

**NATCHITOCHEES PARISH
SCHOOL BOARD**
TOGETHER WE CAN

Dear Parent or Guardian of _____,

Each year Natchitoches Parish Schools screen children in grades kindergarten through third grade using a literacy screener, Acadience. It is our goal that students are on grade level with reading by the end of each grade. Based on the fall screening your child is considered in need of support and will be receiving additional phonics instruction interventions. Attached to this letter is additional information about your child's screening. Your student's school will update you on your child's progress again at the end of the school year.

The attached information provides you ideas of how to support your child's growth in reading. If you have further questions, please reach out to your child's teacher or principal.

Thank you,
