MISSION STATEMENT – DISTRICT #33-3

Preface: To empower all to succeed in a changing world.

Our commission to students is to develop the intellectual, physical, emotional health, the ethical values, vocational competence, the appreciation for family and civic roles, and appreciation of the democratic processes to the best of their capabilities. We are committed to develop a feeling of positive worth in young people, which will allow them to maintain a zeal for continuous learning and self-improvement. Our aim being to provide quality education and recognizing a quality staff is the key to quality education. We are dedicated to the development of skills and full human potential of all staff members. We want the home and the schools to work closely together to strengthen the educational process.

PHILOSOPHY OF EDUCATION

The Board of Education of the Parkston School District #33-3 believes that each individual should be accepted into the educational program as he/she is, that he/she shall be provided with a stimulating environment and opportunities for learning and to become life-long learners.

WE BELIEVE:

- All students can learn, achieve, and succeed when given the correct level and time for learning
- Every student has the right and responsibility to learn basic and life skills
- Education, being a valuable asset, is a responsibility shared by the student, school, home, and community
- Parental and community participation is vital to student success
- A quality school system enhances the quality of the community
- That successful learning occurs when adults, peers and students all have high expectations for success
- Changes can create the opportunity to improve

We believe that we should focus and organize all the school's programs and instructional efforts around clearly defined expectations that we want students to demonstrate when they leave school.

WE BELIEVE STUDENTS SHOULD BE ABLE TO:

- Be proficient in listening, speaking, reading, writing, mathematics, and the use of technology.
- Demonstrate knowledge of the arts and sciences.
- Demonstrate a healthy self-esteem.
- Select and use thinking skills individually and in groups to solve problems and to make decisions.
- Find, evaluate and use information.
- Be self-directed learning who are adaptable to change.
- Demonstrate a positive work ethic.
- Recognize and care for their environment, their heritage and the rights, opinions and property of others.

As a result of these beliefs, students should be able to apply what they learn, effectively make decisions with that knowledge, and be responsible for their actions.

NONDISCRIMINATION STATEMENT

The Parkston School District #33-3 does not discriminate in its employment policies and practices, or in its educational program on the basis of race, color, creed, religion, age, sex, marital status, disability or national origin.

Inquiries concerning the application of Title IX, Section 504, Affirmative Action, and the Americans with Disabilities Act may be referred to Mr. Pat Mikkonen, Superintendent of Schools, (Telephone Number 928-3368), 102C S. Chapman Drive, Parkston, SD 57366, or to the Regional Director, Department of Education, Office of Civil Rights, 1244 Speer Blvd. Suite 310, Denver, Colorado, 80202-3582. Phone (303) 844-5695: TDD (303) 844-3417.

ACADEMIC AND GENERAL POLICIES

In the spring students register for the classes they wish to take during the following year. This is necessary so that a schedule of classes and class lists can be prepared during the summer by the principal. Proper registration is very important and careful consideration should be given by the parent and student so that graduation requirements can be met. A student can have only one study hall over the course of 2 days.

All students are required to pursue a minimum of 6 credits in a given year. Also all students must be enrolled in at least 7 classes in a given semester. The maximum number of courses shall be eight unless approved by the administration and parents. Then the maximum may be greater than eight.

POLICY ON DISTANCE LEARNING COURSES

All distance education programs and courses will be consistent with the District instructional goals and aligned with South Dakota's academic standards, curriculum framework and assessment.

Students seeking to take a course through distance education must meet with the guidance counselor and/or principal before registering for a distance learning course. All registrations will be done by the Parkston School District. Courses will be accepted from the Virtual High School of South Dakota, Dual Credit courses from in-state institutions and from out of state institutions on a case by case basis. The courses that will be made available to the students are the courses that Parkston High School does not offer, or in extreme situations, due to scheduling conflicts, a course that is offered at Parkston High School can be taken from the Virtual High School. If a student has to take a course for credit retrieval and the student elects to take the course from the Virtual High School, the student will not be eligible for senior privileges. The courses that are taken for dual credit may not be accepted by all colleges and universities, so it is the responsibility of the student to check to see if the credits are accepted by the college or university they plan on attending.

Courses that will be put on the Parkston High School transcript will be those courses that come from the Virtual High School of South Dakota and any course that is labeled as dual credit from a state institution. Payment for the course and the textbooks, will be paid for by the district as long as the course is put on the high school transcript.

AP courses that are offered through the Virtual High School will be paid for by the school district as long as the student maintains a C average. Once the grade drops below a C average the cost of the course will be the responsibility of the student. It is also the responsibility of the student to pay for the AP exam if the student elects to take the exam.

High School students may earn a maximum of four units of academic credit unless otherwise specified in the student's Individualized Education Plan to be applied toward graduation requirements by completing virtual/online courses accredited by the South Dakota State Board of Education.

All students must meet with guidance counselor and principal to confirm that the student possesses the maturity level needed to function effectively in an online learning environment.

Students are required to carry 6 courses each semester. Within that 6, classes taken from the Virtual High School and any dual credit course will count. A student taking a course from any other institution will be taken during that student's study hall. If a student wants to take two courses from another institution, it will be on a case by case basis.

ADD/DROP POLICY

All students shall have the opportunity to add or drop any course up to three days into the course. No adds or drops will be allowed after that time. Withdrawal from a given course is prohibited until the end of the semester. At that time the student may withdraw from a course and still be granted their earned grade and credit.

COMPUTER TABLET CHECKOUT AND DAMAGE COSTS

Computer Tablet Checkout and Damage Costs.

Starting in the school year 2007-2008, the Parkston School District joined the One-to-One Initiative which provides a laptop/Chromebook/iPad to students in grades 7-12. The students will be responsible for the welfare of these devices and also the carrying cases that these devices are carried in. The students will be assessed an annual fee of \$25.00 per student or a maximum of \$50.00 per family per school year for use of these devices. The students can be assessed a damage fee if the device is damaged beyond what is considered reasonable wear and tear on the device or carrying case not to exceed \$100.00. The student will turn in their devices and carrying cases at the end of each school year, the device and carrying case will be inspected at that time to see if an additional fine is necessary. If a device or carrying case is damaged, the student needs to bring in the device or carrying case to the Tech Office as soon as possible so it can be repaired. Students will be given a spare device until their device has been repaired. Lost items, like power adapters, will be an additional fine for the cost of the replacement adapter not to exceed \$25.00.

Students that are observed doing damage to the computer device or carrying case may lose the privilege of the device and may have to check the device in and out of the Tech Office on a daily basis for classes. If a parent desires, they can request their son or daughter to not bring home the devices. All devices have content filtering which is required by law and students are monitored by Light Speed filtering so reports can be printed out to show student activity. Students can lose access to devices if they try to manipulate software, bypass content filter, change or alter user name and/or passwords. Students will all be given log in accounts that also include state email accounts that are monitored by the state. Students are not to use any other log ins or passwords except what is given to them at the beginning of the school year. Student will lose access to the devices if they decide to not follow the proper protocol in using their assigned user name and password.

SOUTH DAKOTA OPPORTUNITY SCHOLARSHIP **BACKGROUND AND HISTORY OF SCHOLARSHIP**

The South Dakota Legislature authorized the Regents Scholarship Program in 2003 to allow South Dakota's most academically accomplished high school graduates to receive an affordable education at any university, college, or technical school in South Dakota that is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. In 2004, the Legislature renamed the scholarship the South Dakota Opportunity Scholarship and authorized funding from the state of South Dakota's Education Enhancement Trust Fund, beginning with high school graduating classes in 2004.

Scholarship Amounts

The South Dakota Opportunity Scholarship provides up to \$6,500 over four years to a qualifying student who attends an eligible higher education institution in South Dakota. Recipients may participate in the South Dakota Opportunity Scholarship program for the equivalent of four academic years (eight consecutive fall and spring terms), or until attaining a baccalaureate degree. During each academic year, one-half of the annual scholarship award will be distributed at the beginning of the fall semester and the other half distributed at the beginning of the spring semester:

\$1,300	--	1st year of attendance
\$1,300	--	2nd year of attendance
\$1,300	--	3rd year of attendance
\$2,600	--	4th year of attendance

TO PICK UP THE SOUTH DAKOTA OPPORTUNITY SCHOLARSHIP APPLICATION FORM – STOP BY THE HIGH SCHOOL OFFICE OR GUIDANCE OFFICE.

The South Dakota Legislature established five requirements that all South Dakota high school graduates must meet in order to establish their initial eligibility in the Opportunity Scholarship program. These requirements specify that a recipient must:

Be a resident of South Dakota at time of high school graduation.

Have an ACT composite score of 24 or higher before the beginning of post-secondary education. If using a SAT score, the sum of the verbal and mathematics scores on the SAT must be at least 1090.

Complete [high school course requirements](#) with no final grade below a "C" (2.0 on a 4.0 scale) and a cumulative high school GPA of 3.0 on a 4.0 scale (grade of "B") prior to graduation (Note: One unit of high school credit equals 1 year of instruction).

Effective for those students entering into postsecondary education for the first time on or after August 2013, the curriculum requirements specified in section 3 above are not required for any student who has received a composite score on the ACT of at least 28 and meets the ACT college readiness benchmarks scores equaling or exceeding 18 for English, 22 for Reading, 22 for Math, and 23 for Science.

Attend a university, college, or technical school accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools and that provides instruction from a campus located in South Dakota.

Enter into the program within 5 years of high school graduation, or within 1 year of the student's release from active duty military service (if that release is within 5 years of the date of the student's high school graduation). Students seeking to transfer from a regionally accredited university, college, or technical school located outside of South Dakota may do so within two years following high school graduation and be eligible to receive partial award.

After obtaining the authorized signature, students should SUBMIT the application form DIRECTLY TO THE UNIVERSITY, COLLEGE, OR TECHNICAL SCHOOL TO WHICH THEY ARE APPLYING. Please note that the Board of Regents office does not make initial eligibility decisions, and all applications and questions concerning initial eligibility should be directed to the respective campus coordinator identified in the list provided for Initial Eligibility Contacts.

APPLICATION PROCEDURE

The application form must be accompanied by:

1. An official high school transcript; and
2. A copy of the student's ACT or SAT score report if the student's official high school transcript does not show the ACT composite score or the sum of the SAT verbal and mathematics scores.

Due Dates

Complete application packages are due to institutional representatives by no later than September 1st for those seeking initial enrollment during the Fall term, and no later than January 15th for those seeking initial enrollment during the Spring term. However, it is recommended that the initial scholarship application and transcript be submitted by June 1st when establishing eligibility for the Fall term and November 1st for the Spring term so that the financial aid office can begin to work with eligible students to package a scholarship award in a more timely manner.

GRADES AND HONOR ROLL

Every nine weeks, grades will be issued to each student in each course pursued. The faculty realizes the difficulty in determining accurate grades. However, in general, grades are an indication of the quality of work the student is doing. Grades, when compared with student's ability, reveal the extent of such character traits and ambition, industry, perseverance and attitudes. Excellent grades do not guarantee success as well as low grades do not necessarily mean failure. Grades become a recommendation for or against him/her when the record is examined. Considerable importance is attached to grades attained by students by agencies seeking recommendations. Therefore, every student should attempt to obtain the highest grades that he/she is capable of attaining. Report cards will be issued at the conclusion of each nine weeks period. The grade on the card will represent an average of all work done. Comprehensive semester examinations will be given in each subject. The dates of these examinations will be announced prior to end of the each semester. All subjects will be graded on the basis of A+, A, A-, B+, B, B-, C+, C, C-, D+, D, D- or F. An incomplete will be given only when there has been a prolonged illness or injury near the end of a nine weeks. All incompletes must be removed within three weeks or they become F's.

CO-CURRICULAR AND EXTRA-CURRICULAR ELIGIBILITY POLICY AS SET BY PARKSTON HIGH SCHOOL

STUDENTS
529

Co-Curricular & Extra-Curricular Eligibility Policy

PURPOSE: The purpose of this policy is to set forth the Board of Education position related to student eligibility for participation in co-curricular and extra-curricular activities.

PHILOSOPHY: The Parkston Board of Education believes that co-curricular and extra-curricular activities have a significant potential to contribute positively to student development. The Board believes that it is reasonable to require higher minimum standards of academic achievement for students who wish to participate in co-curricular and/or extra-curricular activities, since it holds that academic study must be the primary focus of the school. Further, the Board recognizes its responsibility to assist students in a positive manner on the questions of activity eligibility and academic achievement.

This policy statement clearly exceeds the SDHSAA (South Dakota High School Activities Association) requirements for participation in activities. The policy below sets forth the expectations, requirements, and procedures related to participation eligibility. The academic policy applies to those activities identified as co-curricular and extra-curricular.

At the end of the first two weeks of the first nine-week period, the Principal will collect grades for all students that have earned a D- or an F for that period of time. Students receiving a F in any subject at that point will be placed on academic probation. This does not affect their eligibility, but they are required to show up for ICU time in SRB (Student Responsibility Block) and at 3:00 pm to address their failing grade.

The principal will inform the student's parents/guardian and the student's teacher. The student will remain on probation until, the next Monday when their grade will determine their eligibility. If the cumulative Grade Point Average is 1.0 or above with no failing grade, the student is eligible; if not, the student becomes ineligible and the Principal informs the parents. The student will have one full week to meet with the teacher and raise the grade above an F. If the student meets the above criteria, the student is eligible. If not, there will be a weekly review until the grade is improved and there is no failing grade. The student may continue to practice, but cannot participate in contests. If any student receives a failing grade after the first 3 weeks during the grade check period on Mondays they will become ineligible for the week.

Students who have not received a no failing grade will have the process repeated at the beginning of each nine-week period. Students who are ineligible at the end of nine-week period will be ineligible until the two weeks grades are submitted in the succeeding nine-week period, meeting minimum guidelines.

Students who are ineligible at the end of a semester are not eligible in the succeeding nine-week period until the two weeks grades are submitted in the succeeding nine-week period, meeting minimum guidelines.

The Principal is charged with the responsibility of compiling the following information: the name, subject(s), and teacher(s) of the students who are ineligible or on probation. The Principal will convey that information to the teacher of the student.

The Principal is responsible for developing procedures for carrying out this policy. No eligibility list will be posted anywhere; a list shall be forwarded to each teacher and to the Superintendent's Office.

STUDENTS STANDING DURING BALL GAMES:

It is the policy of the SDHSAA that all aspects of the State Basketball tournaments be conducted in a manner whereby consideration is given to all fans, students and adults alike. In recent years there has been a trend for students to stand during the game and thus block the view of the fans in the first rows of the reserved seat section. The Board of Directors respectfully requests that all students remain seated while the game is in progress as a matter of common courtesy to the fans in the reserved seat section.

CHEERLEADER RULES:

- In some instances cheerleaders remain too close to the playing floor during play. Cheerleaders, for the protection of all, shall take a position that will not interfere with the game being played.
- Only varsity basketball cheerleaders will be permitted on the playing floor at the state tournaments. This means that “B” team cheerleaders and adult fans will not be allowed to assist in leading cheers at any state tournament game.
- Spirit or yell leaders will be allowed provided they are so designated by their school and appear in a school approved uniform.
- Homer hankies, towels, pom poms, small triangular pennants, foam rubber hand - #1 and signs that cheerleaders hold are acceptable and permissible.
- Hoops, mint-tramps and tunnels.
 - 1) The use of “break-through” hoops are prohibited.
 - 2) The use of mini-tramps, rebounding devices and related pieces of equipment are prohibited.
 - 3) Human tunnels created by student and/or adult fans are prohibited.

STUDENT ACTIVITIES

The activity programs in the Parkston Public Schools is planned as an integral part of the student's education. The School Board requires that each activity be well organized and properly supervised at all times. The district is not responsible for students who utilize school facilities under the following conditions:

1. Unauthorized
2. Unscheduled
3. Unsupervised
4. When the facilities have been rented to some outside agency.

PLAYING UP POLICY

The Parkston School District will follow the state policy regarding seventh and eighth grade athletes playing up with the decision being left up to the athletic director, the head coach of said sport and the parent of that child, with that child falling under the Parkston Public School's academic eligibility policy.

High school students must have the first opportunity to become student managers, statisticians, and video-tapers. If no high school students want to fill these positions, then the coach of the activity may ask seventh and eighth grade students. Under no circumstances will students below the seventh grade be allowed to participate. Any exception to this rule must be cleared through the administration.

Circumstances when all 6th grade athletes may compete with the Junior High

The decision to have 6th grade students play 7th & 8th grade athletics will be determined by an as needed basis, sport by sport.

Junior High Participation: Junior High sports are for the student athletes in grades 7 and 8. If the participation numbers are too low to field a team, we will include all 6th graders that would like to participate. It will be the decision of the Athletic Director and the Coach of the particular sport on a yearly basis.

ACTIVITY TICKETS

The purpose of the activity ticket is to give students a reduced admission rate to the various activities during the school year. Each student will be offered an activity ticket which will admit the student to all of the home athletic contests and other school sponsored event as set forth by the administration and school board. The cost of the activity ticket is set by the school board each year . **The activity tickets do not work for the Boy's and Girl's basketball Classics and all District, Region, and State Events. This includes Football Playoff games.**

ATTENDANCE

ATTENDANCE POLICY

The entire process of education requires continuity of instruction, classroom participation, learning experiences, and individual study in order to reach the goal of maximum educational benefits for each student. It is critical for both students and parents to understand that students miss an essential portion of their education when they are absent from class. Furthermore, South Dakota state statutes require the local Board of Education to enforce definite standards of attendance with few valid excuses for absences.

Any student, grades 6-12 with more than 10 absences (excused or unexcused), per class per semester may not gain credit for the class. (Illness, doctor appointments and work at home, etc. will be counted as part of the 10 absences.) ** Absenteeism beyond this limit due to lengthy illness, death in the immediate family, or family emergencies will be given consideration by school administration. In the event of an extended illness/injury lasting 3 or more consecutive days, a medical provider's note must be submitted to the office. Those days will then only count as 1 day against the 10 absences as long as documentation has been received.

When a student reaches the 8th absence in a class per semester, the parent/guardian will be sent an official absence report and a request for a meeting with the building principal. After the meeting, the student will have the opportunity to make up work and/or and time missed by scheduling time with the building principal or classroom teacher. Any makeup time will be accomplished outside the regular education day or during study hall time. If the student does not attend or does not make satisfactory progress toward the makeup work, credit for the class will not be issued. When a student reaches the 10th absence, credit for classes affected will be forfeited. Extenuating circumstances may adjust this guideline. If the guideline is adjusted, due to the 10th absence, all absences (excused or unexcused) will have to be made up. This means the student must make up the time and work missed before personnel will calculate the student's grades, GPA's or Honor Roll.

If a student comes to school after 8:45 a.m., the student will be counted absent for the 1st period class. If a student comes after 8:15 a.m., but before 8:45 a.m., the student will be counted tardy to the 1st period class. The principal reserves the right to decide if a tardy is excused or unexcused based off the circumstances. Excessive Tardies (3 or more in a semester) will result in disciplinary action.

Absences will be grouped into the following categories:

A. Parkston 6-12 will exempt (not count toward the 10 absences) for the following reasons:

1. Bereavement for immediate family (father, mother, sibling, grandparents)
2. School sponsored activities.
3. Seniors: Allowed two (2) exempt absences for college visits. (Must provide proof of visit.)
4. Juniors: Allowed one (1) exempt absence for college visit. (Must provide proof of visit.)

B. Parkston School District recognizes that students may be gone from school. The following absences will be excused but count toward the 10 absences allowed per semester.

1. Personal Illness
2. Funerals
3. Court dates
4. College visit days beyond those provided under the exemptions in Part A, Section 3 and 4.

5. Medical/dental appointments that cannot be done Saturdays or after school
6. Family vacations

C. Unexcused Absences or Truancy are those absences which are not excused by the school. Such absences might be the outright skipping of a class or skipping one class to work on another class. This means that even though the parents/guardians excuse the student, the school may not. The Parkston School District reserves the right to determine when an absence or tardy shall be excused.

Special circumstances: Time spent at home for convalescence or time spent in a hospital as a patient will not count toward the 10 absences as long as there is a note presented to the school from the attending physician stating the amount of time ordered for the student to remain at home or the expected stay in the hospital.

Additional Attendance Expectations: A student who becomes ill during school hours will report to the office and an attempt will be made to contact the parents/guardians before allowing the student to go home.

Students are not to use cell phones to contact parents to request dismissal from school due to illness until they have consulted with the office staff or principal. Students must report to the office for review with office staff. Students who become ill during school hours and are dismissed from attendance will not be allowed to participate in activities for the remainder of the day. Students who plan to participate or attend a school sponsored activity which takes place after regular school hours must be in attendance the day of event for at least the second ½ of the day. Special arrangements can be made at the building principals' discretion.

No student is allowed to leave the school building without permission from the office or building principal. Failure to comply with this rule will constitute an unexcused absence. There may be reasons for a student to be absent from school for short periods of time that do not mean missing a class. A note must be sent from home with the student and a pass obtained from the office prior to leaving. Students will not be dismissed from school to go to work unless it is work requested by the parent/guardian. This practice is discouraged, and requests will be addressed on an individual basis by the building principal. Student visitors are not allowed due to the disruption of the learning process. Student visitors may come for lunch provided the office is notified by 8:30 a.m. on the day of the visit.

ATTENDANCE PROCEDURES The school encourages parents/guardians to contact the high school/junior high office (928-3368) between the hours of 8:00 a.m.-9:00 a.m. to report the absence of their student, unless the school has received previous written approval. The parent's call to school on the morning of the absence will suffice as the excuse for re-admittance upon the student's return to classes. If no phone call is received, the school secretary or building principal will attempt to contact a parent, guardian, or emergency contact to verify the absence. If the school was not notified on the day of the absence and contact attempts by the school are unsuccessful, a subsequent written note or phone call from a parent/guardian is required or the absence will be recorded as "absent unexcused". (Unexcused absences carry a behavioral penalty – see Progressive Discipline Plan and loss of credit for work assigned on that day.) A call from the office may be done to verify that the note is authentic.

In the case of student absence due to sickness, emergency situations or other situations at the discretion of the principal, one day for every day missed will be allowed to complete missed assignments. Failure to complete the work in the allotted time may result in not receiving credit for work missed. Extra time will be granted in extenuating circumstances if deemed necessary by the classroom teacher.

In the case of planned absences such as, but not limited to: family vacations, planned appointments (physical therapy, orthodontist, and personal appointments), etc., students are responsible to communicate with staff well in advance of the absence and to have work completed or arrangements made to complete work immediately upon return to school. Failure to complete the work or make arrangements may result in a student not receiving credit for incomplete work.

Students, who represent the school, as in cases of music groups, athletics, etc., are responsible for the work they miss. It is the responsibility of students in this category to get assignments from teachers well in advance of the absence and to have all make up work completed before the absence or upon return from the absence (whether work needs to be done before or upon return is at the discretion of the classroom teacher). Students who are absent from school due to a school activity are marked "absent exempt" on the school attendance record.

ONLY PRINCIPAL MAY RELEASE:

Teachers are not to release pupils from school without the prior approval of the Principal. No pupil will be released from school to go with any adult other than the mother or father of the child without the principal first obtaining the following information:

- The name of the person with whom the child is going; verification, parental or guardian permission of the authority and of the person to take this child. (Phone call is encouraged)
- That a valid reason exists for the child to be released.
- If a student is to leave school early for any activity or be absent for a day for any activity, work must be taken care of prior to their leaving.

SCHOOL DAY

The school day consists of four class periods and an SRB, beginning at 8:15 a.m. and ending at 3:05 p.m., with five minutes between classes. We have the block schedule at Parkston Junior/Senior High School with the days alternating and they are called Blue and Orange Day.

STUDY HALLS

Study halls are periods for work – not for rest and relaxation. All students will be assigned to study hall when not in class.

1. Every student must bring work or reading material to study hall.
2. Any group causing a disturbance will be informed by the supervisor that “no talking” will be in effect for that group the remainder of the period.
3. We realize that detention can cause problems for parents, students and teachers. However, disturbances and failure to observe regulations cause problems on a much larger scope. Therefore, when necessary study hall supervision will assign detention for violations. This detention will be made up within twenty-four hours as determined by the supervisor and supervisor phoning the parents and arranging the detention. Detention is a punitive measure used to deter unacceptable behavior. If, after three detentions unacceptable behavior continues, the student will then be suspended on a short term (I.S.S. or O.S.S.) basis and a conference arranged with the parents.
4. The last five minutes of each study hall will be used to clean up the room.
5. No pop or food in the media center or any other classroom.
6. Passes permitting students in the hallway will not be issued during the first fifteen minutes of any period. However, a pass issued from a classroom teacher permitting a student to come to his/her room for help will be honored at any time by the study hall supervisor. Students may go to the guidance office after notifying the study hall supervisor.
7. The library is a place for quiet study. Anyone not abiding by the rule will be sent out.

LIBRARY

The library is provided for all school students; however, it is a privilege, not a right and may be revoked at any time.

1. Books and magazines can normally be checked out for two weeks at a time.
2. Reference books may not be removed from the library except by permission of the librarian.
3. Students who lose or damage books or magazines will pay for them.
4. There will be no talking unless by permission of the librarian.
5. Candy and gum will not be allowed in the library or other classrooms.
6. Assistant librarians are authorized to check books in and out and to enforce the rules of the library.
7. Books and magazines on reserve may be checked out for one period or overnight as permitted by the librarian.
8. Current magazines will be read in the library only.

FINES

No fines will be charged on overdue books until they are listed in the announcements as overdue. A ten cent per day fine (fifty cents per week) will then start accumulating. When the fine reached is \$1.00, the student will be billed for the cost of replacing the item.

LOST BOOKS

To prevent fines from accumulating, report a lost book immediately. It will be placed in the lost file and if it is not found within a two month period, the book must then be paid for. The cost of replacing the book will be charged.

HALLWAY RULES

All students are to observe the following rules in regard to the hallways:

1. No loitering or congregating in large groups in the halls at any time.
2. Boisterous conduct, yelling and unnecessary disturbances cannot be permitted.
3. Walk, do not run through the halls.
4. Keep the halls clean and neat at all times.
5. At all times observe rules of courteous and consideration for others.
6. Students in the halls during class time must have passes.

CHEATING

Whenever a student is guilty of cheating, the teacher shall collect the student's paper, mark a zero for the work, and notify the parent and office immediately as to the action taken. For discipline refer to the discipline grid on Page 31.

TELEPHONE

Students will not use the office phone for personal calls except in emergencies and with staff permission. In the event a student receives a call he/she will be called out of the class only in the case of an emergency. Normally phone calls for student will be handled after school. The phone in the lobby of the armory is for student use.

SCHOOL DANCES AND PARTIES

School dances and parties regardless of where they are held are under the school's jurisdiction.

CAFETERIA – LUNCH PERIOD

Student behavior in the lunchroom is expected to be the same as the class room.

1. Students are to remain in the lunch room/lobby for the entire lunch period.

2. No student will be allowed to go down the hallway during lunch (other classes are in session).
3. No pop in the lunchroom during lunch.
4. No driving at noon, except in an emergency or hardship and this is granted by the principal only.
5. Students should bring their lunch money to the office in the morning.

FIRE DRILLS AND TORNADO DRILLS

1. Fire drills are held at various times during the school year. When the bell sounds, all students and staff members will leave the building quickly and quietly (walk fast, do not run, do not talk). Directions are posted in each room for all person to follow. All students are requested to read the directions for fire drills so you will familiar with which route to take to speed up evacuation of the building.
2. Tornado drills will be held in the spring to show the students where to go in the case of a tornado. All students will get into the main hallway and in the proper position.

LOCKERS

The school provides lockers for each student at Parkston Jr./Sr. High School. The students are expected to keep their books, coats and anything else needed while in school in their locker. Students are expected to keep their lockers clean at all times. The school assumes no responsibility for articles lost or stolen from the lockers. The security and condition of the lockers are the responsibility of the students. Lockers may be checked by the principal at any time. If at any time during these checks or searches, school officials find anything stolen or unsafe to students or others, school officials may seize these items from the locker and turn such items over to the proper authorities.

CHURCH NIGHT

Wednesday night has been designated as church night. The school will do its best not to schedule any activity on this night. There may be exceptions to this, but it is out of our hands when this happens. By setting Wednesday as church night it allows the students to participate in the youth activities of the respective churches.

NO SCHOOL ANNOUNCEMENTS

If the decision to discontinue classes for the day is made, an announcement to that effect will be made on radio WNAX, KMIT, KQ107 and KORN, usually about 7:00 am. There will also be a computer generated call sent out through campus. If weather conditions clearly warrant not having school the next day due to a heavy storm late in the afternoon or early evening, announcements to that effect will be made.

**IF SCHOOL IS CALLED OFF OR DISCONTINUED, ALL ACTIVITIES ARE SUSPENDED
UNLESS THE SUPERINTENDENT AND/OR PRINCIPAL DEEM OTHERWISE.**

PRINTED MATERIAL

1. Material such as magazines and posters will not be distributed in school by non-district employees without permission of the principal.
2. Parkston Schools will not tolerate obscene materials or any materials that advocate violence.
3. All district owned material must conform to the policies laid down by the Board of Education as described in the policy book.

STUDENT APPEARANCE AND CONDUCT

Student will be expected to keep themselves well-groomed and neatly dressed at all times. Any forms of dress which is considered contrary to good hygienic or which is distractive or disruptive in appearance and

detrimental to the purpose of the conduct on the school will not be permitted. Shorts will not be permitted by boys or girls (except during extremely warm weather and at the discretion of the principal). Tube tops, halters, muscle shirts or similar items of clothing will not be worn to school. Clothes advertising drugs, alcoholic beverages or those with obscene or questionable printing on them will not be permitted. **Any shirt worn in school must have appropriate writing. Any message that can be taken in a way that is of a sexual nature will not be able to be worn in school.**

Students may not print up any article of clothing or print something on any object that is in reference to an activity sponsored by the Parkston School District unless the print on the article of clothing or object has gained the approval of the activities director or administration of the Parkston School District. The Parkston School District has a trademark for the use of the Parkston Trojans for any school activity.

Students are expected to display proper behavior towards other students, faculty, administration and all other adult persons affiliated with the school. In regard to other students, and conduct that appears seductive in nature will be considered as disruptive behavior and could result in suspension.

A student's conduct is a personal matter that he/she should keep within reasonable bounds that apply equally to all members of the community. He/she should have freedom and encouragement to express his/her individuality in school in any way so long as his/her conduct does not intrude upon and endanger the freedom of others – especially upon the freedom of his/her peers to receive instruction. The Board's intent is to establish a rational position between freedom for each individual and the necessity for sufficient order to permit the operation of the instructional program.

All students, on the other hand, should recognize the consequences of their conduct. This refers to their actions toward each other, to their language, to their dress and to their manners.

Students both individually and in groups shall comply with school regulations, and shall recognize the authority of the teachers. Disobedience or open defiance of the teacher's authority shall constitute sufficient cause for disciplinary action and may result in suspension or expulsion from school. When, in the judgment of a teacher, an individual or a group effectively challenges his/her authority to conduct meaningful instruction in a classroom through disruptive acts, abusive language, or threat of bodily harm, the teacher shall report such activity at once to the principal who is empowered to institute appropriate corrective and/or disciplinary action.

It shall be the policy of the District #33-3 School Board that the student handbook herein containing the rules and regulations will be the directives under which the school system of this district be administered.

Each and every student will be advised thereof and will thereafter be expected to know the policy explaining the rules and regulations of this school system. Ignorance of the policy will not be accepted as a valid excuse for non-compliance.

The school principals may supplement the regulations herein listed when this becomes necessary to maintain order under unusual circumstances in their respective schools.

ACTIVITIES – RESPONSIBILITIES AND REGULATIONS FOR STUDENTS

All students are considered to be under the jurisdiction of the regulations in the policy on Student Behavior while going to, remaining at, and returning from school, and at any time they visit another school that is in session.

The Board of Education advocates that while education is a right of our youth, it is not an absolute right. It is qualified first by eligibility requirements and second by performance requirements. The school must be concerned with the individual and his/her welfare, but in working with the individual, must at all times be concerned with the welfare of the group.

The following obligations should be assumed by the student:

1. To obey the rules of the school.

2. To apply himself/herself to the established course of study.
 - Be prompt and regular in attendance
 - Complete school assignments on time
 - Pay attention to teachers
 - Be willing to work at self-improvement
 - Learn to criticize fairly and accept criticism
3. To respect the authority of his/her teachers.
4. To respect school property.
5. To conduct himself/herself properly in school, on school grounds, buses and at school functions.
6. To refrain from disruption, demonstrations, violence and other forms of incitement.
7. To leave the school grounds immediately upon being dismissed unless engaged in some school sponsored activity directed by a faculty member.

The Board and Administration cannot develop a policy in such detail as to anticipate every type of misconduct that could occur. Generally those rules of conduct which are considered acceptable in the home, church and in other such places will be acceptable in school.

Rule 13 – Harassment/Sexual Harassment

Students shall not engage in any actions that are meant to intimidate and/or embarrass others. These actions are very harmful in a school environment because they often result in harm to a student's educational experience. It is a type of bullying and a form of violence.

Bullying—Intimidating actions will not be tolerated. Students should report bullying to teachers, counselors, and administrators immediately so that the bullying can be stopped. Continued bullying is not only harmful to the student being bullied, but also detrimental to the entire school and its culture. Students who laugh at it, go along with it, or fail to report it become part of the problem. Please see the Bullying Prevention/Reporting Section below for Reporting Procedures & Discipline Matrix.

Cyber Bullying - is a form of harassment over the Internet or other forms of electronic communications, including cell phones. The District's computer network and the Internet, whether accessed at school or away from school, during or after school hours, may not be used for the purpose of cyber bullying. All forms of cyber bullying are unacceptable and viewed as a violation of this policy and the District's acceptable computer use policy and procedures. Users are responsible for the appropriateness of the materials they transmit. Hate mail, harassment, discriminatory remarks, or other anti-social behaviors are expressly prohibited. Cyber bullying includes but is not limited to the following misuse of technology: harassing, teasing, intimidating, threatening, or terrorizing another person by sending or posting inappropriate and hurtful email messages, instant messages, text messages, digital pictures or images, or web site posting, including blogs and social media. Disciplinary action may include, but is not limited to, the loss of computer privileges, Saturday School, suspension, or expulsion for verified perpetrators. In addition, when any kind of threat constitutes a violation of law, it shall be reported to local law officials.

Sexual Harassment in any form will not be tolerated. It is the policy of the school district that no administrator, faculty member, staff member or student shall be subject to sexual harassment by others. Students or parents who report sexual harassment shall be free from retaliation, in all cases including those involving school employees. All forms of harassment should be reported to school administration or the District Title IX Coordinator.

STUDENT DISCIPLINE – BULLY PREVENTION/REPORTING

Persistent bullying can severely inhibit a student's ability to learn effectively or a member of the staff's ability to do their job. The negative effects of bullying can have an impact on a person for their entire life. We are committed to providing a caring, friendly and safe environment for all of our students so they can learn in a relaxed and secure atmosphere. Bullying of any kind is unacceptable. If bullying does occur, all pupils should be able to tell and know that incidents will be dealt with promptly and effectively.

Bullying is repeated and intentional harmful behavior initiated by one or more students and directed toward another student. Bullying exists when a student with more social and/or physical power deliberately dominates and harasses another who has less power. Bullying is unjustified and typically repeated. Bullying differs from conflict. Two or more students can have a disagreement or a conflict. Bullying involves a power imbalance element where a bully targets a student who has difficulty defending himself or herself.

The forms of bullying:

- Physical – involves harmful actions against another person's body
- Verbal – involves speaking to a person or about a person in an unkind or hurtful way
- Emotional – involves behaviors that upset, exclude or embarrass a person
- Sexual – involves singling out a person because of gender and demonstrates unwarranted or unwelcomed sexual advances
- Racial – involves rejection or isolation of a person because of ethnicity

In January of 2014, the Parkston School District implemented the Olweus Bullying Prevention Program. All staff members are required to act under the confines outlined by the Olweus Program. Similarly, each student must adhere to the following rules set forth by Olweus.

1. We will not bully others.
2. We will try to help students who are bullied.
3. We will try to include students who are left out.
4. If we know that somebody is being bullied, we will tell an adult at school and an adult at home.

The school board expects students to conduct themselves in a manner in keeping with their levels of development, maturity, and demonstrated capabilities with proper regard for the rights and welfare of other students and staff. The school board believes that standards for student behavior must be set cooperatively through interaction among the students, parents and guardians, staff and community members of the school district producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of the students, staff and community members

The school board requires its school administration to develop and implement procedures that ensure both the appropriate consequences and remedial responses to a student or staff member who commits one or more acts of harassment or bullying. The school board requires the principal and/or the principal's designee at each school to be responsible for receiving complaints alleging violation of this policy. All school employees, students, parents, visitors or any other member of the community are required to report alleged violations to the school principal. The school principal and/or principal's designee are to be responsible for determining whether an alleged act constitutes a violation of this policy. In so doing, the principal and or principal's designee shall conduct a prompt, thorough, and complete investigation of each alleged incident.

If a student wishes to report an incident of bullying, he or she should complete the Student Bullying Incident Report Form found in each classroom and discuss the behaviors with the staff member he or she feels closest to. If a staff member witnesses an incident of bullying, he or she should complete the Staff Bullying Incident Report Form and follow the resulting disciplinary action outlined in the Parkston School District Bullying Behaviors Discipline Matrix. The staff member should pass on the Staff Bullying Incident Report Form to the School Counselor in his or her level. At this point, the School Counselor will discuss with the Principal and continue to adhere to the policy outlined in the Discipline Matrix. If repeated incidences occur, the levels of discipline set forth by the Discipline Matrix will be followed at the discretion of the Principal, Superintendent, or School Board.

The building principals shall develop an annual process for discussing the school district policy on bully prevention with student and staff. The school district will incorporate information regarding this policy in each school handbook.

TRANSPORTATION AND PARKING

TRAFFIC AND PARKING

Students will park properly and not take up two parking spaces. Students will park in the lot just east and north of the lobby doors, of the school. Students **MUST** leave by the north exit during the school day and when the school buses are in the school parking lot. Students are not to park in any driveway or in the fire lanes. Students will not be allowed to do any driving during the school day (including noon) unless they bring in a note and then get permission from the principal.

SCHOOL TRANSPORTATION

1. **Automobiles** – There will be no driving or riding in or on any motor vehicle during the school day without permission from the principal. A student must bring a written statement from his/her parent/guardian, if they wish to drive a vehicle for any reason. This statement must be given to the principal before they leave the school grounds.
2. **Bus Driver Policy** – The students who ride the bus to and from school or to any school event are expected to behave in an acceptable manner. The bus driver will refer any student who causes a disturbance on his/her bus to the principal. Once it is reported the principal will take appropriate action.
3. **Riding of Bus to School Activities** – All students will ride school supported means of transportation to school related functions or ride with a parent or school employee . They must return on the same. The parent or guardian of the student may come to the supervisor after the activity has ended, and give the supervisor a note releasing the supervisor of responsibility for the student for the activity. The student will then be turned over to the custody of the parent or guardian ONLY. **THERE ARE NO EXCEPTIONS:** The students may ride home with school personnel with permission from the parent.

When riding a school bus to and from a school activity, the coach or supervisor will determine whether the boys or girls will ride in the front or back of the bus. The two genders will be kept separate.

PARKSTON SCHOOL DISTRICT POLICY ON OVERNIGHT STAYS

It is the policy of the Parkston School District that all athletes, managers, statisticians, cheerleaders or any students that stay overnight for a school function or activity are required to ride the bus or school owned vehicle to the activity or function and to return on the bus or school owned vehicle.

There may be rare instances when it is not feasible or reasonable to return on the bus or school owned vehicle. In these rare instances, the parent or guardian **MUST** request permission in writing from the head coach and have concurrence from the activities director **at least one week** prior to the activity or function for their son or daughter to be exempt from this policy. If the head coach is also the activities director, then the building principal must concur with the exemption. If it is a school activity or function other than a sports activity, then the parent or guardian **MUST** request permission in writing from the activity advisor and have concurrence from the building principal one week prior to the activity or function to be exempt from this policy. In all instances, the parent of the student, not the student, must deliver the request for exemption. If it is in the best interest of the participant, the head coach or advisor may allow a participant to return from the activity with a parent or guardian if a medical emergency such as a serious injury or a serious medical condition occurred during the school function or activity.

4. In order to operate a safe, efficient and economical transportation program, it is absolutely necessary that all passengers observe the following set of regulations. In order to avoid any misunderstandings that might develop at some future date the procedures described below will be followed in case of an infraction of the rules by your child.
When a violation occurs the bus driver will complete the attached form “Notice of violation of rules and regulations while riding the District #33-3 school buses.” This form will be delivered by the driver to the building principal at the student’s attendance center. The building principal will contact the parent(s) about the violation that occurred, visit with the student and/or parent(s) and provide the parent (s) with a statement regarding the violation.
For discipline look at the discipline grid on Page 31.

IN TOWN BUS ROUTES

The Parkston School District is currently providing in town routes to help get the students to the school. The pick-up points have been established, and we request that you determine and tell the school which point is the one you will more than likely be using. These points may be subject to change if the school feels they are not serving the purpose they were intended to serve, or as population shifts in town. In town students will obey the same rules as rural riders. Some students may be denied a ride to school if the buses are already full or past capacity when loading at a point. Bikes should be parked in an orderly fashion when left at a bus pick up locations.

WINTER WEATHER TRANSPORTATION

Decisions to discontinue classes in District #33-3 will be made upon information gathered from rural patrons of the district, radio weather forecasts and/or the weather service in Huron.

If the decision to discontinue classes for the day is made, an announcement to that effect will be made on radio stations, WNAX in Yankton, KDLT, KORN and/or KMIT in Mitchell usually about 7:00 am. If weather conditions clearly warrant not having school the next day due to a heavy storm late in the afternoon or early evening, announcements to that effect will be made on major local TV stations. A phone call will also be made using the automated call service.

In the event that weather conditions warrant sending students home early from school, announcements will be made on radio WNAX and/or KMIT, KORN or major local TV stations and students living in town will be dismissed to go home or to be picked up by their parents. A phone call will also be made using the automated call service.

If weather conditions are severe that buses cannot operate on the bus routes, the Blizzard Buddy System will go into effect. This plan calls for each student not living in town to have indicated to school officials where they would be staying in town if a situation this severe should happen.

It is important that the persons that students are staying with know that the student will be guests if the Blizzard Buddy System needs to be used. Building principals will be responsible for contacting the adults that students would be staying with while the Blizzard Buddy System is in effect.

In the event that there is an extended period of weather conditions that cause only main roads to be opened, buses will travel only where possible and parents will be asked to bring their children to the nearest open road where the bus could pick them up for school. Remember that during the winter months the buses could fail for a variety of reasons while on the route and students could have to wait for a time before assistance arrives, therefore, it is strongly recommended that students dress according to the weather conditions.

Knowing that weather conditions vary throughout the district, parents should always decide as to whether it is safe to send their children to school. School officials will always honor that decision. A call to the building principal or a note will excuse the student for the day of school missed due to weather conditions.

Also, parents of kindergarten children should contact the schools if they are planning to be gone from their home and inclement weather is a threat. The school normally will call the kindergarten parents to alert them of an early dismissal due to the weather.

B-J SCHOOL BUSES, INC. COLD WEATHER DRESS POLICY

Realizing the danger involved with cold weather, and the importance of dressing properly for the cold weather, we are establishing the dressing properly for cold weather guidelines as a policy to be followed by schools and bus drivers in the districts served by our company.

1. Coats, gloves and leg coverings should be worn in cold weather when riding the bus on the regular routes and for activity trips.
2. The type of protective clothing needed changes with the severity of the cold temperatures.
3. The bus supervisor shall notify school officials, who then, in turn, shall notify the parents of the violation. The parents shall be urged to dress their children properly.

The following materials are prohibited at the Parkston schools. Any student found with such material can be suspended.

1. Alcohol

If a student is caught using a cell phone during the course of the school day, the cell phone will be taken and brought to the office, where the principal will keep the phone for the remainder of the day. If a student is caught using the cell phone a second time, the principal has the authority to keep the phone for longer than just that school day.**

- **Drugs and Alcohol Abuse**

Any student who intentionally sells, gives, possesses, uses or is under the influence of illicit drugs, narcotics or alcohol in or on school property, including buses is prohibited. Discipline will follow the discipline grid found on Page 31. The appropriate law enforcement agencies for possible legal action will be notified.

- **Smoking and Chewing**

The use and/or possession of tobacco products, including chewing is prohibited. The policy applies on the way to and from school, on the bus, during lunch, at school activities on school property during the school day. The school day is defined as 8:15 am to 3:45 pm. Discipline will follow the discipline grid on Page 31.

DAMAGE TO SCHOOL PROPERTY

Any intentional damage to school property will result in disciplinary action. Discipline will follow the discipline grid on Page 31. A large enough fine will be levied to cover the cost of the damages. Accidental damage to school property will also result in a fine to cover the replacement costs when, in the opinion of the principal, the accident was caused by student negligence.

DISRUPTION OF SCHOOL

A student who by any reason disrupts the educational process of the Parkston schools will be sent to the principal's office, where the student will be dealt with by the principal. Discipline will follow the discipline grid. If a student should receive some suspension or detention, the parent or guardian will be notified. The guidance counselor will meet with the student if they do receive some suspension.

DISCIPLINE

The following types of disciplinary action will be used at Parkston Jr./Sr. High School as administered by the principal. If there is disciplinary action and the counselor is involved, parents will be notified.

1. Extension of Schedule (Detention) – A form of discipline that detains a student outside of the normal school hours. The detention length will be determined by certified employees of the Parkston School District. Detention periods that are not attended by students will result in In School Suspension. The detention period will be supervised by administration and/or faculty. Once a student is notified of a detention, they will have 3 opportunities to serve the detention: That day after school, the next morning before school, or the next day after school. Students will be required to read an appropriate book or work on school assignments. After School detentions will run from 3:15-4:00. Before School Detentions will run from 7:25-8:10. The third violation and any violations after the third of the cell phone policy, tardy policy, or dress code would result in a detention.
2. In-School Suspension – In school suspension can only be given by the principal. This is done when a student has done more than what warrants a detention. The student can be placed in in-school suspension for one to three days. The student will be placed where he/she will be under supervision at all times. The student will be allowed to do his/her work with full credit. The 6th violation of the cell phone policy, tardy policy, or dress code would result in an In School Suspension.
3. Suspension from School – The principal may suspend a student from school for one to five days. The student will have to make up the work but will receive a maximum of 50% for the work done. When a student is suspended, the principal shall attempt to reach the student's parents or guardians to inform them of the school's action and that their student is being sent home. If the student lives outside the city limits of Parkston and rides the bus, the parents or guardian will be requested to pick up the student. If the Student lives in town or drives to school, the parents will be notified of the time that the student will leave school.
4. Expulsion – If the principal decides to seek expulsion of a student he/she will notify the superintendent of schools and ask that a hearing date be set. This notification must be in writing and must state the reasons for expulsion.

ICU

The following is the ICU program for Parkston High School. This program is designed to help students succeed in their academics by providing them with extra time to work with staff and to do their work. At the end of the school day there will be a time from 3:00 till 3:15. All the teachers will be in their classroom at this time, and it is provided for students to meet with them. This time is also for students that are on the failing list to spend time with teachers. There will also be a special SRB designed for students that are on the failing list and are missing work.

Students that are missing work will be expected to show up in the classroom that they need help with at the end of the day.

Students that are on the failing list will be expected to show up in the special SRB (Student Responsibility Block) until their missing work is in or when they are removed from the failing list. For students that skip the end of the day ICU time, or the ones that do not make it to their class they will receive a detention the following day. If it occurs three times, I.S.S. may be assigned.

GRADUATION

A total of twenty-four (24) units of academic credit are required for graduation from Parkston High School. These twenty-four (24) units must include those set forth under *South Dakota Administrative Rule 24:43:11*. The graduation ceremony is a program designed to give public recognition to those students who have completed all requirements for graduation. In order to participate in the graduation program, all required work must be completed before the time of the graduation program. Only students who have completed graduation requirements shall be eligible to receive a diploma and participate in commencement exercises. A student who has not completed the work, through no fault of their own (such as illness or accident or death in their family) may ask for permission to participate and a decision will be rendered by a committee consisting of the Superintendent, the High School Principal, and the President of the School Board.

<https://doe.sd.gov/gradrequirements/>

The graduation requirements of the Parkston School District may be adjusted by an Individual Educational Program (IEP) so that a student receiving special education services may complete a program as according to his/her own capabilities and educational/career goals and meet graduation requirements under the state approved “Base High School Diploma” but with a minimum of twenty-four (22) credits. This completion will be noted on the student’s transcript. All diplomas will be inscribed so as to direct the reader’s attention to the transcript, which will contain all information pertinent to the student’s educational program.

Participation in commencement exercises is a privilege, not a right. That privilege can be revoked as a disciplinary measure or for a student’s failure to abide by the dress code established for graduation activities. Graduating seniors are required to wear the traditional cap and gown during the entire commencement ceremony inclusive of any reception line following the awarding of the high school diploma. Seniors are required to wear appropriate clothing, inclusive of footwear, underneath the cap and gown at the discretion of the high

school principal. Failure to do so will constitute changing into suitable clothing prior to the ceremony. Failure to change into suitable clothing will constitute not participating in graduation exercises.

A class composite will be printed following graduation and will only include those students who have met graduation requirements.

The Parkston School District Board of Education neither promotes nor endorses any statements made by any person involved in the graduation ceremony. The Parkston School District endorses each person's free exercise of speech and religion, and any comments or statements made during the graduation ceremony should not be considered the opinion of beliefs of the District, the Board of Education, or the Superintendent.

FERPA FACT SHEET – FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 (FERPA)

The Family Educational Rights Act (FERPA) is a federal law designed to protect the privacy of a student's education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the students, or former student, who has reached the age of eighteen or is attending any school beyond the high school level. Students and former students to who the rights have transferred are called eligible students.

Parents or eligible students have the right to inspect and review all of the student's education records maintained by the school. Schools are not required to provide copies of materials in education records unless, for reasons such as great distance, it is impossible for parents and eligible students to inspect the records. School may charge a fee for copies.

Parents and eligible students have the right to request that a school correct records believed to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record commenting on the contested information in the record.

Generally, the school must have a written permission from the parent or eligible student before releasing any information from a student's record. However, the law allows schools to disclose records, without consent, to the following parties:

- School employees who have a need-to-know
- Other school to which a student is transferring
- Certain government officials in order to carry out lawful functions
- Appropriate parties in connection with financial aid to a student
- Organizations doing certain studies for the school
- Accrediting organizations
- Individuals who have obtained court orders or subpoenas
- Persons who need to know in case of health and safety emergencies
- State and local authorities, within a juvenile justice system, pursuant to specific state laws

School may also disclose, without consent, "directory" type information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendances. However, school must tell parents and eligible students about directory information and allow parents or eligible students a reasonable amount of time to request that the school not disclose directory information about them.

School must notify parents and eligible students of the rights under this law. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school. The one year suspension may be reduced to sixty calendar days if the person completes an accredited intensive prevention or treatment program. Upon a third or subsequent adjudication, conviction, diversion, or suspended imposition of sentence for possession, use, or distribution of controlled drugs or substances or marijuana as defined in chapter 22-42, or for ingesting, inhaling, or otherwise taking into the body any substances as prohibited by § 22-42-15, by a court of competent jurisdiction, that person is ineligible to participate in any extracurricular activity at any secondary school accredited by the Department of Education. Upon such a determination in any juvenile court proceeding the Unified Judicial System shall give notice of that determination to the South Dakota High School Activities Association and the chief administrator of the school in which the person is participating in any extracurricular activity. The Unified Judicial System shall give notice to the chief administrators of secondary schools accredited by the Department of Education for any such determination in a court proceeding for any person eighteen to twenty-one years of age without regard to current status in school or involvement in extracurricular activities. The notice shall include name, date of birth, city of residence, and offense. The chief administrator shall give notice to the South Dakota High School Activities Association if any such person is participating in extracurricular activities.

Upon placement of the person in an informal adjustment or court-approved diversion program, the state's attorney who placed the person in that program shall give notice of that placement to the South Dakota High School Activities Association and chief administrator of the school in which the person is participating in any extracurricular activity.

As used in this section, the term, extracurricular activity, means any activity sanctioned by the South Dakota High School Activities Association. Students are ineligible to participate in activity events, competitions, and performances, but a local school district may allow a student to participate in practices.

Section 2. That chapter 13-32 be amended by adding thereto a NEW SECTION to read as follows:

No local school board may impose a lesser consequence than those established in § 13-32-9, but a local school district may adopt a policy, by local school board action, with more strict consequences to meet the needs of the district.

Section 3. That chapter 13-32 be amended by adding thereto a NEW SECTION to read as follows:

If a suspension is reduced pursuant to § 13-32-9, a suspension for a first offense shall make the student ineligible for a minimum of two South Dakota High School Activities Association sanctioned events upon completion of the reduced suspension period. If a suspension is reduced pursuant to § 13-32-9, a suspension for a second offense shall make the student ineligible for a minimum of six South Dakota High School Activities Association sanctioned events upon completion of the reduced suspension period. To count toward the minimum number of events the student must participate in the entire activity season and may not drop out or quit the activity to avoid suspension and the failure of a student to complete the entire activity season shall result in the student being ineligible for one year from the date of adjudication, conviction, the subject of an informal adjustment or court approved diversion program, or the subject of a suspended imposition of sentence or suspended adjudication of delinquency. A suspension that is not completed by the student during one activity season shall carry over to the next activity season in which the student participates.

A suspension begins on the day following the notification to a school administrator by the Unified Judicial System that a student has been adjudicated, convicted, the subject of an informal adjustment or court approved diversion program, or the subject of a suspended imposition of a sentence or a suspended adjudication of delinquency for possession, use, or distribution of controlled drugs, substances, or marijuana as defined in chapter 22-42, or for ingesting, inhaling, or otherwise taking into the body any substance prohibited by § 22-42-15 and the school administrator gives notice to the South Dakota High School Activities Association and the students.

As used in this section, the term, extracurricular activity, means any activity sanctioned by the South Dakota High School Activities Association.

Guideline 3: Participants shall observe a curfew of 11:00 p.m. on weekdays (Sunday through Thursday) and 1:00 a.m. on weekends (Friday and Saturday). Curfew will be observed only during each activity season. (Activity Directors may deviate from the above stated curfew at their own discretion.)

It is again noted that South Dakota Codified Law (SDCL) dictates how schools are to handle Controlled substance violations, thus they are enforced year round and NOT from first practice to return from the last State scheduled event. This would serve as a student’s “first offense” for the coming school year.

Applies to all extracurricular and cocurricular activities.

This includes, but is not limited to: copyrighted material, threatening, obscene or lewd material, or material protected by trade secret. Use for product advertisement, commercial purposes, or political lobbying is also prohibited.

Students will not use any mass e-mailing lists created by district personnel to send out an e-mail unless the e-mail has been approved by the administration or tech personnel. Using this list without the prior consent of the administration or tech personnel will result in the loss of all computer privileges until further notice. This violation can also contain additional forms of punishment in the form of suspension.

2. Privileges – The use of Internet is a privilege, not a right, and inappropriate use will result in cancellation of those privileges. The Parkston Public School administration will deem what is inappropriate use and its decision is final. The administration, faculty, and staff of Parkston Public School may request the system administrator to deny, revoke, or suspend any specific Internet user's privilege.

3. Netiquette – You are expected to abide by the generally accepted rules of network etiquette. These include (but not limited to) the following:

Network and school administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on district servers will be private. Trespassing on another's folders, work, or files is prohibited and will result in loss of privileges. Messages relating to or support of illegal activities will be reported to the authorities.
- e. Do not use the network in such a way that you would disrupt the use of the network by other users (intentionally wasting limited resources).
- f. All communications and information accessible via the network should be assumed to be private property.

4. No Warranties – The Parkston Public School District makes no warranties of any kind, whether expressed or implied, for the service it is providing.
