

6. True or False: Everything the local government provides to us is FREE?

7. What is revenue?
 - A. A special type of asphalt to fix pot holes
 - B. Money generated from taxes used to provide services
 - C. A mayor of a small city

8. Where does most revenue for cities come from?
 - A. The state gives them all the money they will ever need
 - B. It comes from taxes
 - C. It comes from selling products made in the city

9. Who are the ONLY people that will pay property taxes?
 - A. People the own their own property in a city or county
 - B. People that ONLY own a small business (like a bakery)
 - C. Only people renting an apartment

10. Who will pay higher taxes: A person in Wellsville that lives in a small house that costs \$40,000 or a rich person who lives in Pepper Pike who owns a house that costs \$1 million.

11. In general, why does a school like Orange High School in Pepper Pike have “more” things in it than Wellsville High School?

- A. They have nicer students and cooler teachers
- B. The state of Ohio gives them more money to hire more teachers
- C. Their city generates more money from property taxes, thus giving the school more money to spend on education

12. What kind of tax makes it possible for something that is \$1.00 to REALLY cost \$1.07 at the store?

- A. Food tax
- B. Sales tax
- C. Property tax

13. You need a permit to fish and hunt and a license to drive. These things cost money. Where does the money go?

- A. To hunters and fisherman
- B. To pay for local government services, like game wardens and police officers
- C. To the state of Ohio to pay for the governor

14. There is a big difference between schools that have a lot of tax money and those that do not (like us vs. Orange). For 5 points, describe ONE way that poorer schools could do to make more revenue WITHOUT taking tax money.

(As an example: Some schools make their athletes pay to play their sport)

Standards Social Studies - 2012 Extended
