Capital Improvement Plan: General Background

The Capital Improvement Plan (CIP) is a capital budget and planning document prepared annually for Spotsylvania County Public Schools. The CIP is developed as a budgeting document typically covering a five-year period (upcoming fiscal year + four years). Then, the following year, the 5 year plan will move forward by one year, for example, CIP Plan 2023 - 2027. As the CIP is reviewed and updated on an annual basis, long range plans are adjusted to reflect changes in county demographics, circumstances, building needs, instructional priorities, and educational mandates.

The CIP provides a forecast by which capital maintenance, capital technology, and capital transportation projects required to support Spotsylvania County Public Schools are planned, financed, and constructed. As a planning tool, the CIP addresses needs for the improvement of the division's technology infrastructure, replacement of major equipment and vehicles, construction of new facilities as needed (including necessary land acquisition), as well as renovations and/or additions to existing school facilities. The capital projects included in the CIP are based on educational program requirements, School Board approved educational policy standards, and the adequacy of existing facilities and equipment to accommodate present and proposed educational programs. Student enrollment and county population trends influence project recommendations.

Each year, a CIP is prepared by the Superintendent's staff, then reviewed and adopted by the Spotsylvania County Public School Board. Following the School Board's adoption of the CIP for the Spotsylvania County Public Schools, it is forwarded to the County Administrator for inclusion in the County's Capital Improvement Plan. The Spotsylvania County Board of Supervisors finalizes funding appropriation in the spring of each calendar year.

Effects of the COVID 19 Virus:

Due to the COVID19 pandemic and the planning issues associated with it, the school division in coordination with the Spotsylvania County Administrator's Office modified the 2021-2025 five year CIP to a one year FY 2021 (only) Capital Improvement Plan. Then, in the following fiscal year FY 2022 the FY 2022-2026 Capital Improvement Plan marked the return to the five-year planning format.

Student Enrollment:

The October 1, 2021 count reflects an increase in student enrollment of 800 as compared to the preceding year's October 1 count. Staff attributes this increase to the return of in person learning. The largest increase occurred at the elementary level, with an overall increase of 571 students.

Although the five year CIP typically contains enrollment projections for future years, the 2023-2027 Capital Improvement Plan does not do so. A decision regarding if/when enrollment projections will be undertaken will be revisited at a future date. Staff has contracted for a large scale demographic study to be conducted by Cropper GIS Consulting, LLC. The findings of the study will be shared with the School Board in 2022.

Redistricting Study:

The school division will look to secure the services of a third party firm to conduct a comprehensive redistricting study following the 2020 Census results. The results of this study will be presented and reviewed by the School Board early in the year 2024. It is anticipated that the results of this study will result in a redistricting process planned for implementation in the fall of 2024.

Bond Referendum:

On November 02, 2021, the citizens of Spotsylvania County approved a new bond that considered capital needs from fiscal year 2023 to 2030. It is important to note that Bond referendum authority allows the County to issue bonds for eight years beyond the date of the referendum. Additionally, the Circuit Court may grant another two years beyond the initial eight years, for a maximum total of 10 years. Also, the bond is a financing tool and the capital projects for schools will continue to be approved each year as part of the public budget process. All the details and public information about the bond referendum can be found here: <https://www.spotsylvania.va.us/2209/Public-Schools>

Collaboration with County Staff:

School division staff continue to work with County staff to review the potential impact of new residential developments and to share information regarding future planning. School staff also continue to work closely with County staff in budget preparation and related planning activities in the capital improvement plan.

CIP SUMMARY

SPOTSYLVANIA COUNTY SCHOOLS Capital Improvement Plan 2023-2027

<u>CAPITAL PROJECTS</u>	<u>2023-2027</u>	<u>Total Project Cost</u> <i>(FY 2006-2027)</i>
Capital Transportation Projects (Buses & Equipment)	\$20,180,614	\$64,254,711
Capital Maintenance Projects (Repairs/Replacements/Renovation)	\$111,986,340	\$252,348,794
Capital Technology Projects (Upgrades & Replacements)	\$26,624,378	\$91,005,583
TOTAL	<u>\$158,791,332</u>	<u>\$407,609,088</u>

CIP PROJECT SUMMARY

PROJECT	DESCRIPTION
Transportation (Buses)	<p>Purchase of school buses for growth and/or replacement. These vehicles include 122 seventy-seven passenger buses, 40 Special Needs buses, 9 engine replacements, 6 lead driver vehicles, and bus cameras.</p> <p>Location: Joint Fleet/Transportation Services Facility Completion: Annually (2023-2027) Budget (In CIP): \$20,180,614 (Allocation during FY 2023- FY 2027) Budget: \$64,254,711 (Total allocations during project 2006-2027)</p>
Technology Upgrades	<p>Projects include upgrading and/or replacing of systems, switches, cables, servers, blade servers, laptops, controllers, wireless systems, devices, instructional solutions and enhancing security.</p> <p>Location: All schools and office sites Completion: Annually (2023-2027) Budget (In CIP): \$26,624,378 (Allocation during FY 2023- FY 2027) Budget: \$91,005,583 (Total allocations during project 2006-2027)</p>
Capital Maintenance	<p>Maintenance repair /replacement of HVAC systems, roof systems, fire alarm systems, humidity controls, resurfacing parking lots, telephone/intercom systems, flooring, painting, replacing windows, door hardware, renovations of SMS, ChHS (MEP), addition at TMS, purchase of modulars</p> <p>Location: All school and office sites Completion: Annually (2023-2027) Budget (In CIP): \$111,986,340 (Allocation during FY 2023- FY 2027) Budget: \$252,348,794 (Total allocations during project 2006-2027)</p>
Future Projections Outside 2026	
Ni River Addition	<p>Four classroom addition and ancillary facilities to provide space for 100 additional students.</p> <p>Location: Ni River Middle School Completion: TBD Budget (In CIP): \$0 (Expenditures during 2023-2027) Building Estimated 6% Annual Escalation Construction: \$ 1,371,440 Site: \$ 86,800 Soft Cost: \$ 291,648 (geotechnical, compaction, asbestos, material testing; permitting) \$ 1,749,888 Source Funding Allocation: Quinn Evans Architects</p>
Elementary School #18	<p>One to two-story masonry structure with 38 regular classrooms, 5 special education rooms and 5 resource rooms. Encompassing 90,448 square feet. which includes an 8,500 sf. multipurpose room.</p> <p>Location: 9823 Brock Road, Spotsylvania, VA Completion: TBD Budget (In CIP): \$0 (Expenditures during 2023-2027) Building 6% Annual Escalation Construction \$ 24,815,679 Site: \$ 3,920,300 (20 Acres) Soft Cost: \$ 5,747,195 (geotechnical, compaction, asbestos, material testing; permitting) \$ 34,483,174 Source Funding Allocation: Quinn Evans Architects</p>
Elementary School #19	<p>One to two-story masonry structure with 38 regular classrooms, 5 special education rooms and 5 resource rooms. Encompassing 90,448 sf. which includes an 8,500 square feet. multipurpose room.</p> <p>Location: Next to Spotsylvania High School Completion: TBD Budget (In CIP): \$0 (Expenditures during 2023-2027) Building 6% Annual Escalation Construction: \$ 24,815,679</p>

CIP PROJECT SUMMARY

	Site:	\$ 3,920,300	(20 Acres)
	Soft Cost:	\$ 5,747,195	(geotechnical, compaction, asbestos, material testing; permitting)
		\$ 34,483,174	Source Funding Allocation: Quinn Evans Architects
High School #6	One to two-story masonry structure encompassing 318,800 square feet including an auxiliary gymnasium, auditorium, and ancillary athletic fields and facilities.		
	Location:	To Be Determined	
	Completion:	TBD	
	Budget (In CIP):	\$0	(Expenditures during 2023-2027)
	Building	6% Annual Escalation	
	Construction:	\$ 88,406,020	
	Site:	\$ 9,856,865	(80 Acres)
	Athletic Stadium:	\$ 7,394,900	
	Soft Cost:	\$ 19,018,401	(geotechnical, compaction, asbestos, material testing; permitting)
		\$ 124,676,186	Source Funding Allocation: Quinn Evans Architects
Middle School #8	One to two-story masonry structure encompassing 128,800 square feet including an auxiliary gymnasium and school forum.		
	Location:	To Be Determined	
	Completion:	TBD	
	Budget In CIP):	\$0	(Expenditures during 2023-2027)
	Building	6% Annual Escalation	
	Construction:	\$ 45,000,000	
	Site:	\$ 9,675,000	(45 Acres)
	Soft Cost:	\$ 8,748,000	(geotechnical, compaction, asbestos, material testing; permitting)
		\$ 63,423,000	Source Funding Allocation: Quinn Evans Architects
Acquisition of Future School Sites	<i>Purchasing of school sites for Elementary School #20, High School #6, and Middle School #9.</i>		
	Location:	<i>To be determined</i>	
	Completion:	<i>As growth and enrollment require</i>	
	Budget (In CIP):	\$0	(Expenditures during 2023-2027)
	Budget:	\$3,944,289	

SUBTOTAL: \$248,817,756

(Expenditures for projects listed 2006-2027)

SUBTOTAL: \$158,791,332

(Expenditures for projects listed 2023-2027)

GRAND TOTAL: \$407,609,088

Note: The Grand Total excludes future projects after 2027

MAINTENANCE

CAPITAL PROJECT REQUESTS

Capital Maintenance

DEPARTMENT: Spotsylvania County Public Schools
 PROJECT NAME: CAPITAL MAINTENANCE PROJECTS

DESCRIPTION: Capital Maintenance Projects are large-scale projects involving the major repair, replacement, renovation, and/or maintenance of school division facilities and infrastructures. This includes, but is not limited to, heating, air-conditioning, roofs, floors, electrical systems, painting, etc.

JUSTIFICATION: The maintenance of school facilities is paramount to support the efforts of safety and instruction for students and staff. Proactive maintenance coupled with repairs and replacement of systems and structures will ensure the longevity of the division's facilities.

Due to unforeseen circumstances that may happen during a school year, it may be necessary to make adjustments to the CIP projects to meet unknown immediate and emergency situations. For those types of occurrences, the Maintenance Department will reappropriate and adjust existing project allocations to offset the costs, making a Net \$0 impact in the CIP budget for the current fiscal year.

** Funding Source 23-27
2021 Bond estimate \$93,995,008
2014 Bond estimate \$13,372,432
Federal Funds \$4,618,900
\$111,986,340
*There may be adjustments between 2014 and 2021 bond totals because of the way the 2021 Bonds are structured. These changes will be noted in the adopted version after coordination with the County.

TECHNOLOGY

CAPITAL PROJECT REQUESTS

Technology

DEPARTMENT: Spotsylvania County Public Schools
 PROJECT NAME: TECHNOLOGY *Non-Construction*
 DESCRIPTION: Maintenance, repair, and replacement of computers, servers, switches, and networks throughout the Spotsylvania County Schools Division.
 JUSTIFICATION: Spotsylvania County Schools continues to maintain and improve instructional and support technology through the replacement of computers, servers, cables, blade servers, controllers, laptop computers, switches and disk expansion, and other equipment. An updated technology infrastructure allows staff and parents to access more resources and communicate more effectively utilizing the latest applications.

\$26,624,378.00

TRANSPORTATION

CAPITAL PROJECT REQUESTS

School Buses

DEPARTMENT: Spotsylvania County Public Schools
 PROJECT NAME: SCHOOL BUSES (purchase) *Non-construction*

DESCRIPTION: Replacement of "regular" school buses that are at least fifteen (15) years old. Replacement of specially equipped school buses that are ten (10) years old. Add to the bus fleet to match the transportation needs of the school division with regard to student ridership and enrollment.

JUSTIFICATION: The revised recommendation replacement schedule for school buses is 15 years. The school division requests replacement of school buses older than 15 years for regular transportation needs and older than 10 years for special needs buses. Maintenance and repairs are very expensive for the specially-equipped buses after this time period. Due to the changes in technology, it is not uncommon for a shortage or the non-existence of parts available after a few years for the special equipment required in/on these buses. New emission standards require replacement of older buses as well.
