

Designation of Workdays

1. The Superintendent shall designate those workdays necessary to comply with state requirements for school services and other district operations that support those services.
2. The Superintendent shall not designate unusual workdays unless due to practical necessity directly related to the delivery of educational services.
3. The school calendar shall serve as designation of workdays for all personnel whose duties support activities that appear on the school calendar.
4. Teachers' workday shall include from twenty minutes before the time that students are required to be present at school through twenty minutes after students depart, plus any additional time required by the principal for staff meetings.
5. The workweek shall begin on Monday.
