December 12, 2018 Holiday Play @1pm and 6pm

Vandalism in the Girls Bathroom

Rachel Smith and some other Butteville parents are on a quest to put motivational phrases around the school to beautify and inspire our campus. Several families and friends came in over the Thanksgiving break to volunteer and help start this inspirational project. It took 1 day, only 1 day upon returning to school after break for several students to vandalize a door in the upper grade girls bathroom. Not cool, and definitely not the Butteville way at all. I hope that this vile act doesn't deter the completion of the painting of these motivational quotes!! Kudos to the boys for not destroying their bathroom phrase, YOU WILL MOVE MOUNTAINS... Thank you Rachel, your effort is much appreciated.

Girls Bathroom Stalls

by Alex Weston

Dear students, the girls are ruining the bathroom stalls and scratching the new paint. We the students are concerned about graffiti and vandalism in our school. It is sad that people worked very hard to paint the stalls only to see their art defaced. They spent most of Thanksgiving break and their own time to do something nice for us, so please stop ruining the stalls.

From the Greater Lake Shastina Fire Safe Council

All fire and safety related agencies would like to remind parents to register with the emergency notification system, CodeRED. CodeRED provides emergency notifications to both landline and cell phones. All notifications are geographically targeted to specific areas rather than all of California. Registration is free and confidential. In order to register go to the Siskiyou County Sheriff website and first click on Emergency Information then click on CodeRED. If you do not have a computer or internet access residents with a 530 area code can call 2-1-1 and they will assist in signing up. Residents who have other area codes can call 1-844-319- 4119 and they will assist you in signing up.

Latchkey Children: Some children are home alone during parts of the day. If there is an emergency evacuation it could be difficult for parents to make sure their children are safely evacuated. Sharing contact numbers with neighbors and asking them to check on your children in the event of an emergency evacuation will help make sure no one is left behind. As in the Camp Fire, calls to 911 may not receive immediate attention since emergency personnel may be responding to other calls or matters. By working together we can ensure safety for all.

It's Raining, It's Snowing... which means that Butteville Ski Club is dusting off their boards and cleaning out the spiderwebs from their boots.

Butteville Ski Club

Here is the basic info regarding Butteville's ski and board club. Technically the club is not a part of Butteville so we can avoid insurance/legal issues. We go skiing Fridays starting in January. We leave around noon. The club is open to 4th grade students and older. (younger students may participate with a chaperone)

Gibbletoons By Dan Gibson

Chaperone/drivers take students up to the ski park. We pick a central location in the lodge that kids and adults can drop in as they like. Chaperones will be given a day pass to ski. Drivers choose when they want to come home. Some stay until closing.

Many Butteville students have their own gear and a season pass. (highly desirable) In this case, there is no fee and it is a just a Friday to ski with their friends. Others can purchase tickets and rent gear at the ski park, which I will organize. Some parents rent from the local ski shops.

Basketball and cheerleading conflict with some of the trips. Students may come to as many or few of the trips as they like.

For students needing to rent gear or purchase lift tickets through the club, payment and sign-ups are due before we leave for Christmas break. If you have everything you need, you may join us last minute.

I have a packet of information if you are interested.

Feel free to stop me in the hall or give me a call.
