

BUDGET HEARINGS AND ADOPTION

It is the practice of the School committee to schedule one or more work sessions with the warrant committee for preliminary review of the proposed annual operating budget. All budget meetings and work sessions will be open to the public.

At such work sessions, the Superintendent and/or staff members will explain the proposed budget items. Any revisions or changes suggested at this stage will be carefully considered in terms of their possible impact on the total school program.

The proposed budget will be brought to a vote of the School committee. After formal adoption by the School Committee, the proposed budget will be sent to the warrant committee in accordance with the requirements of the town charter. After a budget is approved by town meeting, the budget will be returned to the School Committee for final approval.
