

DESTIN WATER USERS SCHOLARSHIP GUIDELINES

The Destin Water Users, Inc. of Destin, Florida, as part of its continuing commitment to higher education efforts to ensure that the community and the County of Okaloosa will continue to enjoy the benefits of an educated citizenry, has established a scholarship fund to provide an educational resource for eligible students to draw upon while pursuing a scholastic discipline which will lead to an undergraduate collegiate degree. (While not of paramount importance, a major in a program in the fields of ecology, environmental protection, water management and related scientific and engineering endeavors will be given added weight in any evaluation).

Eligible candidates are Destin students who will be graduating seniors of any high school in any given year and **who are resident in the area serviced by Destin Water Users.**

One Thousand Five Hundred Dollar (\$1500) award will be made to a graduating high school senior meeting all qualified conditions. A grantee will again be awarded a similar sum for a second year of study upon successful completion of the first academic year.

Further, should a grantee pursue a scholastic program leading to a degree as above described, an award of Two Thousand Dollars (\$2000) may be made for each of the remaining two academic years.

Any award is discretionary and based entirely on the evaluation and judgment of the Destin Water Users, Inc. Board of Directors.
