

Ridgedale FFA

Blue Jacket Journal

April 2018

Food For America was held on April 26th 2018. Food for America is when the Ridgedale FFA chapter invites the Kindergarten and first grade students from the elementary to participate in a fun day filled with learning different things about FFA and Agriculture. Students in FFA were divided up and placed as group leaders or in charge of stations. The group leaders take the elementary students around to each station seeing the animals, planting plants in the plant lab, and making crafts. Every member of the Ridgedale FFA gets to share the experiences they have in this organization with the young students and future members at Ridgedale High School.
