

**FCA School Colors and Mascot****FCA**

The board shall approve official school mascots and school colors. Mascots shall be selected that reflect a positive approach to school spirit and shall not refer to any ethnic group or be negative or demeaning in any nature. Effort shall be made to avoid choosing mascot names that may have a dual meaning or vulgar semantic in popular or historical slang.

**Elementary and Middle School Colors and Mascots**

The building principal or other district administrator shall gather input from parents and students and submit a list of no more than three choices to the superintendent, identifying a single recommendation from the principal. The superintendent shall submit these options to the board, identifying the recommended color/mascot combination. The board may approve or choose another combination from the provided options. Building interior selections should be considered when colors are chosen.

**High School Colors and Mascots**

Prior to interior color selections in the design process, the building principal (if identified) or other district administrator shall gather input from parents, patrons, and students and submit a list of no more than three choices to the superintendent, identifying a single recommendation. The superintendent shall submit these options to the board, identifying the recommended color/mascot combination. The board may approve or choose another combination from the provided options. Building interior selections should be considered when colors are chosen.
