

**Visitor, Parent/Spectator Conduct**

The Valentine Community Schools Board of Education encourages parents and visitors to attend public performances by the students. It is important that visitors, parents, and spectators behave appropriately at these performances. The board expects visitors, parents, and spectators to demonstrate good sportsmanship toward the officials, students, school employees, and other spectators.

Any person may be removed from the premises or denied admission for a period of up to one year for displaying inappropriate conduct including but not limited to using vulgar or obscene language, failing to obey instructions of school employees, or engaging in an activity which is illegal, disruptive or indicative of poor sportsmanship.
