## INDEPENDENT AUDITOR'S REPORT

Board of Education  
Southern Boone County R-I School District  
Ashland, Missouri

### Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, the discretely presented component unit, and each major fund of Southern Boone County R-I School District, Ashland, Missouri, (the "District") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Southern Boone County R-I School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the discretely presented component unit, and each major fund of Southern Boone county R-I School District, Ashland, Missouri, as of June 30, 2022, and the respective changes in modified cash basis financial position for the year then ended in accordance with the modified cash basis of accounting as described in Note 1.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Southern Boone County R-I School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Emphasis of Matter—Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Southern Boone County R-I School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southern Boone County R-I School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern Boone County R-I School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Southern Boone County R-I School District's basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The Supplementary Information and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as listed in the table of contents and the Schedule of Expenditures of Federal Awards, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Financial Information

Management is responsible for the other information included in the audit report. The other financial information comprised of the budgetary comparison schedules and the schedule of selected statistics but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other financial information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other financial information and consider whether a material inconsistency exists between the other financial information and the basic financial statements, or the other financial information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other financial information exists, we are required to describe it in our report.

#### Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated December 15, 2022, on our consideration of Southern Boone County R-I School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Southern Boone County R-I School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southern Boone County R-I School District's internal control over financial reporting and compliance.

SOUTHERN BOONE COUNTY R-I SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Southern Boone County R-I School District (the “District”) have been prepared in conformity with the modified cash basis of accounting. As such, these financial statements reflect the cash and investment position of the District and the receipts and disbursements arising from its modified cash activities. The modified cash basis of accounting is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) established by the Governmental Accounting Standards Board (GASB). These modified cash basis financial statements generally meet the presentation and disclosure requirements applicable to GAAP in substance, but are limited to the elements presented in the financial statements and the constraints of the measurement and recognition criteria of the modified cash basis of accounting. The significant accounting policies of the District are described below.

**A. Reporting Entity**

**Primary Government:**

The District is governed by an elected seven-member board. The Southern Boone County R-I School District’s Board of Education (the “Board”) is the basic level of government that has financial accountability and control over all activities related to public school education in the District. The accompanying financial statements present the activities of the District.

**Component Unit:**

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (a) the District is able to significantly influence the programs or services performed or provided by the organization; or (b) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. The District is not a component unit of another reporting entity.

*Discretely presented component unit* - Eagle Foundation, Inc. (the “Foundation”) provides annual program grants to the District from funds raised through its own fundraising efforts. Generally accepted accounting principles provide guidance to determine whether certain organizations for which the District is not financially accountable should be reported as a component unit based on the nature and significance of the relationship. The District has determined that the Foundation meets this definition for inclusion in the District’s financial statements as a component unit.

SOUTHERN BOONE COUNTY R-I SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The Foundation is a legally separate nonprofit organization and prepares its financial statements in conformity with the cash basis of accounting. The Foundation's fiscal year ends on December 31, and the accompanying financial statements include financial information for its fiscal year ended December 31, 2021. Complete financial statements for the Foundation can be obtained from the Foundation's Treasurer, 5275 W Red Tail Drive, Ashland, Missouri 65010.

**B. Basis of Presentation**

**District-Wide Financial Statements:**

The Statement of Net Position and the Statement of Activities display information about the primary government (the District) as a whole within the limitations of the modified cash basis of accounting. These statements include the financial activities of the overall government, except for fiduciary activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function, and therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines and charges paid by the recipients for goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

**Fund Financial Statements:**

Fund financial statements of the District are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position or fund balance, revenues, and expenditures or expenses. The District's funds are organized into three fund categories: governmental, proprietary and fiduciary. The District presently has no proprietary or fiduciary funds. An emphasis is placed on major funds within the governmental categories. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- a. Total assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, or expenditures or expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type.

SOUTHERN BOONE COUNTY R-I SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

- b. Total assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, or expenditures or expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

All of the governmental funds are listed as major funds.

**Governmental Funds:**

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may, or must, be used. Current liabilities (if any) are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

The following are the District's major governmental funds:

*General Fund*-The General Fund is the operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund.

*Special Revenue (Teachers) Fund*-The Special Revenue (Teachers) Fund is required to be established by state law and may be used for the payment of salaries and benefits for certificated personnel. The fund's revenues include property taxes, investment income, and county, state, and federal aid. The fund is also used to account for certain tuition payments made between school districts.

*Debt Service Fund*-The Debt Service Fund accounts for the revenue collected from local taxation restricted for the payment of principal and interest on bonded indebtedness.

*Capital Projects Fund*-The Capital Projects Fund accounts for expenditures from the proceeds of bond issues, investment income earned on the proceeds and other revenues designated for acquisition or construction of capital assets. The expenditures include capital outlay projects and equipment purchases for instructional and support programs.

NOTES TO FINANCIAL STATEMENTS

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

C. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe what transactions or events are recorded within the various financial statements. Basis of accounting refers to when and how transactions or events are recorded, regardless of the measurement focus applied.

Measurement Focus:

In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), and net financial position. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent or financial or nonfinancial) associated with their activities are generally reported within the limitations of the modified cash basis of accounting.

In the fund financial statements, all governmental funds utilize a current financial resources measurement focus within the limitations of the modified cash basis of accounting. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. The funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting:

The financial statements are presented in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. Revenues are recorded when received and expenditures are recorded when paid. However, the financial statements have been modified to include the investments of the District.

SOUTHERN BOONE COUNTY R-I SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The modified cash basis of accounting differs from GAAP primarily because revenues (cash receipts) are recognized when received in cash rather than when earned and susceptible to accrual, and expenditures or expenses (cash disbursements) are recognized when paid rather than when incurred or subject to accrual. Other economic assets, deferred outflows of resources, liabilities, and deferred inflows of resources that do not arise from a cash transaction or event are not reported and the measurement of reported assets does not involve adjustments to fair value.

If the District utilized accounting principles generally accepted in the United States of America, the fund financial statements for governmental funds would use the modified accrual basis of accounting and all government-wide financial statements would be presented in accordance with the accrual basis of accounting.

**D. Use of Estimates**

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**E. Cash and Investments**

For the purpose of financial reporting, cash and investments include all demand and savings accounts and certificates of deposit or short-term investments. Cash resources of the individual funds are combined to form a pool of cash and temporary investments, which is managed by the District Treasurer. Investments of the pooled accounts consist primarily of certificates of deposit and money market checking accounts. Interest income earned is allocated to contributing funds based on cash and temporary investment balances. All funds except the Debt Service Fund participate in the pooled cash and investments. State law requires the Debt Service Fund's cash to be maintained separately.

NOTES TO FINANCIAL STATEMENTS

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**F. Long-Term Obligations**

Long-term obligations are reported only in the notes to the financial statements. In the fund financial statements, the proceeds from sales of bonded indebtedness are recorded as other financing sources when the payment is received. Repayments of principal and interest are recognized as expenditures when the disbursements are made.

**G. Net Position**

Net position represents the difference between assets and liabilities. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

It is the District's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

At December 31, 2021, the Eagle Foundation, Inc. had net assets with donor restriction of \$281,300. The funds are restricted for the Ranken Technical School project.

**H. Fund Balance Reporting**

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The classifications are as follows:

- *Nonspendable Fund Balance*-The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- *Restricted Fund Balance*-Fund balance should be reported as restricted when constraints placed on the use of resources are either:
  - a. Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or
  - b. Imposed by law through constitutional provisions or enabling legislation.
- *Committed Fund Balance*-Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority should be reported as committed fund balance. Missouri law establishes that the Board of Education is the highest level of decision making authority.

SOUTHERN BOONE COUNTY R-I SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

- *Assigned Fund Balance*-Amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed, should be reported as assigned fund balance, except for stabilization arrangements. Typically, assigned fund balances are the residual balance of governmental funds, other than the general fund.
- *Unassigned Fund Balance*-Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

The District currently does not have a policy regarding the order of spending funds when an expense is incurred for the purposes for which both restricted and unrestricted funds are available. Therefore, in accordance with GASB Statement No. 54, the flow of funds uses the default assumption that prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending, the District considers committed funds to be expended first followed by assigned and then unassigned funds.

**I. Internal and Interfund Activities**

In the process of aggregating the financial information for the district-wide Statement of Net Position and Statement of Activities, amounts reported as interfund activity in the fund financial statements have been eliminated.

**J. Teacher Salaries**

The contractual teacher salary payment schedule of the District requires the payment of salaries for a twelve-month period beginning in September of each year. Consequently, the July and August 2022 payroll checks, written and dated in June 2022, are included in the financial statements as an expenditure in the 2021-2022 year. This practice is consistent with prior years.

**K. Accrued Payroll Expenses**

At June 30, 2022, the District had a cash basis liability in the amount of \$7,324. This balance represents employee withholdings related to an elective salary deferral plan.

SOUTHERN BOONE COUNTY R-I SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS

**NOTE 2: DEPOSITS AND INVESTMENTS**

*Deposits*-At June 30, 2022, the carrying value of the District's deposits were \$(1,677,722) and the bank balance was \$30,999. The deficit carrying value of the District's deposits is covered each day by the overnight repurchase agreement as outstanding items clear. Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. Cash balances held in banks are insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC).

In accordance with state law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State or political subdivision debt obligations, surety bonds, or certain letters of credit. At June 30, 2022, all of the District's deposits were adequately secured with acceptable collateral. The District's deposits with MMEBG (see note 3) are held with the consortium's fiscal agent. The fiscal agent is also a Missouri School District with the responsibility of obtaining collateralization of the consortium's deposits.

*Investments*-The District may legally invest in direct obligations of and other obligations guaranteed as to principal by the U. S. Treasury and U. S. agencies and instrumentalities; obligations guaranteed by the full faith and credit of the state of Missouri; repurchase agreement, certificates of deposit; bankers acceptances; and commercial paper. The Missouri School District Direct Deposit Program also operates under state law and is restricted to the above investments.

*Interest rate risk*- The District manages its exposure to declines in fair values by investing in bank certificates, U. S. Treasury and Agency Securities, and managed external investment pools. The investments in the Missouri Direct Deposit Program external investment pool are presented with a maturity of less than 1 year because they are redeemable at six-month intervals to coincide with the District's general obligation bond principal and interest debt service requirements. The District structures its investment portfolio so that securities mature to meet cash requirements, and the District invests operating funds primarily in shorter-term investments.

*Credit risk*-Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At June 30, 2022, the District's overnight repurchase agreement was backed by debt securities of the U. S. government and its agencies. The District's investment in the Missouri School District Direct Deposit Program is not rated.

*Concentration of credit risk*-The District's investment policy states the District will diversify its portfolio so that potential losses on individual securities will be minimized. The District primarily invests in debt securities of the U.S. government and its agencies.

SOUTHERN BOONE COUNTY R-I SCHOOL DISTRICT

**NOTE 2: DEPOSITS AND INVESTMENTS (Continued)**

*Custodial credit risk–investments*–For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District’s investments are held by financial institutions and are contractually obligated to the District through a repurchase agreement.

The District categorizes its fair value measurements in accordance with Governmental Accounting Standards Board Statement No. 72, *Fair Value Measurement and Application*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The carrying value of the Missouri School District Direct Deposit investments at June 30, 2022 was \$703,108 and the fair value was \$703,108.

As of June 30, 2022, the District had the following deposits and investments:

**NOTE 3: RESTRICTED DEPOSITS AND INVESTMENTS**

The amounts reported as restricted deposits and investments comprise amounts held in an insurance consortium of \$19,503, the amount of U.S. Treasury obligations held in an escrow for the crossover refunding of bonded debt of \$703,108, the amount of unspent bond proceeds of \$5, and the amount held with fiscal agents related to certificates of participation of \$7,046,231.

**Insurance Consortium:**

To help control the cost of health insurance, the District is a member of the Mid-Missouri Educational Benefits Group (MMEBG). As a condition of membership, the District has deposited funds and allowed plan refunds to be held by the MMEBG's fiscal agent. The deposits held are restricted by an operating agreement for future payments of health insurance benefits. The amounts held are comprised as follows:

Initial deposit	\$ 13,700
Interest earned	<u>5,803</u>
Total deposit	<u>\$ 19,503</u>

**NOTE 4: TAXES**

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and payable by December 31. The County collects the property tax and remits it to the District. The District also receives sales tax collected by the State and remitted based on eligible pupils. The District is required to reduce its property tax levy by one-half the amount of sales tax estimated to be received in the subsequent calendar year.

The assessed valuation of the tangible taxable property for the calendar year 2021 for purposes of local taxation was \$169,950,164.

The tax levy per \$100 of the assessed valuation of tangible taxable property for the calendar year 2021 for purposes of local taxation was:

**NOTE 6: FUND BALANCES**

*Restricted Fund Balances:* The restricted balances in the Debt Service Fund represent amounts accumulated from the collection of property taxes and bond refundings, which are legally restricted based upon bond issuance covenants.

The amount restricted for health insurance benefits relates to the amounts the District holds on deposit with the MMEBG insurance consortium (see note 3).

Restricted balances held in the Capital Projects Fund are the remaining proceeds from the previous general obligation bond issues and certificates of participation.

*Unassigned Fund Balances:* The unassigned fund balance represents the residual classification of amounts held in the general fund.

**NOTE 7: INTERFUND TRANSFERS**

The District routinely transfers amounts from the General Fund to the Teachers Fund in accordance with regulations of the State of Missouri.

The amounts transferred to the Teachers Fund are required to balance the fund's cash receipts and disbursements. The District maintains a Teachers Fund that generally has a balance of zero at the beginning and end of each fiscal year. For the year ended June 30, 2022, the District allocated receipts and transfers to the Teachers Fund to achieve a zero fund balance.

NOTES TO FINANCIAL STATEMENTS

**NOTE 8: RETIREMENT PLANS**

The Southern Boone County R-1 School District participates in the Public School Retirement System and the Public Education Employee Retirement System (PSRS and PEERS, also referred to as the Systems). The financial statements of the District were prepared using the modified cash basis of accounting. Therefore, member and employer contributions are recognized when paid and the District's net pension liability, deferred outflows and inflows of resources related to pensions are not recorded in these financial statements.

*Plan Description.* PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public-school districts in Missouri (except the school districts of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of PSRS, Missouri State Teachers' Association, Missouri State High School Activities Association, and certain employees of the State of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987 and 1989. The majority of PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions. Any PSRS member who is required to contribute to Social Security comes under the requirements of Sections 169.070 (9) RSMo, known as the "2/3's statute." PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members' benefits are further calculated at two-thirds the normal benefit amount.

*Plan Description.* PEERS is a mandatory cost-sharing multiple employer retirement system for all public-school employees (except the school districts of St. Louis and Kansas City), employees of the Missouri Association of School Administrators, and community college employees (except the Community College of St. Louis). Employees of covered districts who work 20 or more hours per week on a regular basis and who are not contributing members of the Public School Retirement System of Missouri (PSRS) must contribute to PEERS. Employees of PSRS who do not hold Missouri educator certificates also contribute to PEERS. PEERS was established as a trust fund by an Act of the Missouri General Assembly effective October 13, 1965. Statutes governing the System are found in Sections 169.600 – 169.715 and Sections 169.560 – 169.595 RSMo. The statutes place responsibility for the operation of PEERS on the Board of Trustees of the Public School Retirement System of Missouri.

NOTES TO FINANCIAL STATEMENTS

**NOTE 8: RETIREMENT PLANS (Continued)**

*Benefits Provided.* PSRS is a defined benefit plan providing retirement, disability, and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the “Rule of 80” (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5% benefit factor. Beginning July 1, 2001, and ending July 1, 2014, a 2.55% benefit factor is used to calculate benefits for members who have 31 years or more of service. Actuarially age-reduced benefits are available for members with five to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the “Rule of 80” but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

*Benefits Provided.* PEERS is a defined benefit plan providing service retirement and disability benefits to its members. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the “Rule of 80” (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 1.61% benefit factor. Member qualifying for “Rule of 80” or “30-and-out” are entitled to an additional temporary 0.8% benefit multiplier until reaching minimum Social Security age (currently age 62). Actuarially age-reduced retirement benefits are available with five years of service at age 55. Members who are younger than age 55 and who do not qualify under the “Rule of 80” but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

*Cost-of-Living Adjustments (“COLA”).* The Board of Trustees has established a policy of providing a 0.00% COLA for years in which the CPI increases between 0.00% and 2.00%, a 2.00% COLA for years in which CPI increases between 2.00% and 5.00%, and a COLA of 5.00% if the CPI is greater than 5.00%. If the CPI decreases, no COLA is provided. For any PSRS member retiring on or after July 1, 2001, such adjustments commence on the second January after commencement of benefits and occur annually thereafter. For PEERS members, such adjustments commence on the fourth January after commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80% of the original benefit for any member.

**NOTE 8: RETIREMENT PLANS (Continued)**

*Contributions.* PSRS members were required to contribute 14.5% of their annual covered salary during fiscal year 2022. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1% of pay.

*Contributions.* PEERS members were required to contribute 6.86% of their annual covered salary during fiscal year 2022. Employers were required to match the contributions made by the employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 0.5% of pay.

The District's contributions to PSRS and PEERS were \$1,457,134 and \$181,348, respectively, for the year ended June 30, 2022.

Summary plan descriptions detailing the provisions of the plans as well as additional information regarding the District's net pension liability and deferred inflows and outflows of resources can be found on the Systems' website at [www.psrs-peers.org](http://www.psrs-peers.org).

**NOTE 9: OTHER POST-EMPLOYMENT BENEFITS**

In addition to the pension benefits described in Note 8, the District makes available post-retirement healthcare benefits to its retirees on a reimbursable basis. The cost of the insurance premium is charged to the retirees at the same cost as active employees. This situation causes an implicit premium subsidy for the difference the retirees would have to pay for similar insurance coverage and the actual amount of their premiums. This implicit premium subsidy represents an unfunded obligation to the District. This obligation has not been valued or reported because the District reports its financial activity using the modified cash basis of accounting.

SOUTHERN BOONE COUNTY R-I SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS

**NOTE 10: CONTINGENCIES**

Grant Program Involvement

In the normal course of operations, the District participates in various Federal or State grant or loan programs from year to year. The grant or loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would be immaterial.

Litigation

The District may periodically be the defendant in a lawsuit arising principally in the normal course of operations. In the opinion of the administration, the outcome of these lawsuits will not have a material adverse effect on the accompanying combined financial statements and accordingly, no provision for losses has been recorded.

**NOTE 11: PLEDGED REVENUES**

The District has pledged future revenues, net of specified operating expenses, to repay bonds and capital leases payable that were issued for the purpose of operations, improvements and school buses. The bonds and capital leases are payable from debt service and capital projects fund net revenues and are payable through 2042. Annual principal and interest payments in 2022 on the bonds and capital leases required 92% of debt service and 100% of capital projects net revenues. The total principal and interest remaining to be paid on the bonds and capital leases is \$56,264,363. Principal and interest paid for the current year and total net revenues for the current year were \$3,212,489 and \$2,996,824, respectively for the debt service fund. Principal and interest paid for the current year and total net revenues for the current year were \$1,113,964 and \$(1,400,281), respectively for the capital projects fund.

**NOTE 12: RISK MANAGEMENT – MISSOURI UNITED SCHOOL INSURANCE COUNCIL**

The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters.

Participation in Public Entity Risk Pools

The District is a member of the Missouri United School Insurance Council (MUSIC), a not-for-profit corporation consisting of school districts and junior colleges. MUSIC was incorporated in 1985 to acquire insurance for its members.

SOUTHERN BOONE COUNTY R-I SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS

**NOTE 12: RISK MANAGEMENT – MISSOURI UNITED SCHOOL INSURANCE COUNCIL (continued)**

MUSIC operates as a purchasing pool and is not a joint venture activity of the District. The District has no control over budgeting, financing, management selection, or the governing body. MUSIC provides both conventional and self-insurance coverage for its members including property, casualty, general liability, workers' compensation, and fleet insurance. The District participates in all of the above coverages and there were no significant reductions in coverage during the year ended June 30, 2022. In addition, over the past three fiscal years, settled claims have not exceeded insurance coverage. MUSIC manages the cash and investment pool, funded by insurance premiums, on behalf of its members. MUSIC's investment pool consists of U.S. Treasury strips.

In the event that a deficit occurs with respect to any fiscal year of MUSIC for which the District was a participant at any time during such year; and in the event that MUSIC determines that an assessment is required in order to provide additional funds for the obligations of MUSIC for such year; and further, in the event that the District was covered by the types of benefits requiring the assessment during the time period in which the assessment arose, the District is obligated to pay its pro rata share of any such assessment, irrespective of whether or not the District is a member of MUSIC at the time of such assessment. Management of the District is not aware of any deficit situation in MUSIC which would require any accrual of liability as of June 30, 2022.

MUSIC's financial statements are presented in its Comprehensive Annual Financial Report for the year ended December 31, 2021.

**NOTE 13: LEASE**

The District has a lease for the transportation facility. The facility lease expires in fiscal year 2024. Total lease expense paid during the year ended June 30, 2022 was \$30,000. Future minimum lease payments are as follows:

Year Ending	Transportation
June 30,	<u>Facility</u>
2023	\$ 30,000
2024	<u>30,000</u>
Total	<u>\$ 60,000</u>

NOTES TO FINANCIAL STATEMENTS

**NOTE 14: COMMITMENTS**

Construction

The District is in the process of adding to its facilities. The District anticipates the additional construction costs to approximate \$3,601,664.

Other Commitments

On August 17, 2020, the Board of Education entered into a resolution approving the commitment of local match for an economic development administration grant application, which is expected to total \$1,312,226.

On June 8, 2022, the District entered into a lease agreement to lease an ECSE bus. The first lease payment was due in July 2022 followed by annual payments through July 2027. Total lease payments are expected to be \$34,116.

On November 14, 2022, the Board of Education approved awarding a bonded contract in the amount of \$357,473 for the purchase of a new scoreboard.

Compensated Absences

As a result of the District's use of the modified cash basis of accounting, accrued liabilities related to compensated absences (vacation and personal days, and sick leave) and any employer-related costs earned and unpaid, are not reflected in the financial statements. The amount of this liability has not been calculated and no funds or reservation of the net assets has been made for this commitment.

**NOTE 15: CONSIDERATION OF SUBSEQUENT EVENTS**

Subsequent events have been evaluated through December 15, 2022 which is the date the financial statements are available to be issued. No events requiring disclosure were identified as a result of this audit.

NOTE TO OTHER FINANCIAL INFORMATION

**NOTE 1: BUDGETS AND BUDGETARY ACCOUNTING**

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- In accordance with Chapter 67, RSMo, the District adopts a budget for each fund.
- Prior to July, the Superintendent, who serves as the budget officer, submits to the Board of Education a proposed budget for the fiscal year beginning on the following July 1. The proposed budget includes estimated revenues and expenditures for all District funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year.
- A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.
- Prior to July 1, the budget is legally enacted by a vote of the Board of Education.
- Subsequent to formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the Board. Adjustments made during the year are reflected in the budget information included in the financial statements. The budget was amended one time during the year ended June 30, 2022. The budget amendment approved the budget to equal actual receipts and expenditures.
- Budgets for District funds are prepared and adopted on the modified cash basis of accounting (budget basis), which recognizes revenues when collected and expenditures when paid.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit and each major fund of Southern Boone County R-I School District as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Southern Boone County R-I School District's basic financial statements and have issued our report thereon dated December 15, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Southern Boone County R-I School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southern Boone County R-I School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Southern Boone County R-I School District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be a significant deficiency:

### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Southern Boone County R-I School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Southern Boone County R-I School District's Response to Finding

*Government Auditing Standards* requires the auditor to perform limited procedures on Southern Boone County R-I School District's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for Each Major Federal Program**

Opinion on Each Major Federal Program

We have audited Southern Boone County R-I School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Southern Boone County R-I School District's major federal programs for the year ended June 30, 2022. The Southern Boone County R-I School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Southern Boone County R-I School District compiled, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Southern Boone County R-I School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Southern Boone County R-I School District's compliance with the compliance requirements referred to above.

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Southern Boone County R-I School District's federal programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Southern Boone County R-I School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Southern Boone county R-I School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Southern Boone County R-I School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Southern Boone County R-I School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Southern Boone County R-I School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2022-002: Verification of Free & Reduced Price Applications (NSLP). Our opinion on each major federal program is not modified with respect to this matter.

*Government Auditing Standards* requires the auditor to perform limited procedures on Southern Boone County R-I School District's response to the noncompliance finding identified in our audit described in the accompanying schedule of findings and questioned costs. Southern Boone County R-I School District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

#### Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

*A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the District's response to the internal control over compliance findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

**NOTE 1: SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. The accounts of the District are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting. Therefore, revenues and expenditures are recognized only when collected or paid, and receivables and accrued liabilities are not reflected in the financial statements.

Nonmonetary Assistance

The District receives commodities under the Food Distribution Program. The amount of expenditures presented on the Schedule of Expenditures of Federal Awards represent donated commodities used, which totaled \$53,682 valued at the cost assigned to those commodities by the Food Service Section of the Department of Elementary and Secondary Education.

Subrecipients

The District did not provide funds to subrecipients in the current year.

**NOTE 2: FEDERAL INDIRECT COST RATE**

The District elected not to use the 10% de minimis indirect cost rate.

The Missouri Department of Elementary and Secondary Education has approved the following indirect cost rates for the District:

Non-restricted	16.75%
Restricted	0.34%

The indirect cost rates are calculated annually by the Missouri Department of Elementary and Secondary Education according to agreements between the Missouri Department of Elementary and Secondary Education and the U. S. Department of Education.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
AND SUMMARY OF AUDITOR'S RESULTS - FEDERAL REQUIREMENTS

Section II: Financial Statement Findings

Finding 2022-001 Segregation of Duties over Financial Reporting

*Criteria:* The objectives of internal control are to provide reasonable, but not absolute, assurance that assets are safeguarded and the financial statements are reliable. When the duties of one employee involve complete control over most, or all, aspects of an accounting cycle, without the involvement of other intervening employees, conflicts with the internal control objective may arise. This kind of conflict is generally referred to as a lack of segregation of duties.

*Condition:* Southern Boone County R-1 School District has potential conflicts with personnel who have the ability to adjust, record, reconcile and report financial activity.

*Cause:* The District lacks the personnel necessary to adequately segregate accounting and financial duties.

*Effect:* Financial records and assets without adequate segregation of duties are at more risk for misstatement due to fraud or errors.

*Recommendation:* The District may consider and implement additional internal control procedures to ensure adequate segregation of duties.

*Southern Boone County R-I School District's Response & Corrective Action Plan:* As the District grows in size, we have employed additional personnel to Central Office and we cross train our employees in an effort to address concerns with segregation of duties. Although the concern remains, the members of the Board of Education and I continue to reassess the budget and look for ways to hire additional staff to reduce the burden of this liability and improve internal control procedures.

*Official Responsible for Ensuring the Corrective Action Plan:* Dr. Tim Roth, Interim Superintendent

*Planned Completion Date for the Corrective Action Plan:* The District will continue to work on implementing additional internal control procedures on an ongoing basis.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
AND SUMMARY OF AUDITOR'S RESULTS - FEDERAL REQUIREMENTS

Section III: Federal Award Findings and Questioned Costs

2022-002: Verification of Free & Reduced Price Applications (NSLP)

*Criteria:* The District must verify the current free and reduced price eligibility of households selected from a sample of applications that it has approved for free and reduced price meals by the required deadline. The deadline was December 15, 2021.

*Condition:* The District did not complete verification procedures until January 26, 2022, which is after the required deadline of December 15, 2021. Additionally, on one application provided for verification the documentation provided to support the household income was not sufficient.

*Cause:* The District performed the verification procedures late, and did not obtain appropriate income verification documentation for one verified application.

*Effect:* The District was not in compliance with the verification requirements.

*Questioned Costs:* Unknown

*Recommendation:* We recommend the District perform the verification of free & reduced price applications by the required deadline. We also recommend the District obtain appropriate documentation to support the households' income.

*Southern Boone County R-I School District's Response & Corrective Action Plan:* The District will ensure future verifications of free & reduced price applications will be completed by the deadline published by DESE.

*Official Responsible for Ensuring Corrective Action Plan:* Dr. Tim Roth, Interim Superintendent

*Planned Completion Date for the Corrective Action Plan:* Fiscal Year 2023

INDEPENDENT ACCOUNTANT'S REPORT ON MANAGEMENT'S  
ASSERTIONS ABOUT COMPLIANCE WITH SPECIFIED  
REQUIREMENTS OF MISSOURI LAWS AND REGULATIONS

To the Board of Education  
Southern Boone County R-I School District  
Ashland, Missouri

We have examined management's assertions that Southern Boone County R-I School District, Ashland, Missouri, complied with the requirements of Missouri laws and regulations regarding budgetary and disbursement procedures; accurate disclosure by the District's attendance records of average daily attendance, standard day length, resident membership on the last Wednesday of September and the number of students eligible to receive free or reduced price lunches on the last Wednesday of January; and accurate disclosure by pupil transportation records of the average daily transportation of pupils eligible and ineligible for state aid, the number of miles eligible and ineligible for state aid and the allowable costs for pupil transportation during the year ended June 30, 2022. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertions. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, management's assertions referred to above are fairly stated in all material respects.

This report is intended solely for the information and use of the Board of Education, District management, and the Missouri Department of Elementary and Secondary Education and is not intended to be and should not be used by anyone other than these specified parties.
