

CREDIT CARDS

Employees may use school district gasoline credit cards for the actual gasoline expenses incurred while traveling in a school vehicle on school business. *Actual and necessary expenses incurred in the performance of work-related duties include, but are not limited to, fuel for school district transportation vehicles used for transporting students to and from school and for school-sponsored events, payment of claims related to professional development of the board and employees, and other expenses required by employees and the board in the performance of their duties.*

Employees and officers using a school district gasoline credit card must submit a detailed receipt in addition to a credit card receipt indicating the date, purpose and nature of the expense for each claim item. Failure to provide a proper receipt will make the employee responsible for expenses incurred. Those expenses will be reimbursed to the school district no later than ten working days following use of the school district's credit card. In exceptional circumstances, the superintendent or board may allow a claim without proper receipt. Written documentation explaining the exceptional circumstances will be maintained as part of the school district's record of the claim.

The school district may maintain a school district credit card for actual and necessary expenses incurred by employees and officers in the performance of their duties. The superintendent may maintain a school district credit card for actual and necessary expenses incurred in the performance of the superintendent's duties. The transportation director may maintain a school district credit card for fueling school district transportation vehicles in accordance with board policy.

It will be the responsibility of the superintendent to determine whether the school district credit card use is for appropriate school business. It will be the responsibility of the board to determine through the audit and approval process of the board whether the school district credit card use by the superintendent and the board is for appropriate school business.

The superintendent is responsible for developing administrative regulations regarding actual and necessary expenses and use of a school district credit card. The administrative regulations will include the appropriate forms to be filed for obtaining a credit card.
