A. WORK SESSION

1. Agenda

The Board of Education discussed the current agenda format.

The Board discussed the comments from the public sections and the possibility of changing one section to only comments pertaining to agenda items. They debated which section would be which but did not come to a finalized decision to propose the change.

Ms. Moseman asked to discuss the appropriate procedure for Board of Education members to pose questions. The general Board consensus was that questions a board member has should be posed by emailing the appropriate person within the district. Other board members suggested that if people from the community ask questions, they should be directed to the appropriate person within the district to ask those questions to and these questions should not be discussed during the Board of Education Comments section of the agenda which is reserved for comments or commendations from the Board.

This discussion was tabled by Mrs. Champney, the Board President and the agenda format discussion will be revisited at a later date.

2. Superintendent Evaluation Form

The Board of Education will discuss potential revisions to the current evaluation form.

This topic was tabled by Mrs. Champney, Board President.
