MESSAGE FROM THE PRINCIPAL

Welcome to Fisher Jr/Sr High School! This handbook has been prepared to provide information to students and parents concerning jr. high and high school operations and activities. Policies and procedures may be modified by school administration as situations arise. It is our hope that this handbook will be kept as a reference for use throughout the year.

We at Fisher Jr/Sr High School are excited to work with all of our students to prepare them for college and/or the workforce. Our mission is “to provide a safe and supportive environment with educational opportunities that inspire students to become responsible and productive citizens.” Our teachers and staff are first class and will do everything in their power to positively guide our students along their educational paths.

Students at Fisher Jr/Sr High School are expected to strive for excellence both in and out of the classroom, to be of good character, and to treat others in a respectful manner. The policies, guidelines, and procedures in this handbook are designed to mold our students into people with these qualities. A graduate of Fisher High School will be prepared to be a lifelong learner and motivated to succeed at a high level in continuing their education and/or the workforce.

Fisher Jr/Sr High School offers a multitude of opportunities for students with all kinds of interests. We encourage all of our students to involve themselves into the activities, clubs, programs, or athletics that interest them. Being involved in extracurricular activities allows for students to create strong relationships. It also gives students an opportunity to create, produce, perform, and compete. These abilities can be fostered by being involved in the following: science club, math club, art club, FFA, scholastic bowl, yearbook, student council, music, theater, football, volleyball, soccer, cheer, golf, basketball, wrestling, baseball, softball, and track and field. GET INVOLVED!!!

The goal of Fisher Jr/Sr High School is to provide our students with the best education they could possibly receive. This is an outstanding school that settles for nothing less than everyone's best effort. Everyone includes administrators, teachers, staff, parents, students, and community members alike. A great school depends on all of us working together, and to that end, the experiences you have with Fisher Jr/Sr High School will be both memorable and rewarding. WE ARE FISHER, we are the Bunnies, and we are proud of our school and community.

Sincerely,

A handwritten signature in black ink that reads "Jon Kelly". The signature is written in a cursive, slightly slanted style.

1. ABOUT FISHER JR/SR HIGH SCHOOL

FISHER HIGH SCHOOL 1895 – 2018

Fisher High School graduated its first class in the spring of 1895. The two members of that class were Clara Reasoner and Wiley Lester. The original Fisher Grade School and High School was a four room school built in 1889 at a cost of \$5,000. The building was located on School Street between Second Street and Third Street. During the 1914-15 school year, a larger building was constructed that had eleven rooms and a small gym. The cost was \$45,000, and the school housed all twelve grades. The first class graduating from the new school was the class of 1916 consisting of twelve members.

The current high school was built during the 1963-64 school year and was dedicated in the fall of 1964. The first graduating class was the class of 1965 with an enrollment of forty-six students.

Fisher High School received the nickname “Bunnies” during the 1933-34 basketball season. Harold Cagle and Ward Meneely wore a rabbit’s foot on their belts during the Paxton Holiday Tournament. Soon the entire team was wearing them for good luck. Eddie Jacquin, a sports writer for the Champaign News-Gazette, is given credit for naming Fisher the “Bunnies.” During the 1930’s Mr. Jacquin supposedly gave mascot names to several other area schools.

Other members of the 1933-34 basketball team were: Maurice Koltz, Carl Trotter, Eldon Foster, Merle Minks, Melton Lammle, Lyle Sheppard, Sydney Smith, John Armstrong, Paul Cagle, and James Whitaker. The team was coached by Clyde Campbell. The Bunnies finished their season with a record of 24-7. The teams followed that season with seasons of 31-5 and 29-4. The rabbit’s foot and the “Bunny” nickname were indeed good luck for Fisher High School.

For small cuts or scratches, use the first aid kit located in the office or request the office to call the nurse. The nurse may check the injury for necessary attention and suggest additional care. It is a good idea to have all injuries checked no matter how slight they may seem. Aspirin or other over-the-counter medication will not be provided by the office.

3.2. FISHER JR./SR. HIGH ATTENDANCE POLICY

3.2.1. REPORTING ABSENCES

For any day or period of non-attendance, it is the responsibility of the parents/guardians to notify the school on the day of the absence. School personnel will determine the status (excused/unexcused) of the absence. Reasons for absences are defined by the Illinois School Code as illness, religious observances, death in the family, or family emergency. If an absence is excused, the student is entitled to full make-up privileges. The student must meet make-up deadlines established by the teacher. Approved school related activities are not considered absences.

3.2.2. EXCESSIVE ABSENCES

- To be granted academic credit for any course, a student must earn a passing grade in the course and not be absent more than **20 class sessions of a full-year course**, more than **10 class sessions of a ½ credit (semester) course**, or more than **5 class sessions of a ¼ credit course**.
- In each course, when a student exceeds the maximum number of absences, a notation of WF (Withdrawn/Failing) for all subsequent reporting periods and exams may be entered on the report card. Students who have failed to meet the attendance requirements may be denied academic credit, but will be responsible for auditing the remainder of the course. Where summer school is not available, or the student chooses not to attend summer school, the student will be required to retake the course the following year if that course is required for graduation. If a student is auditing a course and becomes a discipline problem, that student may be removed from the course and may become ineligible for that course.

Any student past the age of seventeen years who is **chronically absent**, will be, with the help of their parents, asked to make a choice of three options: regular school attendance, withdrawal from school, or administrative withdrawal. Any student absent from school for more than TEN (10) consecutive school days may be administratively withdrawn. Students under the age of 17 must be readmitted immediately while students 17 or older can wait to be readmitted at the semester.

3.2.3. APPLICABILITY

- This policy shall apply to all students who attend Fisher Jr./Sr. High School.
- This policy shall apply to each course independently of other courses.
- This policy shall apply to students with a handicapping condition unless otherwise noted in their special education Individualized Educational Plan.
- Students who have an illness will be evaluated on an individual basis.
- New students to Fisher Jr./Sr. High School shall have all the allowable number of absences prorated to reflect that portion of their courses.

3.2.4. CUTTING CLASS

Any student who cuts an entire class period (Cut = Missing an entire class period without permission on a day the student is legally in attendance at school) will be referred to the administration by the teacher whose class was cut. The student will be considered unexcused from the class period(s) missed and disciplined by administration.

3.2.5. NOTIFICATION OF ABSENCES

The following refers to the notification process as it relates to the number of absences in a single course with regard to the attendance policy. A student may be notified several different times if excessive absences exist in more than one course.

- Once a student begins to show signs of chronic absenteeism, the administration may send written notification via email or mail to the student's parent(s)/guardian(s).
- All written notification should include a request for the parent(s)/guardian(s) to respond to the notification and the phone number to the high school office for contacting administration to arrange a meeting if necessary.

3.2.6. APPEAL PROCESS

For catastrophic or extenuating circumstances only, a parent/guardian has the right to file an appeal for review by the appeals committee. The appeals committee will consist of one administrator, the student's guidance counselor and one teacher. The written appeal, including any supporting documentation, must be received by the building principal within ten (10) days of the receipt of the loss of credit letter. The committee will then rule on whether the student will continue as a regular student in the course or be placed on audit with a grade designation of WF (Withdrawn/Failing). Any further absences during the appeals process may result in the dismissal of the appeal.

3.2.7. EXCUSED ABSENCES – SCHOOL CODE & MEDICAL (ATHLETES REFER TO SECTION C)

- A. Valid causes for absences in accordance with Section 26-2A of the Illinois School Code are:
 - a. Illness or injury
 - b. Observance of religious holiday
 - c. Death in the immediate family
 - d. Family emergency
 - e. Other circumstances which cause reasonable concern to the parent for the safety or health of the student
 - f. Other critical or emergency situations as approved by the principal.
- B. When a student has missed schoolwork as a result of an excused absence, schoolwork assigned during the absence must be made up no later than the end of the second day following the day the student is absent (number of days plus one, unless agreed upon by the teacher and student).
- C. A medical appointment during school hours is an excused absence if the student presents documentation to the office verifying the time and date of the appointment.
- D. A signed note from a parent or guardian explaining each absence must be provided to the office when returning to school if a satisfactory phone explanation has not been made.
- E. Students who wish to leave school during the day must **OBTAIN PERMISSION AND SIGN OUT** in the office. If leaving at the request of a parent, a written request must be presented to the office **BEFORE SCHOOL** begins in the morning. Students leaving during the lunch period are not subject to this part of the procedure. However, if a student leaves during the lunch period and does not return for school in the afternoon, **THE PARENT/GUARDIAN MUST ADVISE THE OFFICE BY PHONE THAT AFTERNOON**. The student's absences are excused if he or she presents a written note from his /her parent who gives **EXCUSABLE** reason for the absence. Students who leave without following these procedures will be considered unexcused.

***Please note that it is the responsibility of the school, rather than the parents, to determine whether or not an absence is authorized.**

3.2.8. ATTENDANCE RULES FOR ATHLETICS & EXTRA-CURRICULAR ACTIVITIES

Attendance rules for an athlete to practice or play in a game are much stricter than our regular attendance rules. The following excerpt has been pulled from our athletic code:

Student's Attendance at School Required for Participation in Interscholastic Athletic Activities

1. In order for a student to participate in a scheduled interscholastic practice or activity on a school morning, afternoon, or night, he/she must be in attendance at school that **entire day**. Exceptions from this requirement must be by administrative approval, a joint decision of the building principal (or designee) and the athletic director (or his or her designee) in advance. The athletic director cannot make the decision if he or she is coaching the sport. **(Having a personal day or college day approved does not mean you are approved to practice or play. Pre-arranged absence forms only make the absence excused for school purposes. Students should contact the principal to request an absence to be excused in order to still practice or play).**
2. If a student misses any part of the school day due to illness he/she will not be permitted to participate in any afternoon or evening activity unless he/she has a doctor's note (students who are tardy must be in school by 8:20 or they are not eligible to participate that day).
3. Parents/guardians should notify the building principal prior to the day when the student will be absent if the parent/guardian believes the absence will qualify for an exception. For example, a previously scheduled doctor or dentist appointment, funeral, or a serious family illness requiring the presence of the student. The student athlete is required to bring a doctor's note to the office when returning, or a parents note for funerals, or serious family illness.
4. If a student is not in attendance for all or part of a Friday school day, participation in a Saturday activity is left to the discretion of the parents/guardians.

3.2.9. PRE-ARRANGED EXCUSED ABSENCES

- A. Pre-arranged absences requested by the parents or guardians is not to exceed five days per school year and may be excused with the permission of the principal for family time. At least two school days prior written notice is required to pre-arrange an absence. School-work missed is to be made up according to the classroom teacher's policy. Only family time qualifies as an excused absence.
- B. A day of school includes any part of a school day. For example, an excused absence under this section for an afternoon counts as one day of the five days allowed.

An excused absence, in addition to the five days described above, may be allowed in instances where the student is engaged in an activity that will replace or supplement an academic requirement of the district. Students must submit a proposal to the principal prior to the date the activity will occur. The administration will determine if the activity is an "academic equivalent." As a condition of granting the excuse, the student may be required to give an oral and/or written report to a teacher.

The following steps will be enforced per SEMESTER:

- Students marked as tardy are required to turn in their phone to the administration for the duration of the school day or face additional disciplinary action. This applies to the start of the school day and after lunch tardies.

- A tardy and every tardy after the parent conference will result in further discipline measures.

3.6. SENIOR WORK PERMIT

- Seniors will have the option to apply for a school release work permit and be released from attending last period. Seniors who are academically eligible, have regular attendance and are not experiencing discipline problems will have this option. Permission for this dismissal must be obtained from the office, requires the principal's signature, and will require parental consent on the appropriate form.
- Students with this option must not be on school grounds during the excused period. Any senior violating this privilege will be immediately placed back into the classroom. A student not employed must also return to a full academic schedule.

In the event of articles stolen from lockers, the school will not be responsible. Students are responsible for reporting inoperable locks and lockers to the office.
- **Students should not have any glass containers in their lockers.**
- A student's school locker is the property of the school and must be used for the purposes intended: a storage area for books, school supplies, and outdoor garments. If school officials have reasonable suspicion that a student has placed illegal or dangerous materials or substances in the locker, school officials may then search the locker, with or without the student's knowledge or consent. Random locker searches will be conducted throughout the course of the year. In brief, students should not keep anything in their lockers that they would not want anyone to find. 3.14. INTERNET ACCEPTABLE USE POLICY

COMPUTER AND INTERNET ACCEPTABLE USE POLICY (Internet Safety Guidelines)

The Board of Education believes that student learning can be increased by using technology to enhance learning. Internet access enables students and staff to explore thousands of educational resources to help meet district and state educational goals and objectives. This information must be used in a responsible, ethical, and legal manner.

Internet access is a privilege – not a right, and the Fisher CUSD #1 reserves the authority to revoke this privilege. During school hours, students are to use the labs and classroom computers for classroom assignments and school related work only. Fisher School District provides the following guidelines for individual students:

- **Parental Consent**

- o These same students must submit a signed AUP Parental Consent Form/student contract, which indicates the parent/guardian's permission for the student to use the Internet at school. Every student must have a signed AUP form on file with the District.
- o At any time parents/guardians may grant/withdraw permission for their child to access the Internet at school by contacting the school office to complete the appropriate forms.
- o The signed AUP serves as an implied consent form for every grade following the fourth grade. Parents will be reminded of their implied consent at the beginning of each school year.

- **Computer Use and Internet Access**

The following actions are **NOT** permitted.

1. Accessing, submitting, posting, publishing, printing, or displaying any defamatory, abusive, libelous, obscene, profane, anonymous, sexually oriented, threatening, racially offensive, harassing, or illegal material.
2. Unauthorized access, including so-called "hacking" or other unlawful activities online.
3. Giving, receiving, vandalizing, copying, or stealing the work of another person while using computers.
4. Unauthorized downloading of software, wasting network or hard drive file space. Fisher CUSD #1 reserves all rights to any material stored on the network and/or hard drives, and will remove any objectionable files.
5. Using the Internet for financial gain.
6. Tampering with, stealing, or damaging equipment. Deliberate damage to equipment may include banging of keyboard, removal of keys, or mouse components, marking on computers, damaging disk drives, etc. Students are not authorized to change computer settings without permission.
7. Revealing anyone's personal information such as complete names, addresses, telephone numbers, credit card information, social security numbers, and identifiable photos when communicating on the Internet.
8. Making appointments to meet people in person whom they may have contacted on the Internet.
9. Giving out a password to others, logging on as another user, invading another user's privacy, or encouraging others to violate any part of this AUP. Students must immediately notify their teacher or other supervising adult should they come across information or messages they deem dangerous or inappropriate.

- **Electronic Mail (e-mail)**

All students in the Fisher Junior/Senior High School will be issued a personal e-mail account. Students' personal use is prohibited, and must meet the usage guidelines as stated in the Computer and Internet Acceptable Use Policy.

- **Disciplinary Actions**

If the guidelines, as stated, in the Computer and Internet Acceptable Use Policy are not followed, a student's computer and/or Internet privileges can be suspended until the administrator and teacher have met with the student to discuss the incident in question. The administrator should confer with the District Technology Coordinator regarding each incident to determine the appropriate consequences.

3.15. TELEPHONE

Permission for use of the high school office phone **MUST BE SECURED** from the office personnel.

3.16. POSTERS

- Student- or community-produced signs and posters must be approved by the principal or dean, or by the advisor of the activity requiring the signs.

- Signs or posters may only be hung on the bulletin boards & cork strips in the hallways. Signs or posters are not to be attached to painted or plastered walls. Where possible signs should be placed in the display cases set up for such purposes.
- Any signs or posters displayed, must be taken down by the group putting them up. Areas where posters were present should be left in the same condition following removal.
- **THE ONLY SIGNS PERMITTED ARE THOSE ADVERTISING FISHER JR.-SR. HIGH SCHOOL ACTIVITIES OR CHURCH ACTIVITIES.**

3.17. SCHOOL ASSEMBLIES

All school assemblies will be held on selected days throughout the year. These assemblies will vary in nature. Attendance at general assemblies is required and roll call may be taken; therefore, each student is expected to sit in his/her assigned position. Any class or organization which would like to sponsor an assembly should contact the principal at least thirty days before the planned assembly. Whenever possible, school assemblies should/will be held during Learning Lab periods.

3.18. GENERAL AUTO AND BIKE RULES

- A. Students are to park bicycles in the bike rack west of the building.

4. GRADES AND RECORDS

4.1. GRADING SCALE

Letter Grade	Min %	Weighted GPA	Unweighted GPA	Notes	Passing
A	90	5	4	Excellent	Yes
B	80	4	3	Very Good	Yes
C	70	3	2	Average	Yes
D	60	1	1	Below Average	Yes

4.2. INCOMPLETE

Whenever sickness or some other unavoidable event keeps a student from accomplishing work, which is required, he/she may be given an incomplete (inc.). The incomplete is changed to a grade when work is completed or to the appropriate grade if not completed within ten (10) days of the end of the grading period. An exception may be made in the fourth quarter, which must be completed by the end of school.

4.3. EXAM POLICY

Final and semester examinations are required of all high school academic subjects and will count 20% of the total grade with the following exception: second semester senior exams are to be given or not given at the discretion of the teacher. Teachers requiring senior exams shall inform students at the beginning of the course. The grade breakdown per semester is 80% and 20% for the semester exam.

First semester exams will be given in all subjects, including one-semester courses.

High school students will have open-campus for exam days. This means that students need to be in school only for their exam periods. A high school study hall will occur in the cafeteria during all periods of the exam day. High school students should not be in the hallways or at their lockers during the exam day; permission to go to their locker can only be given by the study hall supervisor. All high school students should enter the office doors during exam days. Failure to comply with these exam-day procedures could result in a switch back to closed-campus exams.

4.4. FIGURING GPA

Fisher Junior/Senior High School G.P.A. Calculation

If ever there is a need to figure GPA and class rank by hand, it should be done as follows:

- **Credits** - Count all credits, except Physical Education, Student Services, and Drivers Education
- **Units** - Count each grade as a unit, including any "F". A Grade means any letter grade. Each letter grade counts as "1" unit. Do not count any audits. WP = "D", and WF = "F".
- **Points** - We are on a 4.0 grading scale.

Add up all points. Then divide points by your total units. This equals your GPA out of a 4.0 scale. Class rank is decided by the cumulative GPA.

4.5. WEIGHTED CLASSES

A weighted grading system will be used to give more weighted credit to difficult, non-required courses. In order for a class to be weighted, the class must not be required for graduation and must have prerequisites.

The following classes will have a 1.0 multiplier added in determining student GPA:

- **Honors Chemistry**
- **Honors Physics**
- **Honors Calculus**
- **Honors Spanish III**
- **Honors Spanish IV**
- **Honors English 101 & 102**
- **Honors Music Appreciation (Dual Credit)**

4.6. SCHOLASTIC HONOR ROLL

BOARD POLICY 1994-1

At the close of each semester, a scholastic honor roll is announced in the local newspaper and on the school website. To be eligible, a student may not have a grade lower than a "C" in any subject. Only academic subjects will be used in determining the academic average. The list will be published after the incomplete deadline date and published only once. **A student must be taking four academic subjects to be considered for the honor roll.**

High Honors	4.00
Honors	3.99 – 3.00
Honorable Mention	2.99 – 2.67

4.7. AUDITING CLASSES

Students who have failed a required class the second semester may audit the first semester of the course and take the second semester for a grade and credit. While auditing a course, the student is expected to do all the class work, homework assignments, and tests. AUDIT will appear on the student's grade card for the semester.

4.8. STUDENT PERSONAL RECORDS

- A. Complete individual records are kept for each student in school. This record is used as a guide in counseling students, and is often referred to in answering questionnaires from prospective employers of students who have graduated. Some of the important data recorded in the student's personal records are: 1) Ability test scores, 2) Attendance records including tardiness, 3) Grades, 4) College aptitude scores, 5) Reading ability scores, 6) Extracurricular activities, 7) Special recognition and honors, 8) Reports of misconduct and penalties, 9) Reports of good conduct and appreciation.
- B. Due to recent national occurrences involving the invasion of personal privacy by governmental agencies and officials, much activity and interest have been directed toward information contained in student records. A recent Federal law and the Illinois Office of Education regulations go into much detail on the rights and responsibilities of students, parents, and school officials on the subject. The following is a summary of the basic provisions of the current laws and regulations:
1. Parents must be granted access to all official records pertaining to their children maintained in any form by the school. Students over the age of 14 or with parental consent under the age of shall also have access.
 2. The student's records, or information contained in those records shall not be released to anyone other than school or educational officials without the informed written consent of the student's parents. If the student is above the age of 18 or attending a post secondary institution, only that student may grant such release.
 3. The parents or the student shall be provided an opportunity to challenge or rebut information contained in the student's records. The local school districts should establish appropriate procedures for such appeals.
 4. The school should provide appropriately trained educational personnel to assist the parent or student in understanding certain school records such as psychological evaluations, social work profiles, and health data.
 5. No information should be kept on file by the school that is inaccurate, out-of-date or of no value in the educational development of the student.

4.9. GUIDANCE AND COUNSELING PROGRAM

Guidance counseling services are available to each student in Fisher High School. The program is designed to help the pupil solve his/her problems and improve his/her planning with the assistance of a professionally trained staff member. The guidance process will include conferences, friendly, understanding discussions upon as equal terms as possible, and parent participation where needed and requested. All information given to the counselor will be treated in an understanding and confidential manner.

Some of the areas included in counseling and guidance programs are - vocational choices, educational planning, leisure time activities, social life, mental health, ethical values, moral values, family relations, and personal relations. The ultimate goal of counseling is to develop the individual in his/her ability to make choices and solve problems independently. The counselor attempts to help the student understand himself/herself, his/her attitudes, feelings and emotions so that he/she can make the most of his/her natural learned abilities.

5. ACADEMIC REQUIREMENTS

5.1. ADMISSION

Students will be admitted to Fisher High School under the following conditions:

1. Upon presentation of a certificate of graduation for any eighth grade school of good standing or upon presentation of a certificate of transfer from a recognized high school.
2. Upon presentation of a physical signed by a physician. All students either need to present a physical, a health certificate or show evidence of an appointment for a physical to be completed the first month of school.

5.2. CLASS REGISTRATION

Registration for classes takes place in the spring. At this time the student, with the help of the guidance counselor, makes out a program of classes for enrollment in the fall. A deadline date for making any schedule changes will be set each spring. Any changes must fit into the schedule and be approved by the principal or guidance counselor.

5.3. POLICIES AND PROCEDURES FOR HOMELESS STUDENTS

"Each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education, as provided to other children and youths, including a public pre-school education." A "homeless child" is defined as provided in the McKinney Homeless Assistance Act and State law. The Superintendent, Ms. Barb Thompson, shall act as or appoint a Liaison for Homeless Children to coordinate this policy's implementation. Contact Ms. Thompson at 217-897-6125 for further information.

5.4. DROPPING OF SUBJECTS

After the first week of being enrolled in any given course, the following notation will be made on a student's permanent record when the course is dropped for any reason unless the drop is approved by the principal:

WF - Withdraw; failing at the time of withdrawal

WP - Withdraw; passing at the time of withdrawal

W inc. - Withdraw; incomplete at the time of withdrawal.

The incomplete must be resolved within the next semester of the student's attendance, or thirty days prior to graduation, whichever is sooner in order to record WP. Otherwise, the withdrawal becomes an automatic WF.

WP will be classed as a "D" grade and WF will be classed as an "F" grade when the student's rank in class is determined.

5.5. CLASSIFICATION OF STUDENTS

A student must have acquired 5.5 credits to be classed as a sophomore; 11 credits to be classed as a junior; and 16.5 credits to be classed as a senior. For practical purposes, those students who start his/her fourth year with 16 or more credits and who are carrying a load that will permit his/her to graduate with their class will be listed with the seniors.

5.6. UNITS OF CREDIT AND REQUIREMENTS FOR GRADUATION

 - a. The student is determined to be participating in interscholastic athletics as certified by the appropriate District personnel and the student will be enrolled in P.E. if not participating in a fall sport, and will return to P.E. if dropped from a school sponsored sport.
 - b. The student provides written evidence from an institution of higher education that a specific course not included in existing state or local school minimum graduation standards is required for admission. School District staff must verify that the student's present and proposed schedule will not permit completion of the needed course, or
 - c. The student lacks sufficient course credit of one or more courses required by state statute or local school board policies for graduation. Students who have failed a required course, transferred into the district with deficient credits or who lack credits due to other causes will be eligible to apply for this exemption. Each request for exemption from Physical Education instruction is to be verified and eligibility determined on a case-by-case basis by the building principal. Every student excused from physical education course requirements will be provided with a schedule which meets minimum school day requirements. Approvals of exemptions will be for one semester only, but may be renewed for additional semesters if circumstances warrant.

The Board of Education and Administration recognize that some colleges and scholarship applications ask for class rank. When necessary, this information will be provided.

- D. Commencement Ceremony Participation:

High school graduation is a momentous occasion. This is a once in a lifetime moment that students and their families get to share. At FHS we strive to present a ceremony of dignity and respect. It is expected that all participants, both students and audience members conduct themselves with the utmost dignity and respect. Prior to the ceremony, the Principal will meet with the senior class to review the expectations.

The commencement ceremony is a privilege not a right. There are certain expectations that students must meet to earn this privilege. They include but are not limited to: acceptable attendance, proper school conduct, and meeting all curricular expectations to graduate from FHS.

Proper student conduct is expected and defined by the student handbook. It should also be noted that "senior pranks" or events that cause a substantial disruption to the school will not be tolerated. Students involved in such activities run the risk of not participating in the ceremony.

5.10. SOCIAL PROMOTION FOR JUNIOR HIGH

Fisher Community Unit School District #1 will enforce this policy that requires students to meet local goals and objectives and be able to perform at the expected grade level prior to promotion. (Board Policy 7.3)

Criteria for Promotion at Fisher Jr. High:

1. There are five core subjects taught at Fisher Jr. High School. Every student receives two semesters of instruction in each of these five areas. – Reading, Math, Science, Literature, and Social Studies. A student must pass 8 of 10 semesters to meet the first criteria for promotion. Pass it in six or seven of 10 semesters will make a student eligible for summer school to meet promotion criteria. Passing in less than six semesters could result in retention.

5.11. DISTANCE LEARNING AND THE ILLINOIS VIRTUAL HIGH SCHOOL

Fisher H.S. offers a variety of alternative courses to the students. Our goal is to offer as broad a curriculum as possible to our students. Credit counts toward graduation at Fisher and the grade received shall be figured into the students GPA. If one of these "alternative" courses matches a Fisher-required course then the student must take the Fisher course unless one of the following takes place: the courses is A.P., or the student can prove that his/her schedule has conflicts requiring the alternative course to be taken. Students will have to pay their full tuition fees if he/she fails the course, is removed from the course, or drops the course.

- **Parkland Community College** offers numerous courses to students for high school credit or dual credit (high school and college credit). Some courses are off campus (i.e. nursing at Gibson City Hospital, automotive at Parkland Community College, etc....). Those off campus courses are usually taught at 7:45 a.m. to 9:45 a.m. and the students are responsible for their transportation. Parkland also offers courses that can be taken at Fisher high school through dual credit.
- **Illinois High School** is now offered to all Illinois High Schools. There are numerous H.S. credits and A.P. credit courses available to students. These courses are taken via the internet. The students who enroll will be provided a work station in the H.S. if one is available. It is strongly recommended that a student have internet access at home before taking one of these courses. The school discourages math or foreign language courses taken via I.V.H.S. Students who request to take these "alternative" courses need to be self-motivated and self-driven. Students may be denied or withdrawn from these courses by the principal for poor attendance, poor behavior, or poor work ethic.
- **Early College and Career Readiness Academy**

Any student interested in the Early College and Career Readiness Academy must meet all Education for Employment (EFE) and Parkland College established guidelines. Fisher will limit enrollment to six students. If more than six students apply for this program, the High School Principal, Assistant Principal, and Guidance Counselor will determine which students will attend based on attendance record, maintaining at least a 2.0 GPA, and discipline record. The District will pay half the tuition while the student is responsible for the remainder of the fees and transportation.

5.12. COLLEGE ENTRANCE REQUIREMENTS

The entrance requirements for most colleges and universities differ and it would be to your advantage to plan your high school program so that you meet the requirements of the school(s) in which you have an interest. Many schools require certain entrance examinations at either the junior or senior year of high school. See the counselor preferably your junior year for information on these tests.

Minimum High School Course Requirements for Admission of Freshmen to Illinois Public Universities:

English.....	4	Emphasizing written and oral communication & literature
Social Studies.....	3	Emphasizing history & government
Mathematics.....	3	Introductory through advanced algebra, geometry, trigonometry or fundamentals of computer programming
Science.....	3	Laboratory Science
Electives.....	2	Foreign language, music, art, vocational education
Total.....	15	

5.13. OVERVIEW OF FINANCIAL AID APPLICATION

1. APPLY FOR ADMISSION TO THE SCHOOL/COLLEGE OF YOUR CHOICE.

Students may want to apply for admission to more than one institution in order to be reasonably certain of being accepted by at least one. While application procedures at most institutions will involve writing a college entrance examination (commonly either the ACT Assessment or the Scholastic Aptitude Test), eligibility for assistance through the major federal and state financial aid programs is not contingent upon these test scores. Students do not receive financial aid until they have been admitted. The sooner the student processes his application for admission, the sooner he becomes eligible for financial support from the college, which is especially important if the college has limited funds and must disburse them on a first-come first-serve basis.

2. APPLY FOR FINANCIAL AID AT EACH COLLEGE/SCHOOL TO WHICH YOU APPLY FOR ADMISSION.

The financial aid officer on each college or vocational school campus is just as important a contact as the campus admissions officer. His job is to provide financial assistance to needy students to the maximum extent possible. On most campuses in Illinois the student must make formal application for financial aid, usually by a special deadline which may or may not be the same as the admissions deadline for each campus. In addition to administering institutional funds, it is the financial aid officer who may be able to assist students through such federal financial aid programs as the Supplemental Educational Opportunity Grant, the Perkins and Stafford Loan and the Federal College Work/Study Program.

3. FILE THE APPROPRIATE NEED ANALYSIS FORM.

Eligibility for many financial aid dollars today is based on financial need. The student and his/her parents are expected to contribute what they can from the family income and assets toward college expenses, and the colleges and scholarship agencies will help provide the rest. In order to assess the family ability to contribute many financial aid officers require that their students file the Free Application for Federal Student Aid (FAFSA). The student can find out which form he should file from the financial aid office or by consulting any one of many college handbooks which provide this information.

4. APPLY FOR A MONETARY AWARD FROM THE ILLINOIS STATE SCHOLARSHIP COMMISSION.

Through the Monetary Award Program, students may receive up to \$3,150 per year toward their tuition and fees at any approved college, university or hospital school of nursing. Application to the Monetary Awards program can be made by filing the Free Application for Federal Student Aid (FAFSA)

5. APPLY FOR THE PELL GRANT PROGRAM.

This program will provide grant assistance to students who enroll as full-time freshmen at approved colleges and vocational schools. This assistance does not have to be repaid. Beyond these basic application procedures, many students each year find it necessary to apply for additional resources in order to meet their college expense. They may apply for assistance through a variety of scholarship agencies, private donors, agencies of state government (such as the Department of Public Aid or the Division of Vocational Rehabilitation) or the Federal Government (such as the social security or Veterans Administration).

6. STUDENT DISCIPLINE

6.1. RULES AND GUIDELINES

6.1.1. GENERAL PRINCIPLES

By maintaining high personal expectations for success, utilizing open communication with staff and fellow students, and following the guidelines listed below, students can increase opportunities for success and help make Fisher Jr./Sr. High an excellent school.

The following are some suggestions to achieve school success:

1. Accept responsibility for your education, decisions, words, and actions.
2. Act in a way that best represents your school, parents, community and self to promote a safe and healthy environment in which to learn.
3. Be active in the school and community.
4. Maintain a balance between academics, co-curricular activities, and community projects, continually giving your best effort to each.
5. Support your fellow students and their activities.
6. Respect diversity, individuality, as well as, the choice and rights of others.

These six general principles form the foundation of the code of conduct of Fisher Jr./Sr. High School. A student that acts in accordance with those principles will be within the rules of the school, and more importantly, will increase the likelihood of experiencing personal success in school.

6.1.2. EXPECTATIONS FOR CLASSROOM BEHAVIOR

The classroom is one of the most critical areas of an educational institution. Teachers will expect that student behavior and attitude in the classroom reflect individual responsibility for academics and the learning experience. More specifically, they will insist that students:

1. arrive to class on time.
2. are prepared for class with all materials necessary for class that day.
3. are attentive to the task at hand until dismissed by the teacher.
4. show respect and consideration for others.
5. demonstrate care and consideration for school property and the property of others.

*Each teacher is able to establish rules and procedures for his or her classroom. Students are expected to observe those rules and respond promptly to the direction of the teacher.

6.1.3. ROLE OF THE PRINCIPAL AND DEAN

The administration shall maintain discretionary powers to interpret the student handbook and issue corrective measures in each individual case. He/she shall be the final authority on discipline in the building.

6.1.4. PLAGIARISM

A. Plagiarism is defined as:

1. Copying from another student, or enabling someone else to do so.
2. Using someone else's (classmate or published author) words without using quotation marks.
3. Using someone else's (classmate or published author) ideas without giving that person credit.
 - a. Whenever you use a key word or more than two words in a row from another source, you must put those borrowed words in quotation marks and cite your source.

B. Acts of plagiarism will not be tolerated and will result in:

1. discipline measures by administration and the classroom teacher. Incidents will be dealt with on a case by case basis.

6.1.5. CLASSROOM DISRUPTION

Behavior that interferes with instruction is considered a serious violation of the Fisher Jr./Sr. High Code of Conduct. The teacher has the right and responsibility to retain order in the classroom. The severity of the consequence will depend on the extent of the disruption.

6.1.6. CAFETERIA CONDUCT

The cafeteria operates on a nonprofit basis providing lunch to students and faculty at cost. Each student will be assigned a lunch account number (corresponding to his/her student ID number). Students are responsible for maintaining a positive balance on their lunch account. Parents may deposit money into a student's lunch account weekly, monthly, or in large increments (semester, year, etc.) While at lunch, students are asked to **HELP IN KEEPING TABLES AND FLOORS CLEAN** by returning plates, lunch sacks, etc., to the scraping window before leaving the lunch area. Failure to follow school policy during lunch will be handled by the lunch supervisors, dean, or principal.

6.1.7. BUS CONDUCT

The buses are for the convenience of the students. Students who cannot abide by the rules of good conduct and safety may lose their privilege to ride the bus. Students causing problems on school buses will be:

- A. 1st Occurrence: Warning
- B. 2nd Occurrence: Parent Conference and/or 1-10 day bus suspension
- C. 3rd Occurrence: 1 day-remainder of year bus suspension

6.1.8. CARE OF SCHOOL PROPERTY

A. Students are expected to care for school property. Damages inflicted willfully upon school property by a student must be repaired or the damaged item replaced by the student at whatever cost it takes. Please refer to the discipline ladder for the appropriate discipline.

6.1.9. ROMANTIC INVOLVEMENT BETWEEN STUDENTS

Romantic involvement and all outward displays of affection during school will not be permitted. The first infraction of these rules will result in a warning. The second time students will be required to serve a detention and a letter may be sent to the parents. Repeated failure to cooperate with the rules may result in a suspension.

6.1.10. HAZING

Unauthorized initiation or hazing of students is strictly forbidden by an act of the State Legislature (Chapter 38, Section 356 and 357, Illinois Revised Statutes, 1975) and is punishable in the courts of the State to the sum of five hundred dollars, or imprisonment in the county jail not exceeding six months or both.

THE LAW WILL BE STRICTLY ENFORCED. Freshmen initiation is not tolerated. "Hazing" is defined as that treatment which tends to set a student apart from his/her school mates, ninth grade students are to be treated no differently than other students.

6.1.11. "BULLYING" POLICY

The Illinois State Board of Education has mandated that every school in Illinois have a Bullying Policy in place by January 1, 2002.

A. Definition of Bullying

1. Student's Right to a Safe Learning Environment:

At Fisher Junior/Senior High School, we believe that every child has the right to a safe learning environment. Statistics show that one out of every six children is afraid to come to school for one reason or another. We believe that we are not immune to such statistics; therefore, we find it necessary to quickly identify, intervene and STOP any bullying that may be present in our school.

2. Is there a difference between bullying and teasing?

Parents of bullies have traditionally tried to minimize their child's behavior by saying such things as;

"My son was only teasing."

"The teasing just got out of control."

"It's normal boy behavior, isn't it?"

For both girls and boys in elementary and middle school, the most common form of bullying is, in fact, teasing. However, physical abuse (for boys) and social ostracism (for girls) are in second place. Most researchers believe that bullying involves an imbalance of physical or psychological power, with the bully being stronger (or perceived to be stronger) than the victim.

3. Bullying by definition:

Bullying is a student's repeated exposure to "negative actions on the part of one or more students" in which there is an "imbalance in strength between bullies and the victim."

4. Common Reasons for Bullying:

1. Their parents often punish them physically and teach them to handle problems physically.
2. Their parents are often not involved in their lives or show them little emotional warmth.
3. Bullies want to demonstrate power over others and be in control.
4. Bullies often teach their children to be bullies; the problem is self-perpetuating.

B. Examples of Bullying or Bullying Behaviors:

* act mean

* break people's things

* cheat

* force kids to hand over their lunch money

* gossip

* hit

* ignore people

* intimidate people

* make fun of people

* attack people

* carry weapons

* embarrass people

* swear at people

* harass people

* hurt feelings

* insult people

* kick

* obscene gestures

- * make racist comments
- * leave people out
- * pick on because they are different (perceived)
- * put people down
- * spread rumors
- * threaten
- * use verbal taunts

- * make sexist comments
- * name calling
- * push
- * say nasty things
- * take people's things
- * use physical violence
- * write nasty things

C. School Involvement

1. Administrators can:

- a) Help teachers understand the difference between normal conflict and bullying situations
- b) Plan an anti-bullying policy that works for that district
- c) Inform parents that no bullying activities (hazing rituals) will be permitted and report that the school will assign appropriate consequences to those inappropriate activities
- d) Establish a mentoring system for those identified as bullies and victims
- e) Help communicate effectively with parents when problems occur
- f) Schedule adult supervision for all those areas of the school where bullying is most likely to occur—the playground, halls, locker room, etc.

2. Teachers can:

- a) Establish an environment in which bullying is not tolerated must be a priority
- b) Post clear class rules stating that bullying activities will not be permitted
- c) Teach the students about bullying, emphasize that no student should be subjected to it, and elicit the help of all students to help confront it when necessary
- d) Teach that it is everyone's responsibility to see that all students are included in group work and play
- e) Meet bully's actions with strong disapproval immediately, and assign appropriate, consistent, non-physical consequences
- f) Be active listeners and make appropriate responses, making sure the victims get the help that is needed

3. Counselors can:

- a) Provide an anonymous way of reporting a bully's activity
- b) Assure victims that their concerns are valid
- c) Communicate with classroom teachers so that a team approach in helping eliminate the bullying can result
- d) Help students replace aggressive activities with more appropriate ones
- e) Help teach victims strategies to be more assertive
- f) Work collaboratively with counselors from family agencies to get additional help for bullies, victims and their families
- g) Work with parents of students involved
- h) Educate parents about effective strategies for helping their children

D. Discipline

1. Jurisdiction Defined:

The school has the right to investigate and punish any student involved in "bullying" activities whether on school property, at school bus stops, on school buses, at extra-curricular activities and while on route to or from school.

2. Types of Punishment: (depending on severity & frequency)

- i. Classroom detention
- ii. After-School detention

- iii. Saturday school
- iv. In-School Suspension
- v. Out-of-School Suspension
- vi. Counseling
- vii. School Board Action
- viii. Police Action

6.1.12. LOITERING

Students not participating in an extracurricular activity or not supervised by a staff member must be out of the building thirty minutes after the dismissal of school. Students may not enter the building at night or on weekends unless participating in a supervised activity or as a spectator to a regularly scheduled event.

6.1.13. DRESS CODE

Students enrolled at Fisher Schools will be expected and required to dress within the Fisher Junior/Senior High School handbook guidelines. Please note the following specifics:

- A. BOTTOMS:** Skirts, jumpers, skorts, capris, pants or shorts may be worn and must be at an appropriate length in the front and back.  - The administration holds discretionary authority to make decisions regarding attire-related matters not specifically addressed above.
- F. DANCE DRESS CODE:** (see page 41)

The school administration reserves the right to determine whether the student's attire is within the limits of decency and modesty. The administration may allow exceptions in special circumstances or occasions such

as holidays or special performances and may further prescribe dress in certain classes such as physical education, vocational classes, and science labs.

6.1.14. CELL-PHONE & ELECTRONIC DEVICE POLICY

Part A – Directive

- **Public Act 098-0129 Right to Privacy in the School Setting Act** Law permits Illinois elementary and secondary schools to obtain social networking passwords of students if there is “reasonable cause to believe” the site contains evidence that a school rule was broken.
- Students must follow the school and individual classroom teacher cellular phone and electronic device policies. Failure to adhere to these policies will result in a referral to the school administration.
- If students must call home or have emergencies, they must go to the office to make a phone call. Students may use their cell phones to make such calls, but only in the main office after they have received permission from the office personnel. Parents CAN leave messages for students with school office staff.
- Fisher High School, Fisher C.U.S.D. #1, or any of their representatives are not responsible for any lost, stolen, or damaged cell phones or electronic devices. Any phones or devices confiscated or held by the school will be kept in the school vault until the device is returned to the proper owner (parent or student).

Part B – Enforcement

- Teachers and all other staff members may confiscate cellular phones or other electronic devices if they see or hear any students inappropriately using such devices. Staff members are to immediately turn the device into the office or to the Dean/Principal along with a Discipline Referral for documentation. - Students who wish to drive motor vehicles to school regularly shall present a written request form (available from the office) signed by their parent or guardian before approval will be granted. The student is to park the car in the school parking lot immediately on arrival at school, and IS NOT TO DRIVE IT AGAIN BEFORE THE CLOSE OF SCHOOL WITHOUT PERMISSION OF THE PRINCIPAL. If, for any reason, the vehicle is to be driven during the noon period, permission is to be granted only on the request of the parent or guardian, and only for doctor, dental or needed emergency. **PERMISSION WILL NOT BE GRANTED FOR DRIVING HOME FOR LUNCH. STUDENTS ARE NOT PERMITTED TO RIDE IN OR ON MOTORIZED VEHICLES DURING LUNCH HOURS.**

Any Fisher School District student suspected of violating this substance abuse policy will be referred to the appropriate administrator. Fisher students found to be under the influence, in possession, or control of, or selling or delivering any controlled substance (refer to the out-of-school section in the discipline policy 7.20) while in school, on school district property or at an approved school activity held on non-school property, shall be subject to disciplinary action.

6.2.3. BEHAVIORAL INTERVENTION POLICY

Fisher CUSD #1 has adopted a policy dealing with the Behavioral Intervention for Students with Disabilities. Copies of this policy and procedures are available in the principal's office. (Board Policy 7.23)

6.2.4. REFERRAL/DETENTION SYSTEM

Students who display unacceptable behavior, or behavior which is consistently inappropriate, may be subject to a discipline referral "DR". Referrals are reserved for student behavior which a certified staff member deems as intentional misconduct or behavior which will not subside with standard interventions.

Detentions are assigned in 30 minute increments. The principal will determine placement on the Discipline Ladder, depending on the severity of the offense and number of occurrences. Incidents requiring a more severe punishment are to be referred to the principal. Teacher Assigned Detentions will be served with the teacher. An Administrative Assigned Detention will be served in the office.

Detention rules:

1. Students are expected to work on assignments or bring suitable reading material during the entire detention.
2. No talking or working in groups
3. No sleeping or putting head on desk
4. No use of electronic devices

Students not following the detention rules may be notified at the conclusion of the detention period that their detention will not count. Students that ride the bus will need to understand that if they receive a detention that it will be his/her responsibility to arrange transportation home following the detention.

6.2.5. CLASSROOM DETENTIONS

Students failing to serve an assigned detention on the date assigned will have the length of detention doubled the first time for failure to serve. Administration will be notified if the student fails to serve the new detention time. Any referrals sent to the administration for the failure to serve a detention may result in lunch detentions, after school detentions, Thursday detention, Saturday detention or a one-day in-school suspension.

6.2.6. SATURDAY DETENTION PROCEDURES:

At the discretion of the principal, Saturday detentions may be assigned in lieu of any in-school suspension. There is one length of Saturday Detention, four hours.

Detention rules:

1. Arrive by 8:00 a.m.
2. No electronic devices, sleeping, eating, or drinking
3. Stay until 12:00 noon
4. Work entire time
5. Consequences for failing to attend will be left up to the discretion of the Principal/Assistant Principal

6.2.7. IN-SCHOOL SUSPENSION

When a student is sent to the office for disciplinary reasons, the student's behavior has warranted further discipline measures. When the student's actions are deemed serious enough to warrant an in-school suspension, the following rules apply:

1. The student's parents are notified. Teachers are to turn in required assignments the day when an in-school suspension is to be served.
2. The student must bring all books and supplies needed for the entire day to the assigned room before 8:15 a.m. as he/she will not be allowed to go to his/her locker after that time.
3. The student is not permitted to use a cell phone during an in school suspension.

6.2.8. OUT OF SCHOOL SUSPENSION

Out of school suspensions will be given for any situation where the safety and welfare of the students are involved, or for repeated or severe misconduct. An out of school suspension and expulsion notice shall contain a statement specifically excluding the student from school activities and school grounds during the period of suspension or expulsion. The notice shall also state the consequence for violation of this restriction such as an arrest for trespassing.

The Fisher Community Unit School District #1 may impose out-of-school suspension for up to ten days. Students serving out of school suspension will be allowed to make up work for full credit. Fisher CUSD #1 prefers in-school suspensions but violations of the following general principles provide justification for out-of-school suspension.

Types of student misconduct which may result in out-of-school suspension:

1. Distributing or selling tobacco materials to underage students
2. Using, possessing, distributing, or selling alcoholic beverages. Students who are under the influence are not permitted to attend school function and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, or selling illegal drugs or controlled substances, inhalants used for non-medical reason, look-alike drugs and drug paraphernalia or prescription drugs used for purposes other than as prescribed by a doctor. Students who are under the influence are not permitted to attend school or school functions and are treated as though they had drugs in their possession.
4. Using, possessing, controlling, or transferring a weapon in violation of the "weapons" section of this policy
5. Disobeying directives from staff members or school officials and/or rules and regulations governing student conduct
6. Using violence, force, noise, coercion, threats, intimidation, fear, or other comparable conduct toward anyone or urging other students to engage in such conduct
7. Causing or attempting to cause damage to, or stealing or attempting to steal school property or another person's personal property
8. A student, who uses, possesses, controls, or transfers a weapon, or any object that can reasonably be considered, or looks like a weapon, may be expelled for a definite time period of at least one calendar year, but no more than two calendar years except that the Board may modify the expulsion period on a case-by-case basis. A "weapon" means possession, use, control, or transfer of any object, which may be used to cause bodily harm, including, but not limited to: firearms, knives, guns, rifles, shotguns, brass knuckles, and billy clubs or "look-alikes". Such items as baseball bats, pipes, bottles, locks, sticks, pencils, and pens may be considered weapons if used or attempted to be used to cause bodily harm. The building principal or designee shall notify the criminal justice or juvenile delinquency system of any student who brings a firearm or weapon to school.

6.2.9. DUE PROCESS, SUSPENSION, AND EXPULSION

The Constitution of the State of Illinois states that.... "A fundamental goal of the People of the State is the educational development of all persons to the limits of their capacities." However, when citizens act irresponsibly, violate the rights of others, or present an actual or threatened danger to persons or property, they are subject to lose some of their rights.

Such is the case with the right of education. When a student commits acts of gross disobedience or misconduct, the right to an education may be temporarily forfeited. But no government agency such as a school may deprive a citizen (student) of rights without due process of law. Due process is afforded to guarantee that the accused person has a chance to present a defense, to explain the circumstances of the alleged improper actions or to attempt to prove innocence.

A recent Supreme Court opinion has held that prior to the imposition of a suspension, the following procedures shall be observed:

1. The suspending school official shall give the student oral or written notice of the charges and evidence to support the charges.
2. If the student denies the charges, an opportunity shall be given the student to present an explanation in a conference with the suspending school official. The school official shall then inform the student whether or not the suspension is to be imposed. The court also stated that students whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process may be immediately removed from the school. In such cases, the requirements of notice and hearing shall follow as soon as practicable.

In addition to the procedures required by the United States Supreme Court, an Illinois statute and a Federal Court of Appeals decision outlines the following in suspension cases:

1. The student's parents must be notified immediately by the principal, assistant principal, or superintendent of the reason(s) for the suspension. This will include a copy of the rules and regulations allegedly violated, the number of days of the suspension (may not exceed 10 school days), and the right to appeal the suspension to the local school board.
2. At the hearing conducted by the school board or hearing officer appointed by the board, the student has the right to legal counsel at his/her own expense, the right to question the person who made the decision to suspend, the right to be present and question witnesses, and the right to make a statement on his/her own behalf.
3. If requested by the student, the parents or their representative, a transcript may be kept of the proceedings.
4. If the opinion of the school board upholds the suspension, the student and the parents shall be notified of the right of an appeal to the educational service region superintendent (ROE) and then to the State Superintendent of Education.
5. If the suspension decision is reversed, all references in the student's records shall be removed, and the school shall afford whatever assistance is necessary to the student to make up school work missed.

In expulsion cases the following is required:

1. The student and the student's parents shall be notified of the reasons for the expulsion, including a copy of the rules and regulations allegedly violated, the length of the expulsion, and the date, time and place of the school board hearing. The expulsion shall not take place until after the school board hearing.
2. At the hearing by the school board the student has a right to counsel at his/her own expense, the right to question the person who made the recommendation to expel, the right to be present and question witnesses, and the right to make a statement in his/her own behalf.
3. If requested by the student, the parent, or their representative, a transcript may be kept of the proceedings.
4. If the school board decision is to expel, the student and the student's parents shall be notified of the right of an appeal to the Educational Service Region Superintendent and then to the State Superintendent of Education.

The basic differences in suspension and expulsion are as follows:

1. A suspension is for a period not to exceed 10 school days; an expulsion is for a period up to one calendar year.
2. The Assistant Principal, the Principal or the District Superintendent may suspend a student; only the local Board of Education may expel a student.
3. A student may be suspended prior to a hearing; a student may not be expelled until after a hearing. In the interest of helping students, the Fisher School District may assist in providing or locating alternate educational opportunities for the suspended or expelled student. These alternative opportunities could include home bound or web-based instruction, reading lists, adult evening classes, or alternative school settings. The Illinois Office of Education provides assistance to school districts and students who want to know about alternatives within a school or off campus.

7.4. SPORTSMANSHIP CODE OF CONDUCT

Fisher Community Unit School District #1 believes that their student athletes, coaches, and fans are among the best in our state. Acknowledging this belief, inappropriate behavior includes, but is not limited to yelling, cursing, and using alcohol or drugs. The School District, Board of Education, and Administration have established this high code of ethics for the fans, players, and coaches.

Spectators are expected to behave in a respectful manner at all contests. A respectful manner includes: respect for the players, coaches, referees, and fellow fans. Should a spectator not behave in this manner, he or she will face the possible disciplinary acts listed below. Each act of inappropriate behavior could result in any of the following sanctions.

Disciplinary Actions:

1. Minor conference with school official regarding proper behavior
2. Spectator asked to leave that game
3. Spectator banned for 1-5 games (board approval)
4. Spectator banned for entire season

These are not listed in the order of disciplinary sequence. Any act could result in the spectator being banned for the entire season.

Appeal process: The spectator has the right to appeal any decision. The appeal process follows the steps listed below:

1. Athletic Director (unless coach of sport involved)
2. Principal
3. Superintendent
4. Board of Education

Each situation will be handled separately from any previous situation and dealt with accordingly.

We hope that, through the specific objectives spelled out by our Board of Education, this can be accomplished.

8.3. PHYSICAL EXAMINATIONS

In accordance with state law, all freshmen and students new to the school system must have physical examinations before entering high school. Examination forms will be provided to eighth grade students. If these have been misplaced, a new form may be obtained at the school office or from the office of Regional Superintendent of Schools.

All students who go out for athletics must pass a physical examination each year before they are eligible to compete in athletics. Physical forms for this purpose may be secured from the office. Freshmen who PLAN TO GO OUT for athletics and have had their regular physical and dental examinations during the summer, need not take another physical examination to participate in athletics. The physical examination records must be on file in the high school office.

Vision screening will be done in the fall for all eighth graders, as mandated by state law. A vision screening is not a substitute for a complete eye and vision evaluation by a certified eye doctor. A student is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the past twelve months and an evaluation is on file at the school. Vision screening is not an option. If a vision examination report is not on file at the school for your child, he/she will be screened.

8.7. INSURANCE

Boys and girls who are members of athletic teams must take the insurance (or parents must sign a waiver that they have other insurance coverage), but it is optional for all other students. (For 2018-19 School Term)

This summary is for the purpose of assisting in the understanding of IHSA By-laws and Policies. In case of a conflict between this publication and the constitution and by-laws of the IHSA, the constitution and by-laws shall control.

Key Provisions Regarding IHSA Rules

Eligibility Rules

When you become a member of an interscholastic team at your high school, you will find that both your school and the IHSA will have rules you must follow in order to be eligible for interscholastic participation. The IHSA's rules have been adopted by the high schools which are members of IHSA as part of the Association's constitution and by-laws. They must be followed as minimum standards for all interscholastic athletic competition in any member high school. Your high school may have additional requirements, but they may not be less stringent than these statewide minimums.

The principal/official representative of your school is responsible to see that only eligible students represent the school in interscholastic competition. Any question concerning your eligibility should be referred to your principal/official representative, who has a complete copy of all IHSA eligibility rules, including the Association's due process procedure. Only the IHSA Executive Director is authorized to make formal rulings on eligibility, so if your principal/official representative has questions or wishes assistance in answering your questions, the principal/official representative should contact the IHSA Office.

Information contained here highlights some of the most important features of the IHSA by-laws regarding interscholastic eligibility. It is designed to make you aware of major requirements you must meet to be eligible to compete in interscholastic competition. The information here is only a general description of major by-law

provisions and does not contain the statement of the by-laws in their entirety. You can review the by-laws at www.ihsa.org.

You may lose eligibility for interscholastic competition if you are not in compliance with IHSA by-laws. Remember, if you have any questions regarding IHSA rules, please contact your principal/official representative.

1. Attendance

- A. You may represent only the school you attend. Participation on a cooperative team of which your school is a member is acceptable.
- B. You must be enrolled and attending classes in your high school no later than the beginning of the 11th school day of the semester.
- C. If you attend school for ten (10) or more days during any one semester, it will count as one of the eight (8) semesters of high school attendance during which you may possibly have eligibility.
- D. If you have a lapse in school connection for ten (10) or more consecutive school days during a semester, you are subject to ineligibility for the rest of the semester. The specific terms of your extended absence must be reviewed by the Executive Director to determine if it is "lapse in school connection" or not.

2. Scholastic Standing

- A. You must pass twenty-five (25) credit hours of high school work per week. Generally, twenty-five (25) credit hours is the equivalent of five (5) .5 credit courses (2.5 full credits).
- B. You must have passed and received credit toward graduation for twenty-five (25) credit hours of high school work for the entire previous semester to be eligible at all during the ensuing semester.

3. Residence

Your eligibility is dependent on the location of the residence where you live full time with your parents, parent who has been assigned custody by the court, or court appointed legal guardian.

Athletic Eligibility Rules—Page 2

You may be eligible if you are entering high school as a freshman and:

- A. You attend the public high school in the district in which you live full time with both of your parents, custodial parent or court appointed guardian; or
- B. In the case of a multiple school district, you attend the public high school in the attendance area where you live full time with your parents, custodial parent or court appointed guardian; or
- C. You have paid tuition to attend a public school for a minimum of 7th and 8th grades in a district other than the one where you live with your parents, custodial parent or court appointed guardian and you continue to pay tuition as a high school student in that same district; or
- D. You attend a private/parochial school located within the boundaries of the public school district where you live with your parents, custodial parent or court appointed guardian; or
- E. You attend a private/parochial high school and have attended a private/parochial school for 7th and 8th grades, or for any four (4) grades from kindergarten through eighth grades; or
- F. You attend the private/parochial high school which one or both of your parents attended; or
- G. You attend a private/parochial high school located within a thirty (30) mile radius of the residence where you live with your parents, custodial parent or court appointed guardian.

4. Transfer

- A. In all transfer cases, both the principal of the school from which you transfer and the principal of the school into which you transfer must concur with the transfer in writing on a form provided by the IHSA Office. ***You cannot be eligible when you transfer until this form is fully executed and on file in the school office.***

- B. If you transfer after classes begin for the current school term, you will definitely be ineligible for thirty days from the date you start attending classes at the new high school. In addition, you will be ineligible for that entire school term in any sport in which you engaged in any team activity, including but not limited to tryouts, drills, physical practice sessions, team meetings, playing in a contest, etc. at the school from which you transferred. For example, if you were out for cross country at the school from which you transfer and transfer after **the IHSA sport season has begun**, you will be ineligible for cross country that entire school term at the new school.
- C. If you transfer attendance from one high school to another high school, you will be ineligible unless:
 - 1. Your transfer is in conjunction with a change in residence by both you and your parents, custodial parent or court appointed guardian from one public school district to a different public school district;
 - 2. Your transfer is between high schools within a public school district and both you and your parents, custodial parent or court appointed guardian change residence to the district attendance area for the school to which you transfer;
 - 3. Your parents are divorced or legally separated; you transfer to a new school in conjunction with a modification or other change in legal custody between your parents by action of a judge; and required court documents are on file at the school into which you transfer;
- D. If you transfer in conjunction with a change in legal guardianship, a ruling on your eligibility must be obtained from the IHSA Office.
- E. If you transfer attendance from one school to another while you are ineligible for any reason, the period of ineligibility imposed prior to your transfer or the period of ineligibility that would have been imposed had you stayed at the school, will be

enforced at the school to which you transfer, even if you are otherwise in compliance with the by-laws.

- F. Any questions about your eligibility in any of these instances must be resolved by a formal ruling from the IHSA Executive Director.
- G. In all other transfer situations, a ruling by the IHSA Executive Director is necessary to determine your eligibility. This ruling must be obtained in writing by the principal/official representative of the school into which you transfer before you participate in an interscholastic athletic contest.

5. Age

You will become ineligible on the date you become twenty (20) years of age, unless your twentieth (20th) birthday occurs during a sport season. In that case, you will become ineligible in regard to age at the beginning of the sport season during which your twentieth (20th) birthday occurs.

6. Physical Examination

You must have placed on file with your principal/official representative a certificate of physical fitness, signed by a licensed physician, physician's assistant or nurse practitioner in order to practice or participate. Your physical examination is good for 395 days from the date of the exam. The physician's report must be on file with your high school principal/official representative.

7. Amateur Status

- A. If you win or place in actual competition, you may accept a medal or trophy for that accomplishment, without limit to its cost. Your school may provide IHSA state champions with championship rings/mementoes.
- B. For participating in competition in an interscholastic sport, or for athletic honors or recognition in a sport, you may receive any type of award (except cash, check or legal tender) that does not exceed \$75 fair market value. There is no limitation on the value of your school letter.

- C. The amateur rule does not prohibit you from being paid to referee, receiving pay for teaching lessons or coaching in a little kids league, etc. It only applies to your own competition in an athletic contest.
- D. If you violate the amateur rule, you become ineligible in the sport in which you violate. You must be reinstated by the Executive Director before you may compete again.

8. Recruiting of Athletes

- A. The by-laws prohibit recruiting of high school students for athletics. If you are solicited to enroll in or transfer to a school to participate in athletics, you are being illegally recruited and your eligibility is in jeopardy.
- B. You will lose your eligibility if you enroll in or transfer to a school in response to recruiting efforts by any person or group of persons, connected with or not connected with the school, related to athletic participation.
- C. You will lose your eligibility if you receive special benefits or privileges as a prospective student-athlete which are not uniformly made available to all students who attend your school.
- D. You may not receive an "athletic scholarship" or any other special benefit from your school because you participate in athletics.
- E. It is a violation for any student-athlete to receive or be offered remuneration or any special inducement which is not made available to all applicants who apply to or enroll in the school.
- F. It is also a violation to induce or attempt to induce or encourage any prospective student to attend any member school for the purpose of participating in athletics, even when special remuneration or inducement is not given. Please remember that you may not be offered or receive any benefit, service, privilege or opportunity which is not also provided or made available to all prospective students at that school.

representative or an administrator at the school, not a member of the coaching staff.

9. School Team Sports Seasons

- A. Each sport conducted by IHSA member schools has a starting and ending date. Your school may not organize a team, begin practice or participate in contests in a given sport until the authorized starting date. Your school may not continue to practice or participate in contests after the authorized ending date. This means that:

1. During the school year, you may not participate on a non-school team coached by any member of your school's coaching staff unless it meets specific criteria established by the by-laws.
2. No school coach may require you to participate in an out-of-season sport program as a requirement for being a member of a school team.

- B. Violation of the sport season by-laws will result in penalty to you and/or to your school's coaching personnel.

10. Playing in Non-School Competition

- A. During the time you are participating on a school team in a sport at your high school, you may neither play on a non-school team nor compete in non-school competition as an individual in that same sport or in any skill of that sport.
- B. If you participate in non-school competition during a sport season and subsequently wish to join the school team in the same sport, you will not be eligible.
- C. If you wish to participate in a competition sanctioned by the National Governing Body, or its official Illinois affiliate for the sport, your principal/official representative must request approval in writing from the IHSA Office prior to any such participation.

- D. You may try out for a non-school team while you are on your school's team in that same sport, but you may not practice, receive instruction, participate in workouts, or participate in competition with a non-school team in that same sport until you cease being a member of your school's team. You cease being a member of your school's team when the team(s) of which you are a member terminates for the school term.
- E. You will become ineligible if you participate on, practice with or compete against any junior college, college or university team during your high school career.

11. All-Star Participation

- A. After you have completed your high school eligibility in the sport of football, basketball, soccer or volleyball, you may participate in three (3) all-star contests in any of these sports and still play for other school teams, provided the high school season in that sport has been completed. You may lose your eligibility for other interscholastic sports if you play in all-star competition in any of these sports under any other conditions.
- B. You are not restricted from participating in all-star competition in sports other than football, basketball, soccer or volleyball, except that you may not do so during the school season for the sport.

12. Misbehavior During Contests

- A. If you violate the ethics of competition or the principles of good sportsmanship, you may be barred from interscholastic athletic contests, either as a participant or spectator or both.
- B. If you are ejected from a contest for unsportsmanlike conduct, you will be ineligible for your team's next contest. You are also subject to other penalties.
