

December 18, 2018

Greetings 😊

Our enrollment and attendance has wavered around that 88% mark, aside from the 6th grade. We have several students within that group that have missed 20+ days and up. I've been working with the parents/guardians, social services and the tribal court system to ensure that attendance is made a priority.

Grade	Enrollment	Attendance
5	15	90
6	18	83
7	24	89
8	16	90

The middle school students participated in an hour of Code.

The students will be participating in either the movie or bowling on Thursday and we will be doing an exploratory on Friday morning and a Christmas concert Friday afternoon.

We will also be having students coming in for school during the Christmas break to make up attendance and missing assignments December 26th – 29th. The conversation will be had with the students today and the letters will be mailed out.

Cheryl Poitra
Middle School Principal
