AUTHORITY

The District may establish and operate an economical public school transportation system in the District or outside the District, if the District enters into an interlocal contract as provided by Government Code Chapter 791. For that part of the system that the District operates directly, it shall employ bus drivers certified by the Department of Public Safety. *Education Code 34.007*

TRANSPORTATION
FUNDING FOR
ELIGIBLE STUDENTS

If the District operates a transportation system, the District is entitled to a state transportation allotment. The allotted funds are based on the cost of providing transportation services to students who live two or more miles from the school they attend. The Commissioner of Education cannot reduce the allotment because the District provides transportation for an eligible student to and from a child-care facility instead of the student's residence, if the

transportation is provided within the approved routes of the District for the school the student attends. *Education Code 42.155*

The Board may require payment of a reasonable fee for transportation to and from school of a student who lives within two miles of the school the student attends. However, the Board may not charge a fee for transportation for which the District receives a transportation allotment under Education Code 42.155(d). *Education Code 11.158(a)(14)*

If the District does not receive any funds under Education Code 42.155 and does not participate in a county transportation system for which an allotment is provided under Education Code 42.155(i), the Board may require payment of a reasonable fee for the transportation of a student to and from the school the student attends. *Education Code 11.158(a)(16)*

HAZARDOUS
CONDITIONS

The District may apply to the Commissioner of Education for an additional amount of up to ten percent of its regular transportation allotment to be used for the transportation of students living within two miles of the school they attend who would be subject to hazardous traffic conditions if they walked to school. The Board shall provide to the Commissioner the definition of hazardous conditions applicable to the District and shall identify the specific hazardous areas for which the allocation is requested. A hazardous condition exists where no walkway is provided and students must walk along or cross a freeway or expressway, an underpass, an overpass or a bridge, an uncontrolled major traffic artery, an industrial or commercial area, or another comparable condition. *Education Code 42.155(d)*

BUS OPERATION

Either designated location must be an approved stop on an approved route. *Education Code 34.007(b)(2)*

"Child-care facility" means a facility licensed, certified, or registered by the Department of Family and Protective Services to provide assessment, care, training, education, custody, treatment, or supervision for a child who is not related by blood, marriage, or adoption to the owner or operator of the facility for all or part of the 24-hour day, whether or not the facility is operated for profit or charges for the services it offers. *Human Resources Code 42.002(3)*
