State School Fund – Jack reviewed with board members the 2016-17 SSF Grant, currently at \$2,622,327 based upon our extended ADMw of 463.23 students.

NEW BUSINESS

Scholarship Foundation By-Laws – Jack stated that as a result of the 501(c)(3) being approved it is time to begin the process of advertising for the 3 At-Large members for the Board of Trustees. He recommended forming the Trustee Board at the October Board of Directors meeting. Hold the organizational meeting of the Trustee Board as soon as possible, and select the legal signers for the Foundation. At that point the account can be opened and the funds invested. Anne moved to advertise for the At-Large positions. Dave seconded the motion, which carried unanimously.

Academic Schedule – Board members reviewed the schedule for 2016-17. Support classes to aid students in passing the required assessments to graduate have been helpful, but also restricts student’s ability to take a wider variety of elective offerings. Students interesting in competing in athletics in college struggle to meet the NCAA Clearinghouse requirements, and the timing of classes offered conflict with other courses. Jack and Leo discussed possible options with board members.

Ethos Music Program – Jack stated Ethos , Inc. provides music education in small towns across America for limited expense to the school districts. Dufur has secured a person for this school year that will provide music education to K-12 students for the complete school year. The cost is \$8,000, which will be paid out of the Barbara Garner Endowment for the Arts.

Missoula Children’s Theatre – This program is a widely acclaimed theater program that travels the world providing opportunities to groups that wouldn’t otherwise have them. Jack requested scheduling them for a week in the spring. The total expense would be \$2,900.00 which also fits in the Barbara Garner Endowment for the Arts Fund. Anne moved to approve the expenditure. Monica seconded the motion, which carried unanimously.

Expanded Options Program – Jack reported he had a request from a home school family to allow their high school student to participate in the districts Expanded Options Program. Expanded Options require districts to pay for students to take college courses while in High School. Dufur’s current policy, IGBHE, does not clearly state that a student must be enrolled in Dufur High School. After board discussion Robert moved to amend the policy to state students must be attending Dufur High School full time to take advantage of the Expanded Options Program. Dave seconded the motion, which carried unanimously.
