COMPLAINT PROCEDURE POLICY

PROCEDURES FOR HANDLING COMPLAINTS ABOUT SCHOOL PERSONNEL

It is the responsibility of the School Board and staff to maintain open attitudes and access to the public when concerns and/or complaints are expressed about school personnel. The most effective school-community relations will be achieved when parents, citizens, or others who have complaints are encouraged to meet directly with school personnel about whom a complaint is registered. Every level of administration is responsible for insuring that complaints are responded to efficiently and, as much as possible, in a manner which will not have a negative effect on the learning environment for students, the reputation of school employees, or school-community relations.

- COMPLAINTS CONCERNING SCHOOL PERSONNEL shall be registered through the
 administrative staff before going to the Board. At the school level, complaints should be made
 first to the staff member, then to the principal, and finally to the district administrator. Complaints
 concerning the superintendent should be made first to the superintendent, then to the president of
 the school board.
- 2. COMPLAINTS OF A GENERAL NATURE should be made to the district administrative offices. They may be made to the district administrator, or to a member of the district staff, depending upon the nature of the complaint. If, after discussing the complaint at a district level, the person or persons making the complaint still do not have satisfaction, the complaint should be presented to the Board.
- 3. No person shall present orally or discuss at any meeting of the Board complaints against individual employees of the Kickapoo Area School District until after such charges or complaints have been presented to the Board, in writing, and signed by the person or persons making the charge or complaint. The Board shall then have a reasonable opportunity to investigate the same and call for discussion.
- 4. Any written complaints regarding a teacher made to any member of the administration by any parent, student or other person shall be immediately called to the attention of the teacher. The teacher shall be given an opportunity to respond to and/or rebut such complaint, and shall have the right to be represented by legal counsel or the KTA at any meetings or conferences regarding such complaints.

Adopted: 9/14/92

- 8. Informational Agenda
 - a. Discussion Items
 - 1) Addition of School to Work Coordinator to Extra Curricular Pay Schedule (Attachment)
 Casey Goodrich spends a lot of time throughout the school year coordinating work opportunities for students. A thought is to add this to the extra curricular pay schedule at 4% (\$1,640 for 2022-23)
 - 2) 2021-22 Kickapoo/La Farge Coop Sports Report (Attachment)
 - 3) Pool Fee Schedule (Attachment) The attachment shows the out of district pool fees from the last time the pool was operated. After reviewing the fees that other pools are charging, potential fees could be as follows:

OUT OF DISTRICT FEES:

\$20 for a youth membership

\$30 for an adult membership

\$40 for a family membership

(per month)

Day passes:

\$5 for children

\$10 for adults

\$20 for a family

Also included in the packet are the current use of school facilities board policies.

8. Informational Agenda

- a. Discussion Items
- 1) 2nd Shift Wage Differentiation

The board discussed increasing 2nd shift custodial wage by \$1.00 per hour. The board will act on this at the August meeting.

2) WASB Superintendent Evaluation Framework Subscription

The board discussed the subscription for this service from WASB and felt that it would be worthwhile with a new superintendent coming in next year. The board also discussed setting up a Zoom meeting with WASB

b. July and August Meetings

Superintendent Olsen requested that a Buildings/Grounds/Transportation Committee meeting be scheduled prior to the August board meeting. He will check with Tricia Clements on some possible dates as she was unable to attend this board meeting and get back to the committee. A Board Policy committee meeting will be scheduled at the August meeting, after all of the Neola sections have been approved.

9. Superintendent's Report

· Superintendent Olsen recently met with a parent who had some concerns regarding building security; this could be a future agenda item for the board to review building security procedures

BGT Committee Meeting 7/29/2022 3:00 PM

Attending: Doug Olsen, Janet Matthes, Earl Wallace, Tricia Clements

- 1. The half brick wall outside of the auditorium entrance is in need of repair. Kraemers will repair the wall including brick replacement where needed and tuck pointing, removing the cap stones, properly flashing them and then replacing them. They will complete the work on time and materials; they estimate the cost at \$6,400 for doing one side of the wall, and \$11,800 for both sides. It did not make sense to the committee to do only one side of the wall. The tuckpointing and replacement of cracked broken bricks is necessary after 50 plus years. Committee consensus was to move forward with the work under the contingency costs included in the project.
- 2. Contingency cost update: The HVAC contingency costs were moved to the ESSER budget. This leaves \$25,685 left in contingency, with some credits still forthcoming from Kraemers. The contingency costs must still account for graphics, stackable pool furniture for the all purpose room (needed because will be stored in the pool storage room) as well as potential Griffin signage for the inside of the pool.
- 3. The committee reviewed the pool survey developed by Mr. Olsen and Anna Marty. This has been circulated internally for feedback and review. (attached). It is hopeful that we can gain information from the public about potential uses of the facility, and we can then make the preferred times work for staffing. Rental of the facility was also discussed, and it has been suggested that any person wanting to teach a class will be paid by the school and it will be scheduled through the pool supervisor. People taking classes will pay the school to take the class; this is the way most facilities operate.
- 4. The committee also discussed a 9+1 van for the school. These are made by either Ford (Transit) or Mercedes (Sprinter). Ford has discontinued their large municipal discounts and is only offering the Transit in one format for orders; low roof and dually. The Mercedes Sprinter can still be ordered with options desired and MSRP is about \$50,000 new. We have \$40,000 in the budget for a vehicle. Some discussion ensued that maybe the van could be ordered so that it can be dual purpose and act as a vehicle for the Buildings and Grounds and if it is needed for a student trip. The seats could quickly be put in and reserved for a staff trip with 9 or less students. In this instance we would sell the school truck. We ordered a one ton truck years ago with the idea we could complete some of our own plowing, but with the inability to hire people for regular custodial work this might be a better solution.
- 5. Our John Deere lawn mower is 8 years old and was in need of drive shaft repair. The repair is \$2170, Hillsboro Equipment quoted a new one at \$9,918.64, and they will waive the repair cost for our old one. We average about 225 hours a year on the lawn mower

and the committee felt that a 4 year and 700 hour warranty that comes with the new mower would be the way to go. Given the time between this date and the board meeting, the committee agreed that Mr. Olsen should contact Hillsboro Equipment and accept the bid.

6. The committee discussed a clean diesel grant program that is pushing electric buses and propane buses. The difficulty with the electric buses is that you need warm storage for the buses in order to maximize their efficiency and battery life. Cabin heaters can really drain batteries, as well as cold weather. Future consideration of this technology should be planned along with necessary charging infrastructure if and when the investment makes sense for the district. Hills are also very hard on battery consumption. The timing does not seem to be correct for us to become an early adopter of this technology.

The meeting adjourned at 4:30 with a tour of the construction area.

Kickapoo School Pool Community Survey

We are gathering information from our community on how they would prefer to use the pool as we reopen it to the students and the community. The Kickapoo Pool is a school pool, but throughout the process of stakeholder input we heard that the community wanted improved locker rooms and potential access during daytime hours. A separate locker room is being accomplished with the remodel, and will allow for separate pool entrance and changing area. We are interested in hearing from our community about when and how they would like to use the new facility.

7217 - **WEAPONS**

The Board prohibits staff members, students, and visitors from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of the District for the purpose of school activities approved and authorized by the District including, but not limited to, property leased, owned, or contracted for by the District, a school-sponsored event, or in a District vehicle to the extent permitted by law . Policies regarding staff members are found in Policy 3217 and Policy 4217. The policy pertaining to students is found in Policy 5772.

A volunteer who is a concealed carry permit licensee may transport students for school-sponsored events or school-related purposes in his/her own vehicle only if the volunteer has agreed not to carry a concealed weapon while transporting such students. This does not apply to the transportation of students related by blood or marriage to the volunteer if only such students are being transported.

Concealed Carry Permit Holders

No parent or other volunteer may carry or in any fashion possess a concealed weapon, whether they hold a permit or not, while transporting students in a District-owned vehicle. Additionally, anyone, including a holder of a concealed carry permit license issued or recognized by the State of Wisconsin, is prohibited by virtue of Wis. Stat. 948.605(2)(b)1r from possessing a concealed weapon anywhere in or on school grounds including parking areas.

Definition of "Weapon"

The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms (including, but not limited to firearms as defined in 18 U.S.C. 921(a)(3)), guns of any type, including air and gas-powered guns (whether loaded or unloaded), knives (subject to the exceptions below), razors with unguarded blades, clubs, electric weapons, metallic knuckles, martial arts weapons, chemical agents, ammunition, and explosives.

Exceptions to this policy include:

- A. weapons under the control of active law enforcement personnel, and retired law enforcement personnel with current and appropriate credentials as provided by statute, are permitted;
- B. weapons that are registered and handled in a legal manner for the purpose of student education, such as the programs "Learn to Hunt" or "Hunter Safety", may be authorized by a principal or district administrator;

- C. theatrical props used in appropriate settings;
- D. starter pistols used in appropriate sporting events; and
- E. a knife lawfully used for food consumption or preparation, or a knife used for a lawful purpose within the scope of the person's business while on District property or at a District-sponsored activity.

The District Administrator may refer a visitor or volunteer who violates this policy to law enforcement officials. The visitor or volunteer may also be subject to other action such as loss of volunteer status at the sole discretion of the Board.

Any staff member who has reason to believe that a person has or will violate this policy shall report to the school Principal or their supervisor immediately. Failure to report such information may subject the staff member to disciplinary action, up to and including termination. The staff member may also confront the person if the staff member believes the risk of injury to self or others is minimal or if immediate action is necessary to prevent injury to any person.

This policy shall be published and distributed to staff members annually. Publication is not a precondition to enforcement of this policy.

7230 - GIFTS, GRANTS, AND BEQUESTS

The Board is appreciative of public interest in, and goodwill toward, the schools manifested through gifts, grants, and bequests. The Board reserves the right, however, to specify the manner in which gifts are made; to define the type of gift, grant, or bequest which it considers appropriate; and to reject those which it deems inappropriate or unsuitable. If accepted, the Board will attempt to carry out the wishes of the donor.

The Board shall not discriminate in the approval and administration of gifts, grants, and bequests on the basis of race, color, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, sex (including transgender status, change of sex, or gender identity), or physical, mental, emotional, or learning disability ("Protected Classes"). Complaints of discrimination in the acceptance or administration of gifts, grants, or bequests are governed by the complaint procedure outlined in Policy 2260.

All gifts or bequests having a value of more than \$500 that are approved by the Board will be formally acknowledged at a Board meeting. The District Administrator may accept for the Board, gifts or bequests of lesser value on the Board's behalf.

Board approval is required for all grants having a value of more than \$25,000. The District Administrator may approve grants of lesser value on the Board's behalf.

The Board shall provide written acknowledgment to the donor of any accepted cash donation of \$250 or more and any non-cash donation the value of which is \$500 or more. Such acknowledgment shall include the amount of cash or a description of any non-cash donation.

The Board shall provide any donor with appropriate tax forms in compliance with the requirements of the Internal Revenue Code.

Gifts, grants, and bequests shall become the property of the Board and will be subject to use by the District as determined by the policies and administrative guidelines applying to all properties, equipment, materials, and funds owned by the Board, subject to the Board's effort to comply with any specific wishes of the donor.

Any equipment proposed to be purchased by a parent organization or non-district entity for use in the school, on District property, or at a District-related event with a value of 1,000 or more shall be submitted to the Board for consideration of approval.

Title USE OF DISTRICT FACILITIES

Code po7510

Status

Legal 120.13(17), Wis. Stats.

895.523, Wis. Stats.

7510 - USE OF DISTRICT FACILITIES

The Board of Education believes that the school facilities of this District should be made available for lawful non-school purposes, provided that such use does not interfere with use for school purposes, by school related groups, or for school-related functions. No non-school related group or entity may promote an activity to occur on school grounds under this policy in any manner that conveys the impression that the School District supports, endorses, or is a partner with the group or individual's cause.

The Board <u>may will</u> permit the use of school facilities when such permission has been requested in writing by a responsible, individual, organization or a group of citizens and has been approved by the Principal or District Administrator

The use of District grounds and facilities shall not be granted for any purpose which is prohibited by law.

Recreational Activity

Any non-school sponsored group requesting to use District facilities for recreational activity must complete a request prior to such usage.

"Recreational activity" includes any indoor or outdoor physical activity, sport, team sport, or game, whether organized or unorganized, undertaken for the purpose of exercise, relaxation, diversion, education, or pleasure.

"Outdoor activity" includes hunting, fishing, trapping, camping, picnicking, exploring caves, nature study, bicycling, horseback riding, bird-watching, motorcycling, operating an all-terrain vehicle, ballooning, hang gliding, hiking, tobogganing, sledding, sleigh riding, snowmobiling, skiing, skating, water sports, sight-seeing, rock-climbing, cutting or removing wood, climbing observation towers, animal training, harvesting products of nature, sport shooting, or similar outdoor game, sport, or educational activity.

Should all or any part of the District's community be struck by a disaster, the Board shall make District grounds and/or facilities available, at no charge, for the housing, feeding, and care of victims or potential victims when requested by local, State, or Federal authorities. The District Administrator should meet with the Red Cross or other entities to assist in establishing a disaster preparedness plan in order to ensure that proper procedures are established to minimize confusion, inefficiency, and disruption of the educational program.

The District shall develop a fee schedule associated with using school facilities.

- A. Each user may be required to present evidence of the purchase of organizational liability insurance to the limit prescribed by District administrative guidelines.
- B. Use of school equipment in conjunction with the use of school facilities must be requested specifically in writing and may be granted by the procedure by which permission to use facilities is granted. The users of school equipment must accept liability for any damage or loss to such equipment that occurs while it is in their use. Where rules so specify, no item of equipment may be used except by a qualified operator.
- C. Users shall be liable financially for damage to the facilities and for proper chaperonage.

No liability shall attach to this District, any employee, officer, or member of this District specifically as a consequence of permitting access to these facilities.

Introduction

On March 11, 2021, the American Rescue Plans (ARP) Act was signed into law. In it, the U.S. Department of Education is providing an additional \$121.9 billion for the Elementary and Secondary School Emergency Relief Fund (ESSER III Fund). This legislation will award grants to state educational agencies (SEAs) for providing local educational agencies (LEAs) with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools across the nation.

Wisconsin will receive \$1,540,784,854 in ESSER III funds from the Act, with 90 percent being awarded to school districts with amounts determined in proportion to the amount of Title I, Part A funds they received in summer 2020 from funds under the Every Student Succeeds Act (ESSA). The remaining funds will be used for state-level activities to address issues caused by COVID-19.

This plan describes how the Kickapoo School District will provide a safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction.

Maintaining Health and Safety

Overview

A district's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff, and the extent to which it has adopted policies or practices and a description of any such policies or practices on each of the CDC's safety recommendations including the universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); hand washing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine, in collaboration with the state, local, territorial, or Tribal health departments; diagnostic and screening testing; efforts to provide vaccinations to educators, other staff, and students, if eligible; appropriate accommodations for children with disabilities with respect to health and safety policies or practices; and coordination with state and local health officials.

Description on maintaining the safety of staff and students

The Kickapoo School District began the 2021-22 school year with a five-day per week, face-to-face instructional model and will adhere to the following health protocols. Accordingly, the District will:

- publish the COVID-19 pre-screening checklist and strongly encourage students and staff members to utilize the checklist before entering a school facility,
- encourage staff members and students to stay home or go home if they are showing
 COVID-19 symptoms or if they have tested positive for COVID-19,
- limit visitors and activities for non-essential purposes,
- provide sanitizing stations throughout the building.
- Offer Covid at home PCR tests and a drop box at school in partnership with the Wisconsin Department of Health Services testing program and vendors.

Description to continue to provide services regardless of the mode of instruction (for example, health and food services if the LEA must pivot to virtual or hybrid instruction)

The Kickapoo School District will offer in-person learning five days a week according to the Board adopted 2021-2022 Academic Year Calendar. In the event of school closure due to the pandemic, the district purchased Chromebooks for all students to continue virtual learning.

Regardless of the mode of instruction, the Kickapoo School District will continue to provide meals under the seamless summer provision as long as USDA continues the allowance. Meals will be provided for summer school attendees as well as all eligible youth during the school year. If school is closed due to a pandemic, the district will assess its ability to distribute meals utilizing the same process it used during the spring of 2020.

The Kickapoo School District employs one part-time school nurse who will continue to offer health services in-person or virtually. The school district also partners with Scenic Bluffs Counseling and Stonehouse counseling to provide mental health support for families. The district has also added a half time guidance position to support student social and emotional learning.

Mitigation Measures

Universal and correct wearing of masks

Description of Policies or Practices, if applicable

The Kickapoo School Board adopted thresholds to determine when students, staff, and visitors will be required to wear masks and when mask-wearing will be optional. These thresholds are based on the level of COVID transmission within Vernon and Richland Counties. Details about these thresholds can be found on the district website. 02/9/22 the board of education changed the thresholds to an internal metric of 3% of student/staff infection rate per building.

Modifying facilities to allow for physical distancing (for example, the use of cohorts and podding)

Description of Policies or Practices, if applicable

Mitigation measures such as the installation of floor decals and water bottle filling stations, and the promotion of social distancing have been implemented at each facility. Extended and/or staggered meal service will be implemented to support social distancing in times of high Covid transmission, while ensuring adequate time for students to consume their meals. Individual building levels will determine the cafeteria service that best suits the needs of their students. Cafeterias and/or classrooms may be used as settings for student meals.

Students may be assigned to cohorts if public health conditions warrant the use of hybrid or distance instructional models. It is hoped that this will not be necessary for the 21-22 school year. Transportation capacity will also be utilized as a mitigation measure if needed in the event that local cases rise to the point that reducing capacity and adding routes is necessary during the 2021-22 school year. All of this will also depend on the availability of drivers to implement these changes.

Handwashing and respiratory etiquette

Description of Policies or Practices, if applicable

Handwashing and respiratory etiquette is taught to students with high emphasis in the primary grade levels. Signage is posted throughout buildings as reminders of handwashing and respiratory etiquette.

In addition, hand sanitizing stations/liquids are available in all classrooms.

Cleaning and maintaining healthy facilities, including improving ventilation

Description of Policies or Practices, if applicable

Enhanced sanitation procedures have been implemented and continue at all schools focusing on high-touch surfaces. The District uses cleaning solutions that are rated to kill the SARS virus. The District has installed ionization air cleaning units on all air intake ventilation units in all buildings. These units function at all times that ventilation units operate and are monitored electronically through HVAC computer control systems. The air exchanges in the building have been set to exchange air at maximum rates of exchange at least 5-6 times per hour, and the filters in the HVAC system have been upgraded. Additionally in some spaces within the building, offices, sick rooms, staff or students with pre existing conditions we have added HEPA filtration classroom units to additionally clean the air.

Contact tracing in combination with isolation and quarantine, in collaboration with the State, local, territorial, or Tribal health departments

Description of Policies or Practices, if applicable

The Kickapoo School District will continue contact tracing and transparent reporting to the public of COVID-19 cases and staff quarantines within the District. To provide transparent reporting for our stakeholders, the District maintained a COVID-19 case dashboard throughout the 2020-21 school year and will continue to do so for the 2021-22 school year.

The Kickapoo School District will guide parents/students, employees, and contractors on screening protocols for the daily pre-screening process. Each school will continue to provide current health information to staff, students, and families about the signs and symptoms of COVID-19, when they should stay home, and when they can return to school. The district cooperates with the Richland and Vernon County Health Departments for contact tracing.

Diagnostic testing

Description of Policies or Practices, if applicable

The Kickapoo School District recommends students and staff get tested for COVID by their medical provider or a local pharmacy if they have the opportunity. The District is also working with the Wisconsin Department of Health Services to coordinate COVID testing at our schools. The District has test kits available for parents to take swabs and deposit at the school receptacle for pick up. The turnaround time for test results is between 48-72 hours.

Efforts to provide vaccinations to educators, other staff, and students, if eligible

All eligible staff employed in 2020-2021 were provided the opportunity to be vaccinated. Students ages 16 and older were provided access to an on-site vaccination clinic in the spring of 2021. New staff will be given access to vaccinations by working with local healthcare partners and County Public

Health. Coordination of booster shots for eligible employees will also take place and coverage will be provided if a staff member so chooses. Vaccination clinic was offered to parents for students aged 5-12 in January and February of 2022.

Appropriate accommodations for children with disabilities with respect to health and safety policies and practices

Description of Policies or Practices, if applicable

When circumstances require specific policies or procedures designed to protect the health and safety of students, 504 and IEP teams will determine if modifications and/or reasonable accommodations are needed for individual students with disability-related issues.

Coordination with state and local health officials

Description of Policies or Practices, if applicable

The CDC recommends that all decisions about implementing school-based strategies should be made locally, collaborating with local health officials who can help determine the level of transmission in the community. The Kickapoo School District continues to work with County Public Health to implement mitigating strategies for the safety of students and staff.

Continuity of Services

Overview

It is the responsibility of the Kickapoo Area School District to ensure the continuity of services to our students to address student: academic, social, emotional, mental health, health and nutrition needs.

The District will provide for continuity of services as follows:

Student Academic Needs

The Kickapoo School District implemented a summer school program to assist all K-12 students with academic recovery. The District plans to continue full-time, in-person instruction beginning the fall of 2021, with limited exception. Additional instructional personnel have been added to staffing to implement further academic recovery efforts in core curriculum areas. These specialists will be available during the instructional day, before school starts and immediately after school ends.

Student Social, Emotional, and Mental Health Needs

Additional counseling staff has been added to the mental health staff to address our students' social and emotional learning needs. We have also partnered with Scenic Bluffs and Stonehouse counseling to provide services to students when families choose to do so.

Other Student Needs (which may include student health and food services)

Food services will continue to provide meals under the community provision as long as USDA continues the allowance. Meals will be provided for summer school attendees as well as all eligible youth during the school year. Summer meals will be provided for summer school to all children age 18 and under.

Staff Social, Emotional, and Mental Health Needs

The District will provide staff with professional development in this area to help meet the needs of students and to help them with best practice. The administration will support the staff with flexible leave policies as we navigate the pandemic. For example the district continued Covid leave through September 30, 2021. The staff's social, emotional, and mental health needs may also be addressed through the Employee Assistance Program provided through the District insurance program.

Other Staff Needs

The District will follow national, state, and local governing agencies' laws and directives concerning staff employment and benefits.

Periodic Review

Overview

Districts are required to review and, as appropriate, revise their Safe Return to In-Person Instruction and Continuity of Services Plan at least every six months through September 30, 2023, including seeking public input and taking such input into account in determining whether to revise the plan and, if revisions are determined necessary, on the revisions it makes to its plan.

District response on ensuring periodic updates to its plan

The Kickapoo School District will periodically review and, as needed, revise the plan for the safe return to in-person instruction and continuity of services. The plan will be reviewed at least every six months, and the school system will seek and take into account public input during the review process. Plan revisions will address updated CDC and County Public Health guidance on safely reopening schools if any are issued.

Public Input

Overview

The ARP Act requires that school districts make their Safe Return to In-Person Instruction and Continuity of Services Plan available to the public online and that the plans be in an understandable and uniform format; to the extent practicable, are written in a language that parents can understand or, if not practicable, orally translated; and upon request by a parent who is an individual with a disability, provided in an alternative format accessible to that parent. Before making its plan publicly available, school districts must seek public comment on the plan and develop the plan after taking into account public comment.

District response on public input in the development of its plan

Example response: The Kickapoo School District has taken the following steps to make its plan available to the public:

- The plan is posted at http://www.kickapoo.k12.wi.us
- The plan is available in other languages upon request
- The plan was shared at the Kickapoo School District Board of Education meetings on August 11th. An opportunity for public comment is made available every month as the board reviews the plan monthly.
- Upon request, a parent who is an individual with a disability as defined by the ADA may be provided with the plan in an alternative format accessible by contacting our district office.

USE OF SCHOOL FACILITIES

In keeping with the board's belief that the school belongs to the people of the district, and in light of the financial support the public provides in the construction and maintenance of the school facilities, it is the Board's intention to grant the use of these facilities, which the board believes will help meet a need in the community and enhance the health, wellbeing and quality of life for its residents.

The board also believes that allowing such use helps citizens feel more connected to the school, which in turn fosters a public that is more supportive of the district's efforts to meet the board's educational vision to support life-long learning.

Types of Activities Prohibited:

- 1. Meetings which promulgate activities subversive to the laws of the United States.
- 2. Any purpose in conflict with school activities.
- 3. Activities which are discriminatory in the legal sense.

Granting of Approval:

- 1. The District Administrator or principals are authorized to approve and arrange for scheduling the use of school facilities by applicants satisfying the above purposes and limitations.
- 2. The Board reserves the right to revoke any such permit, without liability, should such action be deemed necessary or desirable.
- 3. The user shall be primarily liable, and the board secondarily liable, for any damage to property and for any expense incurred in consequence of any use of school grounds, buildings, facilities or equipment.

Fees:

The Board will approve a schedule of fees for the use of school facilities. See Policy 1141. The Board may grant waiver of fee payment in exceptional cases.

Custodial Service/Supervisions:

An individual of the out-of-school group requesting use of the facilities must be designated to take responsibilities for security and supervision.

II. Guidelines for the Use of District Facilities

In order to be approved, activities sponsored by non-school organizations must be in keeping with the general program of education. Political meetings that are open to the public are considered to be within the general program of public education, and school facilities may be rented at regular rates provided no discrimination is shown.

The person or organization using the facilities or other property accepts the responsibility of supervising the conduct of the people in attendance and that alcoholic beverages and controlled substances shall not be brought into to onto district facilities and other property. The use of tobacco products is prohibited in buildings and on school grounds. See Policy 761 regarding dangerous weapons.

- All persons participating in physical education or athletic activities will wear approved athletic shoes.
- The person or organization requesting the use of district facilities or other property shall be financially responsible for any and all damage to facilities or other property incurred during usage.
- The district is not responsible for personal injuries incurred by persons working or attending the function taking place in the district facilities or other property and may require proof of insurance.
- All dates granted for the use of district facilities or other property are subject to change if the dates area found to interfere with the normal educational purposes of the facilities or other property.
- The person or organization using district facilities or other property is responsible for setting up and returning the facility or other property to the same condition as received or will be billed for custodial time. Moving and adjusting scenery, securing lighting effects, use of the sound system, operating the public address system, and similar matters will be accomplished under the direction of an employee of the Board of Education.
- The person or organization shall pay the regular hourly or overtime wage, whichever is applicable, for one (1) of the regularly employed employees to supervise the use of any and all building equipment.
- If a rental fee is charged, the fee shall be paid to the building principal at the time of application for use.

Use of Facilities, cont.

In consideration of the use of Kickapoo School property and facilities, I,

the undersigned, as the person in charge of the approved activity or as officer of the organization hereby agree that in the event of injury or damage to myself or other participant, that I will accept responsibility for any and all supervisory duties and that I will in no manner whatsoever hold or attempt to hold the School District, Board of Education, or its representatives liable in any supervisory capacity or for any supervisory functions.

I also agree that as the person in charge, I shall be responsible for the general well-being of the building and shall be liable for any breakage or other damage to the building or its contents which may occur during the period of approved use or resulting from the carelessness of the person in charge.

I further state that I have carefully read the Board Policy relative to our use of the facilities, the foregoing waiver statement and know the contents thereof, and I sign the same as my own free act, intending to bind myself, thereby holding the Kickapoo Area School District and/or its representative or agents harmless for any injuries and/or damages that may be sustained while our group or organization is using said facilities or any part thereof.

GENERAL RULES AND REGULATIONS GOVERNING USE OF BUILDINGS AND PROPERTY

- 1. Principals are expected to maintain a school calendar indicating dates of special functions for their grade level, together with rooms to be used and hours scheduled. School groups must clear use of the building with the Principal. Principals shall keep the District Administrator promptly and continuously informed regarding school functions that are scheduled outside of regular school hours, and such scheduling shall be done in accordance with the following policies.
 - a) School social events will normally be scheduled on Friday evenings, and except for "major" functions (Homecoming Dance, Junior Prom, etc.) the closing time shall be 12:00 a.m.
 - b) Other student meetings held in the building during the week shall close at 10:00 p.m. or earlier, unless otherwise approved by administration.
 - c) Student groups meeting in the building outside of regular school hours shall be under the continuous supervision of their faculty advisor(s), and shall limit their activities to that part of the building where the meeting has been scheduled. See Policy 1141.
 - d) Arrangements for chaperones for school social events shall be approved well in advance by the Principal.
 - e) Principals shall secure permission from the District Administrator before permitting the scheduling of any school events, social or otherwise, during vacation periods, or during weekends (with the exception of Saturday mornings) so provision can be made for custodial service.
- 2. Outside groups must clear use of building and equipment directly with the principals.
- 3. The Board of Education assumes no liability for injury that may occur to persons or groups requesting the use of the building.
- 4. The renter, or group using the building, agrees to restore to original condition any unwarranted destruction of property. The Board of Education shall be the sole judge of unwarranted destruction of property.
- 5. The renter or group using the building will designate one person who is their responsible spokesperson for the group. All requests for special equipment or services will be made by the spokesperson to the principals at an early enough date so arrangements can be made.

USE OF SCHOOL EQUIPMENT

It shall be the policy of the Kickapoo Area School District to lend equipment only to non-profit organizations that are incorporated or sponsored by district area residents. The following shall apply, at the discretion of the district administrator:

- 1. The request shall be restricted to the availability of the equipment.
- 2. The requesting group shall be responsible for the pick-up and return of all articles.
- 3. The repair and replacement of all borrowed equipment that is damaged, destroyed, or lost will be the responsibility of the organization that borrowed it. A sufficient security deposit will be required prior to the use of any district equipment.
- 4. Appropriate forms requesting equipment must be filed in the office of the principal.

7510 - USE OF DISTRICT FACILITIES

The Board of Education believes that the school facilities of this District should be made available for lawful non-school purposes, provided that such use does not interfere with use for school purposes, by school related groups, or for school-related functions. No non-school related group or entity may promote an activity to occur on school grounds under this policy in any manner that conveys the impression that the School District supports, endorses, or is a partner with the group or individual's cause.

The Board <u>may will</u> permit the use of school facilities when such permission has been requested in writing by a responsible, individual, organization or a group of citizens and has been approved by the Principal or District Administrator

The use of District grounds and facilities shall not be granted for any purpose which is prohibited by law.

Recreational Activity

Any non-school sponsored group requesting to use District facilities for recreational activity must complete a request prior to such usage.

"Recreational activity" includes any indoor or outdoor physical activity, sport, team sport, or game, whether organized or unorganized, undertaken for the purpose of exercise, relaxation, diversion, education, or pleasure.

"Outdoor activity" includes hunting, fishing, trapping, camping, picnicking, exploring caves, nature study, bicycling, horseback riding, bird-watching, motorcycling, operating an all-terrain vehicle, ballooning, hang gliding, hiking, tobogganing, sledding, sleigh riding, snowmobiling, skiing, skating, water sports, sight-seeing, rock-climbing, cutting or removing wood, climbing observation towers, animal training, harvesting products of nature, sport shooting, or similar outdoor game, sport, or educational activity.

Should all or any part of the District's community be struck by a disaster, the Board shall make District grounds and/or facilities available, at no charge, for the housing, feeding, and care of victims or potential victims when requested by local, State, or Federal authorities. The District Administrator should meet with the Red Cross or other entities to assist in establishing a disaster preparedness plan in order to ensure that proper procedures are established to minimize confusion, inefficiency, and disruption of the educational program.

The District shall develop a fee schedule associated with using school facilities.

- A. Each user may be required to present evidence of the purchase of organizational liability insurance to the limit prescribed by District administrative guidelines.
- B. Use of school equipment in conjunction with the use of school facilities must be requested specifically in writing and may be granted by the procedure by which permission to use facilities is granted. The users of school equipment must accept liability for any damage or loss to such equipment that occurs while it is in their use. Where rules so specify, no item of equipment may be used except by a qualified operator.
- C. Users shall be liable financially for damage to the facilities and for proper chaperonage.

No liability shall attach to this District, any employee, officer, or member of this District specifically as a consequence of permitting access to these facilities.

7530 - LENDING OF DISTRICT-OWNED EQUIPMENT

The Board of Education believes that District-owned equipment is a valuable resource which may be loaned for community use under certain conditions only, provided that such use does not infringe on the original and necessary purpose of the equipment or interfere with the educational program of the District.

The Board may lend specific items of equipment on the written request of the user and approval granted by the District Administrator.

The user of District-owned equipment shall be fully liable for any damage or loss occurring to the equipment during the period of its use, and shall be responsible for its safe return.

District equipment may be removed from District property by students or staff members only when such equipment is necessary to accomplish tasks arising from their school or job responsibilities. The consent of the District Administrator is required for such removal.
