ABSENCES

Good attendance is important. Success in school is generally dependent on regular attendance. Students with excessive absences miss classroom instruction and quickly fall behind. Absences for reasons other than the following are strongly discouraged:

- Illness (excuse from physician required after four days)
- Death in immediate family
- Medical, dental, or eye doctor appointments
- Unavoidable accident or emergency

Parents/guardians must call the school office before 9:00 a.m. each day that a student is absent. State law requires school personnel to make one attempt to notify parents/guardians if the school has not been contacted.

School hours are:

- East Grade School from 8:10 until 3:00 each day
  Office phone is 217-675-2395
- Elementary from 8:10 until 3:05 each day
  Office phone is 217-675-2395

Any student not in attendance by 9:00 am due to illness on any given day will not be allowed to attend or participate in any school activity that evening. This includes spectators. If extenuating circumstances are evident, approval to participate must come from the PRINCIPAL.

If a student is absent, a parent/guardian must call the school office as early as possible and report the reason for the absence. School office personnel will determine if the reason qualifies as an excused absence. If the parent/guardian doesn’t contact the office the absence will be recorded as unexcused. The parent/guardian will then have 48 hours to contact the office in order for the absence to be considered as excused. It is the students’ responsibility to obtain any missed assignments.

Parents are strongly encouraged to call the office with transportation changes before 2:00. Creating changes at the end of the school day can lead to confusion and the risk of notification of a change not being communicated to the teacher and student. Please only call the office after 2:00 in an emergency situation.
Coming to school and arriving at school on time are very important. The impact of excessive absenteeism affects the entire District financially and is a serious handicap to the educational progress of the pupil. Because of our concern for your child and his/her academic progress, the following attendance policy has been implemented. Any student who exceeds five absences per semester will need to provide for the principal or office personnel a certified doctor's excuse for the illness in order for the absence to be excused. This will take affect after the fifth absence each semester and every day of absence thereafter. All absences beyond five per semester, without a doctor’s excuse will be considered ‘unexcused’.

The following guidelines will be used to determine whether or not an absence is excused or un-excused:

**Excused:** Illness, death in the family, funeral, emergency, religious holidays, medical appointments, and approved vacation. If a student’s absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are unexcused from school will not be allowed to make up missed work.

**Un-excused:** Truancy, out-of-school suspension, leaves the building without permission, recreational activities, unapproved vacation, take your child to work day, oversleeping, and any absence after 5 each semester without a medical excuse. etc.

**Truancy:**

Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State’s Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

**Planned absences,** including family vacations or college days are generally approved based on previous attendance record and if permission is obtained at least 48 hours in advance by the principal. Excused absences shall enable a student to receive credit for work, which is made up. Unexcused absences will result in the student not being allowed to make up their work and zeroes will be recorded. Please do not expect the intended absence to be excused if it is an activity that could be done on non-school time. In addition, it will be helpful if parents/guardians would make every effort to schedule doctor and dental appointments after school or on days when school is not in session. If it is necessary to make such an appointment, a student will be excused if he or she has a signed document provided to the school office (Maximum 1/2 day).
Excessive Absences/Truancy

When a student has reached a total number of absences equal to 5% of the school year, a letter will be sent home to advise the parent or guardian that the student has reached the threshold for being chronically truant. Students with more than 10 days of absence per year will be reported to the Morgan County Truancy Office unless the student has a valid excuse for each absence.

ACCIDENTS

If a student is injured at school, he/she should immediately tell a teacher or supervisor. If necessary, parents/guardians will be contacted by school authorities to explain the circumstances and arrange for the student to be picked up. An accident report will be completed and a copy provided for the parents/guardians.

ARRIVAL & DISMISSAL FROM SCHOOL

The doors at Jr.High/High School will open at 7:30 a.m.; students will not be allowed to arrive before 7:30 a.m. All students will be dropped off at the Jr.High/High School for the start of their day. No drop off at East Grade School.

The East Grade students’ school day ends at 3:00 p.m. The Franklin Elementary students’ day ends at 3:05 p.m. Parents need to make arrangements to pick up their student after school if not riding the bus home.

Arrival & Departure During the School Day

Students arriving at school after 8:10 a.m. or returning to school later in the day should always report to the office first. Parents bringing students to school or picking students up for an appointment should always come to the office rather disrupting their child’s classroom. It is a state requirement that the district keep a sign in/sign out sheet to record the time of arrival and/or departure.

A note or phone call would be helpful when parents/guardians plan to pick up their child or when it is necessary for them to send a relative or family friend to pick up their child. If calling, please notify the school at least a half hour in advance in order to give the classroom teacher enough time to gather assignments and help the student get ready to leave. For his/her own safety, no student will be allowed to wait outside the school building.

Late Start School Day

A late start school day may be initiated on days when the weather is threatening with snow, ice, or extreme wind chills, but conditions are expected to get better as the day progresses. The decision will be made the night before, if possible, or at least by 6:00 a.m. that morning. Parents will be notified as soon as possible using our automated phone system.

The late start time for Franklin JH/HS, Franklin Elementary and East Grade will be 10:05 a.m.

The bus fleet will start their routes on late start days between 8:00 and 8:30 a.m.
Permission to Go Home With Another Student

If a student has permission to go home with another student after school, he/she must have a written note, in their parent’s/guardian’s handwriting, to give to the teacher and the bus driver. Students without such a note will be taken home after school on their regular bus route. When two or more students from one family change their usual after-school arrangements, we will need a note for each student. This is purely for safety reasons and there will be no exceptions.

ASBESTOS

The East Grade building contains asbestos materials. Most of this asbestos is non-friable and is contained within the floor tile. There is also some asbestos in the materials wrapped around some heat pipes. Occupants of this building are not to damage the pipe wrapping which could release asbestos fibers into the air. For additional information, or to report damage to asbestos containing material, please contact the superintendent’s office. Inspections have been ongoing for several years and a trained inspector will continue to inspect every 6 months to ensure safety within the building.

AUTOMATED NOTIFICATION SYSTEM

The district provides an automated notification system to advise parents of emergency/early dismissals, late start days, cancellation of school activities, and other special notices via telephone. Parents/guardians should check each year at registration to make sure their emergency phone numbers are current. If changes occur during the year, it is their responsibility to notify the school office as soon as possible.

BIRTH CERTIFICATES

According to Public Act 84-1430, any person enrolling a student in school for the first time must provide either: 1) a certified copy of the student’s birth certificate; or, 2) other governmental documentation of the child’s identity and an affidavit explaining the inability to produce a copy of the birth certificate.

Birth certificates must be submitted to the school on or before the first day of school. Failure to do so may result in your child being denied admission until one is provided.

BIRTHDAY PARTY INVITATIONS/TREATS & CLASSROOM PARTIES

We love to help students celebrate their birthdays! Due to the increasing number of students with food allergies, parents/guardians may want to consider purchasing a “Birthday Book” for the library in their child’s honor or sending pencils, bookmarks, or other small items for your child to hand out to classmates.

If you choose to send snacks for a birthday treat or bring snacks for a classroom party, please be aware that our district has approved a School Wellness Guidance Plan that stipulates we will take efforts to promote nutritious food and beverage choices such as fruits, vegetables, low-fat dairy foods, and whole grain products. For more information on our Wellness Guidance Plan, you may review it at www.franklinhigh.com under “Parents”.

8
Please follow these guidelines:

- Nutritious, individually wrapped, store bought treats only;
- **No drinks, cakes, cookie cakes, ice cream, caramel apples, etc. allowed** – these treats do not meet nutritional guidelines and take up too much class time for serving and clean-up;
- Treats will usually be served during the classroom’s regular milk/juice break;
- Treats dropped off by parents should be taken to the office.

Birthday party invitations should not be distributed at school except under the following conditions:

- All children in the classroom are invited.
- All boys in the classroom are invited to a boy’s party.
- All girls in the classroom are invited to a girl’s party.
- Invitations are not to be passed out anywhere except in the classroom with permission of the teacher.

Classroom parties to celebrate holidays are held at the discretion of the teacher. Grades K-2 will provide a sign-up sheet at our annual Meet The Teacher Night for parents who wish to help with the parties. Parents who are unable to attend that evening should contact their student’s teacher as soon as possible to offer their help.

**BLOODBORNE PATHOGENS - HEPATITIS**

In accordance with the OSHA Blood borne Pathogens Standard, 29CFR 1910.1030, our school district has developed an Exposure Control Plan. This plan helps the employees know what to do if they or the students are exposed to blood or potentially infectious body fluids. This was done to protect the employees as well as the students of our school district.

Payment for elementary students’ breakfasts, lunches and milk/juice may be made by the semester, the month, or on the first day of each week. Parents may send a check or cash in a sealed envelope with the student’s name, teacher’s name, and the amount of money to be applied to lunch and milk/juice on the front of the envelope.

Parents also have the option to access their child’s account and make payments through [www.teacherease.com](http://www.teacherease.com), which allows for money to be transferred without involving the student. The cost for each transaction will have a convince fee will be charged. The website operates in a very similar manner to that of E-pay.

Students are offered one milk/juice break during the day. Students who eat a cafeteria lunch receive a milk/juice with their meal and it is included in the price. Those who bring a sack lunch from home are welcome to purchase a milk/juice for their lunch from the lunchroom supervisor. Students are not to bring or purchase a soda at school to go along with their lunch.

We expect all breakfasts, lunches, and milks/juices to be prepaid; however, we realize that many times parents forget to send money or they are unable to pay each week. Parents who are unable to pay the full price are encouraged to complete the paperwork to see if their family qualifies for free or reduced lunches. These forms are always available during registration or upon request to the secretary.

If no payment has been received, a student is only allowed to “charge” until their account balance reaches -$10.00. Their parents will then receive an email notice or letter notifying them of the amount due and a cut-off date for payment. They will have a choice of sending a sack lunch each day or sending a payment for each lunch each day until the balance due is paid.

**BUDGET**

The School District budget is adopted by the end of September each year and can be found on the District’s web site at: [www.franklinhigh.com](http://www.franklinhigh.com)

**BULLYING POLICY**

7:20 Harassment of Students
Prohibited Bullying, Intimidation, and Harassment Prohibited

No person, including a District employee or agent, or student, shall harass, intimidate, or bully a student on the basis of actual or perceived: race; color; national origin; military status; unfavorable discharge status from military service; sex; sexual orientation; gender identity; gender-related identity or expression; ancestry; age; religion; physical or mental disability; order of protection status; status of being homeless; actual or potential marital or parental status, including pregnancy; association with a person or group with one or more of the aforementioned actual or perceived characteristics; or any other distinguishing characteristic. The District will not tolerate harassing, intimidating conduct, or bullying whether verbal, physical, sexual, or visual, that affects the tangible benefits of education, that unreasonably interferes with a student’s educational performance, or that creates an intimidating, hostile, or offensive educational environment. Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.
Sexual Harassment Prohibited

Sexual harassment of students is prohibited. Any person, including a district employee or agent, or student, engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student’s academic status; or
2. Has the purpose or effect of:
   a. Substantially interfering with a student’s educational environment;
   b. Creating an intimidating, hostile, or offensive educational environment;
   c. Depriving a student of educational aid, benefits, services, or treatment; or
   d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student

The terms “intimidating,” “hostile,” and “offensive” include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person’s alleged sexual activities. The term sexual violence includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Making a Complaint; Enforcement

Students are encouraged to report claims or incidences of bullying, harassment, sexual harassment, or any other prohibited conduct to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. A student may choose to report to a person of the student’s same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

An allegation that a student was a victim of any prohibited conduct perpetrated by another student shall be referred to the Building Principal, Assistant Building Principal, or Dean of Students for appropriate action.

The Superintendent shall insert into this policy the names, addresses, and telephone numbers of the District’s current Nondiscrimination Coordinator and Complaint Managers. At least one of these individuals will be female, and at least one will be male.

Nondiscrimination Coordinator:

Dr. Curt Simonson, Superintendent
412 Wyatt St Franklin, IL 62638
csimonson@franklinhigh.com
217-675-2395

Complaint Managers:

Jeffrey Waggener
110 State St, Franklin, IL 62638
jwaggener@franklinhigh.com
217-675-2395
The Superintendent shall use reasonable measures to inform staff members and students of this policy, such as, by including it in the appropriate handbooks.

Any District employee who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to disciplinary action up to and including discharge. Any District student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to disciplinary action, including but not limited to, suspension and expulsion consistent with the behavior policy. Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to disciplinary action up to and including discharge, with regard to employees, or suspension and expulsion, with regard to students.

**BUS BEHAVIOR**

Students are expected to behave on the school bus just as if they were in a classroom. They must be quiet and sitting in their seat at all times when the bus is moving and must follow the directions and rules of the bus driver.

**Each of our school busses is equipped with a camera that makes a videotape of student behavior.** The purpose of this monitoring is to limit misbehavior on the bus and to provide safe bus transportation for all students. Should a student problem occur on the bus, the transportation director and/or principal may view the videotape to determine the cause(s) of the problem. Due to student privacy issues, only authorized school personnel and law enforcement personnel may view the videotape. The school code permits the school to take appropriate disciplinary action for bus misconduct.

If a student breaks the rules on the bus, he/she will usually be given a written warning first. This written notice must be signed and returned to the driver the next school day in order to ride the bus.

The second time a student breaks the rules on the bus, disciplinary action and possible suspension of bus riding privileges from one to five days may result. Parents must contact the bus driver, principal, or superintendent before the student is allowed to ride the bus.

The third time a rule is broken on the bus and a third notice given or when the infraction is particularly severe, the result may be anywhere from one day to complete suspension from riding the bus. Parents/guardians must meet with the bus driver and superintendent if the student is to be allowed to ride the bus after the suspension -- and then -- only if proper corrective measures have been worked out.

**CELL PHONES/ELECTRONICS**

Cell phones, I-Pods, or other handheld electronic devises are to be turned off and in back packs/book bags while at school. Students bring these items at their own risk.

At the discretion of the bus driver, cell phones or other personal electronic devices may be used on the bus. Ear buds or headphones should be used. If the item creates a disturbance or becomes a behavior issue, the privilege may be revoked.

If a cell phone or other electronic device is confiscated for improper use, it will be returned to the student at the end of the day. Repeated offenses may require a parent/guardian to make arrangements to come to school to pick up the item.
CLOSED CAMPUS

Students are not allowed to leave campus after arriving at school for any reasons other than illness, to keep medical appointments, or for family emergencies. No one is to go home for lunch unless it is for medical reasons and prior arrangements have been made with the administration.

COMPLAINTS & CONCERNS

Students and parents/guardians have both the right and the responsibility to express school related complaints and/or concerns.

For the discussion and consideration of a complaint or concern, any student or group of students should request a meeting time and place with the building principal. One faculty member of the student’s choice may be present at such meeting(s).

Parents/guardians should communicate any concerns in a timely manner and should use the following process to address those concerns:
- Contact the teacher/bus driver/coach etc. to discuss the issue.
- If the conflict is not resolved, the parent should contact the Principal.
- If the conflict is still not resolved, the parent should contact the district Superintendent.
- If the issue is not resolved after contacting the district Superintendent, the parents/guardians may bring the issue to the School Board. They must inform the Superintendent of their request to meet with the School Board at least 48 hours before the next scheduled meeting. Regular board meetings are held on the fourth Wednesday of the month unless otherwise posted.

COMPUTER USE

Computer users are responsible for appropriate behavior on the school’s computers just as they are in any classroom or school activity. The use of the network is a privilege, not a right, and it may be revoked in the event of misuse or abuse of the Internet access, computer hardware or software, including the entering, changing, or deleting of any file on the system other than a student’s own. Users are advised never to access, view, keep, or send anything they would not want their parent, teacher, or principal to see.

CONFERENCES

Parent-Teacher conferences are set for Wednesday and Thursday, October 28–29, 2020. The conferences are held from 5:00 – 8:00 p.m. each day, and are expected to last approximately 15 minutes each. Sign-up sheets will be available for parents to parents during the Meet the Teacher Night.

CRISIS PLAN

Fire and tornado drills are held periodically in accordance with state law. Teachers will review the different types of emergency procedures and assist students in implementing them properly. Students should act quickly and quietly during the drill. Crisis plans are on file in the office and posted in classrooms.
DISCIPLINE

The grade school has adopted an Assertive Discipline Plan in order to encourage more student responsibility. All school rules and procedures are meant to insure a safe and orderly environment where all students can learn.

A copy of the school-wide plan is listed below. Later, you will get a copy of the teacher’s plan for his/her individual classroom.

Rules to Follow Everywhere

- Keep hands, feet, mouth and objects to yourself.
- Follow instructions the teacher or supervisor gives you.

Rules to Follow on the Playground or in the Gym

- Wear acceptable footwear – gym or soft-soled shoes.
- Line up against the wall when you first enter and wait until the supervisor gives directions.
- Use equipment properly and safely.
- No roughhousing.
- No toys from home are to be outside or in the gym.
- Stay within the playground boundaries as designated by the supervisor on duty.
- Anytime the supervisor blows the whistle, all activity is to stop immediately and the students are to look at the supervisor for instructions.
- When the whistle blows at the end of recess, recess is over and all activity is to stop and students are to line up immediately.

Rules to Follow in the Cafeteria

- Walk.
- Talk quietly to people seated near you at your table.
- Stay in your seat, unless given permission to get up.
- No sharing of food.

Consequences for Misbehavior in Classrooms, Halls, Restrooms, Gym, Cafeteria or on Playground

- Caution slips may be given for offenses in or outside the building.
  - When a teacher or supervisor gives a caution slip (three copies), the white and yellow copies go to the recess supervisor and the pink copy goes to the student’s classroom teacher (or the teacher’s mailbox).
  - The recess supervisor marks the caution slip “served” after the student serves his/her punishment (15 minutes) and gives the yellow copy to the student’s classroom teacher (or puts it in the teacher’s mailbox). The white copy is turned in to the school secretary.
  - If the offense occurs during recess, the student will be immediately removed from play to stand by the wall and the student may be given a caution slip.
• If the student doesn’t serve his/her punishment by the end of the following school day, he/she will lose all recesses the next day.

• If a student receives three or more caution slips in one day, he/she is sent to the principal where he/she will remain for the rest of the day or be sent home with parents.

• Parents will be notified after the third caution slip is received.

• Any student receiving four caution slips within one month will serve a one-hour after school detention. (Additional one-hour detentions will be added for each additional caution slip.)

• Caution slips are intended to teach an immediate lesson.

**DRESS CODE**

Parents have the responsibility for dressing and grooming their children appropriately. However, students are not allowed to wear tank-tops with thin straps (aka “spaghetti straps”), shirts that expose bare midriffs, halter tops, short shorts, see-through clothing, or visible undergarments. Clothing items with alcohol, tobacco, or other drug logos, profanity, or threatening statements of violence are forbidden. Shorts and skirts must be to the length of the student’s fingertips unless the student is wearing leggings. Any violation of these guidelines will result in the student being given appropriate clothing to wear or parents/guardians may be called to provide a change of clothing. Hats, hoods, and sunglasses should be removed at the time the students enter the school building. **Clogs, boots and/or any shoes with platform soles are not be worn to school,** close-toed shoes are expected at all times. We have learned from past experiences that these types of footwear cause accidents on stairs or out on the playground.
EMERGENCY INFORMATION

It is important that the district has current emergency information on file for each student. It is part of the Pupil Information Card filled out at registration and must include emergency phone numbers. Parents/guardians should verify their information as well as phone numbers each year at registration and notify the school immediately if there are changes during the year.

FEES

All fees are due and payable at the time of registration, you can make payments through your TeacherEase account. Families unable to pay the full fee at registration should arrange with the office to make monthly payments. Students who have unpaid fees from a previous year will not be permitted to enter school in the fall.

Fee waiver forms are available at the bookkeeper’s office at the High School for families who may qualify.

FIELD TRIPS/PRIVILEGES

Field trips, even when used as part of the curriculum, are a privilege for students. Trips are a reward for good behavior and accomplishments, both academic and social. Students who fail to meet the academic and/or social standards of Franklin Elementary School may be denied participation in field trips based upon staff recommendation.

Parents/guardians will be notified in advance of all field trips where the students will be leaving the school grounds. All school rules apply to school-sponsored off-campus events.

Chaperones for field trips will be selected by classroom teachers based on supervision needs and available space. If the bus is filled to capacity with students and teachers, chaperones are welcome to drive their personal vehicle and meet up with the class at the designated place. They may be asked to pay any individual fees related to the field trip.

School privileges may also include but are not limited to: attending school book fairs, classroom parties, assemblies, field day activities, and any other school activity.

Field trips are an extension of the typical school day, all students are expected to take district transportation to and from the field trip location. Parents will not be allowed to take their children home during the field trip.

An incomplete grade is to be used only when work has not been completed due to illness or other extreme circumstances. The teacher and student should complete and finalize this grade within a two-week time period.
**HOMEWORK**

When students are absent they may make up their work when they return or their parents/guardians may call for a list of work to be made up. All calls for homework need to be made before noon, and the homework should be picked up at the end of the school day.

If a student will be out of school for a family vacation, all homework will be assigned and completed following his/her return, not prior to their leaving.

Students will be granted time, upon their return to school, equal to the number of days missed to complete makeup work. For example, a student who is absent for three days of school will have the next three school days to complete their makeup work. **It is the student and parent’s/guardian’s responsibility to make sure missed assignments are completed.**

**IAR TESTING (Illinois Assessment of Readiness)**

IAR is the state-required series of tests given to students in grades 3 – 5. Tests are given in the areas of English Language Arts (ELA) and mathematics at all of these grade levels as well as science for 5th grade. All testing is completed electronically via computer. The results will show how well our schools and the district are doing in meeting the adopted Illinois Learning Standards, also known as the Common Core State Standards, for learning. Individual student results of the IAR assessments will be reported to parents, and school results will appear on the district report card.

**ILLNESS OR DISEASES**

The school reserves the right to require a doctor’s clearance, whenever school officials feel it is necessary, to protect the health either of the pupil who has been ill or that of the other pupils in school. If you are not sure about a particular case, please call your doctor for advice before time for your child to return to school.

*A student who has been ill with a common cold, sore throat, or flu, (etc.) should not return to school until he/she has been free of fever (without medication) and vomiting for 24 hours.*

**INSURANCE**

Your child has secondary coverage against medical expenses for accidents that occur while attending regular school sessions. This coverage includes travel time for your child traveling from your residence to attend regular school sessions. If your child travels to school on a district bus, the coverage extends to travel time of the bus. This generous protection is provided to you by your local School Board.

Students should avoid wearing expensive coats, clothing, or jewelry to school. **Franklin C.U.S.D.# 1 is not responsible for missing or damaged items.**
**MEDICATION**

**CUSD #1 MEDICATION GUIDELINES**

1. Medications are administered at school in accordance with the Recommended Practices and Procedures Manual from the Illinois State Board of Education. Administering medications at school is discouraged. However, some pupils with long-term chronic illness or disability may require medication during the day. Only in exceptional cases in which failure to take medication could jeopardize the child’s health and/or education, should medication be administered at school.

2. *All medications that are brought to school must be sent to the nurse’s office upon arrival.* All medications must be sent to school in the MOST CURRENT prescription bottle. This means daily medications must have an updated prescription bottle each month with the refill. **No old bottles will be accepted.**

3. Medication will be stored in a locked cabinet or released for the student as needed for self-administration. **It is recommended that medications be delivered to the school by the parent.**

4. **All medications given at school, including prescription and over the counter medications, which include Tylenol, Motrin and cough and cold medications, must be prescribed by a licensed prescriber on an individual basis as determined according to the student’s health status. All Essential Oils need to be kept locked in the school office. Add this language or not??**

5. Medications must be sent to school in the original container as dispensed by the pharmacy, and over the counter medications must be in the original packaging from the store. **The medication MUST be accompanied by the Franklin CUSD #1 medication administration form signed by both the physician and the parent/guardian.** This form can be found on the school’s website by going to menu, district, and nurse’s information. **Any change in the dosage or administration must have written authorization from the prescriber.**

6. The morning doses of medications should be given at home.

7. The school reserves the right to have the time of medication administration at school adjusted to meet the schedule and availability of staff for administration.

8. Questions concerning medications will be referred to your child’s physician.

9. Self-managed medications will be evaluated individually by the school nurse (i.e. asthma inhalers, epi-pens, and medication to manage diabetes). It is recommended that spare medications be kept in the office for emergency use.

10. CUSD #1 medication forms are available on the website, in each school office, or in the nurse’s office and must be completed by the physician and parent/guardian.
11. The school NOT only has the right, but also the responsibility to refuse to administer any medication at school if properly qualified individuals are not available.

12. The school will ascertain from the parent and/or the physician the necessity for administering medication during school hours and will retain the discretion to reject requests that do not meet the medication guidelines. Medication sent to school without proper documentation will NOT be given.

Self-Administration of Medication

A student may possess an epinephrine auto-injector (EpiPen) an asthma inhaler, or diabetic testing supplies and insulin, prescribed for use at the student’s discretion, provided the student’s parent/guardian has completed and signed a Medication/Treatment Authorization Form.

This procedure shall be allowed after the following conditions have been met:
- A written release of liability from the parent/guardian;
- Written permission from the Superintendent or his designee;
- Written permission from the doctor.

ANNUAL VISION SCREENING: Vision screenings will be done, as mandated, for children in pre-school ages three or older; children in Kindergarten, 2nd, and 8th grades; and all special education students, transfer students and teacher referrals. Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo the vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months and that evaluation is on file at the school. This notice is not permission to test. Vision screening is not an option. If a vision examination report is not on file at the school for your child, your child in the mandated age/grade/group will be screened as required by law.

ANNUAL HEARING SCREENING: Hearing screenings will be done, as mandated, for children in pre-school ages three or older; children in Kindergarten, 1st, 2nd, 3rd grades; and all special education students, transfer students and teacher referrals. Hearing screening is not a substitute for a complete hearing evaluation by a doctor. Your child is not required to undergo the hearing screening if an otolaryngologist or audiologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months and that evaluation is on file at the school. This notice is not permission to test. Hearing screening is not an option. If a hearing examination report is not on file at the school for your child, your child in the mandated age/grade/group will be screened as required by law.
**NONDISCRIMINATION**

Applicants for admission or employment, students, parents of elementary and secondary school students, employees, sources of referral, and all professional organizations that have entered into agreements with Franklin C.U.S.D. 1 are hereby notified that our School District does not discriminate on the basis of race, color, national origin, sex, age, or disability in admission or access to, or treatment or employment in, its programs and activities. Our District’s Compliance Coordinator is: Dr. Curt Simonson, Interim-Superintendent, Phone: 675-2395.

**PARENTS RIGHT-TO-KNOW**

Parents/guardians of students in a Title I school have the right and may request information regarding the professional qualifications of their child’s classroom teacher. This information includes, at a minimum, the following:

- Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
- The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
- Whether the child is provided services by paraprofessionals and, if so, their qualifications.

If at any time your child has been taught for four or more consecutive weeks by a teacher not highly qualified, the school will notify you.

**PERSONAL BELONGINGS**

Students should leave items at home that present a safety problem and/or items that are not necessary for the educational process. For these reasons students are not to bring toys, fidget spinners, nerf balls, basketballs, or jump ropes, etc. to school.

Personal magazines, books, and computer-generated material require teacher approval.

Students should never bring an excessive amount of money to school; it is best to bring only the amount of money needed for expenses expected that day and to keep it on their person rather than in their desk.

**Franklin C.U.S.D. #1 will not be responsible for the loss, theft, or breakage of any object that a child brings to school.**
PEST MANAGEMENT

In 1999 the Illinois General Assembly passed laws requiring that public schools notify parents/guardians and school employees at least 48 hours prior to any pesticide applications on school property. The term “pesticide” includes insecticides, herbicides, rodenticides and fungicides. The notification requirement extends to both indoor and outdoor pesticide applications. Excluded from the notification requirement are antimicrobial agents (such as disinfectants, sanitizers or deodorizers), insecticide baits, and rodenticide baits. Franklin C.U.S.D. #1 has, therefore, established a registry of people who wish to be notified. To be included in this registry, please contact the superintendent.

P.E.

Students at Franklin Elementary and East Grade School have 30 minutes of P.E. five days per week.

If a student has a special condition which prohibits him/her from participating in P.E. activities, a written note from the parents/guardians must be submitted to the P.E. teacher asking to be excused from specific P.E. activities. However, if a student is excused from P.E., he/she will not be allowed to play during noon recess. Any excused absence beyond five days will require a note from a doctor.

For the safety of your child, gym shoes are required for P.E. They must be regular athletic shoes; no heels, platform soles, or backless slings are allowed. Students may either wear them to school or bring a pair to change into before P.E. class.

PROPERTY LOSS OR DAMAGE

In the event that school property is lost or damaged, either accidentally or voluntarily, the student or parent/guardian will be expected to pay for the full repair or replacement of said lost or damaged item. School property includes, but is not limited to: busses, the school facilities and furniture, as well as all items used in the instructional process (books, electronics, etc.). Arrangements must be made with the district business office for any payment required.

PROTECTION OF PUPIL RIGHTS (PPRA)

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. § 1232h, requires Franklin C.U.S.D. #1 to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas (“protected information surveys”):

- Political affiliations or beliefs of the student or student’s family;
- Mental or psychological problems of the student or student’s family;
- Sex behavior or attitudes;
- Illegal, anti-social, self-incriminating, or demeaning behavior;
- Critical appraisals of others with whom respondents have close family relationships;
- Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
- Religious practices, affiliations, or beliefs of the student or parents; or
- Income, other than as required by law to determine program eligibility.
RESIDENCY AND ENROLLMENT

Students must be residents of Franklin Community Unit School District #1. Parents or guardians may be required to furnish proof of legal residency. Such proofs include, but are not limited to, tax bill, driver’s license, utility bill, or a letter from a landlord. Proof of residency is the responsibility of the parent/guardian. Tuition will be paid to the Franklin School District for any period of time the student attends school as a nonresident.

At the time of initial registration to Franklin School District, a student must present a certified copy of their birth certificate.

Residency Regarding Military Obligations
If a pupil’s change of residence is due to the military service obligation of a person who has legal custody of the pupil, then, upon the written request of the person having legal custody of the pupil, the residence of the pupil is deemed for all purposes relating to enrollment (including tuition, fees, and costs), for the duration of the custodian’s military service obligation, to be the same as the residence of the pupil immediately before the change of residence caused by the military service obligation. A school district is not responsible for providing transportation to or from school. School districts shall facilitate re-enrollment when necessary.

RESPONSE TO INTERVENTION

The process of providing interventions to students who are at risk for academic and social-emotional problems is called RTI. The RTI process is a multi-step approach to providing services and interventions to students who struggle with learning and behavior in the school setting at increasing levels of intensity. All students are given a reading fluency and comprehension screening and a math screening in the fall, winter, and spring. In addition, students are screened for risk factors related to social-emotional behaviors. All students who do not meet the set expectations on the screenings, who are below standards on their IAR test, or who are referred by their classroom teacher are given further testing to determine if they are in need of interventions. If interventions are needed, students will receive these interventions during the regular school day and parents will be informed of the interventions being provided. The progress made by students at each stage of intervention is closely monitored. The information gained from an RTI process is used by school personnel and parents to adapt instruction and to make decisions regarding the student’s educational program.

REWARDS FOR GOOD BEHAVIOR

Certified staff members have the opportunity to issue rewards for good behavior.

Franklin Elementary Pride Incentive Program We have a Franklin Elementary Pride incentive program based on grades, behavior, attendance, and completion of homework. Students who meet the requirements of the Franklin Elementary Pride levels will be eligible to participate in semester/quarterly activities such as movies, roller skating, visits to parks, etc. A copy of this program will be provided by your child’s teacher.
SEARCH & SEIZURE

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student’s personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence that the particular student has violated or is violating either the law or the school or district’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district’s policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

SEX OFFENDER & VIOLENT OFFENDER INFORMATION

State law requires that all school districts provide parents/guardians with information about sex offenders and violent offenders against youth. You may access information regarding registered sex offenders through the Statewide Sex Offender Database at www.isp.state.il.us/sor/. Information on violent offenders is available through the Illinois Statewide Child Murderer and Violent Offender Against Youth Registry at www.isp.state.il.us/cmvo/. State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual’s child(ren):

- To attend a conference at the school with school personnel to discuss the progress of their child;
- To participate in a conference in which evaluation and placement decisions may be made with respect to their child’s special education services;
- To attend conferences to discuss issues concerning their child such as retention or promotion.
In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the Superintendent or School Board. Anytime that a convicted child sex offender is present on school property – including the three reasons above – he/she is responsible for notifying the principal’s office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children. A violation of this law is a Class 4 felony.

**SOCIAL WORK SERVICES**

Social workers/counselors will be available to assist children/families with academic, adjustment and behavioral concerns, including social/emotional that are impacting the students learning. A social worker and/or counselor may see a student up to (4) times a year without parental consent. The student’s parent(s)/guardian(s) must give consent for regular or continuing services.

6. Using or possessing a laser pointer unless under a staff member’s direct supervision and in the context of instruction.

7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member’s request to stop, present school identification, or submit to a search.

8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.

9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.

10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.

11. Teen dating violence, as described in Board policy 7:185, Teen Dating Violence Prohibited.

12. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person’s personal property.

13. Entering school property or a school facility without proper authorization.

14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.

15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.

16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.

17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.

19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.

21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

**Disciplinary Measures**

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.

8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.

9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.

10. Suspension of bus riding privileges in accordance with Board policy 7:220, Bus Conduct.

11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures. A student who has been suspended shall also be restricted from being on school grounds and at school activities.

12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures. A student who has been expelled shall also be restricted from being on school grounds and at school activities.

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.

14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), “look-alikes,” alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alikes” of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent’s determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm. This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student’s ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student’s parent/guardian. “School grounds” includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.
Suspension Procedures

In-School Suspension
The Superintendent, Principal or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

1. Before assigning a student to in-school suspension, the charges will be explained and the student will be given an opportunity to respond to the charges.
2. Students are supervised by licensed school personnel.
3. Students are given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

Out-of-School Suspension
The Superintendent, Principal or designee shall implement suspension procedures that provide, at a minimum, for each of the following:

1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.
2. A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. An attempted phone call to the student's parent(s)/guardian(s).
4. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
   a. Provide notice to the parent(s)/guardian(s) of their child’s right to a review of the suspension;
   b. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit;
   c. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend;
   d. Provide rationale or an explanation of how the chosen number of suspension days will address the threat or disruption posed by the student or his or her act of gross disobedience or misconduct; and
   e. Depending upon the length of the out-of-school suspension, include the following applicable information:
      i. For a suspension of 3 school days or less, an explanation that the student’s continuing presence in school would either pose:
         a) A threat to school safety, or
         b) A disruption to other students’ learning opportunities.
      ii. For a suspension of 4 or more school days, an explanation:
         a) That other appropriate and available behavioral and disciplinary interventions have been exhausted,
         b) As to whether school officials attempted other interventions or determined that no other interventions were available for the student, and
         c) That the student’s continuing presence in school would either:
            i) Pose a threat to the safety of other students, staff, or members of the school community, or
ii) Substantially disrupt, impede, or interfere with the operation of the school.

iii. For a suspension of 5 or more school days, the information listed in section 4.e.ii., above, along with documentation by the Superintendent or designee determining what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension.

5. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Board by the Superintendent or designee.

6. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board. At the review, the student’s parent(s)/guardian(s) may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. Whenever there is evidence that mental illness may be the cause for the suspension, the Superintendent or designee shall invite a representative from the Department of Human Services to consult with the Board. After presentation of the evidence or receipt of the hearing officer’s report, the Board shall take such action as it finds appropriate. If the suspension is upheld, the Board’s written suspension decision shall specifically detail items (a) and (e) in number 4, above.

**Expulsion Procedures**

The Superintendent, Principal or designee shall implement expulsion procedures that provide, at a minimum, for the following:

1. Before a student may be expelled, the student and his or her parent(s)/guardian(s) shall be provided a written request to appear at a hearing to determine whether the student should be expelled. The request shall be sent by registered or certified mail, return receipt requested. The request shall:
   a. Include the time, date, and place for the hearing.
   b. Briefly describe what will happen during the hearing.
   c. Detail the specific act of gross disobedience or misconduct resulting in the decision to recommend expulsion.
   d. List the student’s prior suspension(s).
   e. State that the School Code allows the School Board to expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis.
   f. Ask that the student or parent(s)/guardian(s) or attorney inform the Superintendent or Board Attorney if the student will be represented by an attorney and, if so, the attorney’s name and contact information.

2. Unless the student and parent(s)/guardian(s) indicate that they do not want a hearing or fail to appear at the designated time and place, the hearing will proceed. It shall be conducted by the Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate. Whenever there is evidence that mental illness may be the cause for the recommended expulsion, the Superintendent or designee shall invite a representative from the Dept. of Human Services to consult with the Board.

3. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. School officials must provide: (1) testimony of any other interventions attempted and exhausted or of their
determination that no other appropriate and available interventions were available for the student, and (2) evidence of the threat or disruption posed by the student. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled. After presentation of the evidence or receipt of the hearing officer’s report, the Board shall decide the issue of guilt and take such action as it finds appropriate.

4. If the Board acts to expel the student, its written expulsion decision shall:
   a. Detail the specific reason why removing the student from his or her learning environment is in the best interest of the school.
   b. Provide a rationale for the specific duration of the recommended expulsion.
   c. Document how school officials determined that all behavioral and disciplinary interventions have been exhausted by specifying which interventions were attempted or whether school officials determined that no other appropriate and available interventions existed for the student.
   d. Document how the student’s continuing presence in school would (1) pose a threat to the safety of other students, staff, or members of the school community, or (2) substantially disrupt, impede, or interfere with the operation of the school.

5. Upon expulsion, the District may refer the student to appropriate and available support services.

STUDENT RECORDS - THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to their education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access.

   Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. If the records are not maintained by the District official to whom the request was submitted, that official shall advise the parents or eligible students of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the parents or eligible student believes are inaccurate or misleading.

   The parents or eligible student may ask the Franklin School District to amend records that they believe are inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

   If the District decides not to amend the record as requested by the parents or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s
education records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with
legitimate educational interests. A school official is a person employed by the District as an
administrator, a supervisor, an instructor, or a support staff member (including health or medical
staff and law enforcement unit personnel); a person serving on the School Board; a person or
company with whom the District has contracted to perform a special task (such as an attorney, an
auditor, a medical consultant, or a therapist); or a parent or student serving on an official
committee such as a disciplinary or grievance committee, or assisting another school official in
performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an educational
record in order to fulfill his or her professional responsibilities.

Upon request, the District discloses education records without consent to
officials of another school
district in which a student intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by
the District to comply with the requirements of FERPA.

The address of the Office that administers FERPA is:

Family Policy Compliance Office
U. S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-4605

Directory information may be disclosed without prior notice or consent unless the parent/guardian
or eligible student notifies the Records Custodian or other official in writing, before October of the
current school year, that he/she does not want any or all of the directory information disclosed.
Directory information may include the student’s name, address, telephone listing, date and place
of birth, major field of study, participation in officially recognized activities and sports, weight and
height of members of athletic teams, dates of attendance, degrees and awards received, the most
recent previous educational agency or institution attended, e-mail address, and photograph.

Pictures of students will be included in the yearbook, in newspaper articles, on school web sites,
and other school publications unless a parent has responded in writing that they do not want
individual pictures of their children included in these activities.
STUDENT USE OF ELECTRONIC DEVICES

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, smart phone, audio or video recording device, personal digital assistant (PDA), iPod®, iPad®, laptop computer, tablet computer or other similar electronic device. During instructional time, which includes class periods and passing periods, electronic devices must be kept powered-off and out-of-sight unless: (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in a student’s individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting).

The school and school district are not responsible for the loss, theft or damage to any electronic device brought to school.

Students in violation of this procedure are subject to the following consequences:

1. First offense – The device will be confiscated by school personnel. A verbal warning will be assigned. The student will receive the device back at the end of the day in the school office.

2. Second offense – The device will be confiscated. The student’s parent/guardian will be notified and required to pick up the device in the school office.

3. Third offense – The device will be confiscated. A detention will be assigned. The student’s parent/guardian will be notified and required to pick up the device in the school office. Additionally, the student will be prohibited from bringing the device to school for the next 10 school days. If the student is found in possession of the device during this 10-day period, the student will be prohibited from bringing the device to school for the remainder of the school year.

4. Fourth and subsequent offense – The device will be confiscated. The student will be assigned a detention and will be prohibited from bringing the device to school for the remainder of the school year. The student’s parent/guardian will be notified and required to pick up the device in the school office.

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.
SUPPLIES

Students are responsible for bringing supplies such as paper, pencils, crayons, etc. that are on the supply list for his/her class.

TEACHER/SUPPORT STAFF CONFERENCES

Parents/guardians who desire a conference for any reason with a teacher or support staff member should call and make an appointment for a time to meet with them when students are not present. It is inappropriate for any of our staff to be expected to talk to parents while they are responsible for students - either in a classroom, lunch room, or play area. Parents who show up unexpectedly will be asked to wait in the office until the staff member has time to meet with them. Please be aware that any staff member may ask another person (either a teacher or the principal) to be present during the conference.

TELEPHONE USE

Teachers and students are not to be called from the class for a phone call unless an emergency exists. Messages will be given to teachers and/or students regarding information for them. No student is to use the phone unless an emergency exists and he/she has permission from his/her teacher.

TEXTBOOK RENTALS & REPLACEMENT

Our school uses a textbook rental plan for convenience and to help save money for parent/guardians. In accepting the rental plan, students and your parents agree to take good care of all books and to pay the amount charged if any are lost, damaged, or show unusual wear. Each textbook will be numbered and a record made of the pupil using the book. If a textbook is lost or damaged, the cost will be determined by the age of the book. A replacement cost will also be charged for lost report cards or assignment books.

TITLE I

Title I is a pullout program designed to provide supplemental instruction for those students in Grades K – 5 who are reading below grade level. Referrals are usually made by teachers, and/or administration.

TITLE IX GRIEVANCE PROCEDURE

Franklin Community Unit School District #1 does not discriminate on the basis of sex in admission to or employment in its education programs or activities. Inquiries concerning the application of Title IX and its implementing regulations may be referred to the Title IX coordinator (Mrs. Streit) or to the Office for Civil Rights of the United States Department of Education (OCR).
VISITORS

In an effort to maximize every child’s education and keep them safe at Franklin Elementary and East Grade School, we would like to remind all parents/guardians that anytime you visit our school you are required to **check in at the office first - it is a state mandate.** This includes delivering a message or dropping off personal items such as books, homework, lunches, etc. to your child. Staff may request any visitor to provide identification and to state the purpose of their visit.

While this practice is part of our safety management plan, it also will assist with our desire to prevent avoidable classroom disruptions during critical classroom lessons. Visitors to the classroom are always exciting for students (and we also love having anticipated visits from parents as well), but when visits are unanticipated they often lead to an educational distraction.

WEATHER CONDITIONS

You will be informed in the event school is not being held, is starting late, or is being dismissed early over radio stations WLDS and WJIL of Jacksonville, WMAY/WFMB of Springfield, WIBI of Carlinville, and over TV Channel 20 of Springfield. These announcements due to bad weather conditions will normally be called in by 6:30 a.m. The Franklin School App will also send out notifications via, text and/or phone calls. Our school Face Book page will also have this information. Please note that snow/emergency days, interrupted days/heat days, as well as late start school days may be announced the evening before when possible.

WIN TIME (WHAT I NEED)

Students will participate in a 30-minute WIN Time of phonics-based, language, or writing skills three times a week. Some levels may have a short, daily homework assignment designed to reinforce the focus skill. Math WIN time is also available for students who may need extra support.
