

Ridgedale FFA

Blue Jacket Journal

June 2018

June 18th, the Ridgedale FFA officer team helped set up the FFA building at the Marion County Fairgrounds along with the Elgin and River Valley officers. The officers helped re-mulch the flower beds around the building, pulled weeds, and trimmed the bushes. Inside of the building, they put up the members' SAE posters that they completed and organized the different wood projects. Thank you to Park Industries for supplying the Ridgedale FFA with the mulch and truck.
