b. Schedule of Meetings  
No meetings were scheduled.

11. Superintendent's Report

- The dectron unit in the pool area is up and running which has eliminated the moisture issue
- The graphics in the team locker room have been completed
- There are a couple of issues left to address in the pool area: we are waiting for the remainder of tile to come in to finish up on the south end of the pool (temporary tile is currently in place); the steps going down into the pool were stained during the interior tiling - in order to fix this issue, the pool will need to be drained down below the steps. Both of these repairs will be done over Christmas break.
- Four power supplies and batteries for the alarm system needed to be replaced due to the age of the equipment
- Bids are being sought for the gym floor as well as painting and acoustic tiles
- Graduation will need to be held outside in May due to the removal of asbestos in the gym prior to beginning the flooring installation
- Board members will be paid in May and November starting this year, rather than once a year as been past practice

12. Principals' Reports

Kim Johnson, Elementary

- 4K students recently took a field trip the Wallace family farm
- The elementary parent/teacher conferences went very well with 100% of families meeting with teachers
- Mrs. Johnson, Mrs. Stinson, and Mrs. Egge recently participated in a Mental Health Academy, then met to continue working on improvements with systems of support for students

- The Veteran's Day program will be held in the middle/high school gym on Friday, November 11, 2022
- Middle and High School students will have a speaker on December 1, 2022; the speaker is the volleyball coach from Iowa City West
- The Kickapoo Griffin Land Stewardship Committee recently met and are planning a prairie burn in the spring that will be coordinated with the fire department
- Conservation Day will be held every 2-3 years; it is always a huge success but would be difficult to arrange for presenters if it were held every year
- Teacher observations are underway
- Students recently took and SEL survey; results will be reviewed in the near future

December 6, 2022

Dear Mr. Mithum

I am writing this letter as the formal notice of my resignation from my current position as middle school, high school Math Teacher, effective immediately. Regrettably, my current health and family health situation does not permit me to be able to fulfill my duties this year.

After much consideration, I have decided what is best for me, my students, and my family is to pursue opportunities outside of teaching. I have learned so much from working at Kickapoo. Kickapoo is a place where students and staff come first. All the decisions made during extraordinary circumstances, were incredibly thought out and respectful. For these reasons, it is no wonder why Kickapoo stands out in area schools.

I would like to thank you, Mr. Mithum, for your advice, guidance, and support as I grew at Kickapoo. You gave me space to learn valuable lessons as I developed during my first year and on. You found support for me in areas of my teaching that needed it. With the help of yourself and the rest of the teaching staff, I have grown so much, for which I am forever grateful.

I will miss the personal connections that I have made over the past 4+ years, and it is with a heavy heart that I leave Kickapoo. Please accept my gratitude for helping make my time at Kickapoo so rewarding.

Best Regards,

Amy White

## Resources for 2021-22 Report Cards

These resources are specific to the 2021-22 school and district report cards, which are released in the Fall of 2022.

Accountability Rating Category	Accountability Score Range	
	Minimum	Maximum
Significantly Exceeds Expectations - ★★★★★	83	100
Exceeds Expectations - ★★★★☆	70	82.9
Meets Expectations - ★★★☆☆	58	69.9
Meets Few Expectations - ★★☆☆☆	48	57.9
Fails to Meet Expectations - ★☆☆☆☆	0	47.9

Due to the COVID-19 pandemic, please use caution when interpreting scores and ratings. Careful review of the detailed data on all pages is encouraged. Additionally, take into consideration that multiple years of data are used throughout the report card in most of the priority area scores:

- Achievement and Growth require two years of data (2021-22 and 2020-21 required) and may use up to three years of data (including 2018-19).
- The graduation, attendance, and absenteeism components in On-Track to Graduation use lagged data (from 2020-21) and absenteeism scores may use up to three years of data (including 2019-20 and 2018-19).
- Target Group Outcomes follows the same rules as the Achievement, Growth, and On-Track to Graduation priority areas including lagged data as well as multiple years of data.

Please see the [Report Card Weighting Calculator \(https://oea-dpi.shinyapps.io/report\\_card\\_weighting\\_calculator/\)](https://oea-dpi.shinyapps.io/report_card_weighting_calculator/) to learn more about how priority areas are reweighted when data for a particular priority area are not available.

# About the Report Cards

## **School and District Report Cards - State Accountability**

At the foundation of Wisconsin's state accountability system are the school and district report cards, which annually report on the performance of all public schools and districts, including charter schools, and private schools participating in a parental choice program.

Beginning in 2011-12, a comprehensive accountability index replaced the Adequate Yearly Progress (AYP) system. The index approach uses multiple measures and classifies schools along a rating continuum. The ratings determine the level of support a school receives, ranging from rewards and recognition for high performing schools to state intervention for the lowest performing schools in the state. Accountability scores, ratings, and a 5 star rating system (as of the 2015-16 report cards) are reported annually in the report cards.

School and district report cards include outcomes in four priority areas:

1. **Achievement** measures the level of knowledge and skills among students in the school, compared to state and national standards. It includes a composite of reading and mathematics performance by the "all students" group in the Wisconsin Student Assessment System (WSAS) for all tested grades in the school.
2. **Growth** describes how much student knowledge of reading and mathematics in the school changes from year to year. It uses a point system that gives positive credit for students progressing toward higher performance levels, and negative credit for students declining below proficiency. This area focuses not on attainment, but the pace of improvement in student performance, no matter where students begin. All improvement is treated as a positive. Schools with high performance and little room to grow are not penalized.
3. **Target Group Outcomes** demonstrates outcomes for students with the lowest test scores in their school - the Target Group. Outcomes are displayed for achievement, growth, chronic absenteeism, and attendance or graduation rate.
4. **On-Track to Graduation** indicates the success of students in the school in achieving educational milestones that predict postsecondary success. It includes chronic-absenteeism and the graduation rate for schools that graduate students, or the attendance rate for other schools. It also includes measures of third-grade reading and eighth-grade mathematics achievement, as applicable to the school.
