

**December 2018**  
**Title I Board Report**  
**Submitted by Jodi Wellman**

Warwick School received approval for Reallocated Funding on 11/28/18. It was in the amount of \$20,000. The requested amounts were approved as written. This funding will extend the summer program about 2 weeks, incorporating Native Culture activities with science and math. Funding was also secured for additional iPads for High School student use. These will be housed within the high school area for easier access for those students.

Members of the Leadership Team attended the NDMTSS workshop in Devils Lake on December 12<sup>th</sup>. This was Session 2 out of 4, for the 2018-19 school year. We continue to work through the Multi-Tier System of Supports to provide students with the best opportunities to succeed in school. It focuses on providing high quality instruction and intervention matched to student need and monitoring progress frequently to make decisions about changes in instruction or goals. Data is used to drive the implementation of effective practices. The next session will be on February 5, 2019.

The statewide Student Engagement Survey window will be open from January 14, 2019 to February 15, 2019. This survey will be used by the state for accountability as well as by our school for accountability. Staff, Teacher, and Parent surveys will be administered in January as well.
