PURPOSE OF HANDBOOK
This handbook contains general information of interest to the student body of Mission Valley Elementary. It has been prepared as a service to students, parents, and school personnel in the hope that it may answer some questions pertaining to the school program.

Students are expected to read the handbook carefully. The handbook should help them become real citizens of the school. Parents are asked to read the handbook to promote a better understanding between school and home. As a result of this information, there should be fewer misunderstandings and a better school year will be possible.

It is understood that the school principals, or their designee, shall have the discretion to modify the provisions contained in the student handbook in a manner that they deem to be appropriate to the circumstances to which they are applying said provisions. Neither administration nor their designee have the authority to change or modify those provisions stated in the student handbook that are established by state or federal laws or regulations.

NONDISCRIMINATION NOTICE

Any student who believes he or she has been discriminated against may file a complaint with the building principal or the compliance coordinator. KANSAS SCHOOL HOTLINE
The Kansas Highway Patrol provides a school hotline for anyone to call authorities about threats made toward a school, school employees, or students. Callers will remain anonymous, but are reminded that calling in false information is a crime. This hotline number is: 1-877-626-8203

SECURITY CAMERAS - VIDEO MONITORING
The building and grounds are monitored by closed circuit TV. Video recordings of student activity may be used for disciplinary actions and/or criminal prosecution.

FIRE DRILL
Procedure for fire drill evacuation of the building will be as follows: All teachers will be responsible for instructing their classes as to which exits are available for emergency evacuation. Once the signal is sounded all staff/students will evacuate from the entire building as rapidly as possible (no running).

TORNADO DRILL
Procedure for tornado drill evacuation from classrooms will be as follows: All teachers will be responsible for instructing their classes toward emergency shelters and how to take cover. Once the signal is sounded all students/staff will move immediately to their emergency shelter area and take cover. Students and staff will return to classes when the all-clear bell is given.

BUILDING EVACUATION DRILL
Periodic Building Evacuation Drills will be held. Students will exit the building by the nearest exit or as directed and proceed to the designated areas. Drills may involve actual transportation of the students off the building grounds to areas in the local communities by the district buses.

SCHOOL LOCKDOWN
Procedure for the school lockdown will be as follows: The signal is an announcement via the P.A. system that "we are going to implement a Phase of a Lock-Down." All teachers will be responsible for locking the classroom doors, accounting for all students, and instructing students where to relocate in the room away from doors and windows, if necessary. No one is to leave a locked area unless directed to do so by the school administrator or law enforcement officers.

BUS EVACUATION DRILL
As required by Kansas law, students that ride the school bus as transportation to-and-from school will be required to participate appropriately in this drill. School staff and the bus driver will provide the required instruction and practice of the bus evacuation procedures. Students that cannot comply with this drill’s expectations may be assigned school and/or transportation consequences.

VISITORS
All visitors, including parents, must check-in to the main office immediately upon their entrance into the school during the school day. Visitors are to only enter the school through a main entrance next to the main parking lot. Visitors will be acknowledged through the entrance doors’ security system and requested
to state their identity and purpose. Non compliance to these procedures may result in immediate security actions.

Individuals that are disruptive to the school setting will be asked to leave the school property.

POLICE QUESTIONING/APPREHENSION:
District policy states that law enforcement officers shall not be permitted to conduct investigations during school hours except in demonstrated emergency situations. If a demonstrated emergency is found, the principal shall require identification of law enforcement officials and reasons for the interrogation or investigation of a student. The principal shall attempt to notify the superintendent and the officer’s superiors of the reasons for the refusal. Unless officers have an arrest warrant, they should deal with students outside the school day and off school property.

Students shall not be voluntarily released by school officials to law enforcement authorities unless the student has been placed under arrest or taken into custody by law enforcement or DCF (Kansas Department Of Children and Families). Reasonable effort shall be made to notify the student’s parents, guardian or representative when students are removed from school for any reason by law enforcement authorities. If a student is taken into custody by a campus police officer, school administrators shall make a good-faith effort to contact parents. Notification efforts shall be documented. Parents shall not be notified by school officials when their child is taken into custody by DCF (Kansas Department Of Children and Families). and/or law enforcement as a result of allegations of abuse or neglect.

Violent action that is destructive of property may necessitate the use of an Emergency Safety Intervention. School personnel who use Emergency Safety Interventions are trained in their use, including positive behavior supports, physical and non-physical de-escalation techniques, and provisions to maintain the safety of both students and staff members.
