SecURLy:// for Parents

What is SecURLy://?

Cozad Community Schools use Securly to keep our students safe on their school-issued devices. As part of the solution, we are offering parents the opportunity to enroll in Securly's parent portal, which includes access to the free SecurlyHOME app.

What are the Key Features?

*Parents receive a weekly email that has a summary of their child's web activity which includes the websites their child visited and the videos they watched.

*Parents can monitor the amount of time their child spent on their device weekly.

*Parents can block certain categories of websites for home use.

*Parents can "flag" searches and sites that are related to bullying, self-harm, and suicide.
