

Registration will be August 9th & 10th. We will be at the school from 8 AM to 3 PM and will be glad for you to come in and register, just like always.

If you want to register online, we will be happy to assist you. Enrollment forms will be shared with you via the Parent Portal in PowerSchool. Please copy and paste into your browser:

<http://pschool.sd151.k12.id.us/public/>

You will see a new “Forms” link on the lefthand navigation bar.

Registration will be through PowerSchool this year. If you cannot remember your PowerSchool parent account password, just call 208-862-3203 or email hallyn@cassiaschools.org for it to be reset.

For those of you who have not created a PowerSchool account, one has been created for you. It will be linked to the email you have provided to the school. Your username will be your first and last name, all lowercase, all one word. Mine would be lynhale. The password will be password1. You will be asked to change your password when you log in the first time. You will find all of your elementary children already attached to your account.

Please don't fuss trying to make PowerSchool work for you. If it doesn't work on the first try, please call or email. It is so much easier to fix things from the school end. It will only take a moment or two. Or just come to the school. We will be here.
