

**World Geography
Lesson Plans for Jan 7-11, 2018
Mr. Rex Whitworth**

Objectives

Weekly Schedule

Students will research an environmental problem from anywhere in the world

Students will construct a poster utilizing researched facts, pictures, maps or graphs pertaining to an environmental problem.

Students will identify what the problem is, and the cause and effect the problem has on the environment.

Students will present their researched ideas and solutions they have found that will lessen the impact the problem is having on the environment.

Monday:

Lecture: show students examples of an environmental problem/handout environmental campaign poster requirements/discuss each requirement and points assigned

Tuesday/Wednesday/Thursday:

Research: students will determine their environmental problem/research/gather facts, photos, maps, graphs to support their ideas and solutions.

Compile: students will organize/create/practice their poster presentations.

Friday:

Presentations: Students will present their Environmental Campaign Poster project to the class.

Assessment

Environmental Campaign Poster/Presentation
