4. Tied Hire Behavior Interventionist (66%) and Professional Development (66%)

Please Share with us any additional input you may have on how Newport School District can effectively use ESSER funding to support student learning or safety.

With the question, we had 247 responses - here are a few examples

Academic interventions and reading, writing, and math remediation are desperately needed.

We need to have consistent curriculum for the elementary school.

We have a phenomenal program for special needs students here in Newport; however, we also have an extreme need for more paraprofessionals.

Better pay gets more staff

Get those teachers all the support and materials you can!

Full time resource officer

If an allowable use of funds, please focus on hiring, training, and fairly compensating staff including paras.

Holding students accountable for their behavior.

Equal opportunity for ALL

Teacher turnover is unacceptable in this district which has a direct effect on student staff relationships and student trust.  
TEACHER COMPENSATION MUST BE MORE COMPETITIVE TO OTHER SCHOOL DISTRICTS OR TEACHERS WILL CONTINUE TO EXIT!!!!

The more support we can put in place for students and their families, the more we have a chance to make meaningful change.

Giving students the opportunities to work and collect a credit for the CTE program they are in. Example : Internship
