

The district shall not promote or provide tutoring or private lessons for pay for students. However, district personnel shall cooperate with parents, students, and tutors if tutoring or private lessons shall be deemed necessary.

The following steps shall be followed:

1. A parent or student may discuss the advisability of tutoring or private lessons with the student's teacher, counselor, or principal.
2. It shall be the responsibility of the parent and the tutor to agree upon a fee and location for the tutoring or private lessons.
3. Any tutoring or private lessons for pay that take place in district buildings must comply with the board's facilities usage policies.

A district employee may neither tutor nor give private lessons to individual students for pay during the employee's contract day.
