to remote instruction is due to a snow or other weather emergency, such change will likely impact transportation for students attending school outside of the district. Decisions not to transport will be based on real-time information relevant to the safety of students, staff and vehicles. The Owen D. Young School District will work with associated religious and independent schools as these situations arise to ensure student safety and access to their education.

REPORTING

IMMEDIATELY

Whenever a school building must close to instruction due to the activation of its District-wide School Safety Plan or Building-level Emergency Response Plan, a *Report of School Closure* must be submitted to the Commissioner of Education by the School Superintendent as required under CR 155.17(f) via the NYSED Report of School Closure portal. Even when remote instruction is provided during an emergency closure, a *Report of School Closure* must be submitted. This also applies when instruction can be delivered in an interim location or via another instructional modality.

When it is determined that it is safe to re-open a school building after an emergency closure, the School Superintendent must notify the Commissioner by completing a corresponding *Report of School Re-Opening*, via the NYSED Report of School Re-Opening portal.

The *Report of School Closure* is intended to provide immediate notification to the Commissioner regarding an emergency closure. The *Report of School Re-Opening* notifies the Commissioner of the re-opening and also collects the actual duration of the closure, the location and modality of instruction, and detailed information that may not have been available at the time of the closure.

Reasons for building closures may include, but are not limited to, natural disasters, power outages, instances of infectious disease, extraordinary adverse weather conditions and threats of violence. It is no longer required to submit a *Report of School Closure* for routine snow days.

ANNUALLY BY JUNE 30th

The School Superintendent shall notify the NYSED Commissioner the results of the survey on student access to computing devices and access to internet connectivity through the Student Information Repository System (SIRS) every year by June 30th.

END OF THE SCHOOL YEAR

The school district shall report Emergency Remote Instruction through the State Aid Management System at the end of the school year. After the close of the school year starting with the ending of 2023-2024, the School Superintendent reports remote instructional days under emergency conditions through the State Aid Management System, and certifies this at the time NYSED's *Form A* is submitted as part of other required certifications. Using the NYSED prescribed form, the School Superintendent certifies to NYSED:

- That an emergency condition existed on a previously scheduled session day and that the school district was in session and provided remote instruction on that day;
- How many instructional hours were provided on such session day; and
- Beginning with the 2023- 2024 school year, that remote instruction was provided in accordance with the district's Emergency Remote Instruction Plan.

BOARD OF EDUCATION APPROVAL

As part of the District-wide School Safety Plan, the school district's Board of Education shall make the Emergency Remote Instruction Plan available for public comment and public hearing for no less than thirty days (30) prior to adoption. The plan must be adopted as part of the District Wide School Safety Plan annually prior to September 1st and posted on the district website in a conspicuous location.

SUPPORT FOR STUDENTS WITH DISABILITIES DURING EMERGENCY CLOSING VIRTUAL INSTRUCTION

School districts are required to implement supports, services and accommodations, as indicated in students' IEPs or 504 Accommodation Plans, to the best of their ability, when providing virtual instruction.

Special education teachers who provide direct/indirect consultant services will initiate outreach to their students' general education teacher(s) to collaborate on instructional modalities and any necessary accommodations or modifications required of assignments or assessments for the day.

Special education teachers who teach resource room, self-contained special classes either content specific or specialized programs, should follow the same guidance and expectations as classroom teachers in regards to pedagogy, content, class meetings, and flexibility.

Teaching assistants are available for instructional support by way of participating in class meetings, keeping up on classroom assignments and expectations, and serving as additional academic support.

Related service providers are to provide “tele-therapy” services, to the best of their ability. Related service providers are expected to adhere to similar guidelines as other professionals in regard to student and teacher work at home, communication, and flexibility and they will use the students’ IEPs to determine an appropriate/reasonable level of communication and support.

Documentation Requirements: Special education personnel are expected to document all supports and services provided to students during this time. Document the manner, means, duration of time, follow up efforts, etc. IEP progress monitoring is required to be collected and reported to parents following the schedule listed on students’ IEPs. Medicaid session notes continue to be a requirement for eligible related service providers. Special education teachers/service providers are responsible to hold any virtual professional meetings already scheduled on a day that becomes a virtual instruction day.
