Current Year Payment on Contracts For Indirect Cost Rate Computation

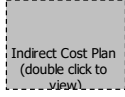

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly.

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchase services and not for salary contracts. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this schedule. They are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below:

- 1. The contract must be coded to one of the combinations listed on the icon below called "Fund-Function-Object Chart"**
- 2. The contract must meet the qualifications on the icons below: the "Indirect Cost Plan" (Page 12 & 13 - Sub-agreement for Services) and the "Subaward & Subcontract Guidance"**

To the Board of Education
Putnam County Community Unit School District No. 535
Granville, Illinois

We have audited the accompanying financial statements of Putnam County Community Unit School District No. 535 which are comprised of the Statement of Assets and Liabilities Arising from Cash Transactions as of June 30, 2021, and the related Statement of Revenues Received, Expenditures Disbursed, Other Sources (Uses) and Changes in Fund Balances (All Funds), the Statement of Revenues Received (All Funds), and the Statements of Expenditures Disbursed - Budget to Actual (All Funds) for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education, as described in Note #1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note #1, the financial statements are prepared by Putnam County Community Unit School District No. 535 on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Illinois State Board of Education.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note #1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Putnam County Community Unit School District No. 535 as of June 30, 2021, or changes in net position or cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of each fund of Putnam County Community Unit School District No. 535 as of June 30, 2021, and their respective revenues received, expenditures disbursed, other sources (uses) and changes in fund balances, revenues received, and expenditures disbursed -budget to actual, for the year then ended, in accordance with the financial reporting provisions of the Illinois State Board of Education as described in Note #1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Putnam County Community Unit School District No. 535’s basic financial statements. The auditor’s questionnaire, comments applicable to the auditor’s questionnaire, financial profile information, estimated financial profile summary, supplementary schedules, statistical section, report on shared services or outsourcing, administrative cost worksheet, itemization schedule, reference page, deficit reduction calculation, audit checklist/balancing schedule, single audit and GATA information, schedule of findings and questioned costs, corrective action plan and summary schedule of prior audit findings are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The CARES CRRSA ARP schedule, schedule of capital outlay and depreciation, itemization schedule, schedule of findings and questioned costs and summary schedule of prior audit findings are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the CARES CRRSA ARP Schedule, schedule of capital outlay and depreciation, and itemization schedule are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The auditor’s questionnaire, comments applicable to the auditor’s questionnaire, financial profile information, estimated financial profile summary, supplementary schedules (except for the CARES CRRSA ARP schedule), statistical section (except for the schedule of capital outlay and depreciation), report on shared services or outsourcing, administrative cost worksheet, reference page, deficit reduction calculation, audit checklist/balancing schedule, single audit and GATA information and corrective action plan have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

The answers to questions 1 through 23 contained in the “Auditor’s Questionnaire” on page 2 are based solely on the procedures performed and data obtained during the audit of the basic financial statements of the district as of and for the year ended June 30, 2021.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated December 14, 2021, on our consideration of Putnam County Community Unit School District No. 535 internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Putnam County Community Unit School District No. 535's internal control over financial reporting and compliance.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note #1, the financial statements are prepared by Putnam County Community Unit School District No. 535 on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Illinois State Board of Education.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note #1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Putnam County Community Unit School District No. 535 as of June 30, 2021, or changes in net position or cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of each fund of Putnam County Community Unit School District No. 535 as of June 30, 2021, and their respective revenues received, expenditures disbursed, other sources (uses) and changes in fund balances, revenues received, and expenditures disbursed -budget to actual, for the year then ended in accordance with the financial reporting provisions of the Illinois State Board of Education as described in Note #1.

PUTNAM COUNTY COMMUNITY UNIT SCHOOL DISTRICT NO. 535
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2021

Note #1 - Summary of Significant Accounting Policies

The District's accounting policies conform to the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide.

A. Principles Used to Determine the Scope of the Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

Component Units

The District has developed criteria to determine whether outside agencies with activities that benefit the citizens of the District, including joint agreements which serve pupils from numerous districts, should be included within its financial reporting entity. The criteria includes, but is not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

Joint agreements have been determined not to be part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are, therefore, excluded from the accompanying financial statements because the District does not control the assets, operations, or management of the joint agreements. In addition, the District is not aware of any entity, which would exercise such oversight as to result in the District being considered a component unit of the entity.

B. Basis of Presentation - Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received, and expenditures disbursed. The District maintains individual funds required by the State of Illinois. The various funds are summarized by type in the financial statements. These funds are grouped as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and account groups are used by the District:

Governmental Funds -

Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The Educational Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The Educational Fund includes the Student Activity Funds. These funds are used to account for financial resources used for student programs.

Operations and Maintenance Fund is used to account for cash received from specific sources (other than those accounted for in the Capital Projects Fund or Fiduciary Funds) that are legally restricted to cash disbursements for specified purposes.

The Transportation Fund is used to account for cash received from specific sources (other than those accounted for in the Capital Projects Fund or Fiduciary Funds) that are legally restricted to cash disbursements for specified purposes.

PUTNAM COUNTY COMMUNITY UNIT SCHOOL DISTRICT NO. 535
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2021

Note #1 - Summary of Significant Accounting Policies (cont'd.)

B. Basis of Presentation - Fund Accounting (cont'd.)

Governmental Funds - (cont'd.)

The Illinois Municipal Retirement/Social Security Fund is used to account for cash received from specific sources (other than those accounted for in the Capital Projects Fund or Fiduciary Funds) that are legally restricted to cash for specified purposes.

The Working Cash Fund accounts for financial resources held by the District to be used for temporary interfund loans to the other funds.

The Tort Fund accounts for financial resources held by the District to be used for tort immunity and tort judgment purposes.

The Fire Prevention, Safety Fund, and Capital Projects are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Trust Funds).

Fiduciary Funds -

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments, or other funds.

The Agency Funds include Trusts Funds. They account for assets held by the District as an agent for certain Trust Funds. These funds are custodial in nature and do not involve the measurement of the results of operations. The net assets available for benefits are shown as a reserve fund balance in these financial statements.

Governmental and Expendable Trust Funds - Measurement Focus

The financial statements of all Governmental Funds and Expendable Trust Funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

General Fixed Assets and General Long-Term Debt Account Group

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. The District records purchases of property and equipment as expenditures of various funds when paid. The District maintains a detailed list of property and equipment purchased for insurance purposes.

The District does not have a formal capitalization policy, but follows grant guidelines when applicable.

No depreciation has been provided on fixed assets in these financial statements. The Illinois State Board of Education's Annual Financial Report (ISBE Form SD50-35/JA50-60) includes depreciation of \$542,153 which has been utilized for the calculation of the per capita tuition charge, and accumulated depreciation totaling \$10,358,931. Depreciation has been computed over the estimated useful lives of the assets using the straight-line method.

JUNE 30, 2021

Note #1 - Summary of Significant Accounting Policies (cont'd.)

B. Basis of Presentation - Fund Accounting (cont'd.)

General Fixed Assets and General Long-Term Debt Account Group (cont'd.)

The estimated useful lives are as follows:

Depreciable Land	50 years
Buildings	
Permanent	50 years
Temporary	20 years
Infrastructure Improvements other than Building	20 years
Capitalized Equipment	3-10 years

Long-term liabilities are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. Proceeds from sales of bonds are included as receipts in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

The two account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

C. Basis of Accounting

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the account and how they are reported in the financial statements. The District maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Cash-basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

D. Budgets and Budgetary Accounting

The budget for all Governmental Funds and for the Expendable Trust Fund is prepared on the cash basis of accounting, which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5, Paragraph 17-1 of the Illinois Compiled Statutes. The original budget was approved and adopted on September 21, 2020, and was not amended. For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected on the financial statements:

1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures disbursed and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally adopted through passage of a resolution.

D. Budgets and Budgetary Accounting (cont'd.)

4. Formal budgetary integration is employed as a management control device during the year.
5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

E. Cash and Cash Equivalents

Cash includes amounts in demand deposits and time deposit (savings) accounts. Cash equivalents include amounts in time deposits, and other investments.

F. Investments

Investments are stated at cost or amortized cost, which approximates market. The District, under 30 ILCS 235/2, may legally invest in all securities guaranteed by the full faith and credit of the United States, as well as interest-bearing savings accounts, certificates of deposit, or time deposits constituting direct obligations of banks insured by FDIC and savings and loan associates insured by FSLIC. The District may also invest in short-term obligations of the Federal National Mortgage Association, the Public Treasurer's Investment Pool, and all interest-bearing obligations of the State of Illinois.

G. Inventories

Inventory consists of expendable supplies held for consumption. The cost is recorded as an expenditure disbursed at the time the individual inventory items are purchased.

H. Fund Balances

In accordance with Government Accounting Standards, fund balances are classified into five major classifications: Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance.

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. As of June 30, 2021, the District has \$48,687 of Trust Funds classified as Nonspendable as identified in Note #3.

Restricted - The restricted fund balance classification refers to amounts that are subject to outside restrictions not controlled by the entity, such as restrictions imposed by creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. The District has certain funds that are, by definition, restricted for specified purposes. These funds consist of the reserved amounts in the Educational Fund as identified in Note #3, the Operations and Maintenance, Debt Services, Transportation, Municipal Retirement/Social Security, Capital Projects, Tort, and the Fire Prevention and Safety funds.

Committed - The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

PUTNAM COUNTY COMMUNITY UNIT SCHOOL DISTRICT NO. 535
NOTES TO THE BASIC FINANCIAL STATEMENTS

Note #1 - Summary of Significant Accounting Policies (cont'd.)

H. Fund Balances (cont'd.)

The School Board commits fund balance by making motions or passing resolutions to adopt policies or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. As of June 30, 2021, the District had no amounts designed as Committed.

Assigned – The assigned fund balance classifications refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by the School Board itself by assigned amounts to be used for specific purposes. As of June 30, 2021, the District had no amounts designated as Assigned.

Unassigned - The unassigned fund balance classification is the residual classification for amounts in the general funds (Educational and Working Cash) for amounts that have not been restricted, committed, or assigned to specific purposes within the general funds.

It is the District's policy to consider restricted resources to have been spent first when an expenditure is incurred for which both restricted and unrestricted (i.e. committed, assigned or unassigned fund balances) are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

The District follows the regulatory basis of reporting fund balances under guidelines prescribed by the Illinois State Board of Education, which is a special purpose reporting framework. The regulatory basis reports Reserved and Unreserved fund balance. See Note #3 for more detail.

I. Change in Accounting Principle

During the year ended, June 30, 2021, the District implemented Government Accounting Standards Board Statement No. 84 – Fiduciary Activities, as interpreted by the Illinois State Board of Education (ISBE). The new standard changed the definition of Fiduciary Funds, specifically, Student Activity Funds had previously been treated as Agency Funds of the District. Under the new definitions the Student Activity Funds are required to be included in the General Fund (the Educational Fund) of the District. Under the ISBE interpretation in this regulatory basis report, the Student Activity funds are being shown separately within the Educational Fund Statements.

Note #2 - Property Taxes

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. Taxes are levied in Putnam, Marshall, and LaSalle Counties. The 2020 levy was passed by the Board on December 14, 2020. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on June and September. The District receives significant distributions of tax receipts approximately one month after these due dates. The balance of taxes shown in these financial statements are from the 2019 and prior tax levies.

Note #3 - Regulatory Fund Balances

The District follows the regulatory basis of reporting fund balances under guidelines prescribed by the Illinois State Board of Education, which consists of Reserved and Unreserved Fund Balances. Reserved Fund Balances results when constraints placed on fund balance use is either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation. Unreserved Fund Balances consists of fund balance that does not meet the criteria of the preceding category.

The District has the following categories of reserved fund balances:

1. Special Education Levy

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no reserved fund balance.

2. Leasing Levy

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no reserved fund balance.

3. Social Security Levy

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a reserved fund balance of \$175,054.

4. Trust and Agency Funds

The District had two trust accounts during the fiscal year totaling \$52,948. The Sarah G. Swaney Trust Fund consisted of \$41,500 principal (nonspendable) and \$1,924 accumulated interest, and the Fred H. Farnsworth Trust Fund consisted of \$7,187 principal (nonspendable) and \$2,337 accumulated interest. Both trust funds are held in separate money market accounts. The principal for both is to remain intact. The income from the Sarah G. Swaney Trust Fund is to be used as the Board of Education deems appropriate while the income from the Fred H. Farnsworth Trust Fund is to be used to finance the Fred H. Farnsworth awards for essays on the subject of ecology. The District transfers income from the Fred H. Farnsworth Trust Fund to the Educational Fund for payment of the awards. The total balance of \$52,948 for the total principal and total accumulated interest is included in the financial statements as Reserved in the Trust and Agency Funds.

5. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational and Transportation Funds. Expenditures disbursed exceeded revenue received for those specific purposes, resulting in no reserved fund balance.

6. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational and Operations and Maintenance Funds. Expenditures disbursed exceeded revenue received for those specific purposes, resulting in no reserved fund balance.

7. Student Activity Funds

The District has Student Activity Funds that are included in the Educational Fund balance. The beginning of the year balance of \$151,343, which had been shown as a Trust and Agency fund balance has been added to the beginning fund balance in the Educational Fund. The net revenue over expenditures resulted in a reserved balance as of June 30, 2021 of \$151,527.

When both reserved and unreserved resources are available for use, it is the District's policy to use reserved resources first to finance qualifying activities, then unreserved resources as they are needed.

Note #4 – Deposits and Investments

The District is allowed to invest in securities as authorized by the District's investment policy, Sections 2 and 6 of the Public Funds Investment Act (30 ICS 235), and Section 8-7 of the School Code of Illinois (105 ILCS 5). These include the following items:

Note #4 – Deposits and Investments (cont'd.)

Custodial Credit Risk Related to Deposits with Financial Institutions

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's general investment policy requires all amounts deposited or invested with financial institutions in excess of any insurance limit shall be collateralized by securities eligible for District investment or any other high-quality, interest-bearing security rated at least AA/Aa by one or more standard rating services to include Standard & Poor's, Moody's, or Fitch. The market value of the pledged securities shall equal or exceed the portion of the deposit requiring collateralization.

The District's investment policy states the preferred method for safekeeping of collateral is to have securities registered in the District's name and held by a third-party custodian. Safekeeping practices should qualify for the Governmental Accounting Standards Board's Statement III, Category I, the highest recognized safekeeping procedures.

As of June 30, 2021, \$5,425,506 of the District's bank balances were exposed to custodial credit risk as follows:

Uninsured and collateralized with securities held by the pledging financial institution's trust department, but not in the District's name	\$5,250,811
Uninsured and uncollateralized	<u>174,695</u>
Total	<u>\$5,425,506</u>

Investments

The District had no marketable investments during the year ended June 30, 2021. The District includes CDs and money market accounts as investments on Statement 1, but these amounts are included in bank deposits for disclosure purposes.

Note #6 – Pension Disclosures

The District contributes to two defined benefit pension plans: the Teachers Retirement System (TRS), and the Illinois Municipal Retirement Fund (IMRF). TRS is administered by the TRS board of trustees and is a cost sharing multiple employer plan. IMRF is administered by IMRF board of trustees and is an agent multiple-employer public employee retirement system. The benefits, benefit levels, employee contributions and employer contributions for both plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The aggregate employer recognized pension expense on a cash basis for the year ended June 30, 2021, was \$230,860.

Note #6 – Pension Disclosures (cont'd.)

A. Teacher's Retirement System of the State of Illinois

Plan description

The employer participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration. The District employed 95 TRS members during the current fiscal year.

TRS issues a public financial report that can be obtained at <https://www.trsil.org/financial/cafrs/fy2020>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling 888-678-3675, option 2.

Benefits provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different than Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire of June 30, 2024. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the State of Illinois.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Note #6 – Pension Disclosures (cont'd.)

A. Teacher's Retirement System of the State of Illinois (cont'd.)

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2021, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On behalf contributions to TRS. The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2021, state of Illinois contributions recognized by the employer were based on the state's proportionate share of the pension expense associated with the employer, and the employer recognized revenue and expenditures of \$4,037,233 in pension contributions from the state of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2021, were calculated to be \$27,523, all of which was paid in the current fiscal year.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2021, the employer pension contribution was 10.41 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2021, salaries totaling \$96,226 were paid from federal and special trust funds that required employer contributions of \$10,017. \$9,009 of these contributions were actually paid in the current fiscal year.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2021, the employer paid \$10,887 to TRS for employer contributions due on salary increases in excess of 6 percent and \$-0- for sick leave days granted in excess of the normal annual allotment.

Pension Expense

For the year ended June 30, 2021, the employer recognized TRS pension expense of \$47,419 on a cash basis under this plan.

B. Illinois Municipal Retirement Fund

Plan Description.

The District's defined benefit pension plan for non-certified employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information, for the plan as a whole, but not for individual employers. That report is available for download at <https://www.imrf.org/en/publications-and-archive/annual-financial-reports>.

Benefits provided.

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011. The ECO plan was closed to new participants after that date.

All three IMRF benefit plans have two tiers. Tier 2 benefits are lower than Tier 1, and cost about 40% less to provide. All IMRF members initially hired on or after January 1, 2011, are in Tier 2.

Both the member and the employer contribute toward retirement benefits. Members contribute a percentage of their salary as established by the Pension Code. The percentage depends on the plan in which the member participates. Regular members contribute 4.5%. SLEP and ECO members contribute 7.5%. Members also have the option of making voluntary after-tax contributions up to 10% of their salary. Employer contribution rates are actuarially calculated annually for each employer. Employers pay most of the cost for member and survivor pensions and all of the cost for supplemental retirement, death, and disability benefits. All contributions are pooled for investment purposes.

Since 1982, investment returns account for 65% of IMRF revenue.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees covered by benefit terms.

At December 31, 2020, the following employees were covered by the benefit terms:

Retirees or Beneficiaries currently receiving benefits	49
Inactive employees entitled to but not yet receiving benefits	37
Active employees	<u>52</u>
Total Members	138

Contributions.

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2020 was 11.97%. The total employer contribution paid for 2020 was \$182,917. The District's contribution rate for the calendar year 2021 is 11.94%. The actual contributions paid during the fiscal year ended June 30, 2021 were \$183,441. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Note #7 – Other Post-Employment Benefits

The District participates in two Post Employment benefit plans Other than Pensions. The two plans are the Teacher's Health Insurance Security (THIS) Fund and their own health insurance plan. All IMRF employers are required by State statutes to allow retirees to continue on their health plans.

A. Teacher Health Insurance Security

The employer participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

On behalf contributions to the THIS Fund

The state of Illinois makes employer retiree health insurance contributions on behalf of the employer. State contributions are intended to cover the actuarial costs to the THIS Fund that are not covered by contributions from active members which were 1.24 percent of pay for the year ended June 30, 2021. State of Illinois contributions were \$39,897, and the employer recognized revenue and expenditures of this amount during the year.

Employer contributions to the THIS Fund

The employer also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.92 percent during the year ended June 30, 2021. For the year ended June 30, 2021, the employer paid \$43,587 to the THIS Fund, which was 99.84 percent of the required contribution. The District also paid \$8,254 to complete the prior year obligation.

Note #7 – Other Post-Employment Benefits (cont'd.)

B. Post-Retirement Health Care Plan

The District provides post-retirement health care benefits for the retirees and their dependents. All retirees are eligible to continue their health coverage under the District's self-funded health insurance plan. The retirees are responsible for a portion of the entire premium payment to secure coverage. The District finances the plan on a pay-as-you-go basis. The Unfunded Actuarial Liability has not been determined as of June 30, 2021.

Plan Description. The District administers a single-employer defined benefit healthcare plan. The Educational support employees who contribute to IMRF are eligible for post-retirement medical coverage. The plan does not have a trust fund and therefore does not issue a separate publicly available financial report.

Funding Policy. The contribution requirements of the District may be amended by the School Board. Current policy is for the District to pay for post-retirement medical insurance benefits or premiums as they occur. The District requires retirees to contribute 100% of the premium for their desired coverage. The premiums are established for the employee/retiree group, which currently range from \$658 per month for individual coverage to \$2,018 per month for family coverage. Although, with regard to retirees, this amount contains an implied rate subsidy by the District through the blended premium covering all current employees and retirees, there is no actuarial valuation performed to determine the amount of such subsidy.

Contributions Made. Because the retiree premium established is paid entirely by retiree contributions, there is no net cash outflow by the District related to these benefits when paid. Therefore, there are no cash-basis expenditures reported by the District in regard to the plan benefits for retirees.

SECTION II - FINANCIAL STATEMENT FINDINGS

1. FINDING NUMBER:¹¹

2021- 001

2. THIS FINDING IS:

New

Repeat from Prior Year?
 Year originally reported? _____

3. Criteria or specific requirement

One or more interfund loans were made in non-conformity with the applicable authorizing statute or without statutory authorization per Illinois School Code [105 ILCS 5/10-22.33 and 20-5].

4. Condition

The District maintains a common checking account for the funds of the District, including the Educational, Operations and Maintenance, Debt Service, Transportation, Municipal Retirement/Social Security, Capital Projects, Working Cash, Tort, and Fire Prevention and Safety Funds. This allows for funds to incur negative cash and investment balances.

5. Context¹²

The Debt Service Fund incurred negative cash and investment balances during November.

6. Effect

The negative cash and investment balances incurred resulted in loans that were not formally approved by the District's Board of Education.

7. Cause

The common bank account provided the cash flow for the Debt Service Fund to expend more resources than the fund had on hand during the year.

8. Recommendation

Management should monitor the cash and investment balances more closely, the board of education should formally approve any required interfund loans, and the treasurer should process the approved loans, as needed.

9. Management's response¹³

The District will monitor cash and investment balances more closely and gain approval from the Board of Education before making interfund loans.

¹¹ A suggested format for assigning reference numbers is to use the digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2021 would be assigned a reference number of 2021-001, 2021-002, etc. The sheet is formatted so that only the number need be entered (1, 2, etc.).

¹² Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.

¹³ See §200.521 *Management decision* for additional guidance on reporting management's response.
