

EEK! My child has head lice! Now what?!?

Immediate

FIRST THINGS FIRST

- Treat child with treatment kit or prescription shampoo
- Bag up stuffed animals/soft toys for 7-10 days
- Wash clothing and bedding in HOT water (at least 130 degrees)
- Vacuum rooms with carpet
- Spray upholstery with pesticide spray

Daily Check

COMB & CHECK FOR 7-10 DAYS

- | | |
|--------------------------------|---------------------------------|
| <input type="checkbox"/> Day 1 | <input type="checkbox"/> Day 6 |
| <input type="checkbox"/> Day 2 | <input type="checkbox"/> Day 7 |
| <input type="checkbox"/> Day 3 | <input type="checkbox"/> Day 8 |
| <input type="checkbox"/> Day 4 | <input type="checkbox"/> Day 9 |
| <input type="checkbox"/> Day 5 | <input type="checkbox"/> Day 10 |

Prevention

PREVENTION FOR THE FUTURE

- Retreat 7-10 day after first treatment
- Use lice prevention shampoo, conditioner, detangling spray
- Reminder: No sharing personal items and limit head to head contact
