

# VISION

The vision of the Placerville Union School District is to provide children with an excellent educational program that prepares them academically and inspires them to be confident, life-long learners who strive to realize their potential and make contributions to society.

## MISSION & LEGACY

## High Expectations + Strong Schools = Bright Futures

### 1. High Expectations

- High content and performance standards at every graded level, understood and contributed to by parents/guardians
- Improved performance on district and state assessments
- Students will be prepared to be successful at the high school level and beyond

### 2. Strong Schools

- High-quality, well-trained and dedicated staff
- Safe, clean, energy efficient and technologically up-to-date schools for all students
- Programs and services that are on the forefront of Innovation
- Staff and parents/guardians working together to make decisions
- Recognition for schools performing above expectations
- Strong partnership with parents/guardians, business and community
- Community pride in our district
- Leadership that is responsive to the challenges of the district
- A desirable place to work and learn
- Maintain fiscal solvency
- Recruit and retain quality staff
- Plan for consequences of declining enrollment
- Promote a culture of sustainability

### 3. Bright Futures

- Lifelong learners possessing knowledge and skills to perform successfully and participate as a citizen in our society
