A-Z Count Up to Next Year

Shabbona Families,

Can you believe how quickly this year has gone? It has been a fantastic year and we are going to be counting down the last 26 days of school in a fun way with an A-Z summer count up to the next school year.

Each day will be represented by a letter of the alphabet and we will do something special which begins with that letter. We are starting with A and going all the way to Z, which will be the last day of school.

Some activities require a little help from home if you choose to participate. Many activities will be done together at school. On the back is our "A-Z Count Up to NEXT School Year" with the date and what we will be doing that day. Please keep this in a safe place at home so you will know how to prepare for the next day's activity.

Thank you for your help in counting down the days of school with us! It will be an exciting way to end a wonderful school year!
