Okaloosa Families,

This year, Okaloosa students have worked diligently to learn the new BEST standards in Reading and Mathematics. At the beginning and mid-point of the year, students took the progress monitoring portion of the FAST assessment. These two assessments showed your child's progress towards learning the new standards. Students have now begun taking the end of year, statewide summative assessment portion of the FAST assessment. Below you will find the three ways you can get your student's FAST scores:

1. Your school has sent or will be sending home FDOE's "How to Access Student Results" letter containing the steps and information needed to access the results from the state Family Portal. These scores will be available within 24 hours of your student taking FAST.
2. FAST scores can also be accessed through your student's FOCUS account located on the Okaloosa website (www.okaloosaschools.com). The Florida Statewide Assessments link is located on your student's homepage above their grades/schedule as shown below.

3. If you need a paper copy of your child's FAST results, contact your student's school and they can provide this report to you once your student has completed testing.

If you have any questions regarding the FAST assessment, please contact your child's school.

Thank you for your trust and assistance in educating the students of Okaloosa County.
