Policy # 8242

POLICY

2013 8242 1 of 2 Instruction

SUBJECT: CIVILITY, CITIZENSHIP AND CHARACTER EDUCATION/

INTERPERSONAL VIOLENCE PREVENTION EDUCATION

Civility, Citizenship and Character Education

The Board of Education recognizes that teaching students respect, civility and understanding toward others, as well as the practice and reinforcement of appropriate behavior and values of our society, is an important function of the School System.

The School District wishes to foster an environment where students exhibit behavior that promotes positive educational practices, allows students to grow socially and academically, and encourages healthy dialogue in respectful ways. By presenting teachers and staff as positive role models, the District stresses positive communication and discourages disrespectful treatment. This policy is not intended to deprive and/or restrict any student of his/her right to freedom of expression but, rather, seeks to maintain, to the extent possible and reasonable, a safe, harassment free and educationally conducive environment for our students and staff.

Furthermore, the District shall ensure that the course of instruction in grades K through 12 includes a component on civility, citizenship and character education in accordance with Education Law, with an emphasis on discouraging acts of harassment, bullying and/or discrimination. Character education is the deliberate effort to help students understand, care about, and act upon core ethical values.

Character education shall instruct students on the principles of:

- a) Honesty;
- b) Tolerance;
- c) Personal responsibility;
- d) Respect for others;
- e) Awareness and sensitivity to discrimination and/or harassment as defined in the Dignity for All Students Act;

- f) Civility in relation to people of different races, weights, national origins, ethnic groups, religions, religious practices, physical or mental abilities, sexual orientations, genders or sexes;
- g) Observance of laws and rules;
- h) Courtesy;
- (i) Dignity, and other traits which will enhance the quality of students' experiences in, and contributions to, the community.; and
- j) Safe and responsible use of the Internet and electronic communications.

As determined by the Board of Regents, and as further enumerated in Commissioner's Regulations, the components of character education shall be incorporated in existing School District curricula as applicable.

The District encourages the involvement of staff, students, parents and community members in the implementation and reinforcement of character education in the schools.

Education Law Sections 801 and 801-a

Interpersonal Violence Prevention Education

The District will utilize the interpersonal violence prevention education package provided by the State Education Department. These materials will be incorporated as part of the health or other related curricula or programs for students in grades K through 12.

CURRICULUM (GENERAL)

Curriculum Development, Resources and Evaluation

Policy # 8110

The Board of Education supports and encourages development of a District-wide, articulated curriculum that conforms to state mandates and is responsive to the needs of children in a rapidly changing society. The

Principals of the elementary and secondary schools shall be responsible to the Superintendent for developing District-wide efforts toward the short and long-range improvement of curriculum and instruction.

Curriculum Resources

There are many resources for curriculum development that exist in our School District, and the instructional staff, under the guidance of the administration, is expected to delve into those resources for possible improvement of the instructional program. Each teacher has the privilege of being an initiator of improvement, as well as a reactor to changing conditions, and the Principals shall be involved in curriculum development.

From the staff, the Superintendent may appoint curriculum study committees; and their findings, as well as the collective judgments of the staff about the pertinence of various possible changes, shall be submitted by the Superintendent to the Board of Education for consideration in the forming of curriculum policy.

Curriculum Evaluation

The Board of Education shall direct a continuing evaluation of the curriculum as part of a program of instructional improvement.

All aspects of the curriculum shall be subjected to a searching and critical analysis in an attempt to improve the learning and growth of students.

The administrative staff shall evaluate the curriculum in a systematic manner, involving school personnel and others as appropriate.

The administrative staff shall make periodic recommendations for action by the Board. The Board of Education from time to time may invite teachers or others to discuss the curriculum.

CURRICULUM (GENERAL)

Request for PART 100 Variance or PART 200 Innovative Program Waiver From Commissioner's Regulations

Policy # 8120

Consistent with the purposes of *A New Compact for Learning*, the Board of Education encourages collaboration by teachers, administrators, parents, and students of the District in developing innovative educational programs and practices that will lead to greater achievement for all students.

Requests for a variance or waiver from the requirements in Part 100 and Sections 200.1/200.6, respectively, of the Commissioner's Regulations must be approved by the local Board of Education and signed by the Superintendent of Schools. An application may also be submitted by several districts, or a combination of districts, BOCES, and/or private schools, applying as a consortium. Consortium applications must be approved by each participating local Board of Education and Superintendent of Schools.

Subsequent to Board of Education approval, all applications must be forwarded to the District Superintendent of Schools of which the local District is a part for review, consultation, and recommendation prior to submission to the State Education Department. The District Superintendent may provide technical assistance to the applicant and make recommendations to the State Education Department. Interested applicants may also request technical assistance through their Regional Education Coordinator.

CURRICULUM (GENERAL)
Equal Educational Opportunities
Policy # 8130

SUBJECT: EQUAL EDUCATIONAL OPPORTUNITIES

The Lyndonville School District provides equal opportunity for students and does not discriminate against any student enrolled in (or any candidate for admission to) its programs and activities on the basis of actual or perceived race, color, national origin, sex, disability, or age. Further, the District does not discriminate on the basis of weight, ethnic group, religion, religious practice, sexual orientation, gender, or any other basis prohibited by state or federal non-discrimination laws, and provides equal access to its facilities to the Boy Scouts and other designated youth groups.

Educational Services for Married/Pregnant Students

Public schools may not discriminate against students based on their parental and/or marital status. The opportunity to participate in all of the services, programs, and activities of the school district shall not be restricted or denied because of pregnancy, parenthood, or marriage.

Pregnant students shall be encouraged to remain and participate in District programs. The forms of instruction provided to such students may include any or all of the following:

- a) Remain in school with provisions for special instruction, scheduling, and counseling as needed;
- b) Receive home instruction;
- c) Attend BOCES programs.

In this regard, the Superintendent or his/her designee, in consultation with student services staff, the school physician and the student's personal physician, may make program modifications which are feasible and necessary to accommodate the special needs of such students.

Investigation of Complaints and Grievances

The School District will act to promptly, thoroughly, and equitably investigate all complaints, whether verbal or written, of discrimination and will promptly take appropriate action to protect individuals from further discrimination. All such complaints will be handled in a manner consistent with the District's policies, procedures, and/or regulations regarding the investigation of discrimination and harassment complaints, including Policy #3420 -- Non-Discrimination and Anti-Harassment in the School District; Policy #7551 -- Sexual Harassment of Students; and Administrative Regulation #3420R -- Non-Discrimination and Anti-Harassment in the School District.

Additional information regarding the District's discrimination and harassment complaint and grievance procedures, including but not limited to the designation of the Civil Rights Compliance Officer, knowingly making false accusations, and possible corrective actions, can be found in Policy #3420 -- Non-Discrimination and Anti-Harassment in the School District and Administrative Regulation #3420R -- Non-Discrimination and Anti-Harassment in the School District.

Prohibition of Retaliatory Behavior

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of discrimination. Complaints of retaliation may be directed to the Civil Rights Compliance Officer. In the event the Civil Rights Compliance Officer is the alleged offender, the report will be directed to another Civil Rights Compliance Officer, if the District has designated another individual to serve in such a capacity, or to the Superintendent.

Where appropriate, follow-up inquiries will be made to ensure that discrimination has not resumed and that all those involved in the investigation of the discrimination have not suffered retaliation.

Safety Conditions and Programs

Policy # 8210

The practice of safety will be considered an integral part of the instructional program through fire prevention, emergency procedures and drills, driver education, and traffic and pedestrian safety.

Each Principal will be responsible for the supervision of a safety program for his/her school.

The safety program may include, but not be limited to, in-service training, plant inspection, fire prevention, accident recordkeeping, driver and vehicle safety programs, emergency procedures and drills, and traffic safety programs relevant to students, employees and the community.

It shall be the duty of the Board of Education to provide inspections and supervision of the health and safety aspects of the school facilities.

Eye Safety/Student Use of Hand-Held Laser Pointers

Eye safety devices are to be provided by the School District for the protection of employees, students and visitors, and worn in the technology education classes and labs when activities present a potential eye hazard. The Superintendent or his/her designee will ensure that these devices are properly repaired, cleaned and stored to prevent the spread of germs or diseases after individuals use them.

Each classroom teacher is responsible for the safe and proper use of all instructional materials and equipment by students in his/her classroom. Laser pointers are to be used by students only when such use is approved and supervised by the classroom instructor.

Students will be advised not to stare directly into the beam from a laser pointer or direct the beam at the eyes of another individual. Students are not to aim the pointer into the audience. Students are to be made aware of the hazards associated with the particular type of laser pointer used.

Policy # 8211

SUBJECT: PREVENTION INSTRUCTION**Acquired Immune Deficiency Syndrome (AIDS) Instruction in Health Education**

The Board of Education will provide a health education program that will include appropriate instruction for all students concerning Acquired Immune Deficiency Syndrome (AIDS). Accurate information concerning the nature of the disease, methods of transmission, and means of prevention will be provided in an age-appropriate manner, and will be consistent with community values and will stress that abstinence is the most appropriate and effective premarital protection against AIDS.

A representative community advisory group consisting of appropriate school personnel, School Board members, parents, religious representatives, and other community members will be established in order to make recommendations for curriculum content, implementation, and evaluation of an AIDS instructional program. Appropriate training will be provided for instructional staff.

No student will be required to receive instruction concerning the methods of AIDS prevention -if his/her parent or legal guardian files with the principal a written request that the student not participate in this instruction, with an assurance that the student will receive this instruction at home.

AIDS instruction in the elementary grades will be taught by the regular classroom teachers, while this instruction in the middle and high school grades will be a part of the required health education curriculum.

Hands-Only Cardio Pulmonary Resuscitation and Automated External Defibrillator Instruction

High school students will be provided instruction in hands-only cardiopulmonary resuscitation and the use of an automated external defibrillator. Standards for this instruction will be based on a nationally recognized instructional program that utilizes the most current guidelines for cardiopulmonary resuscitation and emergency cardiovascular care issued by the American Heart Association or a substantially equivalent organization, that are consistent with the requirements of the programs adopted by the American Heart Association or the American Red Cross, and that will incorporate instruction designed to:

- a) Recognize the signs of a possible cardiac arrest and to call 911;
- b) Provide an opportunity to demonstrate the psychomotor skills necessary to perform hands-only compression cardiopulmonary resuscitation; and
- c) Provide awareness in the use of an automated external defibrillator.

The Committee on Special Education or a Multidisciplinary Team, in accordance with Section 504 of the Rehabilitation Act, may determine, on an individual student basis, if a student with a disability should be excused from the requirement for instruction in hands-only CPR and the use of AEDs.

Substance Abuse - Prevention Instruction

The Board of Education recognizes the need to educate students on the hazards of alcohol, tobacco, and drug abuse. An educationally sequential health prevention program, utilizing, as appropriate, community, staff, and student input, will be developed to inform students of:

- a) Causes for substance abuse;
- b) Physical and psychological damage associated with substance abuse;
- c) Avoidance of alcohol, tobacco and drugs; and
- d) Dangers of driving while under the influence of alcohol or drugs.

Environmental Conservation Instruction

The Board of Education supports and encourages the development of a District-wide, articulated curriculum of environmental conservation integrated into other program disciplines.

Fire and Arson Prevention/Injury Prevention/Life Safety Education

The Board of Education directs the administration to provide instruction in fire and arson prevention, injury prevention and life safety education relating to protection against injury or death and property loss or damage as a result of criminally initiated or other preventable fire.

This instruction will include materials to educate children on the dangers of falsely reporting a criminal incident, an impending explosion or fire emergency involving danger to life or property, an impending catastrophe, or a life safety emergency.

The Board of Education directs the administration to provide this instruction for all students for a period of not less than 45 minutes in each month that school is in session.

Student Safety

Instruction in courses in technology education, science, home and career skills, health and safety, physical education, and art will include and emphasize safety and accident prevention.

Safety instruction will precede the use of materials and equipment by students in applicable units of work in the courses listed above, and instructors will teach and enforce all safety procedures relating to the particular courses. These procedures will include wearing protective eye devices during appropriate activities.

Emergency Planning

The District will maintain updated plans and operating procedures to be followed in the event of natural or manmade disasters or enemy attack. Students will be provided instruction to respond effectively in emergency situations.

Instruction on Prevention of Child Abduction

All students in grades K through 8 in District schools will receive instruction designed to prevent the abduction of children. This instruction will be provided by or under the direct supervision of regular

classroom teachers and the Board of Education will provide appropriate training and curriculum materials for the regular classroom teachers who provide this instruction. However, at the Board's discretion, this instruction may be provided by any other public or private agency.

The Commissioner of Education will provide technical assistance to assist in developing curricula for these courses of study which must be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness skills, information, self-confidence, and support to aid in the prevention of child abduction.

For purposes of developing these courses of study, the Board of Education may establish local advisory councils or utilize the school-based shared decision making and planning committee established under the Commissioner's regulations to make recommendations concerning the content and implementation of these courses. Alternatively, the District may utilize courses of instruction developed by consortia of school districts, boards of cooperative educational services, other school districts, or any other public or private agency. The advisory council will consist of, but not be limited to, parents, school trustees and Board members, appropriate school personnel, business and community representatives, and law enforcement personnel having experience in the prevention of child abduction.

Instruction on Child Development and Parenting Skills

Instruction regarding child development and parenting skills may be offered by the District. The curriculum will include instruction on the consequences and prevention of shaken baby syndrome, which may include the viewing of a video presentation for students in secondary schools.

ELEMENTARY AND SECONDARY INSTRUCTION Career and Technical (Occupational) Education Policy # 8220

The Board of Education recognizes the need for career and technical education and reaffirms its policy of strengthening the local high school career and technical education program through utilization of any available federal and state funds for that purpose and of supporting the BOCES program.

Equal Opportunity

The Board of Education prohibits discrimination on the basis of sex, sexual orientation, race, color, creed, religion, national origin, political affiliation, age, marital status, military status or disability or use of a recognized guide dog, hearing dog or service dog in any career and technical education program or activity of this District.

The career and technical education program and/or activities shall be readily accessible to students with disabilities.

Public Notification

Prior to the beginning of each school year or academic semester, the District shall issue an appropriate public announcement which advises students, parents, employees and the general public that career and technical education opportunities will be offered without regard to sex, sexual orientation, race, color, creed, religion, national origin, political affiliation, age, marital status, military status, disability or use of a recognized guide dog, hearing dog or service dog. Included in such announcement will be the name, address, and telephone number of the person designated to coordinate Title IX/Section 504/ADA activities.

Grievance Procedure

Grievance procedures for resolving complaints regarding discrimination shall be disseminated to adequately inform students, parents and employees of the existence of these procedures.

Local Advisory Council

In accordance with Education Law, the Board will appoint a Local Advisory Council for Career Education. The Board may, with BOCES approval, utilize the BOCES Advisory Council as its Local Advisory Council.

- a) Identification of guidance program objectives;
- b) Activities to accomplish the objectives;
- c) Identification of staff members and other resources to accomplish the objectives;
- d) Provisions for the annual assessment of program results.

Guidance Program (K through 6)

A coordinated guidance program in grades K through 6 shall be developed and implemented to:

- a) Prepare students to participate effectively in their current and future educational programs;
- b) Help those students exhibiting any attendance, academic, behavioral or adjustment problems;
- c) Educate students concerning avoidance of child sexual abuse; and
- d) Encourage parental involvement.

Guidance Program (7 through 12)

A coordinated guidance program in grades 7 through 12 shall be developed and implemented including the following activities and services:

- a) Each student's educational progress and career plans will be reviewed annually;
- b) Instruction at each grade level to help students learn about various careers and career planning skills;
- c) Other advisory and counseling assistance which will benefit students such as: helping students develop and implement postsecondary education and career plans; helping those students exhibiting any behavioral or adjustment problems; and encouraging parental involvement;
- d) Employment of personnel certified or licensed as school counselors.

Instructional Programs: Driver Education, Gifted and Talented Education and Physical Education

Policy # 8240

SUBJECT: INSTRUCTION IN CERTAIN SUBJECTS

Driver Education

A driver education course may be offered under the conditions set forth by the New York State Education Department and Commissioner's regulations.

Gifted and Talented Students

The Board will provide appropriate educational programs for students identified as gifted and talented.

Physical Education Class

All students, except those with medical excuses, will participate in physical education in accordance with the Commissioner's regulations, which require that all students attend and participate in physical education as follows:

- a) All students in grades K through 3 will participate in a daily program for a minimum of 120 minutes per week. All students in grades 4 through 6 will participate in a program three times per week for a minimum of 120 minutes per week. The minimum time devoted to these programs (K through 6) will be at least 120 minutes in each calendar week, exclusive of any time that may be required for dressing and showering.
- b) Students in grades 5 through 6 that are in a middle school shall participate in the physical education program a minimum of three periods per calendar week during one semester of each school year and two periods during the other semester, or a comparable time each semester if the school is organized in other patterns.
- c) All secondary students (in grades 7 through 12) will have the opportunity for regular physical education, but not less than three times per week in one semester and two times per week in the other semester. For students in grades 10 through 12 only, a comparable time each semester will be provided if the school is organized in other patterns or if students have demonstrated acceptable levels of physical fitness, physical skills, and knowledge of physical education activities in extra class programs or out-of-school activities approved by the physical education staff and the School Administration.

- d) For grades K through 12, a district may provide an equivalent program as approved by the Commissioner of Education.

An excuse from physical education class may be accepted from a licensed physician for medical reasons or a licensed chiropractor for conditions of the spine.

Any student whose condition precludes participation in a regular program will be provided with adaptive physical education approved by the Commissioner of Education.

Health and Mental Health Education

The District's health education program recognizes the multiple dimensions of health by including instruction related to:

- a) Mental health;
- b) The relation of physical and mental health;
- c) Alcohol, tobacco, and other drugs; and
- d) The prevention and detection of certain cancers.

By including such instruction, the District will enhance student understanding, attitudes, and behaviors that promote health, well-being, and human dignity.

Health education programs provided by the District will be designed according to the needs and abilities of the students at successive grade levels in accordance with applicable laws and regulations.

ELEMENTARY AND SECONDARY INSTRUCTION Patriotism, Citizenship and Human Rights Education Policy # 8241

In order to promote a spirit of patriotic and civil service and obligation, as well as to foster in students of the District moral and intellectual qualities which are essential in preparing them to meet the obligations of citizenship, the Board requires students attending District schools, over the age of eight (8) years, to attend instructional courses in patriotism, citizenship, and human rights issues, with particular attention to the study of the inhumanity of genocide, slavery (including the freedom trail and underground railroad), the Holocaust, and the mass starvation in Ireland from 1845 to 1850.

The Building Principal will ensure that all students attending District schools in grades 8 through 12 receive instruction in the history, meaning, significance, and effect of the United States Constitution, the New York State Constitution, and the Declaration of Independence.

The curricula for such courses must include the subjects specified by the Board of Regents and be for the period of instruction, as mandated by the Regents, which is necessary in these subjects in each of the appropriate grades.

One (1) week during each school year a uniform course of exercises shall be provided to teach students, in an age appropriate manner, the purpose, meaning and importance of the Bill of Rights Articles in the United States and New York State Constitutions. These exercises shall be in addition to the above required courses.

In addition, each School District that receives Federal Funds for a fiscal year shall hold an educational program on the United States Constitution on September 17th of each year for the students in the District to commemorate the September 17, 1787 signing of the Constitution, known as Constitution Day and Citizenship Day. However, when September 17 falls on a Saturday, Sunday, or holiday, this day shall be held during the preceding or following week.

The Board directs that the above named subjects, as mandated by law, be addressed in the instructional curricula provided by the District.

Policy Information**Series 8000 - Instruction****ELEMENTARY AND SECONDARY INSTRUCTION****Title I Parent Involvement Policy**

Policy # 8260

The Board of Education recognizes the rights of parents/persons in parental relation to be fully informed of all information relevant to their children, including children who participate in programs and projects funded by Title I. Therefore, the Board of Education encourages the participation of parents of students eligible for Title I services in all aspects of their child's education, including the development and implementation of district programs, as well as activities and procedures that are designed to carry out No Child Left Behind (NCLB) parent involvement goals.

District-Wide Parent Involvement Policy

In order to facilitate parental participation, in accordance with NCLB requirements, as outlined in the Elementary and Secondary Education Act Section 6318(B), the District will:

- a) Involve parents in the joint development of the Title I Plan. If the plan is not satisfactory to the parents of children participating in Title I programs, the District will submit any parent comments to the State Education Department along with the District's plan;
- b) Provide the coordination, technical assistance, and support necessary to assist participating schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance;
- c) Build the schools' and parents' capacity for strong parental involvement through implementing and encouraging participation in appropriate parental involvement activities. These activities include involving parents as decision-makers in the planning, review and improvement of school programs through participation on shared decision-making Building Leadership Teams, ensuring parental involvement strategies under research-based education programs, providing parents information about curriculum and parent education activities on each school website;
- d) Coordinate and integrate parental involvement strategies under Title I with those of other programs including, but not limited to, the Headstart Program, the Reading First Program, Even Start Program, Parent Resource Centers and other programs. The District will ensure the annual appointment of an Advisory Council to host at least one (1) annual Title I Planning Meeting under the supervision of the Director of Special Education/Title I;

- e) Conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the Title I schools. The evaluation shall include identifying barriers to greater participation by parents in activities under the policy and use the findings of the evaluation to design strategies for more effective parental involvement and, to revise, if necessary, the parental involvement policies at the District and school levels;
- f) Involve parents in the activities of the Title I schools to include opportunities to get information at curriculum night, open houses, parent conferences and to encourage parents to visit schools and classrooms;
- g) Involve parents of children in Title I programs in decisions regarding how funds reserved for parental involvement activities are spent. The joint Special Education/Title I Advisory Council will annually determine appropriate parent programs and services supported by the Title I funds.

School-Level Parent Involvement Policy

In accordance with Section 6318(c), the Board of Education directs each school receiving Title I funds to ensure that a building level parental involvement plan is developed with the participation of that school's parents. In addition to the goals stated above, each school building level plan will describe the details to:

- a) Convene an annual meeting, at a convenient time, to inform parents of their school's participation in Title I programs and to explain Title I requirements and the right of the parents to be involved. All parents of children participating in Title I programs will be invited and encouraged to attend the meeting;
- b) Offer a flexible number of meetings, such as meetings in the morning or evening; and may provide (with funds provided under this provision of law) transportation, child care, or home visits, as such services relate to parental involvement;
- c) Involve parents in an organized, ongoing, and timely way in the planning, review, and improvement of Title I programs, including the planning, review, and improvement of the school parental involvement policy;
- d) Provide parents of participating children with timely information about programs, a description and explanation of the curriculum in use in Title I programs, the forms of academic assessment used to measure student progress, the proficiency levels students are expected to meet, and if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children and respond to any such suggestions as soon as practicably possible; and
- e) Develop a school-parent compact jointly with parents that outlines how the parents, school staff and students will share the responsibility for improved student academic achievement and detail the means by which the school and parents will build and develop a partnership to help all children achieve the state's standards.
- f) The compact must include:
 1. A description of the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served in Title I schools to meet the State's student academic achievement standards.
 2. A description of the ways in which each parent will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, television watching,

volunteering in their child's classroom and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time; and

3. Address the importance of communication between teachers and parents on an ongoing basis including, but not limited to:

- (a) Parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child's achievement;
- (b) Frequent reports to parents on their children's progress; and
- (c) Reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities. Be provided written information about curriculum, programs and workshops to support parent involvement.

To ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community in order to improve student academic achievement, the District and each school shall:

- a) Provide assistance to parents of children served by the District or school, in understanding such topics as the State's academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of their children;
- b) Provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement;
- c) Educate teachers, pupil services personnel, principals, and other staff, with the assistance of parents, in the value and utility of contribution of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school;
- d) Coordinate and integrate to the extent feasible and appropriate, parent involvement programs and activities with Head Start, Reading First, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parent as Teachers Program, and public preschool and other programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children;
- e) Ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.

In addition to the above activities which are required for the District and each school, the District and each school:

- a) May involve parents in the development of training for teachers, principals, and other educators to improve the effectiveness of such training;
- b) May provide necessary literacy training from funds received under this part if the local educational agency has exhausted all other reasonably available sources of funding for such training;
- c) May pay reasonable and necessary expenses associated with local parental involvement activities, including transportation and child care costs, to enable parents to participate in school-related meetings and training sessions;

- d) May train parents to enhance the involvement of other parents;
- e) May arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at school, in order to maximize parental involvement and participation;
- f) May adopt and implement model approaches to improving parental involvement;
- g) May establish a District-wide parent advisory council to provide advice on all matters related to parental involvement in programs supported under this section;
- h) May develop appropriate roles for community-based organizations and businesses in parent involvement activities; and
- i) Shall provide such other reasonable support for parental involvement activities under this section as parents may request.

In carrying out the parental involvement requirements, the District and schools, to the extent practicable, shall provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Section 6311 of the Elementary and Secondary Education Act in a format and, to the extent practicable, in a language such parents understand.

Procedures for Filing Complaints/Appeals

The District will disseminate free of charge to parents of children in Title I programs, and to appropriate private school officials or representatives, adequate information regarding the District's written complaint procedures for resolving issues of violation(s) of a Federal statute or regulation that applies to Title I, Part A programs.

Comparability of Services

The School District shall ensure equivalence among the schools in the District of the same grade span and levels of instruction with regard to teachers, administrators and auxiliary personnel as well as equivalence in the provision of curriculum materials and instructional supplies in Title I programs.

ELEMENTARY AND SECONDARY INSTRUCTION Instructional Technology

Policy # 8270

The Board of Education recognizes its responsibility to further the District's educational goals through the use of appropriate and high quality technological materials and equipment. For the purpose of this policy, technology refers to computers, interactive videodiscs, Compact Disc-Read Only Memory (CD-ROM) devices, local area networks, satellite transmission, and other telecommunications equipment.

Continuing advances in technology are bringing about changes that have an increasing impact on the way we obtain, process, evaluate, and use information. Therefore, the District is committed to:

- a) A comprehensive staff development program to ensure appropriate and effective use of technology.
- b) The preparation of students to utilize multiple types of technology.
- c) The integration of technology within and across all curriculum areas.
- d) The equitable distribution and access to technological equipment and materials for all students.
- e) The promotion of technology as an alternative to traditional methods of gathering, organizing and synthesizing information.
- f) The provision of sufficient funds, within the budgetary constraints of the Board, for the implementation of technology instruction.

The Board directs the Superintendent or his/her designee to assess the technological needs of the District's instructional program, research and review current materials, and make recommendations to the Board.

ELEMENTARY AND SECONDARY INSTRUCTION Children's Internet Protection Act: Internet Content Filtering/Safety Policy

Policy # 8271

In compliance with The Children's Internet Protection Act (CIPA) and Regulations of the Federal Communications Commission (FCC), the District has adopted and will enforce this Internet safety policy that ensures the use of technology protection measures (i.e., filtering or blocking of access to certain material on the Internet) on all District computers with Internet access. Such technology protection measures apply to Internet access by both adults and minors with regard to visual depictions that are obscene, child pornography, or, with respect to the use of computers by minors, considered harmful to such students. Further, appropriate monitoring of online activities of minors, as determined by the building/program supervisor, will also be enforced to ensure the safety of students when accessing the Internet.

Further, the Board of Education's decision to utilize technology protection measures and other safety procedures for staff and students when accessing the Internet fosters the educational mission of the schools including the selection of appropriate teaching/instructional materials and activities to enhance the schools' programs; and to help ensure the safety of personnel and students while online.

However, no filtering technology can guarantee that staff and students will be prevented from accessing all inappropriate locations. Proper safety procedures, as deemed appropriate by the applicable administrator/program supervisor, will be provided to ensure compliance with the CIPA.

In addition to the use of technology protection measures, the monitoring of online activities and access by minors to inappropriate matter on the Internet and World Wide Web *may* include, but shall not be limited to, the following guidelines:

- a) Ensuring the presence of a teacher and/or other appropriate District personnel when students are accessing the Internet including, but not limited to, the supervision of minors when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. As determined by the appropriate building administrator, the use of e-mail and chat rooms may be blocked as deemed necessary to ensure the safety of such students;
- b) Monitoring logs of access in order to keep track of the websites visited by students as a measure to restrict access to materials harmful to minors;
- c) In compliance with this Internet Safety Policy as well as the District's Acceptable Use Policy, unauthorized access (including so-called "hacking") and other unlawful activities by minors are prohibited by the District; and student violations of such policies may result in disciplinary action; and
- d) Appropriate supervision and notification to minors regarding the prohibition as to unauthorized disclosure, use and dissemination of personal identification information regarding such students.

The determination of what is "inappropriate" for minors shall be determined by the District and/or designated school official(s). It is acknowledged that the determination of such "inappropriate" material may vary depending upon the circumstances of the situation and the age of the students involved in online research.

The terms "minor," "child pornography," "harmful to minors," "obscene," "technology protection measure," "sexual act," and "sexual contact" will be as defined in accordance with CIPA and other applicable laws/regulations as may be appropriate and implemented pursuant to the District's educational mission.

Under certain specified circumstances, the blocking or filtering technology measure(s) may be disabled for adults engaged in bona fide research or other lawful purposes. The power to disable can only be exercised by an administrator, supervisor, or other person authorized by the School District.

The School District shall provide certification, pursuant to the requirements of CIPA, to document the District's adoption and enforcement of its Internet Safety Policy, including the operation and enforcement of technology protection measures (i.e., blocking/filtering of access to certain material on the Internet) for all School District computers with Internet access.

Internet Safety Instruction

In accordance with New York State Education Law, the School District may provide, to students in grades K through 12, instruction designed to promote the proper and safe use of the internet. The Commissioner shall provide technical assistance to assist in the development of curricula for such course of study, which shall be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness, skills, information, and support to aid in the safe usage of the internet.

Notification/Authorization

The District's Acceptable Use Policy and accompanying Regulations will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and student's obligations when accessing the Internet.

Student use of the District's computer system (DCS) is conditioned upon written agreement by all students and their parents/guardians that student use of the DCS will conform to the requirements of this policy and any regulations adopted to ensure acceptable use of the DCS. All such agreements shall be kept on file in the District Office.

The District has provided reasonable public notice and has held at least one (1) public hearing or meeting to address the proposed Internet Content Filtering/Safety Policy prior to Board adoption. Furthermore, appropriate actions will be taken to ensure the ready availability to the public of the District's Internet Content Filtering/Safety Policy, as well as any other District policies relating to the use of technology.

Instruction for English Language Learners or Students With Limited English Proficiency Policy # 8280

SUBJECT: INSTRUCTION FOR ENGLISH LANGUAGE LEARNERS

The Board of Education recognizes its responsibility to ensure that students of foreign birth or ancestry who are identified as English Language Learners (ELLs) are provided with an appropriate bilingual education or English as a New Language (ENL) program.

The District has developed a comprehensive plan to meet the educational needs of ELLs. The plan will be kept on file in the District and submitted to the Commissioner of Education prior to the start of each school year. The plan includes:

- a) The District's philosophy regarding the education of ELLs;
- b) The District's administrative practices and procedures to screen, identify, and place ELLs in appropriate programs;
- c) The District's plan to provide parents and other persons in parental relation with information about all bilingual education and ENL programs available in the District and notices regarding program placement and the rights of parents or persons in parental relation in a language they best understand;

- d) The District's system to annually measure and track the academic progress and English language proficiency of ELLs and use of data to drive instruction;
- e) A description of the District's curricular and extracurricular services provided to ELLs;
- f) The District's administrative practices to annually evaluate ELLs;
- g) The District's procedure to identify support services for ELLs;
- h) The District's policies and procedures regarding ELLs who are students with disabilities;
- i) The District's procedures to exit ELLs including those students with inconsistent/interrupted formal education;
- j) The District's services to support former ELLs.

Additionally, the District will provide professional development to all teachers, level III teaching assistants, and administrators that specifically addresses the needs of ELLs.

The Superintendent will ensure that all data, including plans, assurances, and reports as required by the Commissioner's regulations, is submitted to the State Education Department in a timely manner.

INSTRUCTIONAL MATERIALS

Purposes of Instructional Materials

Policy # 8310

The purpose of instructional materials shall be to implement, enrich, and support the educational program of the school.

Instructional materials should contribute to the development of positive social and intellectual values of the students.

The Board of Education shall provide the faculty and students in the District with such instructional materials as are educationally needed and financially feasible to make the instructional program meaningful to students of all levels of ability. In addition, the Board will ensure that all instructional materials will be made available in a usable alternative format for each student with a disability at the same time as such instructional materials are available to non-disabled students. The alternative format must meet the National Instructional Materials Accessibility Standard (NIMAS) defined in federal law.

INSTRUCTIONAL MATERIALS

Selection of Library and Audiovisual Materials

Policy # 8320

The Board of Education agrees that the responsibility of the school library is:

- a) To provide materials that will enrich and support the curriculum, taking into consideration the varied interests, abilities and maturity levels of the students served.
- b) To provide materials that will stimulate growth in factual knowledge, literary appreciation, aesthetic values, and ethical standards.

- c) To provide a background of information that will enable students to make intelligent judgments in their daily lives.
- d) To provide materials on opposing sides of controversial issues so that young citizens may develop, under guidance, the practice of critical reading and thinking.
- e) To provide materials representative of the many religious, ethnic, and cultural groups and their contribution to our American heritage.
- f) To place principle above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to assure a comprehensive collection appropriate for the users of the library.

In interpreting these principles, the following will apply:

- a) Broad and varied collections will be developed systematically by the librarian and the audiovisual specialist, based on recommendations of the professional staff and suggestions of students and parents. Final approval will be made by the Building Principal.
- b) Qualitative standards of selection involving factual accuracy, authoritativeness, artistic quality, and appeal will be applied by librarians and audiovisual specialists before purchases are made.
- c) Materials will not be excluded because of the race, nationality, political opinions or religious views of the author.
- d) Materials will be continuously re-evaluated in relation to changing curriculum and instructional needs. Worn out, out-dated materials will be discarded.

Objection to Instructional Materials

Policy # 8330

Any criticism of instructional materials that are in the schools should be submitted in writing to the Superintendent. The Board of Education will be informed. A committee, including the librarian and Building Principal, will be designated by the Superintendent to investigate and judge the challenged material according to the principles and qualitative standards stated in Policy #8320 -- Selection of Library and Audiovisual Materials.

Study of Specific Materials/Conflict With Religious Beliefs

In accordance with applicable law and regulation, a student may be excused from the study of specific materials relating to health and hygiene if these materials are in conflict with the religion of his/her

parents/guardians. Alternatives may be provided that are of comparable instructional value.

Controversial Issues

Policy # 8331

Controversial issues may be studied as part of the curriculum and teachers shall present these issues in their classrooms in an impartial and objective manner.

Teachers wishing to call upon outside speakers in the presentation of controversial issues are required to obtain the approval of the Principal who shall keep in mind the obligation for presenting opposing views as well, and who shall inform the Superintendent prior to the presentation.

It is recognized that parents and citizens of the community have a right to protest to the school administration when convinced that unfair and biased presentations are being made by the teacher. In considering such protests, the Superintendent of Schools shall provide for a hearing so that both parties may fairly express their views. If requested, the Superintendent's decision may be appealed to the Board of Education.

Policy # 8340

Textbooks

The term "textbook" shall refer to a book supplied to a student for a fixed period of time for his/her personal use and basic to the study of a subject. The Board of Education shall make provision for funds to be budgeted for the purchase of textbooks and related instructional materials.

Upon the recommendation of the Superintendent of Schools, the Board of Education shall designate the textbooks to be used. Textbooks, once designated, cannot be superseded within a period of five (5) years except by a three-fourths (3/4) vote of the Board.

As required by federal law and New York State Regulations, the District has adopted the National Instructional Materials Accessibility Standard (NIMAS) to ensure that curriculum materials are available in a usable alternative format for students with disabilities. To facilitate this process, the District will participate in the National Instructional Materials Access Center (NIMAC) and will require that all contracts with publishers for textbooks and other printed core materials executed after December 2006 include a provision requiring the publisher to produce NIMAS files and send them to NIMAC.

Students will be required to pay for lost books or for excessive damage to books.

Textbooks for Resident Students Attending Private Schools

Resident students attending private schools will be supplied non-sectarian textbooks in accordance with the requirements of Education Law.

Workbooks

The term "workbook" shall refer to the type of book that provides spaces to write in and is consumed each year. It is usually paper-covered and designed to be used in connection with a textbook. The Board of Education shall approve the expenditure of funds for the purchase of workbooks and manuals.

Calculators

The District can require students to provide their own "supplies" (defined as something which is consumed in use, loses its appearance and shape in use, expendable, and inexpensive). Examples include pencils, pens, paper, etc. Calculators do not fall into this category and must be considered like classroom teaching materials for which the District is authorized to levy a tax. In addition, the District may purchase, and must still provide, calculators even if operating under a contingent budget if the calculators are required for participation in an educational program.

The New York State Education Department requires the use of calculators for intermediate and high school level mathematics and science assessments. To the extent that calculators are a necessary part of the educational program, the District must provide them. Under no circumstances should students be charged for a calculator or otherwise required to purchase one in order to participate in an educational program of the District.

(see website: http://www.emsc.nysesd.gov/mgtserv/charging_for_calculators.shtml)

Instructional Computer Hardware

Loan to Students Attending Nonpublic Schools in the District

The School District shall loan, upon request of an individual or a group of individual students, to all students legally attending nonpublic elementary or secondary schools located in the School District, instructional computer hardware which is designated for use in any public elementary or secondary schools of the State or is approved by any school authorities as such term is defined in Education Law Section 2(12).

Such instructional computer hardware is to be loaned free to such children, subject to such rules and regulations as are or may be prescribed by the Board of Regents and school authorities and shall be required for use as a learning aid in a particular class or program. Instructional computer hardware containing computer software programs, which are religious in nature or content, shall not be purchased or loaned by the School District.

The School District shall not be required to loan instructional computer hardware to nonpublic school students in excess of that acquired pursuant to Education Law Section 753 and shall be loaned on an equitable basis to children attending nonpublic schools in the District and to students with disabilities residing in the District who attend programs under the provisions of Education Law Sections 4401(2)(c),(2)(e),(2)(g),(2)(i), and (2)(l). However, the School District shall not be required to loan instructional computer hardware purchased with local or federal funds or with State funds, other than Instructional Computer Hardware Aid funds.

School authorities shall specify a date by which written requests for the purchase and loan of instructional computer hardware must be received by the District. Such date shall not be earlier than the first day of June of the school year prior to that for which such instructional computer hardware is being requested. For a child not attending a nonpublic school prior to June first, the parent/guardian may submit a written request for instructional computer hardware within thirty (30) days after such child is enrolled in the nonpublic school. In no event, however, shall a request made later than the times otherwise provided pursuant to Education Law Section 754 be denied where a reasonable explanation is given for the delay in making the request. All nonpublic schools in the School District shall be notified of the specified date.

The form of request used by a lending District may provide for a guarantee by a parent or guardian for the return of such hardware or, in the case of loss or damage, for payment of the value thereof.

Religious Expression in the Instructional Program
Policy # 8360**

The Board of Education acknowledges the importance of religion to the understanding of society and the richness of the human experience. In approaching the teaching about religion in the school, the District will be guided by three concepts when making decisions about the appropriateness of activities for inclusion in the school program: the activity should have a secular purpose; the activity should neither advance nor inhibit religion; and the activity must not foster an excessive entanglement of "government" with religion.

Nurturing the development of knowledge and respect for the rights of all cultural and religious groups is a continuing goal of the School District. Students, faculty and administration are reminded of the pluralism of religious beliefs and are urged to be conscious of and respect the sensitivity of others.

Opportunities to learn about cultural and religious traditions should be provided within the framework of the curriculum. Information about religious and cultural holidays and traditions focusing on how and when they are celebrated, their origins and histories should be part of this instruction. This educational opportunity should be handled with great care, sensitivity and respect for the feelings and beliefs of individuals.

An environment should be created and encouraged where students of various ethnic backgrounds feel comfortable in sharing comments about their religious and cultural traditions. No student should be singled out to share or participate in such discussions solely on the basis of that student's identification with the cultural/religious heritage being addressed. A student's preference not to share or participate in such discussions should be honored and respected without penalty.

School Activities Related to Religious Holidays or Themes

School activities related to the teaching about religious holidays or themes must be consistent with, representative of, and congruent with the District's curriculum.

In planning school activities related to the teaching about religious holidays or themes, special effort must be made to ensure that the activity is not devotional and that students of all faiths can join without feeling they are betraying their own beliefs.

In planning school activities related to the teaching about religious holidays or themes, age appropriate activities are encouraged within the framework of the curriculum. Teaching about religious and cultural holidays may include such special activities as parties and special foods, if they reinforce educational goals.

Symbols in the Schools

The purpose of using religious symbols should be to teach about religious concepts and traditions, and to convey historical or cultural content, not to promote or celebrate religious concepts, events or holidays.

Music in the Schools

The purpose of using religious music should be to teach musical concepts, to convey historical and cultural content, or to create aesthetic experiences in a setting which emphasizes artistic expression and educational value, not to promote or to celebrate a religious faith.

Curriculum Areas in Conflict with Religious Beliefs

Students shall be given the option to be excused from participating in those parts of an activity, program, or area of instruction involving a religious theme which conflicts with their own religious beliefs or that of their parents/guardians in accordance with applicable law and regulations. Alternatives may be provided that are of comparable instructional value.

Implementation

Administrative regulations will be developed to implement the terms of this policy. Further, the District shall vigorously publicize and disseminate this policy and accompanying regulations in order to ensure community, faculty, student, and parental/guardian awareness.

Independent Study for Transfer Credit
Policy # 8430

Independent study, for credit, will be available to meet the individual needs of students in grades 9 through 12. The Principal, after consultation with relevant faculty, may award transfer credit for work done through independent study. The decision should be based on whether the student's record indicates that the work is consistent with New York State commencement level learning standards and is of comparable scope and quality to that which would have been done in the school awarding the credit. Credit shall be granted only for courses in the approved curriculum.

Homework
Policy # 8440

The Board of Education acknowledges the educational validity of homework as an adjunct to and extension of the instructional program of the schools. "Homework" shall refer to those assignments to be prepared by the student outside of the school independently while in attendance at school, or for students with highly specialized needs, with the assistance of a designated instructional aide or support personnel. Homework assignments should be developed using best-practice research-based methods.

INSTRUCTIONAL ARRANGEMENTS**Home Tutoring (Homebound Instruction)**

Policy # 8450

Resident children attending public or nonpublic schools who are unable to attend school because of physical, mental or emotional illness or injury as substantiated by a licensed physician are eligible to be instructed at home or in a hospital by a tutor provided by the School District. These students will be provided with such instruction in accordance with New York State Education Law and Commissioner's Regulations.

Procedures for students requiring home tutoring shall be developed under the direction of the Superintendent or his/her designee.

Policy # 8460

The Board of Education recognizes that field trips are an educationally sound and important ingredient in the instructional program of the schools.

For purposes of this policy, a field trip shall be defined as any journey by a group of students away from the school premises, under the supervision of a teacher, which is an integral part of an approved course of study and conducted for the purpose of affording a first-hand educational experience not available in the classroom.

Field trips are a part of the curriculum of the schools, and student conduct and attendance on field trips are governed by the same rules that govern regular classroom activities. The School System shall obtain written parental/guardian permission for students going on school-sponsored field trips.

The Superintendent shall prepare procedures for the operation of a field trip activity. Field trip support shall be determined annually by the Board during its budget deliberations. Regardless of the fiscal support for field trips, the rules of the School District for approval and conduct of such trips shall apply.

The Superintendent/designee may cancel previously approved field trips due to extenuating circumstances.

Home Instruction (Home Schooling)

Policy # 8470

The School District will attempt to cooperate with parents who wish to provide home instruction for their children. The child who is educated at home should receive an education in a manner consistent with an educational plan and at least substantially equivalent to that given to students of like age and attainments in the local public schools. The required subjects should be taught in a competent, systematic, and sequential manner, specifically in relation to the required courses as enumerated in Commissioner's Regulation Section 100.10.

Primary responsibility for determining compliance with Commissioner's Regulations addressing home instruction rests with the Superintendent of Schools of the school district in which a home-instructed student resides.

Provision of Services to Home-Instructed Students

They are not awarded a high school diploma. A high school diploma may only be awarded to a student enrolled in a registered secondary school who has completed all program requirements set by the Board of Regents, the school or the District.

a) Extracurricular Participation

Home instructed students are *not* eligible to participate in interscholastic sports. Commissioner's Regulations mandate that only students enrolled in the public school are allowed to participate in interscholastic sports. Further, the District *does not* permit home-instructed students to participate in any extracurricular activities.

b) Textbooks and Materials

The District *shall not* provide textbooks and other materials to home-instructed students.

c) Health Services

The School District is *not required* to furnish health services.

d) Remedial Programs

The District *is not responsible* for providing remedial programs.

e) Career and Technical/Gifted Education

The District is *not authorized* to provide Occupational and Vocational Education programs (career and technical education) nor programs for the Gifted to home-instructed students.

f) Special Education Services

Solely for the purpose of Education Law Section 3602-c, home-instructed students with disabilities are deemed to be students enrolled in and attending a non-public school, which enables them to receive special education services.

The Committee on Special Education (CSE) will develop an Individualized Education Services Program (IESP) for the student. The IESP shall be developed in the same manner and with the same content as an IEP. The Board of Education will determine a location where special education services are to be provided to a home-instructed student. This location may, but is not required to be, in the student's home.

g) Use of School Facilities

Students instructed at home shall not be allowed to use school facilities, except as provided for community organizations in Policy #3280 -- Use of School Facilities, Materials and Equipment.

INSTRUCTIONAL ARRANGEMENTS

Summer School

Policy # 8480

The School District may provide summer school in any given year, but is not required to do so. Summer school is an additional opportunity to meet the needs of students by providing courses for enrichment, acceleration, and improvement of skills or making up course work from the regular school year.

Summer School Program Requirements

Summer Elementary School

A summer elementary school shall provide an elementary school program during the months of July and August of at least twenty (20) hours of instruction. Daily instructional sessions must be provided of at least one (1) hour but not more than five (5) hours.

Summer Secondary School

Summer secondary school shall provide a secondary school program during the months of July and August of at least twenty (20) hours of instruction, exclusive of days used for registration, final examinations or Regents examinations. Daily instructional sessions must be provided of at least one (1) hour but not more than five and one half (5 1/2) hours.

Resident Students - Public, Nonpublic and Home Schooled

When the School District operates a summer school or participates in a Board of Cooperative Educational Services (BOCES) regional summer school, all resident students, including public, nonpublic, and home-schooled students, are entitled to attend the District's summer school program. For the purpose of summer school instruction, a resident nonpublic school student is not considered to be an enrollee of the nonpublic school. The School District cannot charge resident students fees for any part of the District's program offered to meet high school diploma requirements. However, students must meet any academic requirements for a particular course.

Nonresident Students

When the District operates a summer school or participates in a BOCES regional summer school, the District decides whether or not it will accept nonresident students. The District must treat all nonresident applicants equally and may charge tuition calculated in accordance with Commissioner's Regulations Section 174.2.

Students with Disabilities

Students with disabilities are entitled to attend summer school on the same basis as their nondisabled peers. Students who qualify under Section 504 of the Rehabilitation Act of 1973 are entitled to those accommodations deemed necessary to ensure access to all public school programs and activities. If a student with a disability requires accommodations to participate in a summer school program, the District is required to provide necessary supports and services, including testing accommodations.

Students with disabilities receive extended school year programs and services if the Committee on Special Education (CSE) determines for particular students that the programs and services are required to prevent substantial regression during July and August.

Attendance

Part 104 of Commissioner's Regulations pertaining to attendance applies to all students enrolled in scheduled instruction during the school year from July 1 through June 30, including summer school. The School District must use the same Board-approved attendance policy for summer school that is used during the regular school year. Summer school attendance requirements are based on a pro-ration of the regular year attendance requirements.

Minimum Attendance for Course Credit

Commissioner's Regulations Section 104.1 specifically authorizes school districts to adopt minimum attendance requirements, which distinguish between excused and unexcused student absences for the purpose of awarding course credit. Such policies may provide that a properly excused student absence does not count as an absence for the purpose of determining course credit eligibility if the student has performed any assigned make-up work. Minimum attendance requirements for the purpose of awarding course credit will be in accordance with the District's Comprehensive Student attendance policy as may be applicable.

Recognition of Earned Credit

All New York State registered high schools must grant transfer credit for all credit awarded by any public or nonpublic registered New York State high school. After consultation with relevant faculty, the High School Principal may also grant transfer credit for work done at institutions other than New York State registered high schools upon determining that the work is consistent with New York State learning standards and was comparable in scope and quality to the work done in the District high school(s).

Contracting for Instruction

The School District may contract for summer school instruction with another school district or with a BOCES. These courses must be provided at no cost to resident students. No contracts or agreements regarding the provision of elementary, middle or secondary level instruction may be made with any other entity.

Make-Up Credit Programs for High School Students

Policy # 8492

The Lyndonville Central School District will provide a student, who had the opportunity to complete a unit of study in a given high school subject, but who failed to demonstrate mastery of the learning outcomes for such subject, with an opportunity to make up a unit of credit for the subject toward either a Regents or local diploma, pursuant to the following:

To receive credit, the student shall successfully complete a make-up credit program and demonstrate mastery of the learning outcomes for the subject, including passing the Regents examination in the subject or other assessment required for graduation, if applicable.

The make-up credit program shall:

- 1) Be aligned with the applicable New York State learning standards for such subject;
- 2) Satisfactorily address the student's course completion deficiencies and individual needs; and
- 3) Ensure that the student receives equivalent, intensive instruction in the subject matter area provided, as applicable, under the direction and/or supervision of:
 - a. A District teacher who is certified in the subject matter area; or

- b. A teacher from a board of cooperative educational services (BOCES) that contracts with the School District to provide instruction in the subject matter area pursuant to Education Law Section 1950, and who is certified in such area; or
- c. A teacher of the subject matter area in the registered nonpublic school or charter school.

In a school district or registered nonpublic school, the student's participation in the make-up credit program shall be approved by a school-based panel consisting of at a minimum the Principal, a teacher in the subject area for which the student must make up credit, and a guidance director or other administrator. The teacher shall have some specific authority in determining whether the actual make-up program meets the regulatory criteria, and there is a shared responsibility at the local district level between the school-based panel and the teacher in determining the student needs and the availability of an appropriately aligned make-up credit program.

Participation

Make-up credit programs should be used after appropriate school day and school year programs have been fully utilized to provide students with individual support to meet course proficiency. These programs include Academic Intervention, RTI, Alternative Education, Alternative Education Extended Day school.
