Elementary	\$2.75	\$3.50
Secondary	\$3.25	\$3.75
Reduced	\$.30	\$.40
Adults	\$4.00	\$5.00

New Name, Same Benefits

Titan is now called LINQ Connect. If you previously had a Titan family portal, all of your login and student information will be the same! No need to start over.

Free and Reduced Meal Application Instructions: Go to linqconnect.com. In the upper righthand side of the screen, click the button that says "start meal application". Follow the prompts from there. You will be prompted to fill out your general information. Please provide your phone number and email. That way we can inform you of the status of your application once it is processed. Start adding your students with their information. Make sure to put all students in this student section. All other household member information, parents and siblings who are not in school, are to be listed under the Household Members section.

Get the App: We highly encourage all parents to set up an account and download the LINQ Connect app on your mobile device. With the app you are able to pay online with a debit/credit card, view school menus, transfer money between your own students, and receive low balance alerts. **Please follow your child's account and make sure they do not fall into the negative.**

LINQ Contact Information: Any questions regarding your LINQ account should be directed to LINQ Connect at 1-888-464-5467. Press option 1 followed by option 1.

*Meal fees can be paid through the app, or with cash or check at the Madison Food Service Office (for all schools) at 290 N 1st E, or at your child's individual school cafeteria. You may also pay through your bank's bill pay system usually without fees, with Madison Food Service as the payee and your child/children's name(s) as the account number.

Sincerely,

Dave Keck /Food Service Director

This institution is an equal opportunity provider
