### **Mission Statement**

***“Building a Better World One Student at a Time”.***

We welcome our students, parents and guardians to the 2023-2024 school year, and look forward to a great year teaming with you. Please use this handbook as a resource to answer frequently asked questions.

**“Being a Little Bronc”** is about being a part of something that is bigger than yourself and we are very proud of the educational accomplishments of our students, parents, guardians, and educators.

Washington Early Learning Center strives to provide a positive and nurturing environment for academic and personal growth of all students. We feel this is accomplished through a strong partnership with students, parents, teachers and administration.

#### **EQUAL EDUCATION OPPORTUNITIES**

The Hamilton School District provides equal educational opportunities for all students. No student will be denied the benefits of any education program or activity on the basis of race, color, disability, ability, creed, national origin, age or sex. All programs offered by schools within the School District will be open to all students consistent with statutory and judicial requirements. Students who believe they have been the subject of discrimination should meet with their building principal as soon as possible.

#### **SCHOOLWIDE TITLE I PROGRAM ELIGIBILITY**

##### **Multi-Tiered Systems of Support (MTSS)**

It is the Hamilton School District's policy to ensure that all students receive high quality, scientific, research-based general education core instruction and, as appropriate, strategic and intensive intervention supports matched to student needs. Washington Early Learning Center will strive to utilize the core principles of the MTSS process, which promotes a well-integrated system connecting general, gifted, and special education with intervention and enrichment services.

#### **NOTIFICATION REGARDING DIRECTORY INFORMATION**

**NCLB-15A**

The Hamilton School District may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, showing weight and height of team members.

Directory information which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to: companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify the District in writing no later than two weeks prior to the first day of school for the current academic year. The District has designated the following information as directory information:

Student's Name - Address - Telephone Listing  
Electronic Mail Address  
Photograph  
Date of Birth  
Dates of Attendance  
Grade Level  
Participation in Officially Recognized Activities and Sports  
Weight and Height of Members of Athletic Teams  
Honors and Awards received

### **SCHOOL-PARENT COMPACT**

NCLB-F5P

*We value your role in working to help your child achieve high academic standards. The following is an outline of some of the ways you and school staff can build and maintain a partnership to share the responsibility for supporting your child's learning.*

#### **Schools Responsibility:**

- Provide high quality curriculum and learning materials.
- Provide you with assistance in understanding academic achievement standards and assessments and how to monitor your child's progress.
- Provide opportunities for ongoing communication between you and teachers through annual conferences, progress reports, and opportunities to talk with staff, volunteer in class, and observe classroom activities.

#### **Parents Responsibility:**

- Encourage your child to attend school regularly.
- Encourage your child to show positive behavior.
- Review your child's homework.
- Monitor television watching and encourage positive use of extracurricular time.
- Volunteer in your child's school and classroom if time or schedule permits.
- Attend parent-teacher conferences and participate, when appropriate, in discussions relating to the education of your child.

### **NOTIFICATION OF RIGHTS UNDER FERPA**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the Hamilton School District ("School") receives a request for access.  
Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal, or District Office, a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under **FERPA**.

Parents or eligible students who wish to ask the District to amend their child's or their education record should write to the school principal or District Office, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the US Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office  
U.S. Department of Education  
400 Maryland Avenue, SW Washington, DC 20202

## FIELD TRIPS / INSURANCE

**FIELD TRIP PERMISSION / ACCIDENT INSURANCE** – Washington Early Learning students are able to take advantage of educational opportunities by exploring our world through field trips.

Your signature on the Sign-Off Form provides permission for your child to participate in school activities/field trips. This allows your child to travel on school-sponsored trips and, when applicable, in school-provided transportation. Teachers will be responsible for providing parents/guardians with specific information regarding individual trips (i.e., place, date, time, appropriate clothing, any fees, etc.) **before** each trip. They will give parents/guardians ample time to decide to allow the child to participate in a particular field trip. With your signature on the Sign-Off Form, you will be giving your child permission to participate in school-sponsored trips under the following conditions:

1. My child will travel under the adult sponsor's direction and authority from the time of departure until their return to school.
2. All students are expected to ride to the activity on district provided transportation. Students may request to ride home after events with their parent/guardian. The final decision whether students may ride home with parent/guardian lies with the sponsor.
3. Classroom teachers may have specific school work or behavior related criteria which determine whether a student may or may not participate in a field trip.

Your signature on the Sign-Off Form also provides for **emergency medical treatment** during a field trip. In consideration of permission granted to participate in field trips, authorization is given to the sponsor, in case of injury, to consent to x-ray examination, anesthetic, medical or surgical diagnosis or treatment, and hospital care to be rendered to the minor under the supervision and advice of any physician or surgeon licensed to practice in the State of Montana. The parent/guardian will be notified of the injury at the earliest possible opportunity, however, this authorization will allow for immediate treatment.

**INSURANCE and MEDICAL TREATMENT** – Hamilton School District does not carry student accident insurance. Student insurance and any expenses incurred for injuries occurring while on campus or traveling to/from district activities or field trips are the responsibility of the parent/guardian.

## ILLNESS / MEDICATION AT SCHOOL

If your child is ill, please help support the health of students and staff by keeping your child at home until he/she is over the illness. Any student, who stays home or is sent home due to a fever, needs to be **fever free without medication for 24 hrs. before returning to school.**

We believe that if a child is well enough to come to school, they are well enough to attend recess. We also understand there are special circumstances in regards to medical conditions. Please feel free to call the school with any questions.

If your child needs to stay in during recess and/or is unable to participate in P.E. for medical reasons, a **Doctor's note indicating the reason and length of time the student needs to stay in for recess or is unable to participate in P.E. will be required.**

### **Medications**

In order to comply with Montana State Board of Health regulations, all students who require medication (prescription or over-the-counter) during school hours, **MUST** follow the requirements listed below:

4. Parents may choose to dispense medication to their child at school.

**Communicable Disease** -- Refer to school board policy #3417

## **TITLE I PROGRAM PARENT POLICY**

### **A Schoolwide Title I Educational Setting**

Washington Early Learning is a Schoolwide Title I school. Title I is a Federally-funded program (ESEA Elementary and Secondary Education Act), designed to give individualized instruction to any student needing extra support in reading and/or math in the regular classroom. Hamilton School District No. 3 believes the involvement of parents is very important in the planning of the School-wide Title I Program. It is the feeling of teachers and administrators that program improvements lead to:

1. Increased self-confidence;
2. Acceleration of student motivation;
3. Advancement in student achievement; and (4) enhanced parent support of school and district Title I Programs.

We believe that the home is a rich and primary source of support for both teachers and students. It is recognized through home/school communications, the school/parent partnership can enhance the educational process significantly. Therefore, the Board of Trustees encourages parents to communicate with teachers and administrators about their children and the SW Title Program.

Student Selection: Students will be selected for district SW Title I programs under the rules and Regulations of SW Title I.

Parental Involvement: Parents of eligible students shall be involved in the planning and evaluation process. Parent involvement will include, but not be limited to: orientation; workshops; meetings; classroom visits; parent/teacher conferences; parent surveys; needs assessment; and program evaluation.

## WASHINGTON LITTLE BRONCS STUDENT EXPECTATIONS

*Providing a Positive and Productive Environment by Partnering with Home and School Through Positive Expectations*

<h2 style="margin: 0;">BULLYING AND HARASSMENT</h2>
---

We believe that “Harassment, intimidation, or bullying” is any act that substantially, repeatedly and continually interferes with a student’s educational benefits, opportunities, or performance.

Examples of harassment, intimidation or bullying include:

- ◆ Verbal abuse/harm/harassment, electronic harassment/bullying;
- ◆ Physically harming a student or damaging a student’s property;
- ◆ Knowingly placing a student in reasonable fear of physical harm to the student or damage to the student’s property;
- ◆ Creating a hostile educational environment.
- ◆ Refer to school board policy #3226

Washington Early Learning Center understands that students are in the process of learning and may not understand or know the extent in which they may be bothering another student. Washington Primary will help all students understand what bullying and harassment are, what to do if they are being bullied or harassed, and how to resolve problems in a positive manner. However if a student chooses to engage in a bullying or harassing behavior once they have been asked to stop, they will be referred for disciplinary action. The consequences may include, but not be limited to, the following interventions: parent/guardian notification, warning, suspension, or recommendation for expulsion.

**BULLYING:** Bullying is aggressive behavior that is intentional and involves an imbalance of power or strength. Typically, it is repeated over time. Bullying can take many forms such as hitting or punching (physical bullying); teasing or name-calling (verbal bullying); intimidation through gestures or social exclusion (nonverbal bullying or emotional bullying); and sending insulting messages electronically (cyber bullying).

Refer to school board policy #3226.

**HARASSMENT:** Under Title IX, harassment and sexual harassment are illegal and a violation of the policies of the Hamilton School District. "Sexual harassment is an unwanted behavior that is sexual or directed at a person because of the person's sex." Examples include unwanted sexual comments, slurs, rumors, notes or visuals, groping, grabbing, strap-snapping, gestures, threats or attempted or actual assault directed toward members of the opposite or same sex.

For sexual harassment toward students by adult school staff, refer to school board policy #3225.

## NO TOLERANCE POLICY

To ensure student safety Hamilton School District has implemented a **NoTolerance Policy**. This policy supports **automatic and immediate** student suspension from school for a period of one-half to ten days, depending upon the severity of the infraction, and/or may require a meeting with parent/guardian before returning for the offenses listed below. Administrative discretion will be used in any and all student suspensions.

- Possession of weapons or knives (including pocket knives) or other potentially dangerous objects
- Written or verbal threats of violence or harm
- Use or possession of tobacco, alcohol or drugs
- Overt physical aggression
- Possession of pornographic materials

On school property, a student who uses, possesses, controls, or transfers a firearm or any object that can reasonably be considered or looks like a firearm, shall be expelled for a definite period of time of at least one (1) calendar year. The Board, however, may modify the expulsion period on a case-by-case basis. The building principal or designee shall notify the criminal justice or juvenile delinquency system of any student who brings a firearm to school. If a student violating this policy is identified as disabled either under IDEA or Section 504, a determination must be made whether the student's conduct is related to the disability. If the violation of the policy is due to a disability recognized by the IDEA or Section 504, lawful procedures for changes in placement must be followed. Refer to school board policy #3310.

## SCHOOL RESOURCE OFFICER (SRO)

Hamilton School District #3 utilizes a school resource officer to enhance the educational opportunities of all students within the district. The main objective of the SRO partnership is to provide a positive and proactive educational experience for students, parents/guardians, and school personnel. ## **DISCIPLINE / RESPONSIBILITY ROOM / QUESTIONS FREQUENTLY ASKED**

What are Gold Ticket Celebrations? **GOLD TICKETS** are issued by staff members and awarded to students who are “caught” making positive choices! Gold tickets Celebrations can include recognition of individuals in class or schoolwide, prize drawings, individual class or whole school achievement goals (popcorn party, etc.), assemblies and other examples. When we set high expectations and reward positive behavior, we are much more likely to see students doing positive things for themselves and for others.

**How do I, as a parent, voice my concerns about discipline?** A student support team, composed of Washington Early Center faculty and staff members, meets regularly to assess the discipline policy and procedures. If you have any concerns at any time, please first discuss them with the classroom teacher. Further questions or concerns about the situation should be addressed with the building principal.

**How can I help my child work at being responsible at school?** Partner with your child’s classroom teacher and the school to help your child learn how to accept consequences for their behavior, repair any harm they have done, and feel good about learning how to make positive future choices.

**What happens when my child does not follow the school wide expectations, but it isn’t a major offense?** Minor infractions are handled by logical/natural consequences that fit the situation. The goal is to help students see themselves as responsible and in control of themselves. Examples of a logical consequence are when a student chooses to work during recess when they have not worked during class time or has “time out” for inappropriate play.

Other times the teacher may conference individually with a student. During this conference, behavior is discussed and solutions are explored. The student may be asked to write a plan of action concerning how he or she is going to correct the behavior. A student may also need to spend time with the teacher during recess and/or after school.

**What happens if a student chooses to disregard the major expectations?** The discipline procedures in the R.R. are followed as listed below:

### **REFERRAL**

A **Referral Form** is issued to a student for infractions indicated on the form or any other infraction due to an unsafe or inappropriate choice.

Severe Infractions (Major Offense) result in **immediate time** in the **Principal’s Office** with the amount of time dependent on the behavior step the student is on at the time the referral is issued and or severity of offense. Continuation of referrals may lead to an In-School Suspension, Out-of- School Suspension, or another disciplinary action/intervention.

**All disciplinary actions may be accelerated, modified, and/or skipped, depending upon severity of behavior and/or administrative discretion.**

**STEP ONE:** If a student receives 3 minor referrals or 1 major referral:

- Evaluation of behavior
- Problem solving
- Parents notified by phone or letter
- Time spent in R.R. based on accumulation of referrals

**STEP TWO:** If a student receives 3 additional referrals or a 2nd major referral:

- Evaluation of behavior
- Problem solving
- Parents are notified, may become involved.
- Time spent in R.R.

**STEP THREE:** If a student receives 3 additional referrals or a 3rd major referral:

- Evaluation of behavior
- Problem solving
- Parents are notified
- Time spent in R.R. - .5 day ISS (In School Suspension)
- A meeting is set with the Discipline Committee, principal, parents, and student

**STEP FOUR:** If a student receives 3 additional referrals or a 4th major referral:

- OUT-OF-SCHOOL SUSPENSION for 1 or more days.

**STEP FIVE:** If a student receives any additional referrals:

- OUT-OF-SCHOOL SUSPENSION for 3 or more days or until a meeting can be scheduled with parent/guardian, student, principal, classroom teacher, and Discipline Committee members to formulate a behavior plan. This meeting is mandatory before the student is readmitted to school. Student may be recommended for expulsion.

\* Referrals and major offenses are **CUMULATIVE** for the entire school year.

\* Out-of-School Suspension (OSS) days are served under the supervision of the parent/guardian.

\* In-School Suspension (ISS) days are served under adult supervision in the Responsibility Room.
