WELCOME TO MADISON HIGH SCHOOL

The faculty and administration of Madison High School extend a warm welcome to all students and their families. It is our hope that your school year will be challenging, rewarding, and productive.

This handbook will acquaint you with the various opportunities, regulations, practices, and policies that govern MHS. Intended as a guide, this handbook will provide an outline of expectations and procedures that contribute to the operation of our school. Madison School District Policies can be found on the district website: [www.madison.k12.sd.us](http://www.madison.k12.sd.us).

Education is a cooperative venture between parents, students, teachers, and administrators. Working together, we will help our young people fully achieve their potential. One key to this cooperative effort is communication. This handbook is provided to establish communication and an understanding of school procedures and expectations.

Please feel free to communicate with school personnel at any time if you have questions, concerns, or inquiries. We are here to serve all students and families.

Respectfully,
Adam Shaw, Principal
Michael Ricke, Assistant Principal and Activities Director

Statement of Rights

Students of Madison High School have the basic constitutional rights guaranteed to all citizens. In exercising these rights, students have a responsibility to respect the fundamental rights of all citizens. One purpose of school is to encourage the responsible use of these rights and develop good citizenship within the framework of an educational society. The school is a community, and the rules of a school are the laws of that community. To enjoy the right of citizenship in the school, students must also accept the responsibilities of citizenship.

**Right to Nondiscrimination** *(Reference MSD School Board Policy AC)*

The Madison School District does not discriminate in its employment, policies and practices, or in its educational programs or activities based on race, color, creed, religion, age, marital status, gender, political affiliation, disability, national origins, or ancestry. Inquiries concerning the application of Title VI, VII, or Title IX may be referred to Joel Jorgenson, Superintendent of School, 800 NE 9th St, Madison, South Dakota 57042(605-256-7700). Or, contact the Regional Director, Department of Ed, Office of Civil Rights, 10220 No. Executive Hills Blvd, 8th Floor, Kansas City, MO 64153-1367.

**Right of the Disabled**

All students with disabilities in the Madison School District are entitled to the benefits of a free, appropriate educational program. For specific information about eligibility and services, please contact Adam Shaw, Principal, 256-7706.

**Section 504/American Disabilities Act**

For a complete description of the rights granted under Section 504 to students with disabilities, please contact Adam Shaw (256-7706) at Madison High School.

**Right to Confidentiality of Student Records** *(Reference MCSD School Board Policy JO and JO-R)*

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older certain rights with respect to the student’s education records. These rights are:

- The right to inspect and review the student’s educational records within 45 days after the day MHS receives a request for access.
- The right to request the amendment of the educational records believed to be inaccurate, misleading, or in violation of a student’s privacy right under FERPA.
- The right to request an impartial hearing if the district refuses to amend an educational record.
- Have assurance that no student record will be disclosed without informed parental consent, except to persons with a legitimate education interest.

Individual student records are confidential. The exception to this is directory information. The primary purpose of directory information is to allow the school district to include this type of information from your child’s education records in certain school publications (programs, rosters, yearbook, honor roll or other recognition lists, and graduation programs). The release of this information does not require the consent of students, parents, or guardians. Directory information may include: the student’s name, date and place of birth, participation in official activities, weight and height of members of athletic teams, photographs, honors, awards, grade level and date of attendance.

**Right to Refuse Military Recruiter Access**

The National Defense Authorization Act provides that military recruiters may be provided access to secondary school students’ names, addresses, and telephone listings. Parents have the right to deny permission for Madison High to release this information. Contact the High School if you wish to deny permission.

**Right to Due Process** *(Reference MCSD School Board Policy JFA)*

The Board and administration have the legal authority to deal with disruptive students and student misconduct. All students are entitled to due process when they are subjected to disciplinary actions such as suspension and expulsion. Basic due process provides that (1) the student is given oral or written notice of the charges; (2) the student is given an oral or written explanation of the facts that form the basis of the proposed suspension and (3) the student is given an opportunity to present his/her version of the incident.

The South Dakota Board of Education rules must be followed when suspending or expelling students.
**Process for Complaints about Federal Programs** *(Reference MCSD School Board Policy KE)*

A parent, student, employee, or District stakeholder who has a complaint regarding the use of federal funds and is unable to solve the issue, may address the complaint in writing to the District’s superintendent. Disputes addressing the enrollment, transportation (including inter-district disputes), and other barriers to the education of children and youth experiencing homelessness are also addressed under this procedure. Parents, guardians, and unaccompanied youth may initiate the dispute resolution process directly at the school they choose, as well as at the District or District’s homeless liaison’s office. The parent or guardian or unaccompanied youth shall be provided with a written explanation of the school’s decision including the rights of the parent, guardian, or youth to appeal the decision. Students should be provided with all services for which they are eligible while disputes are resolved.

1. The superintendent will investigate, within one week, the circumstances of the complaint and render a decision, within two weeks, after receipt of the complaint.
2. The superintendent will notify the complainant of the decision in writing.
3. The complainant will be allowed one week to react to the decision before it becomes final.
4. The complainant will either accept or disagree with the decision and will provide such acknowledgement in writing, addressed to the District’s superintendent.
5. If the issue is not resolved with the superintendent, the complaint will be forwarded to the District’s School Board for further review. The parent or guardian or unaccompanied youth shall be provided with a written explanation of the District’s decision including the rights of the parent, guardian, or youth to appeal the decision.
6. Unresolved complaints may be forwarded by the stakeholder to the South Dakota Department of Education for review.

4. Drop/Add Regulations

Any changes made to a schedule after this can only be made with administrative approval. Schedules will be considered final for the semester five school days after the semester starts. **A student dropping the course after 15 school days will be given a failing grade.**

5. Early Graduation Policy *(Reference MCSD School Board Policy IKFAA)*

Any students who intend to meet graduation requirements by the end of the first semester of their senior year must submit a letter of application to the principal during the first semester of their junior school year. The student’s parents must sign the letter. The early graduation committee consisting of a guidance counselor and two teachers will make a recommendation to the principal. The principal will make a recommendation to the superintendent.

11. Honor Roll
The honor roll for the high school is divided into three sections:
4.0 - All A’s
3.6 - 3.99 - Roll of Excellence
3.0 - 3.59 - Merit Roll
No student will be on the honor roll who has earned a “D” or “F” in any course during that grading period.
The student must be enrolled in six or more academic subjects within Madison High School. Honor rolls will be posted at the end of each quarter and will be based on the quarter grades.

12. Incompletes
A student will have ten school days from the end of each quarter to make up any incomplete work still outstanding due to extraordinary circumstances. This ten-day period DOES NOT apply to work that is expected to be made up after normal absences. After this ten-day period, all incomplete grades become an “F” unless the classroom teacher and administration have granted the student an extension.

13. Library
Madison High School has a well-stocked library with books for general reading, supplemental books for class work, and general reference works such as encyclopedias and atlases. In addition, many magazines and newspapers are available. The library is a member of the South Dakota Library Network (SDLN), a statewide library system containing the catalogs of the State Library and over fifty member libraries. Membership in SDLN provides the library with an online way to manage library functions. SDLN membership also gives students and staff access to several online databases through the school’s network. A Madison School library barcode gives patrons access to the catalog and the databases from home as well. Valuable library information can be found on the high school’s homepage.

14. Make Up Work
In the case of an excused absence, the student shall make up the work and receive full credit. Students will be given at least as many school days as they were absent plus one additional school day to make up the work for full credit. In the event that a test was scheduled prior to the absence and the student knew the test would be given on that day, the student may be expected to take the test on the day he/she returns to school. In the event a long term assignment is due additional days may or may not be given at the discretion of the teacher. It will be the sole responsibility of the student to make arrangements with the
teacher for assignments and class activities missed during a parental request absence. If a grading period falls within the allowed time to make up work due to an absence, an "incomplete" shall be recorded. An incomplete becomes a "failure" if not made up within time allowed although teachers may extend deadlines under unusual circumstances.

15. **Open Campus** *(Reference MCSD School Board Policy JEFA)*

The School Board allows open campus under the following criteria for eligibility:

1. Only senior students are eligible for this privilege.
2. Any senior receiving an F in the previous semester is not eligible. Seniors must have all school obligations met to be eligible for open campus.
3. One open campus period will be allowed per semester.
4. Students will be allowed only one out-of-the building period per semester.
5. An administrator may remove a senior from open campus for reasons of discipline, academics, or classroom attitude. If a senior has an F at an interm posting, they are required to attend Study Table on Friday mornings.
6. If a senior remains in the building, he/she must be under the supervision of a staff member. Students are not allowed to loiter in the parking lot and/or in the building.

16. **Opportunities for Post-Secondary Credits** *(Reference MCSD School Board Policy IHCDA)*

Seniors may be eligible to receive dual credit (high school and college credit) by enrolling in selected courses at MHS. Please meet with the counselors to find out about these courses and their requirements.

Sophomores, Juniors, and Seniors are allowed to take courses at DSU. A college course of 3-credit value or above will earn .5 high school credit upon successful completion of the course.

17. **Parent Portal**

Parents will have access to their child’s academic information, attendance, and discipline records using the parent portal. This portal is accessed through the internet and is available to all parents who have students in MHS. Parents need to make contact with the principal for password data.

18. **Parent Teacher Conferences**

Parent teacher conferences are held once each semester. In addition, parents and students may access grades in any class through Parent Portal, and teachers are encouraged to send out progress reports at any time. Parents are urged to contact teachers to discuss and/or help their students when necessary.

19. **Plagiarism/Cheating**

Plagiarism is using and portraying the ideas or writings of another persons as one’s own. Cheating is using/giving help or assistance in any unauthorized way to complete an assignment or test. Any student guilty of cheating or of plagiarism faces a zero for that particular assignment or test, and parents will be notified.

20. **Post-Secondary School Visits**

One post-secondary school visit will be allowed that will not count toward the attendance discipline policy. Two days will be allowed if the student visits a school that requires an overnight stay for travel. Administrative approval is needed. Any further school visits will be counted toward the attendance discipline policy. All post-secondary school visits must be arranged through a contact with the guidance department or it will not be excused. Try to arrange visits on days that MHS is not in session.

21. **Report Cards**

Report cards are issued at the end of each quarter and each semester. Letter grades are used to denote pupil progress in each course for the semester. The final grade for the semester is the grade recorded on the permanent record and official transcript.
22. **PRIDE**
All students will be assigned to a PRIDE group. PRIDE will take place on Friday mornings as needed. PRIDE teachers will serve as teacher advisors, so PRIDE time will also be used to monitor student academic progress, to explore vocational and career options, and to promote responsibility and respect. Students who are late or have unapproved absence from PRIDE will have the same consequences as an unexcused absence or tardy from other class periods.

23. **Weighted Grades and Advanced Placement Classes** *(Reference MCSD School Board Policy IKA)*
The purpose of the weighted grading scale is to: encourage and reward students for enrolling in challenging academic courses; better prepare and qualify high school students for post-secondary education; incorporate the level of difficulty, as well as the grades each student received, into the organization of class rank; and improve opportunities for academic scholarships. Students will be encouraged to take the Advanced Placement Test to earn college credit for nominal cost. Advanced Placement Courses will receive the weighting of .025 for each AP semester successfully completed. To receive the weighted grade, the student must complete two semesters, and the weighted amount will then be added for both semesters. A course dropped before completion (2 semesters) will not receive the additional .025 weighted grade for either semester. The weighted grading scale is limited to Advanced Placement Courses.

4. **Dress Code** *(Reference MCSD School Board Policy JFCA)*
Parents should use good judgment in determining what is appropriate dress and grooming for their children in accordance with the age and grade of these students. These decisions should reflect favorably upon the individual students, the school and the community, and be made in cooperation with the administration. Student dress is to be neat and clean at all times.

   Students have a right to choose their own style of dress and personal appearance as long as it does not:

   a) interfere with the educational process or learning environment;

No food or drink will be allowed in the classrooms except for water with teacher permission. *When computers are in use, no food or liquid is allowable!* Food should only be eaten in the cafeteria area.

7. **Guidance and Counseling** *(Reference MCSD School Board Policy IJ)*
Guidance and counseling are an integral part of each student’s total educational program. The program is designed to address the needs of all students by helping them acquire competencies in career planning and exploration, knowledge of self and others, and academic and educational development. The guidance curriculum is delivered through such strategies as classroom and group activities and individual planning. Parents are encouraged to contact the counselors at any point to discuss their concerns.

8. **Illness/Accident/Injury** *(Reference MCSD School Board Policy JHCDE)*
1. If any student becomes ill, or has an accident during school hours, the student is to report to the principal's office. The parents shall be notified and requested to come for their child. The student will remain in school until released. In cases where the parents can't be reached, the student will be taken
to their home only if a guardian, relative, or person designated by the parents is there to care for the

student.  

2. Do not leave the building without reporting to the principal's office.  If a student leaves the
building without reporting to the principal, it will be considered an unexcused absence. (Extreme

9. **Lockers** *(Reference MCSD School Board Policy JFG)*

Students may obtain a hallway locker in which they may keep their books and personal belongings. Students are responsible for the locker assigned to them. Do not give your combination to anyone. It is recommended that students either carry valuables or check them with the school secretary. Students are responsible for all school materials (textbooks, computers, etc) that are assigned to them. Students should carry most of their books for the morning or afternoon classes. This plan will avoid tardies. Lockers remain the property of the school district, and the right of inspection is inherent in the authority granted to school boards and administration. The school district has the right to search lockers when school authorities have reasonable cause to believe that the locker is improperly used for the storage of any substance or object which is illegal, or any contraband, which poses a hazard to the safety and order of the school environment. Students shall not store in their lockers, or have in their possession, any items that are expressly prohibited, or violate safety, health or standard morality. Examples are: weapons, drugs, alcohol, pornographic materials, incendiary items, or items that may jeopardize the welfare or safety of other students.

15. **School Closing** *(Reference MCSD School Board Policy EBCD)*

Information concerning the closing of school during times of emergency (due to inclement weather, a malfunction of the school facilities, or when the safety or welfare of the student will be in danger) can be secured by tuning to radio station KJAM or log on to KELO web site. (DO NOT CALL KJAM OR KELO). In addition, School Reach, an automated broadcasting service, will contact all families that have
registered with the program as soon as any school closing decision has been made. Please contact the MHS office to get signed up for this service.

16. School Dances
1. All administration-approved school parties, functions, or dances may continue until 11:30 pm. Jr./Sr. Prom may continue until 12:00 midnight.

4. Doors will be locked one hour after the start of the dance, and no students will be allowed to enter the dance after that announced time.
5. Any person admitted to a dance or party must remain in the facility until he/she is ready to leave. No one will be allowed to reenter the dance or party after having once left.
6. Proper conduct must be observed. Chaperones may remove immediately any student misbehaving. Any student ejected for misbehavior may be excluded from future functions and/or activities for the remainder of the school year.

Parents would be given the opportunity to review the surveys and to opt out of participation.

18. Telephone Use
Any calls using the school phone may be made only with the secretary’s or principal’s permission. **Students will not be called to the phone during class time, except in an emergency situation. Only emergency messages will be delivered to a student during class hours.** Please make the necessary arrangements with your parents and employers.

19. Use of Cell Phones and other Electronic Devices
The use of electronic devices by students in the school setting can be disruptive to the orderly educational environment and present possible safety hazards for students and staff. Students will not be allowed to use these devices during school hours. Examples of electronic devices are pagers, cell phones, laser-pointers, and cameras.

Cell phones are a privacy risk and a disruption for school. **During school hours (8:15-3:02) all cell phones must be turned off and out of sight. However, students are allowed to use their cell phones during the lunch break.** If a student violates this policy, the following consequences will be enforced:

a) First Offense: The student’s cell phone will be turned into the office for the day.
b) Second Offense: The student’s cell phone will be turned into the office by 8:15am and picked up at 3:02pm for one week (5 school days). If the student fails to turn in their cellphone, the office will keep the cellphone for 24 hours. The student will also serve one hour of detention.
c) Third Offense: Consequences will be the same as the 2nd offense, except the student will turn in their phone for 4 weeks (20 school days). If the student fails to turn in their cellphone, the office will keep the cellphone locked in the safe for an entire week (5 school days). The student will also serve 3 hours of detention.
d) More than three offenses: Administration will determine the consequences for students who habitually violate this policy.

20. Visitors
The time spent in school is time to focus on studies, and visitors can be a distraction from that purpose. Only in rare and unique situations will student visitors be allowed to attend classes at MHS. If you wish to have a visitor from another town attend your classes, check first with the principal. Your own attendance
and discipline records will be factors used in determining if you may have a visitor, and teachers must grant their approval. All visitors must wear a badge obtained from the office. NO STUDENTS FROM OTHER SCHOOLS WILL BE ALLOWED TO VISIT IF THEIR SCHOOL IS IN SESSION. Any student who brings a visitor to school assumes complete responsibility for that person’s actions and conduct. Parents are welcome to visit at any time. Please check in at the office when you come.

**Standards of Conduct and Discipline**

(Reference MCSD School Board Policy JG)

The term “parent” as used in this policy shall mean the legal guardian/s of the student. Breach of discipline is herein understood as any conduct of students, which interferes with the maintenance of school discipline. The purpose of this policy is to assure that Madison High School provides an effective and orderly learning environment, and at the same time, assures all students the right to due process and fundamental fairness. The school board has the responsibility of establishing rules which will assist in:

The Administration has the latitude to enforce other reasonable disciplinary action found to be warranted by specific situations.**

1. Bomb Threat
   a. Expulsion and report to law enforcement officials.

2. Bus Conduct (Reference MCSD School Board Policy EACC)
   a. The driver is in full charge of the students and the bus. The driver’s relationship with the students should be the same as that of a teacher in the classroom. Bus transportation for students is not a right, but a privilege, conditioned upon courteous behavior and obedience to the established rules. The safety of the bus and its passengers demands complete cooperation from the students. It shall be the duty of the driver to report to the school administrator the names of any students who persist in violating the rules and regulations. The school administration may find it necessary to temporarily withhold the privilege of riding the bus from those students who fail to cooperate accordingly.
   b. Students shall obey all instructions from the school bus driver.
   c. Students must occupy the seat assigned to them, if seats are assigned.

The same courteous conduct as is expected in the classroom must be observed while on the bus. Ordinary conversation is permitted. Loud and vulgar language is not permitted. Students will be
courteous to the driver, fellow students, and the public. Students must refrain from unnecessary conversation with the driver. This job requires the driver’s full attention.

e. Students must not stand in the traffic lanes while waiting for the bus.

An exception would be weapons under the control of law enforcement personnel, starting guns while in use at athletic events, firearms or air-guns at fire ranges, gun shows, authorized supervised school training sessions for the use of firearms, and the ceremonial presence of unloaded weapons at color guard ceremonies. A dangerous weapon is defined as any firearm, or air-gun, knife or device, instrument, explosive, material or substance, whether animate or inanimate, which is calculated or designed to inflict death or serious bodily harm.

b. Any student who intentionally brings a firearm or dangerous weapon onto any elementary or secondary school premises/property, vehicle, or building used or leased for elementary or secondary school functions or activities shall be expelled for not less than twelve months and will be referred to law enforcement authorities. The superintendent shall have the authority to recommend to the school board that the expulsion requirement be modified on a case-by-case basis but may not increase the length of the period of expulsion.

6. A device known as a Preliminary Breath Test (PBT) will be used to check for breath alcohol and can be used with or without a subject's direct participation. When used without direct participation it is known as a passive breath sampling as opposed to active testing when the subject blows directly into a mouthpiece or the intake port. There may be times when the PBT can be used passively – i.e.: as it can detect alcohol in open containers or in enclosed spaces such as rooms, lockers, etc. Procedurally school personnel will not vary from the normal course of action when faced with the question of possible consumption. All due process precaution will continue to be in place. Given reasonable suspicion the following steps will occur.
   a. Reasonable suspicion such as a staff referral or information gathered during an investigation will initiate administrative contact with the student.
   b. The student will be directed to an office or private area where he/she will be kept in observation and questioned regarding the concern of alcohol consumption or possession.

   d. After a period of observation and questioning school personnel will inform the student of the Preliminary Breath Test and have the student speak/breathe across the intake port of the PBT.
   e. The student will be informed of the results and if the results are positive given the opportunity to respond.

Punishment for sexual harassment shall be related directly to the severity of the offense revealed by the investigation of the filed complaint. The action taken may include the following punishments; change in educational/working conditions, loss of privileges, detention, in-school-suspension, out-of-school suspension, expulsion, or termination under the philosophy that Madison High School will not tolerate sexual harassment in any form.

4. This policy applies to behavior that occurs on or off school property to include before, during, and after school hours.
5. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.
6. The School District will act to investigate all complaints (formal or informal, verbal or written) of hazing and will discipline or take appropriate action against any student or school staff that is found to have violated this policy.
7. Students that participate in school activities will face participation consequences.

Hazing means committing an act against a student or coercing a student into committing an act that creates a risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization or for any other purpose. The term hazing includes, but is not limited to:

Any unauthorized persons on school property can be prosecuted according to the law. School consequences may also be involved.

### 20. Unspecified Misconduct

This list of code violations does not prohibit the School District from imposing discipline upon students for misconduct that does not fit into any of the listed categories of misconduct. The School District reserves unto itself the full powers it has to discipline students for unspecified misconduct. The law permits School Districts to discipline students for willful conduct that materially and substantially disrupts the rights of others to an education and for willful conduct that endangers the student or other students, or surrounding persons, or the property of the school.

*In the event that any violation as cited in this policy manual is determined by the principal to be of an extreme nature, it will be at the discretion of the principal to administer discipline more severe than indicated by the policy including suspension or recommending expulsion. It is the policy to prohibit any actions or behaviors that are disruptive and unreasonable and/or a violation of state or federal law.*

### 22. Vehicle/Parking Violations *(Reference MCSD School Board Policy JHFD)*

Students who choose to park their motor vehicles in the MHS Student Parking Lot must obtain a parking tag from the principal’s office. Only vehicles with this tag displayed may park in the MHS parking lot. All traffic laws shall be obeyed in the parking lot, and the speed limit is 10 miles per hour. The Student Parking Lot is located on the northwest side of the school and only in designated areas. This parking tag may be revoked if a student violates any parking lot rules or regulations.

Students shall park in designated parking lanes in the student lot. The administration has authority to control areas around the school for purposes of safety and student discipline. Students will not park in the front parking lot, which is reserved for teachers and visitors. In the north parking lot, students **will not** park in the bus pickup area, in the Middle School/High School faculty area, or in the restricted
areas around the bus garage and the loading dock. A parking lot map is posted on the school website, and all students will receive instruction on proper parking at the opening assembly.

The discipline for violating parking rules/driving rules is as follows:
1. 1st Violation-Student directed to move vehicle. Student will receive three hours of detention.
2. 2nd Violation-Parking permit is revoked for the remainder of the school year. Student will be required to park off school property.
3. 3rd Violation-Vehicle removed without notice at the owner’s expense.

The act of bringing a student-operated vehicle onto school premises will allow school officials to presume consent by the student, parent or guardian, or owner of the vehicle to allow a search of that vehicle when there is a reasonable suspicion that illegal or prohibited items are contained inside.

**ATTENDANCE**

*Reference MCSD School Board Policy JEA*

Education is a state function under the control of the state legislature. It is compulsory that all children from age six (6) up to age eighteen (18) regularly attend school. The basic responsibility for regular school attendance lies with the students and with the parents. The role of the school in attendance matters is one of cooperation, counseling, and reporting to parents. Parental cooperation is expected.

Attendance is a part of each student’s permanent record. It is one of the major concerns of an employer. A casual attitude toward regular school attendance extends into adulthood.

It is the duty of the school officials to know the whereabouts of students during the school hours, except during open lunch period, open campus, mentoring, and tutoring; students may be excused for specific purposes only through the principal’s office.

Attendance is taken in each class and PRIDE period, and a record is kept of absences from each class. Hours of absences will be accumulated and recorded on report cards each semester and on permanent school records and transcripts at the end of each school year.

The following regulations apply to all students and pertain to absences of all types. Administrative discretion will be used when necessary.

The entire process of education requires continuity of instruction, classroom participation, learning experiences, and individual study in order to reach the goal of maximum educational benefits for each student. While it is true that written work can be completed when a student is absent from class, class instruction and presentation, discussions, audio-visual presentations, and student-teacher interaction can never be made up for the individual student who has missed them. This is the essence of schooling. A student’s contribution to and achievement in class are directly related to attendance.

Parents are encouraged to make appointments after school, during teacher in-service days, and calendar days when students are not in attendance. Please refer to the school calendar on page 7 for this purpose.

**School administration determines which absences are excused or unexcused.**

**Absenteeism**

Absence from school during regularly scheduled school hours.

1. Generally, the only absences excused are:
   - Personal illness
   - Family emergency (death, serious illness)
   - Funeral
   - Dental or medical, counseling or court-mandated appointments that cannot be made on Saturdays or after school hours. Documentation is required for all absences related to
appointments. This documentation must be presented when the student returns to school after the absence. Any absence due to an appointment that is not verified will be considered unexcused.
  o School-sponsored activities
  o Prearranged absence by the parent. This will require advanced make up work except in emergencies which will be evaluated and determined valid or invalid by the principal.

2. If a student is expected to be absent, parents should call the school between 8:00 and 9:00 am. If no call is received by 9:00 am, the school will call the home and make every effort to contact a parent to verify the absence. A written excuse is not necessary if a phone call has been made by the parent. The parent must verify absences within three days of the occurrence, or they will be considered unexcused.

3. If a student becomes ill while in school, he/she shall report to the principal’s office. An attempt will be made to contact a parent before allowing the student to go home. All students will be asked to list two (2) additional people whom the school may call if contact cannot be made with either parent. Students will be retained until contact can be made with a responsible adult who will take charge of the student.

4. A student must attend school during the day of an evening activity in order to participate, unless arrangements have been made with the Activities Director.

5. An absence from school without the authorization of the parents or the school is an unexcused absence and shall be considered truancy.

6. A student shall not leave the school during the school day without reporting to the principal’s office and obtaining permission. Failure to report to the office shall result in being charged with an unexcused absence or truancy.

7. Senior Pictures: Seniors presently make their own arrangements for senior pictures. Appointments should be made outside of the school day. These appointments will be excused only if prearranged with the preplan process. Parents are encouraged to make these appointments during nonschool hours.

Pre-Arranged Absences
If a student is planning to be absent from school for personal reasons or for a school activity or field trip, the student must follow the Preplanned Absence procedure.

1. The office must be notified by the parent (either note or phone call) about the days of expected absence.

2. If the student will be absent because of a school sponsored activity, the advisor/coach will notify the office.

3. The student will need to obtain a Preplan form from the office once the office has been notified of the absence. The student will then be required to take the form to each teacher for assignments and signature. All assignments given are expected to be completed before the student leaves on the planned trip unless the student and teacher have made other arrangements.

4. Once the form has been completed, it should be turned into the office.

Unexcused Absences
Unexcused absences are those absences, which are not excused by the school. Some specific unexcused absences are:

• skipping of a class or skipping one class to study or work on another class
• oversleeping
• taking too long at lunch, etc.

This means that even though the parent/guardian excuses the student, the school may not. The school reserves the right to determine when an absence shall be excused. Unexcused absences will result in a loss of grades for that day. The class work and time missed must be made up in detention. It will be the responsibility of the student to make arrangements with the teacher for assignments and class discussions missed during the absence.

26
1. Upon the first unexcused absence, a conference will be held with the student and the parent will be notified. All class time missed will be made up in detention. The student will receive a “0” for any work completed or handed in during the absence.

2. Upon the second unexcused absence, the student will receive a “0” for any work completed or handed in during the absence, and all class time missed will be made up in detention. The student will be given an informal hearing with the parent present, if requested.

3. Upon the third unexcused absence, the principal will call a conference with the parents, student and staff to develop a plan for the student.

The foregoing are cumulative within one academic school semester. A record of all the unexcused absences will be maintained with the date and circumstances in the principals’ offices.

**Excessive Absenteeism**

We do understand there are days when students must miss school. However, excessive absenteeism is not conducive to achieving success in the classroom, and it is not building good workplace and academic habits. We allow **six absences in any one class in a semester. If a student misses a class more than six times in a semester, the student will face automatic failure (65%) for the quarter in which the seventh absence falls. The following procedure will be implemented to keep parents and students aware of absenteeism concerns.**

1. Upon the fifth absence from a class, a letter will be sent to the parents notifying them of the possibility of automatic loss of credit.
2. When the student reaches their sixth absence from school, a meeting will be held with the parent, the student, the school counselor, and the high school principal. An attendance contract will be put into place to prevent any further absences.
3. Beginning with the **seventh absence in a semester from a class**, students will receive an F for the quarter in which the seventh absence occurred. A letter will be sent to the parents notifying them of this loss of credit.

Any student affected by such a determination may appeal to the attendance committee. The decision of the attendance committee may be appealed to the school board.

**Tardiness**

Definition: Failing to be at the assigned work station when the final bell rings.

It is very important that students form good habits for adult life. Being on time is one good habit that every student can and must form. If a parent knows that their son/daughter will be tardy, an excuse should be sent along with the student, or the parent should call the school.

1. Student will be allowed one (1) unexcused tardy per class or homeroom each semester.
2. In the event of a second unexcused tardy, detention shall be assigned and parents will be notified by mail. The student shall serve detention for one (1) hour.
3. In the event of a third unexcused tardy, the student shall serve three hours of detention.
4. In the event of a fourth unexcused tardy, the student shall serve one (1) day of In-School-Suspension and possible loss of other privileges.

Any student who is late arriving for class must report to the principal’s office for a slip to enter class.

If a student is tardy between classes because of a teacher conference, the teacher shall provide a written excuse.

Absences and tardies will be processed in the following manner: Students arriving up to 10 minutes after the class period begins will be counted as tardy. Students arriving more than 10 minutes after the class period begins will be counted absent (excused or unexcused). In each instance the student should report to the office for an admit slip before they enter the room.

**Truancy**

Definition: Absence from school without permission

When a condition of prolonged absenteeism exists, the building principal shall provide the parents with a written notice of the school’s concern. Parental response is to be documented by the principal.

If after the initial contact the student fails to return to school, the school will take appropriate legal action.

Alcohol Use by Students/Drug Abuse by Students/Chemical Abuse

General Training Rules
(Reference MCSD School Board Policy JFCH)
It is the philosophy of the Madison Central School District that the use of tobacco, alcohol, or controlled drugs is illegal and not conducive to the welfare and well-being of school age children. It therefore cannot be condoned by educators. Students participating in any co-curricular activity will be subject to the following regulations for the entire year including the summer months. It is with this philosophy that the following policy be implemented.

Controlled Drugs and Substances (including marijuana)

First Offense - Any person adjudicated, convicted, the subject of an informal adjustment or court-approved diversion program, self-reporting, or the subject of a suspended imposition of sentence or suspended adjudication of delinquency for possession, ingestion, or distribution of controlled drugs or substances or marijuana as defined in chapter 22-42, or for ingesting, inhaling, or otherwise taking into the body any substances as prohibited by § 22-42-15, is ineligible to participate in any extracurricular activity at any secondary school accredited by the Department of Education for one calendar year. The one-year suspension may be reduced to forty-two calendar days (6 weeks) if the person participates in an assessment with a certified or licensed addiction counselor. If the assessment indicates the need for a higher level of care, the student is required to complete the prescribed program before becoming eligible to participate in extracurricular activities. To count toward the minimum number of events the student must participate in the entire activity season and may not drop out or quit the activity to avoid suspension and the failure of a student to complete the entire activity season shall result in the student being ineligible for one year from the date of adjudication, conviction, the subject of an internal adjustment or court approved diversion program, or the subject of a suspended imposition of sentence or suspended adjudication of delinquency. A suspension that is not completed by the student during one activity season shall carry over to the next activity season in which the student participates. A suspension may not begin until notification from a certified or licensed addiction counselor that the said individual has completed their assessment. The student’s 42 day suspension will begin on the first day of their first sport or activity following their completed assessment.

Second Offense - Upon a second adjudication, conviction, diversion, self-reporting or suspended imposition of a sentence for possession, use, or distribution of controlled drugs, substances, or marijuana as defined in chapter 22-42, or for ingesting, inhaling, or otherwise taking into the body any substance as prohibited by § 22-42-15, by a court of competent jurisdiction, that person is ineligible to participate in any extracurricular
activity at any secondary school accredited by the Department of Education for one calendar year. The one-year suspension may be reduced to **eighty-four calendar days (12 weeks)** if the person completes an accredited intensive prevention or treatment program. To count toward the minimum number of events the student must participate in the entire activity season and may not drop out or quit the activity to avoid suspension and the failure of a student to complete the entire activity season shall result in the student being ineligible for one year from the date of adjudication, conviction, the subject of an internal adjustment or court approved diversion program, or the subject of a suspended imposition of sentence or suspended adjudication of delinquency. A suspension that is not completed by the student during one activity season shall carry over to the next activity season in which the student participates. A suspension may not begin until notification from a certified or licensed addiction counselor that the said individual has completed their intensive prevention or treatment program. The student’s 84 day suspension will begin on the first day of their first sport or activity following their completed assessment.

**Third Offense or Subsequent Offense** - Upon a third or subsequent adjudication, conviction, diversion, or suspended imposition of sentence for possession, use, or distribution of controlled drugs or substances or marijuana as defined in chapter 22-42, or for ingesting, inhaling, or otherwise taking into the body any substances as prohibited by § 22-42-15, by a court of competent jurisdiction, that person is ineligible to participate in any extracurricular activity at any secondary school accredited by the Department of Education.

**Consequences for Alcohol/Tobacco/E-Cigarette Violations:**

**First Offense** – The student may not compete in 1/8 of the total regularly scheduled events of all activities the student is currently participating in, or if between seasons, may not compete in 1/8th of all activities of the next season, exclusive of events missed due to injury. The student shall complete the next available substance abuse prevention program at through a reputable treatment facility. The student may practice and attend home and away contests at the advisor’s and activities director’s discretion. Expenses incurred for the participation in prevention and/or treatment programs are the responsibility of the student and/or parent/guardian. Students who, after their first violation, have no other activity rule violation for 18 consecutive months will be given the opportunity to recover by starting over with a clean record with no violations counted against him/her. This opportunity only applies once in a student’s career. The opportunity for a clean record does not apply to a suspension for a drug conviction.

**Second Offense** – The student will be barred from further participation during the following 12 months from any co-curricular activity. The 12 months suspension may be reduced to six weeks (42 days) of activity time if the student participates in an assessment with a certified chemical dependency counselor, completes any recommended accredited intensive prevention or treatment program and provides documentation from the agency providing the treatments. Expenses incurred for participation in the prevention or treatment programs are the responsibility of the students and/or parent/guardian.

**Third Offense or Subsequent Offense** - the student will be barred from further participation during the following 12 months from any co-curricular activity. The student will complete a formal chemical dependency assessment by a state certified chemical dependency counselor and successfully complete all assessment recommendations for reinstatement for the next year. Expenses incurred for participation in the prevention or treatment programs are the responsibility of the students and/or parent/guardian. Middle school students participating in high school activities shall have violations accumulate for the number of years they participate in high school activities. For example; an eighth grade student participating in high school activities shall have violations accumulate for five years. With the knowledge that each activity has different events and demands on student performances each advisor has submitted the events that the alcohol/tobacco/e-cigarette policy will cover.
