December 14, 2018

Dear Parent/Guardian:

The Ste. Genevieve R-II School District strives to provide students with a healthy, nutritious breakfast and lunch each day. We are pleased that your family is taking advantage of the wide variety of food items that our cafeteria has to offer. Attached to this letter you will find the statement that shows the negative balance of your child's lunch account. We are asking that any lunch debts be addressed before the students leave for holiday break on December 21, 2018.

Beginning when school resumes on January 7, 2019, any student(s) with a lunch debt of over \$15.00 will begin receiving alternate meals in place of the planned breakfast and lunch. Should your child or family have a lunch debt, please contact building office staff or administration at the number below in order to rectify and/or set up payments for your account. In addition, we have included a free/reduced lunch application and a self-addressed stamped envelope to return it in in the event you wish to apply. Please do not hesitate to contact us if you need additional assistance.

Thank you,

Chris Hoehne
Principal
