

Osseo-Fairchild Child Development Days

Thursday, January 24th 4-7pm

Friday, January 25th 8:30-11am

Osseo-Fairchild Elementary School

Who

Developmental Screening for children living in the Osseo-Fairchild School District who are between the ages of **4 months and 4 years** that are not currently enrolled in Early Childhood or in the 4-year-old Kindergarten Program.

Children ages 4 months to 2 $\frac{1}{2}$ years will be screened by a Birth-to-3 specialist.

Children ages 2 $\frac{1}{2}$ years and older will be screened by a school district teacher or a speech/language therapist.

It is recommended that you have your child screened between ages 3-4 years even if you have had your child previously evaluated.

Make sure to fill out the AGES AND STAGES form included and bring it to your appointment!

What to Expect

Your child will be encouraged to participate in both a playgroup and in a one-to-one setting where these early learning skills will be screened: communication, cognition, motor, and social.

You will also learn about services in our area for families and young children.

How to Register

Please Call Osseo-Fairchild Elementary to schedule your child's appointment. Phone (715) 597-3141, ext. 3300.

Call soon; appointments will fill up quickly!

If you are unable to attend, please contact Osseo-Fairchild Elementary to schedule an appointment.
