

STAFF HEALTH AND SAFETY
(Health Examination)

As permitted by state law, the School Committee may require all employees of the district to have a medical examination at the beginning of their employment and at least biennially thereafter.

Ay cost of such examination shall be borne by the employee, except as otherwise permitted by the School Committee. Certificates shall be kept on file by the superintendent.

The School Committee may require an additional medical examination of an employee whenever, in its judgment, such employee is thought to deviate from normal in physical or mental health.

Adoption date: February 1, 1993

Effective date: February 1, 1993
